(a) The Prime Contractor shall perform no less than 30% of the work with his own organization. The on-site production of materials produced by other than the Prime Contractor's forces shall be considered as being subcontracted.

(b) The organization of the specifications into divisions, sections, and articles, and the arrangement and titles of project drawings shall not control the Prime Contractor in dividing the work among subcontractors or in establishing the extent of work to be performed by any trade.

(c) The offeror hereby certifies that the Schedule C of Subcontractor Participation form submitted with the Exhibit D, Small Business Enterprise (SBE) portion of this offer represents no more than 70% of the work will be done by subcontractors.

16. SIGNATURE BLOCK FOR ALL REPRESENTATIONS AND CERTIFICATIONS

(a) These representations and certifications concern a material representation of fact upon which reliance will be placed in awarding a contract. If it is later determined that the offeror knowingly rendered an erroneous or false certification, in addition to all other remedies the Authority may have, the Authority may terminate the contract for default and/or recommend that the offeror be debarred or suspended from doing business with the Authority in the future.

(b) The offeror shall provide immediate written notice to the Authority if, at any time prior to contract award, the offeror learns that the offeror's certification was, or a subsequent communication makes, the certification erroneous.

(c) Offerors must set forth full, accurate and complete information as required by this solicitation (including this attachment). Failure of an offeror to do so may render the offer nonresponsive.

(d) A false statement in any offer submitted to the Authority may be a criminal offense in violation of Section 37.10 of the Texas Penal Code.

(a) Disadvantaged business enterprise or DBE means a for-profit small business concern -- (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and (2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

(b) Small business concern means, with respect to firms seeking to participate as SBEs in DOT-assisted contracts, a small business concern as defined pursuant to section 3 of the Small Business Act (15 U.S.C Section 637 and Small Business Administration (SBA) regulations implementing it (13 CFR part 121) that also does not exceed the cap on average annual gross receipts specified in 13 CFR Section 121.402.

(c) Socially and economically disadvantaged individual means any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is - (1) Any individual who a recipient finds to be a socially and economically disadvantaged individual on a case-by-case basis. 1) "Black Americans," which includes persons having origins in any of the Black racial groups of Africa;

2) "Hispanic Americans," which includes persons of Mexican, Puerto Rican, Cuban, Dominic, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

6) Women;

7) Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

(d) Capital Metro defines small business enterprise or SBE as a small business that qualifies as a small business concern under SBA regulations.

(e) Any small business concern that is certified by and entity as a Small Business Enterprise (SBE), Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Disadvantaged Business Enterprise (DBE) or Historically Underutilized Business (HUB) meeting the SBA size requirement will be accepted as meeting the Capital Metro SBE requirements. For certification requirements see Section 6 of this Exhibit.

2. SUBMISSION OF SBE FORMS

Offerors shall submit with their offer a completed Schedule C of Subcontractor Participation form (listing all proposed subcontractors (SBE, non-SBE) and an executed Intent to Perform as a SBE Subcontractor form for each SBE subcontractor listed on the Schedule C. As required in Section 5 of this Exhibit, complete Good Faith Effort documentation (if necessary) must be submitted at this same time. The listing of a SBE by an Offeror shall constitute a representation by the Offeror to the Authority that it believes such SBE firm to be technically and financially qualified and available to perform the work. It shall also represent a commitment by the Offeror that if it is awarded the contract it will enter into a subcontract with such SBE (provided that the SBE is certified in accordance with Section 6 of this Exhibit) for the work described and at the price set forth in both the Schedule C of Subcontractor Participation and the Intent to Perform as a SBE Subcontractor forms. If the price changes after the forms have been submitted but prior to award of the contract, the Offeror will immediately notify the Authority's Procurement Department of the changed amount and the reason(s) for the change. No substitutions of SBE firms may be effected without the Authority's prior written approval. If an offeror is an SBE and wishes to count its participation on the project towards the goal, it is required to perform that portion with its own work force.

3. CREDIT TOWARDS GOALS

(a) No credit toward meeting SBE goals will be allowed unless the SBE is determined to be eligible by the Authority's Office of Diversity. Offerors are strongly encouraged to contact the Authority's Office of Diversity well in advance of the date set for receipt of offers in order to enable review of the proposed SBEs eligibility to participate in the Authority's SBE Program. The dollar value of work performed under a contract with a firm after it has ceased to be certified cannot count toward a contract goal. Participation of a SBE subcontractor cannot count toward the prime contractor's SBE achievements until the amount being counted has been paid to the SBE.
(b) Only expenditures to SBEs that perform a Commercially Useful Function may be counted towards goals. A SBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the SBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. A SBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of SBE participation. If a SBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the SBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, it is not performing a commercially useful function.

(c) The Contractor may count only the value of the work actually performed by the SBE toward SBE goals. Include in the count the entire amount of that portion of the contract that is performed by a SBE’s own forces. The Contractor should include the cost of supplies and materials obtained by the SBE for the work of the contract, including supplies purchased or equipment leased by the SBE (except supplies and equipment the SBE subcontractor purchases or leases from the prime contractor or its affiliate). The Contractor shall include in the count the entire amount of fees or commissions charged by a SBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, toward SBE goals, provided the fee is reasonable and not excessive as compared with fees customarily allowed for similar services. When a SBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward SBE goals only if the SBE’s subcontractor is itself a SBE. Work that a SBE subcontracts to a non-SBE firm does not count toward SBE goals.

(d) When a SBE performs as a participant in a joint venture, the Contractor may count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the SBE performs with its own forces toward SBE goals.

(e) The Contractor may credit towards the SBE goal the full expenditures for materials and supplies provided that the SBE is a manufacturer. A manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. (also, produces materials from raw materials, or substantially alters materials before resale).

(f) The Contractor may credit towards the SBE goal only 60% of the total dollar cost for material and supplies purchased from SBEs that are regular dealers and not manufacturers. A regular dealer is an established firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the person both owns and operates distribution equipment for the products. Package, brokers, manufacturers’ representatives, or other persons who arrange or expedite transactions are not regular dealers.

(g) A Contractor may count toward its SBE goals the following expenditures to SBE firms that are not manufacturers or regular dealers.

1) The fees or commissions charged for a bona fide service such as professional, technical, consultant, or managerial services and assistance in the procurement of essential personnel, facilities, equipment materials or supplies required for performance of the contract, provided that the fee is determined to be reasonable and not excessive as compared with fees customarily allowed for similar services.

2) The fees charges for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in, the materials and supplies.

3) The fees charged for providing any bonds or insurance specifically required for the performance of the contract.

4) The fees charged for assistance in the procurement of the materials and supplies provided that the fees are reasonable and not excessive as compared with fees customarily allowed for similar services.

4. DEMONSTRATION OF GOOD FAITH EFFORT

(a) If an Offeror does not meet the SBE goals, it shall nevertheless be eligible for award of the contract if it can demonstrate to the satisfaction of the Authority that it has made a good faith effort to meet the SBE goals. In evaluating an Offeror’s good faith effort submission, the Authority will only consider those documented efforts that occurred prior to receipt of competitive sealed bids (IFB) or competitive sealed proposals (RFP).

(1) Possible subcontracting opportunities include, but are not limited to:

The SBE goal is 7%.

(b) In the event that a firm submitted by an Offeror is not able to become certified by one of the certifying agencies under the Texas Unified Certification Program (See Section 6 of this Exhibit), the Offeror will be notified and given an opportunity to substitute that firm with another SBE firm. The Offeror will be given a deadline to accomplish the substitution. In the event the Offeror is unable to contract with another substitute SBE firm, the good faith efforts that the Offeror made in attempting to contract with the substitute SBE firm must be documented to the Authority’s Office of Diversity. Documentation submitted in accordance with this subparagraph is the only exception to the requirements in subparagraph A above pertaining to the good faith efforts that the Authority will consider in determining whether the Offeror shall be otherwise eligible for award of the contract.

(c) In making a determination that the Offeror has made a good faith effort to meet the SBE goals, the Authority shall consider among other things it deems relevant, the criteria set forth below. Additionally, in determining whether a bidder has made good faith efforts, the Authority will take into account the performance of other bidders in meeting the contract goal. The Offeror shall furnish as part of its SBE utilization information provided under Section 5 such specific documentation concerning the steps it has taken to obtain SBE participation, with a consideration of, by way of illustration and not limitation the following:

1) Whether the Offeror solicited through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified /SBEs who have the capability to perform the work of the contract. The bidder must solicit this interest within sufficient time to allow the SBEs to respond to the solicitation. The bidder must determine with certainty if the SBEs are interested by taking appropriate steps to follow up initial solicitations.

2) Whether the Offeror selected portions of the work to be performed by SBEs in order to increase the likelihood that the SBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate SBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

3) Whether the Offeror provided interested SBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

4) Whether the Offeror negotiated in good faith with interested SBEs. It is the bidder’s responsibility to make a portion of the work available to SBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available SBE subcontractors and suppliers, so as to facilitate SBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of SBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for SBEs to perform the work. A bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including SBE subcontractors, and would take a firm’s price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using SBEs is not in itself sufficient reason for a bidder’s failure to meet the contract SBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from SBEs if the price difference is excessive or unreasonable.

5) Whether the Offeror rejected SBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor’s standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor’s efforts to meet the project goal.

6) Whether the Offeror made efforts to assist interested SBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.

7) Whether the Offeror made efforts to assist interested SBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

8) Whether the Offeror effectively used the services of available minority/women community organizations; minority/women contractors’ groups; local, state, and Federal small business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of SBEs.

(d) If the Offeror does not meet the SBE goal or make adequate good faith efforts to do so, the Authority will so notify the Offeror in writing. The Offeror may appeal the decision within five (5) business days of the date of the notice of decision by filing a written appeal for reconsideration. As part of this appeal, the Offeror has the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate food faith efforts to do so. The reconsideration will be made by the SBE appeals officer, an individual who did not take part in the original determination that the Offeror failed to meet the goal or make adequate good faith efforts to do so. The Offeror will have the opportunity to meet with the SBE appeals officer to discuss the issue of whether it meet the goal or made adequate good faith efforts to do so. The result of the reconsideration process is final and not administratively appealable to the Department of Transportation.

5. CERTIFICATION OF SBEs

(a) Capital Metro is a participating entity under the Texas Unified Certification Program (TUCP). This means that Capital Metro will accept certifications from any of the certifying agencies that have agreed to perform the certification of SBEs
within the state of Texas under the Texas Unified Certification Program (TUCP). The participating agencies are:

- Texas Department of Transportation
- North Central Texas Regional Certification Agency
- South Central Texas Regional Certification Agency
- City of Houston
- City of Austin and
- Corpus Christi Regional Transportation Authority.

(b) The City of Austin will serve as the certifying agency for the Austin region, which includes the counties of Bastrop, Caldwell, Hays, Travis and Williamson County. All prospective /SBEs must submit appropriate forms, available through the City of Austin Certification Department, to prove actual ownership and control by SBEs. All such firms shall cooperate in supplying additional information as requested by the City of Austin Small & Minority Business Resources Department Certification Division, which will determine the certification of eligible SBEs. Blank forms may be obtained by contacting the City of Austin Certification Division, 4201 Ed Bluestein Blvd, Austin, TX 78721, (512) 974-7645, fax: (512) 974-7609. Bidders may also contact Capital Metro at (512) 389-7512 or officeofdiversity@capmetro.org to obtain information.

(c) In the event the Authority determines that a firm identified by the Offeror as a potential SBE does not qualify as a SBE, the Offeror shall be informed and will be provided with an opportunity to substitute firms meeting the certifying agency's SBE eligibility criteria for the Authority's consideration.

(d) Information concerning /SBEs currently certified can be obtained by contacting the Authority's Office of Diversity at the address in subparagraph (b). Offerors may access the SBE directory at http://www.austintexas.gov/smbr/vendors/certvendor.cfm. Offerors are reminded that only certified SBEs may participate in Authority contracts in such capacities. If Offerors propose using a SBE not currently certified with any of the other recipients in the Texas Unified Certification Program (TUCP), the SBE Application must be approved by the City of Austin Certification Department no later than the date and time established for the receipt of proposals. Any extensions to the due date by amendment to the solicitation shall automatically extend the due date of the application. If an offeror proposes using a SBE from another state, the firm must produce evidence that it is SBE certified in the state in which the business is headquartered.

6. TERMINATION OF SBE SUBCONTRACTORS

A Prime Contractor may not terminate a SBE Contractor for convenience and perform the work with its own workforce, that of its affiliates, non- SBE contractor or another DBE/SBE contractor without prior written approval from the Authority. In the event that an Offeror wishes to modify its Schedule C of Subcontractor Participation after its offer is submitted and/or a contract awarded, the Offeror/Contractor must notify the Authority in writing and request approval of the modification. This will include any changes to items of work, material, services or SBE firms which differ from those identified on the Schedule C of Subcontractor Participation on file. The Offeror/Contractor must cooperate in supplying the Authority with additional information with respect to the requested modification. If the modification involves a substitution and if it is approved by the Authority, the Offeror/Contractor must make every good faith effort to replace the SBE with another SBE. In the event that the Offeror/Contractor is unable to contract with another SBE firm, such good faith efforts must be documented to the Authority's Office of Diversity. The substitute DBE/SBE firm must be certified by the Authority in order for the Offeror/Contractor to receive credit towards fulfilling its SBE participation goals for the contract. Furthermore, any SBE subcontractor approved by the Authority to be replaced at the request of Prime Contractor has the right to appeal this decision directly to the Authority's Office of Diversity if they disagree with the decision. Appeals must be submitted in writing within five (5) business days of being notified. Appeals should be sent to:

Capital Metro Office of Diversity
2910 E 5th Street
Austin, TX 78702

Email appeals may be sent to officeofdiversity@capmetro.org.

7. PAYMENT DOCUMENTATION

Concurrently with the submission of the invoice or each request for a progress payment under this contract, the Contractor shall complete and submit a Vendor Payment Report in a form approved by the Authority in accordance with submittal instructions provided by the Authority. As provided elsewhere in this contract, the Authority may withhold all or part of any progress payment otherwise due the Contractor if the Contractor fails to submit the Vendor Payment Report Form and make prompt payment to its subcontractors, suppliers and laborers.

8. BANKS AND FINANCIAL INSTITUTIONS

The Contractor is encouraged to utilize the services of disadvantaged, minority and woman-owned banks and financial institutions.

9. SUBCONTRACT REQUIREMENTS

(a) Non Discrimination. Each subcontract the Contractor signs with a subcontractor must include the following assurance:

(b) Offeror's Assurance. "The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) withholding monthly (or periodic) payments; (2) assessing sanctions; (3) liquidated damages; and/or (4) disqualifying the contractor from future bidding as non-responsible."
(c) **Prompt Payment of Subcontractors.** The contractor agrees to pay each subcontractor under the contract for satisfactory performance of its contract no later than 10 days from the receipt of each payment the contractor receives from the Authority. Contractor agrees further to return retainage payments to each subcontractor within 10 days after the subcontractor’s work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Authority. The contractor shall require each subcontractor under this contract to include this clause in its subcontracts.

10. **SANCTIONS FOR NONCOMPLIANCE WITH THE AUTHORITY’S SBE PROGRAM PROVISIONS**

Failure of the Contractor to carry out the Authority’s SBE Program requirements shall constitute a breach of contract and may result in termination of the contract for default or such remedy as the Authority may deem appropriate, which may include, but is not limited to: (1) withholding monthly (or periodic) payments; (2) assessing sanctions; (3) liquidated damages; and/or (4) disqualifying the contractor from future bidding as non-responsible. The willful making of false statements or providing incorrect information will be referred for appropriate legal action.

As used throughout this contract, the following terms shall have the meaning set forth below:

(a) The term “subcontracts” includes purchase orders under this contract.

(b) In computing any period of time established in this contract, “days” means calendar days, and the day of the event from which the designated period of time begins to run shall not be included, but the last day shall be included unless it is a Saturday, Sunday, or Federal or State of Texas holiday; in which event the period shall run to the end of the next business day.

(c) Fully burdened hourly labor rate: An hourly rate that includes all salary, overhead costs, general & administrative expenses, and profit.

2. INDEFINITE QUANTITY, INDEFINITE DELIVERY CONTRACT

(a) This is an indefinite quantity contract for the supplies or services specified and stated elsewhere in the contract. The quantities of supplies and services specified are estimates only and are not purchased by this contract.

(b) This indefinite quantity, indefinite delivery contract is subject to the following minimum/maximum clause:

   (1) Minimum order. The Authority will order a minimum of $1,000 in services under this contract.

   (2) Maximum order. The Authority will order a maximum of a total not to exceed amount for this contract awarded for services under RFP 301329.

(c) There is no limit to the number of orders that may be placed under this contract. However, each task order shall not exceed $150,000 under any circumstances without prior written approval from the Capital Metro Contracting Officer. Failure to have the prior written approval of the Capital Metro Contracting Officer will make that task order null and void and the Authority will not be responsible for any or all cost incurred by the contractor for non-compliance of this clause.

(d) When the Authority requires supplies or services covered by this contract in an amount of less than $3,000.00, the Authority is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract. The Contractor is not obligated to honor:

   (2) Any order for a combination of items in excess of $150,000; or

   (3) A series of orders from the same ordering office within seven (7) days that together call for quantities exceeding the limitation in subparagraph (d)(1) or (2) of this section.

(e) Notwithstanding paragraph (d) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (d), unless that order (or orders) is returned to the ordering office within three (3) days after issuance, with written notice stating the Contractor’s intent not to provide the services called for and the reasons. Upon receiving this notice, the Authority may acquire the services from another source.

(f) There is no guaranteed contract amount for the contract, except for the minimum order specified in (b)(1) of this section.

3. TERM

The term of the contract shall be two (2) years from the contract award date.

4. OPTION TO EXTEND TERM

(a) The Authority may extend the term of this contract before the contract expires. If feasible, The Authority shall give written notice of its intent to extend before the contract expires. The preliminary notice shall not commit the Authority to an extension and any absence of notice shall not affect the validity of any exercise of option to extend the term of this contract.

(b) The option period prices shall be the unit prices provided on the Schedule.

(c) There shall be five (5) option periods for twelve (12) months duration each.

(d) The total term of this contract shall not exceed seven (7) years.

5. OPTION TO EXTEND SERVICES

The Authority may require continued performance of any services within the limits and rates specified in the contract. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Authority may exercise the option by written notice to the Contractor within 60 days.

(c) The Contractor shall return a complete and itemized cost breakdown, inclusive of labor hours, material/travel/other reimbursable costs, etc., and a timeline with milestones for the completion of work. Fully burdened labor hour rates shall be those specified in the Contract. If the Authority does not agree with the proposed labor disciplines, number of labor hours, material/travel/ other costs or timelines, the Authority reserves the right to negotiate with the Contractor so as to arrive at a final agreement for the task. Following final agreement, a written task order may be issued.

(d) Work under this contract shall commence upon the issuance of each fully executed Task Order. Completion of all requirements under each and every Task Order shall correlate to an expeditious prosecution of the milestones that are not dependent upon factors beyond the direct control of the Contractor.

First and Last Day of travel is limited to 75% of meals and incidental expenses. Please see GSA Domestic Per Diem Rates at http://www.gsa.gov/portal/category/100120.

(g) On general task orders, the Contractor shall provide proposed pricing at least two (2) weeks in advance of the necessary purchase date so as to allow the Authority sufficient time to evaluate the offer. A task order may be designated as "Rush Response." In such cases, the actual timeline between the notification of services required by the Authority, the Contractor’s itemized breakdown of pricing, and the Authority's evaluation of the offer may be negotiated to meet the need of the "Rush Response" task order. Required pricing for each task order shall be returned to the Authority within five (5) working days of the request.

(h) A production itinerary must accompany the task order when production is required.

(i) Proposals must represent a complete cost projection, including fully burdened hourly labor rates by job classification, reimbursable expenses, and other activities associated with the proposed task order. All subcontractor costs must also be included and shall not be singled out as separate tasks in of themselves.

(j) Written task orders shall contain a complete description of the work, an itemization of the estimated material/travel and other costs and the fixed labor fee agreed to by the parties.

(k) All material/travel/other reimbursable costs (including subcontractor costs) shall be reimbursed to the Contractor by task and at actual cost with no administrative or other markups (including subcontractor costs). In no event may the total of these costs by task exceed the total in the task order. In the event the Contractor believes material/other costs will be exceeded, the Contractor shall immediately notify the Authority and submit a revised estimate for these costs by task. The Contractor shall not proceed with work in excess of that described in the written task order unless the task order is modified in writing by the Authority.

(l) Labor shall be reimbursed at the total fixed fee established in the task order.

(m) No payment for costs incurred prior to issuance of a written task order shall be payable to the Contractor.

(n) Task orders may be modified. If so, the same processes and rules, above, shall apply to the modified portion of the work.

(o) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order, except that no task order shall be issued if the performance period in the task order would extend more than one hundred and twenty (120) days past the contract completion date. The contract shall govern the Contractor's and the Authority's rights and obligations with respect to that order to the same extent as if the order was completed during the contract's effective period.

7. INVOICING AND PAYMENT

(a) Invoices may be submitted once per month, or if indicated in the task order, upon completion of milestones, and marked "original" to the attention of:

The Authority reserves the right to request that the assigned individual be removed from performing work under this contract.

14. BADGES AND ACCESS CONTROL DEVICES

(a) Each contractor employee shall be required to wear a Capital Metro Contractor Photo Identification Badge at all times while on the Authority's premises. The badge will be provided by Capital Metro. If contractor employee loses or misplaces their badge, the contractor will be charged a $50.00 replacement fee for each lost or misplaced badge. This fee will be deducted from the contractor invoice. If contractor fails to return all badges provided for their employees upon completion of the contract or termination of the contractor's employee, contractor will pay a $50.00 per badge fee deducted from their final invoice. Badges should be returned to the Project Manager. All requests for new and replacement badges must be submitted in writing by the Project Manager to the Manager of Security or Project Manager of Security.

(a) Offerors are expected to examine the Schedule, Solicitation Instructions and Conditions, Contractual Terms and Conditions, all drawings, specifications, the Statement of Work, and all other provisions of, and exhibits to, the solicitation, whether incorporated by reference or otherwise, prior to the submission of offers. Failure to do so shall be at the offeror's risk.

(b) The Authority may, at any time, by written order, make changes within the general scope of the contract in the services to be performed. If such changes cause an increase or decrease in the contractor's cost of, or time required for, performance of any services under this contract, whether or not changed by any order, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim of the Contractor for adjustment under this clause must be asserted in writing within thirty (30) days from the date of receipt by the Contractor of the notification of change unless the Contracting Officer grants a further period of time before the date of final payment under the contract.

(c) No services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior written authorization of the Authority.

16. TERMINATION FOR DEFAULT

(a) The Authority may, subject to the provisions of paragraph (c) below, by written notice of default to the Contractor, terminate the whole or any part of this contract in either one of the following circumstances:

(1) if the Contractor fails to make delivery of the supplies or to perform the service within the time specified herein or any extension thereof; or

(2) if the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Authority may authorize in writing) after receipt of notice from the Authority specifying such failure.

(b) In the event the Authority terminates this contract in whole or in part as provided in paragraph (a) of this clause, the Authority may procure, upon such terms and in such manner as the Authority may deem appropriate, supplies or services similar to those so terminated, and the Contractor shall be liable to the Authority for any excess costs for such similar supplies or services; provided, that the Contractor shall continue the performance of this contract to the extent, if any, it has not been terminated under the provisions of this clause.

(c) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, the following: acts of God or of the public enemy, acts of the Authority, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; provided, however, in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor and if such default arises out of causes beyond the control of both the Contractor and subcontractor and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

(d) If this contract is terminated as provided in paragraph (a) of this clause, the Authority, in addition to any other rights provided in this clause, may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority (i) any completed supplies and
(ii) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing materials") as the Contractor has specifically produced or specially acquired for the performance of such part of this contract as has been terminated; and the Contractor shall, upon direction of the Authority, protect and preserve property in possession of the Contractor in which the Authority has an interest. Payment for completed supplies delivered to and accepted by the Authority shall be at the contract price. Payment for manufacturing materials delivered to and accepted by the Authority and for the protection and preservation of property shall be in an amount agreed upon by the Contractor and the Authority. Failure to agree to such amount shall be a dispute concerning a question of fact within the meaning of the disputes clause of this contract. The Authority may withhold from amounts otherwise due the Contractor for such completed supplies or manufacturing materials such sum as the Authority determines to be necessary to protect the Authority against loss because of outstanding liens or claims of former lien holders.

(e) If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be those provided in the Termination for the Convenience of the Authority Clause hereof. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of the disputes clause of this contract.

(f) The rights and remedies of the Authority provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract. Time is of the essence for all delivery, performance, submittal, and completion dates in this contract.

(g) As used in paragraph (c) of this clause, the terms "subcontractor" and "subcontractors" mean subcontractor(s) at any tier.

17. TERMINATION FOR CONVENIENCE

(a) The Contractor shall incur no further obligations in connection with the terminated work, and, on the date set forth in the notice of termination, the Contractor will stop work to the extent specified. The Contractor also shall terminate outstanding orders and subcontracts as they relate to the terminated work. The Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Authority may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or subcontracts to the Authority. The Contractor must still complete the work not terminated by the notice of termination and may incur such obligations as are necessary to do so.

(b) The Authority may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority: (i) any completed supplies; and (ii) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called "manufacturing materials") as the Contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The Contractor shall, upon direction of the Authority, protect and preserve property in the possession of the Contractor in which the Authority has an interest. If the Authority does not exercise this right, the Contractor shall use its best efforts to sell such supplies and manufacturing materials.

(c) The Authority shall pay the Contractor the following amounts:

1. contract prices for supplies or services accepted under the contract;
2. costs incurred in preparing to perform and performing the terminated portion of the work plus a fair and reasonable profit on such portion of the work (such profit shall not include anticipatory profit or consequential damage), less amounts paid or to be paid for accepted supplies or services; provided, however, that if it appears that the Contractor would have sustained a loss if the entire contract would have been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rate of loss;
3. costs of settling and paying claims arising out of the termination of subcontracts (these costs must not include costs paid in accordance with subparagraph (2) of this paragraph); and
4. the reasonable settlement costs of the Contractor including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontracts there under, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this contract.

5. The total sum to be paid the Contractor under this section shall not exceed the total contract price plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under this paragraph, and the contract price of work not terminated.

18. CONTRACTOR CERTIFICATION

The Contractor certifies that the fees in this Agreement have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such fees with any other firm or with any competitor.
19. DRAWINGS AND OTHER DATA

All designs, drawings, specifications, notes, documents, reports, data, graphs, and other works developed in the performance of this contract shall become the sole property of the Authority and may be used in any manner by the Authority and without additional compensation to the Contractor. The Authority shall be considered the "person for whom the work was prepared" for the purpose of authorship in any copyrightable work under Section 201(b) of Title 17, United States Code. With respect thereto, the Contractor agrees not to assert or authorize others to assert any rights or establish any claim under the design patent or copyright laws. The Contractor, for a period of three (3) years after completion of the project, agrees to retain all works developed in the performance of the contract and to furnish all retained works to the Authority upon the Authority's request. Unless otherwise provided in this contract, the Contractor shall have the right to retain copies of all works beyond such period.

20. STANDARDS OF PERFORMANCE

The Contractor shall perform all work hereunder in compliance with all applicable federal, state, and local laws and regulations, and in a manner consistent with that degree of skill and care ordinarily exercised by practicing design professionals performing similar services in the same locality. The Contractor shall use only licensed personnel to perform work required by law to be performed by such personnel.

21. INSPECTIONS AND APPROVALS

(a) All work performed by Contractor or its subcontractors or consultants shall be subject to the inspection and approval of the Authority at all times, but such approval shall not relieve Contractor of responsibility for the proper performance of the Services. Contractor shall provide sufficient, safe, and proper facilities at all times for such inspection of the work and shall furnish all information concerning the work and give the Authority or its representatives free access at all reasonable times to the facilities where the Services are performed.

(b) "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(c) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Authority during contract performance and for as long afterwards and the contract requires.

(d) The Authority has the right to inspect and test all services called for by this contract, to the extent practicable, at all times and places during the term of the contract. The Authority shall perform inspections and tests in a manner that will not unduly delay the work.

(e) If any of the services do not conform with contract requirements, the Authority may require the Contractor to perform the services again in conformity with the contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by performance, the Authority may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails promptly to perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Authority may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Authority that is directly related to the performance of such service or (2) terminate the contract for default.

22. SUSPENSION OF WORK

(a) The Authority may order the Contractor in writing to suspend all or any part of the work for such period of time as the Authority determines to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended or delayed by an act of the Authority in the administration of this contract, or by the Authority's failure to act within the time specified in this contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension or delay to the extent (1) that performance would have suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this contract.

(c) No claim under this clause shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Authority in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this clause shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this clause.

23. FEDERAL, STATE AND LOCAL TAXES

Personal property furnished or used in this contract will be exempt from the Limited Sales and Excise and Use Tax imposed, Texas Tax Code, Section 151.009, and certain other taxes. Such actions shall include, but not be limited to, the following: employment, upgrading, promotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor further represents that no person who has a Substantial Interest in the Contractor and is or has been employed by the Authority for a period of two (2) years prior to the date of this contract has or will (1) participate, for Contractor, in a solicitation, recommendation, bid, proposal or solicitation on any Authority contract, procurement or personnel administration matter, or (2) receive any pecuniary benefit from the award of this contract which is not in the Contractor's best interest. Contractor agrees to ensure that the Code of Conduct is not violated as a result of Contractor's activities in connection with this contract. Contractor agrees to immediately inform the Authority if it becomes aware of the existence of any such Substantial Interest or Conflict of Interest, or the existence of any violation of the Code of Conduct arising out of or in connection with this contract.

(d) The Authority may, in its sole discretion, require Contractor to cause an immediate divestiture of such Substantial Interest or elimination of such Conflict of Interest, and failure of Contractor to so comply shall render this contract voidable by the Authority. Any willful violation of these provisions, creation of a Substantial Interest or existence of a Conflict of Interest with the express or implied knowledge of Contractor shall render this contract voidable by the Authority.

(e) In accordance with section 176.006, Texas Local Government Code, "vendor" is required to file a conflict of interest questionnaire within seven business days of becoming aware of a conflict of interest under Texas law. The conflict of interest questionnaire can be obtained from the Texas Ethics Commission at www.ethics.state.tx.us. The questionnaire shall be sent to the Authority's Contract Administrator.

26. GRATUITIES

The Authority may cancel this Agreement, without liability to Contractor, if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Contractor or any agent or representative to any Authority official or employee with a view toward securing favorable treatment with respect to the performance of this Agreement. In the event this Agreement is canceled by the Authority pursuant to this provision, the Authority shall be entitled, in addition to any other rights and remedies, to recover from the Contractor a sum equal in amount to the cost incurred by the Contractor in providing such gratuities.

27. PUBLICATIONS

1. the subcontracted supplies or services were obtainable from other sources;

2. The Authority ordered the Contractor in writing to purchase these supplies or services from the other source; and

3. The Contractor failed to comply reasonably with this order.

(c) Upon the request of the Contractor, the Authority shall ascertain the facts and extent of the failure. 41. **LOSS OR DAMAGE TO PROPERTY**

The Contractor shall be responsible for any loss or damage to property including money securities, merchandise, fixtures and equipment belonging to the Authority or to any other individual or organization, if any such loss or damage was caused by Contractor or any employee thereof, while such employee is on the premises of the Authority as an employee of the Contractor.

44. **NONWAIVER OF RIGHTS**

Failure or delay of the Authority (a) to insist in any one or more instances upon performance of any of the terms and conditions of this contract or (b) to exercise any rights or remedies, or (c) to approve the Services shall not release Contractor from any of its obligations under this contract and shall not be construed as a waiver or relinquishment of the Authority's rights (a) to require strict performance of Contractor's obligations or (b) to require the future performance of any terms and conditions, but the Contractor's obligations with respect to such performance shall continue in full force and effect.
45. **INTERPRETATION OF CONTRACT – DISPUTES**

All questions concerning interpretation or clarification of this contract or the acceptable fulfillment of this contract by Contractor shall be immediately submitted in writing to the Authority’s Contracting Officer for determination. not represent the sole and exclusive remedy available to the Authority in the event the Contractor breaches this or any other Organizational Conflict of Interest clause.

50. **NO THIRD PARTY BENEFICIARIES**

No term or provision of this Contract is intended to be, or shall be, for the benefit of any person, firm, organization, or corporation for a party hereto, and no such other person, firm, organization or corporation shall have any right or cause of action hereunder.

No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborers or mechanics in any workweek in which the individual is employed on such work to work in excess of forty (40) hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half (1-1/2) times the basic rate of pay for all hours worked in excess of forty (40) hours in such workweek.

(b) Violation, Liability for Unpaid Wages, Liquidated Damages. In the event of any violation of the provisions set forth in paragraph (a) above, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under the contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the provisions set forth in paragraph (a) above, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty (40) hours without payment of the overtime wages required by the provisions set forth in paragraph (a) above.

(c) Withholding for Unpaid and Liquidated Damages. (d) Payroll and Basic Records.

(1) The Contractor or subcontractor shall maintain payroll records during the course of contract work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classification, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Nothing in this paragraph shall require the duplication of records required to be maintained for construction work by Department of Labor regulations at 209 C.F.R. 5.5(a)(3) implementing the Davis-Bacon Act.

(2) The records to be maintained under paragraph (d)(1) of this clause shall be made available by the contractor

The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Solicitations for Subcontracts, Including Procurement of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age, or national origin.

16. PRIVACY ACT

(a) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restriction and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. (b) The Contractor agrees to include the above clause in each subcontract associated with this contract. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

17. NO OBLIGATION BY THE FEDERAL GOVERNMENT

(a) Notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor’s failure to so comply shall constitute a material breach of this Contract.

(b) The Contractor is advised that Federal requirements applicable to this contract as set forth in federal law, regulations, policies, and related administrative practices may change during the performance of this contract. Any such changes shall also apply to this contract.

19. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS – FTA CIRCULAR 4220.1F

All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any Capital Metropolitan Transit Authority (Capital Metro) requests, which would cause Capital Metro to be in violation of the FTA terms and conditions.

20. SEISMIC SAFETY REGULATIONS

The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation Seismic Safety Regulations 49 CFR Part 41 and will certify to compliance to the extent required by the regulation. (3) "Safety sensitive task" means each category of work performed at a construction workplace which, if performed by a person impaired by the effects of alcohol or a controlled substance:

(i) would pose a serious risk of death or personal injury to the employee or others in the vicinity; or

(ii) could compromise the quality of the construction in such manner as would impose a significant public safety risk in the operation of the Authority’s public transportation system.
(4) "Drug-free workplace" means a site for the performance of work done in connection with the Authority's construction contract at which employees are prohibited from using alcohol or from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

(6) "Reasonable suspicion" means the presence or absence of specific criteria identified in the Contractor's drug-free workplace program (indicating the possibility that a person is under the influence of alcohol or a controlled substance) as observed by the Contractor's supervisory personnel with reasonable training in the identification of such criteria.

(1) As part of or as a follow-up to counseling or rehabilitation for controlled substance use; or

(2) As part of a voluntary employee drug testing program.

(d) A random testing procedure to detect the use of alcohol or a controlled substance by employees performing safety sensitive tasks is required as part of the Contractor's program for the purpose of preventing or deterring hazardous performance. The procedure shall require that, at a minimum, five percent (5%) of the Contractor's employees will be randomly tested within the contract period or within each year of the contract period, whichever period is shorter.

(e) All testing by or on behalf of the Contractor because of a requirement in the Authority's contract shall be conducted only for employees engaged (or to be engaged) in safety sensitive tasks and only for use of alcohol or a controlled substance and shall be conducted in a manner and under written policies that minimize the intrusion on the employee's privacy and personal dignity. This provision shall not preclude the Contractor from adding its own additional testing requirements.

(f) The Contractor shall publish a statement notifying employees that the use of alcohol at the workplace or the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance by employees at any time is prohibited and specifying the actions that will be taken against employees for violations of such prohibition.

(g) The program must require each employee who will perform a safety sensitive task, prior to working under the Authority's contract to:

(1) Acknowledge in writing the Contractor's drug-free workplace program; and

(2) Give advance written consent to any drug testing that may be conducted under the Contractor's program and the use of test results for decisions related to employment, disciplinary action, or continued employment. The Contractor will agree, in connection with the employee's consent that the results of testing for alcohol and controlled substances will not be voluntarily referred to any law enforcement agency. If the Contractor is subject to a collective bargaining agreement:

(i) the procedure for obtaining the individual employee's acknowledgment and consent must be consistent with the Contractor's obligations under the collective bargaining agreement; and

(ii) employees shall have the right to be accompanied by a union representative when any specimen is obtained for testing.

(h) The Contractor will establish a drug-free awareness program to inform its employees about:

(1) The dangers of drug abuse in the workplace;

(2) The Contractor's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees who refuse to submit to required testing and for other violations of the drug-free workplace program including, but not limited to, being unable to remain employed at the workplace until approval to return is obtained from the Authority.

(i) The Contractor's drug-free workplace program shall, at a minimum, include:

(1) Policies and procedures for specimen collection, chain of custody for specimens, laboratory qualification standards, laboratory analysis procedures, quality control requirements, and test result reporting procedures which substantially conform to the material requirements of the Mandatory Guidelines for Federal Workplace Drug Testing Programs promulgated by the U.S. Department of Health and Human Services in effect on the date of award of the Authority's construction contract.

(2) Procedures for the Contractor's employees to report their use of prescription drugs used in the course of medical treatment or which have been prescribed and authorized for use by a licensed medical practitioner.

(3) The criteria the Contractor will use for "reasonable suspicion" testing.

The Contractor shall prepare and maintain records in sufficient detail to demonstrate compliance with the requirements of this clause including, but not limited to, certifications from subcontractors and records of drug or alcohol tests conducted during performance of the contract. Such records shall be subject to inspection and audit by the Authority, and the Contractor's non-compliance may authorize the Authority to withhold all or any portion of any payments due the Contractor until the Contractor demonstrates compliance.

(l) A Drug-Free Workplace Program clause identical to this clause (except for changes appropriate for designation of the parties), including this subparagraph (l) will be included in every subcontract entered into in connection with this contract.

22. RECYCLED PRODUCTS: 42 U.S.C. 6962
40 CFR Part 247, Executive Order 12873

(a) Applicability to Contracts

The Recycled Products requirements apply to all contracts for items designated by the EPA, when the purchaser or contractor procures $10,000 or more of these items during the fiscal year, or has procured $10,000 or more of such items in the previous fiscal year, using Federal funds. New requirements for "recovered materials" will become effective May 1, 1996. These new regulations apply to all procurement actions involving items designated by the EPA, where the procuring agency purchases $10,000 or more of one of these items in a fiscal year, or when the cost of such items purchased during the previous fiscal year was $10,000.

(b) Flow Down

These requirements flow down to all contractor and subcontractor tiers.

(c) Recovered Materials

The contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

23. TRANSIT EMPLOYEE PROTECTIVE AGREEMENTS:
49 U.S.C. § 5310, § 5311, and § 5333
29 CFR Part 215

(a) Applicability to Contracts

The Transit Employee Protective Provisions apply to each contract for transit operations performed by employees of a Contractor recognized by FTA to be a transit operator. (Because transit operations involve many activities apart from directly driving or operating transit vehicles, FTA determines which activities constitute transit "operations" for purposes of this clause.)

(b) Flow Down

These provisions are applicable to all contracts and subcontracts at every tier.

(c) Transit Employee Protective Provisions

(1) The Contractor agrees to comply with applicable transit employee protective requirements as follows:

(i) General Transit Employee Protective Requirements - To the extent that FTA determines that transit operations are involved, the Contractor agrees to carry out the transit operations work on the underlying contract in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and equitable to protect the interests of employees employed under this contract and to meet the employee protective requirements of 49 U.S.C. A 5333(b), and U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the letter of certification from the U.S. DOL to FTA applicable to the FTA Recipient's project from which Federal assistance is provided to support work on the underlying contract. The Contractor agrees to carry out that work in compliance with the conditions stated in that U.S. DOL letter. The requirements of this subsection (1), however, do not apply to any contract financed with Federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 U.S.C. § 5310(a)(2), or for projects for nonurbanized areas authorized by 49 U.S.C. § 5311. Alternate provisions for those projects are set forth in subsections (b) and (c) of this clause.

(ii) Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5310(a)(2) for Elderly Individuals and Individuals with Disabilities - If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 U.S.C. § 5333(b) are necessary or appropriate for the state and the public body subrecipient for which work is performed on the underlying contract, the Contractor agrees to carry out the Project in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 U.S.C. § 5333(b), U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. The
Contractor agrees to perform transit operations in connection with the underlying contract in compliance with the conditions stated in that U.S. DOL letter.

(iii) Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5311 in Nonurbanized Areas - If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5311, the Contractor agrees to comply with the terms and conditions of the Special Warranty for the Nonurbanized Area Program agreed to by the U.S. Secretaries of Transportation and Labor, dated May 31, 1979, and the procedures implemented by U.S. DOL or any revision thereto.

(2) The Contractor also agrees to include the any applicable requirements in each subcontract involving transit operations financed in whole or in part with Federal assistance provided by FTA.

(d) The Authority encourages the Contractor, to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies that bar text messaging while driving company-owned or -rented vehicles, or government-owned, leased, or rented vehicles or privately-owned vehicles when on official Authority business or when performing any work for or on behalf of the Authority. See Executive Order 13513 “Federal Leadership on Reducing Text Messaging While Driving”, Oct. 1, 2009 (available at http://edocket.access.gpo.gov/2009/E9-24203.htm ) and DOT Order 3902.10 “Text Messaging While Driving”, Dec. 30, 2009, as implemented by Financial Assistance Policy Letter (No. FAP-2010-01, February 2, 2010, available at http://www.dot.gov/ostlm60/Financial Assistance Management/Home/FAPL_2010-01.pdf). This includes, but is not limited to:

(1) Considering new rules and programs or re-evaluating existing programs to prohibit text messaging while driving;

(2) Conducting education, awareness, and other outreach for employees about the safety risks associated with texting while driving; and

(3) Encouraging voluntary compliance with the agency’s text messaging policy while off duty.

(4) The Contractor is encouraged to insert the substance of this clause in all tier subcontract awards.

24. VETERANS EMPLOYMENT

Capital Metro is a recipient of Federal financial assistance on this contract. The contractor shall give a hiring preference, to the extent practicable, to veterans (as defined in section 2108 of title 5 CFR) who have the requisite skills and abilities to perform the work required under the contract. This subsection shall not be understood, construed or enforced in any manner that would require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.
