EXHIBIT B

REPRESENTATIONS AND CERTIFICATIONS

(LOCALLY FUNDED SUPPLY/SERVICE/CONSTRUCTION CONTRACTS)

MUST BE RETURNED WITH THE OFFER

1. **TYPE OF BUSINESS**

(a) The offeror operates as (mark one):

- ☐ An individual
☐ A partnership
☐ A sole proprietor
☒ A corporation
☐ Another entity _____

(b) If incorporated, under the laws of the State of:

Ohio

2. **PARENT COMPANY AND IDENTIFYING DATA**

(a) The offeror (mark one):

- ☐ is
☒ is not

owned or controlled by a parent company. A parent company is one that owns or controls the activities and basic business policies of the offeror. To own the offering company means that the parent company must own more than fifty percent (50%) of the voting rights in that company.

(b) A company may control an offeror as a parent even though not meeting the requirements for such ownership if the company is able to formulate, determine, or veto basic policy decisions of the offeror through the use of dominant minority voting rights, use of proxy voting, or otherwise.

(c) If not owned or controlled by a parent company, the offeror shall insert its own EIN (Employer's Identification Number) below:

N/A

(d) If the offeror is owned or controlled by a parent company, it shall enter the name, main office and EIN number of the parent company, below:

N/A

3. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

(a) The offeror (and all joint venture members, if the offer is submitted by a joint venture) certifies that in connection with this solicitation:

(1) the prices offered have been arrived at independently, without consultation, communication, or agreement for the purpose of restricting competition, with any other offeror or with any other competitor;

(2) unless otherwise required by law, the prices offered have not been knowingly disclosed by the offeror and will not knowingly be disclosed by the offeror prior to opening of bids in the case of an invitation for bids, or prior to contract award in the case of a request for proposals, directly or indirectly to any other offeror or to any competitor; and

(3) no attempt has been made or will be made by the offeror to induce any other person or firm to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory:

(1) is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; or

(i) has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision _Thomas W. Kowalski_ [insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization];

(ii) as an authorized agent, does certify that the principals named in subdivision (b)(2)(i) of this provision have not participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; and

(iii) as an agent, has not personally participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision.

(c) If the offeror deletes or modifies paragraph (a)(2) of this provision, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

4. DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

(a) In accordance with the provisions of 2 C.F.R. (Code of Federal Regulations), part 180, the offeror certifies to the best of the offeror's knowledge and belief, that it and its principals:

(1) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(2) have not within a three (3) year period preceding this offer been convicted of or had a civil judgment rendered against them for the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in (a)(2) above; and

(4) have not within a three (3) year period preceding this offer had one or more public transactions (Federal, State, or local) terminated for cause or default.

(b) Where the offeror is unable to certify to any of the statements above, the offeror shall attach a full explanation to this offer.

(c) For any subcontract at any tier expected to equal or exceed \$25,000:

(1) In accordance with the provisions of 2 C.F.R. part 180, the prospective lower tier subcontractor certifies, by submission of this offer, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to the statement, above, an explanation shall be attached to the offer.

(3) This certification (specified in paragraphs (c)(1) and (c)(2), above) shall be included in all applicable subcontracts and a copy kept on file by the prime contractor. The prime contractor shall be required to furnish copies of the certifications to the Authority upon request.

5. COMMUNICATIONS

(a) All oral and written communications with the Authority regarding this solicitation shall be exclusively with, or on the subjects and with the persons approved by, the persons identified in this solicitation. Discussions with any other person not specified could result in disclosure of proprietary or other competitive sensitive information or otherwise create the appearance of impropriety or unfair competition and thereby compromise the integrity of the Authority's procurement system. If competition cannot be resolved through normal communication channels, the Authority's protest procedures shall be used for actual or prospective competitors claiming any impropriety in connection with this solicitation.

(b) By submission of this offer, the offeror certifies that it has not, and will not prior to contract award, communicate orally or in writing with any Authority employee or other representative of the Authority (including Board Members, Capital Metro contractors or consultants), except as described below:

Individual's Name	Date/Subject of Communication
N/A	

(Attach continuation form, if necessary.)

6. CONTINGENT FEE

(a) Except for full-time, bona fide employees working solely for the offeror, the offeror represents as part of its offer that it (mark one):

- ☐ has
☒ has not

employed or retained any company or persons to solicit or obtain this contract, and (mark one):

- ☐ has
☒ has not

paid or agreed to pay any person or company employed or retained to solicit or obtain this contract any commission, percentage, brokerage, or other fee contingent upon or resulting from the award of this contract.

- (b) The offeror agrees to provide information relating to (a) above, when any item is answered affirmatively.

7. CODE OF ETHICS

(a) Statement of Purpose

The brand and reputation of Capital Metro is determined in large part by the actions or ethics of representatives of the agency. Capital Metro is committed to a strong ethical culture and to ethical behavior by all individuals serving Capital Metro as employees, members of the Board of Directors or volunteers. Individuals serving Capital Metro will conduct business with honesty and integrity. We will make decisions and take actions that are in the best interest of the people we serve and that are consistent with our mission, vision and this policy. The Code of Ethics (the "Code") documents Capital Metro's Standards of Ethical Conduct and policies for Ethical Business Transactions. Compliance with the Code will help protect Capital Metro's reputation for honesty and integrity. The Code attempts to provide clear principles for Capital Metro's expectations for behavior in conducting Capital Metro business. We have a duty to read, understand and comply with the letter and spirit of the Code and Capital Metro policies. You are encouraged to inquire if any aspect of the Code needs clarification.

(b) Applicability

The Code applies to Capital Metro employees, contractors, potential contractors, Board Members and citizen advisory committee members. Violation of the Code of Ethics may result in discipline up to and including termination or removal from the Board of Directors.

(c) Standards of Ethical Conduct

The public must have confidence in our integrity as a public agency and we will act at all times to preserve the trust of the community and protect Capital Metro's reputation. To demonstrate our integrity and commitment to ethical conduct we will:

- (1) Continuously exhibit a desire to serve the public and display a helpful, respectful manner.
- (2) Exhibit and embody a culture of safety in our operations.
- (3) Understand, respect and obey all applicable laws, regulations and Capital Metro policies and procedures both in letter and spirit.
- (4) Exercise sound judgment to determine when to seek advice from legal counsel, the Ethics Officer or others.
- (5) Treat each other with honesty, dignity and respect and will not discriminate in our actions toward others.
- (6) Continuously strive for improvement in our work and be accountable for our actions.
- (7) Transact Capital Metro business effectively and efficiently and act in good faith to protect the Authority's assets from waste, abuse, theft or damage.
- (8) Be good stewards of Capital Metro's reputation and will not make any representation in public or private, orally or in writing, that states, or appears to state, an official position of Capital Metro unless authorized to do so.
- (9) Report all material facts known when reporting on work projects, which if not revealed, could either conceal unlawful or improper practices or prevent informed decisions from being made.
- (10) Be fair, impartial and ethical in our business dealings and will not use our authority to unfairly or illegally influence the decisions of other employees or Board members.

(11) Ensure that our personal or business activities, relationships and other interests do not conflict or appear to conflict with the interests of Capital Metro and disclose any potential conflicts.

(12) Encourage ethical behavior and report all known unethical or wrongful conduct to the Capital Metro Ethics Officer or the Board Ethics Officer.

(d) Roles and Responsibilities

It is everyone's responsibility to understand and comply with the Code of Ethics and the law. Lack of knowledge or understanding of the Code will not be considered. If you have a question about the Code of Ethics, ask.

It is the responsibility of Capital Metro management to model appropriate conduct at all times and promote an ethical culture. Seek guidance if you are uncertain what to do.

It is Capital Metro's responsibility to provide a system of reporting and access to guidance when an employee wishes to report a suspected violation and to seek counseling, and the normal chain of command cannot, for whatever reason, be utilized. If you need to report something or seek guidance outside the normal chain of command, Capital Metro provides the following resources:

(1) Anonymous Fraud Hotline – Internal Audit

(2) Anonymous Online Ethics Reporting System

(3) Contact the Capital Metro Ethics Officer, Vice-President of Internal Audit, the EEO Officer or Director of Human Resources

(4) Safety Hotline

The Capital Metro Ethics Officer is the Chief Counsel. The Ethics Officer is responsible for the interpretation and implementation of the Code and any questions about the interpretation of the Code should be directed to the Ethics Officer.

(e) Ethical Business Transactions

Section 1. Impartiality and Official Position

(1) A Substantial Interest is defined by Tex. Loc. Govt. Code, § 171.002. An official or a person related to the official in the first degree by consanguinity or affinity has a Substantial Interest in:

(i) A business entity if the person owns ten percent (10%) or more of the voting stock or shares of the business entity or owns either 10% or more or \$15,000 or more of the fair market value of the business entity OR funds received by the person from the business entity exceed 10% of the person's gross income for the previous year; or

(ii) Real property if the interest is an equitable or legal ownership with a fair market value of \$2,500 or more.

Capital Metro will not enter into a contract with a business in which a Board Member or employee or a Family Member of a Board Member or employee as defined in Section 8 has a Substantial Interest except in case of emergency as defined in the Acquisition Policy PRC-100 or the business is the only available source for essential goods and services or property.

(2) No Board Member or employee shall:

(i) Act as a surety for a business that has work, business or a contract with Capital Metro or act as a surety on any official bond required of an officer of Capital Metro.

(ii) Represent for compensation, advise or appear on behalf of any person or firm concerning any contract or transaction or in any proceeding involving Capital Metro's interests.

(iii) Use his or her official position or employment, or Capital Metro's facilities, equipment or supplies to obtain or attempt to obtain private gain or advantage.

(iv) Use his or her official position or employment to unfairly influence other Board members or employees to perform illegal, immoral, or discreditable acts or do anything that would violate Capital Metro policies.

(v) Use Capital Metro's resources, including employees, facilities, equipment, and supplies in political campaign activities.

(vi) Participate in a contract for a contractor or first-tier subcontractor with Capital Metro for a period of one (1) year after leaving employment on any contract with Capital Metro.

(vii) Participate for the life of the contract in a contract for a contractor or first-tier subcontractor with Capital Metro if the Board Member or employee participated in the recommendation, bid, proposal or solicitation of the Capital Metro contract or procurement.

Section 2. Employment and Representation

A Board Member or employee must disclose to his or her supervisor, appropriate Capital Metro staff or the Board Chair any discussions of future employment with any business which has, or the Board Member or employee should reasonably foresee is likely to have, any interest in a transaction upon which the Board Member or employee may or must act or make a recommendation subsequent to such discussion. The Board Member or employee shall take no further action on matters regarding the potential future employer.

A Board Member or employee shall not solicit or accept other employment to be performed or compensation to be received while still a Board Member or employee, if the employment or compensation could reasonably be expected to impair independence in judgment or performance of their duties.

A Board Member or employee with authority to appoint or hire employees shall not exercise such authority in favor of an individual who is related within the first degree, within the second degree by affinity or within the third degree by consanguinity as defined by the Capital Metro Nepotism Policy in accordance with Tex. Govt. Code, Ch. 573.

Section 3. Gifts

It is critical to keep an arms-length relationship with the entities and vendors Capital Metro does business with in order to prevent the appearance of impropriety, undue influence or favoritism.

No Board Member or employee shall:

(1) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for the Board Member's or employee's decision, vote, opinion, recommendation or other exercise of discretion as a public servant. [Tex. Penal Code §36.02(c)]

(2) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for a violation of any law or duty. [Tex. Penal Code §36.02(a)(1)]

(3) Solicit, accept or agree to accept any benefit or item of monetary value from a person the Board Member or employee knows is interested in or likely to become interested in any Capital Metro contract or transaction if the benefit or item of monetary value could reasonably be inferred as intended to influence the Board Member or employee. [Tex. Penal Code §36.08(d)]

(4) Receive or accept any gift, favor or item of monetary value from a contractor or potential contractor of Capital Metro or from any individual or entity that could reasonably be inferred as intended to influence the Board Member or employee.

Exception: Consistent with state law governing public servants, a gift does not include a benefit or item of monetary value with a value of less than \$50, excluding cash or negotiable instruments, unless it can reasonably be inferred that the item was intended to influence the Board Member or employee. A department may adopt more restrictive provisions if there is a demonstrated and documented business need. [Tex. Penal Code § 36.10(a)(6)]

Exception: A gift or other benefit conferred, independent of the Board Member's or employee's relationship with Capital Metro, that is not given or received with the intent to influence the Board Member or employee in the performance of his or her official duties is not a violation of this policy. The Capital Metro Ethics Officer or Board Ethics Officer must be consulted for a determination as to whether a potential gift falls within this exception.

Exception: Food, lodging, or transportation that is provided as consideration for legitimate services rendered by the Board Member or employee related to his or her official duties is not a violation of this policy.

If you are uncertain about a gift, seek guidance from the Ethics Officer.

Section 4. Business Meals and Functions

Board Members and employees may accept invitations for free, reasonable meals in the course of conducting Capital Metro's business or while attending a seminar or conference in connection with Capital Metro business as long as there is not an active or impending solicitation in which the inviting contractor or party may participate and attendance at the event or meal does not create an appearance that the invitation was intended to influence the Board Member or employee.

When attending such events, it is important to remember that you are representing Capital Metro and if you chose to drink alcohol, you must do so responsibly. Drinking irresponsibly may lead to poor judgment and actions that may violate the Code or other Capital Metro policies and may damage the reputation of Capital Metro in the community and the industry.

Section 5. Confidential Information

It is everyone's responsibility to safeguard Capital Metro's nonpublic and confidential information.

No Board Member or employee shall:

(1) Disclose, use or allow others to use nonpublic or confidential information that Capital Metro has not made public unless it is necessary and part of their job duties and then only pursuant to a nondisclosure agreement approved by legal counsel or with consultation and permission of legal counsel.

(2) Communicate details of any active Capital Metro procurement or solicitation or other contract opportunity to any contractor, potential contractor or individual not authorized to receive information regarding the active procurement or contract opportunity.

Section 6. Financial Accountability and Record Keeping

Capital Metro's financial records and reports should be accurate, timely, and in accordance with applicable laws and accounting rules and principles. Our records must reflect all components of a transaction in an honest and forthright manner. These records reflect the results of Capital Metro's operations and our stewardship of public funds.

A Board Member or employee shall:

(1) Not falsify a document or distort the true nature of a transaction.

- (2) Properly disclose risks and potential liabilities to appropriate Capital Metro staff.
- (3) Cooperate with audits of financial records.
- (4) Ensure that all transactions are supported by accurate documentation.
- (5) Ensure that all reports made to government authorities are full, fair, accurate and timely.
- (6) Ensure all accruals and estimates are based on documentation and good faith judgment.

Section 7. Conflict of Interest

Employees and Board Members are expected to deal at arms-length in any transaction on behalf of Capital Metro and avoid and disclose actual conflicts of interest under the law and the Code and any circumstance which could impart the appearance of a conflict of interest. A conflict of interest exists when a Board Member or employee is in a position in which any official act or action taken by them is, may be, or appears to be influenced by considerations of personal gain rather than the general public trust.

Conflict of Interest [Tex. Loc. Govt. Code, Ch. 171 & 176, § 2252.908]

No Board Member or employee shall participate in a matter involving a business, contract or real property transaction in which the Board Member or employee has a Substantial Interest if it is reasonably foreseeable that an action on the matter would confer a special economic benefit on the business, contract or real property that is distinguishable from its effect on the public. [Tex. Loc. Govt. Code, § 171.004]

Disclosure

A Board Member or employee must disclose a Substantial Interest in a business, contract, or real property that would confer a benefit by their vote or decision. The Board Member or employee may not participate in the consideration of the matter subject to the vote or decision. Prior to the vote or decision, a Board Member shall file an affidavit citing the nature and extent of his or her interest with the Board Vice Chair or Ethics Officer. [Tex. Loc. Govt. Code, § 171.004]

A Board Member or employee may choose not to participate in a vote or decision based on an appearance of a conflict of interest and may file an affidavit documenting their recusal.

Section 8. Disclosure of Certain Relationships [Tex. Loc. Govt. Code, Ch. 176]

Definitions

(1) A Local Government Officer is defined by Tex. Loc. Govt. Code § 176.001(4). A Local Government Officer is:

- (i) A member of the Board of Directors;
- (ii) The President/CEO; or
- (iii) A third party agent of Capital Metro, including an employee, who exercises discretion in the planning, recommending, selecting or contracting of a vendor.

(2) A Family Member is a person related within the first degree by consanguinity or the second degree by affinity as defined by Tex. Govt. Code, Ch. 573.

(3) A Family Relationship is a relationship between a person and another person within the third degree by consanguinity or the second degree by affinity as defined by Tex. Govt. Code, Ch. 573.

(4) A Local Government Officer must file a Conflicts Disclosure Statement (FORM CIS) if:

(i) The person or certain Family Members received at least \$2,500 in taxable income (other than investment income) from a vendor or potential vendor in the last twelve (12) months through an employment or other business relationship;

(ii) The person or certain Family Members received gifts from a vendor or potential vendor with an aggregate value greater than \$100 in the last 12 months; or

(iii) The vendor (or an employee of the vendor) has a Family Relationship with the Local Government Officer.

- (5) A vendor doing business with Capital Metro or seeking to do business with Capital Metro is required to file a completed questionnaire (FORM CIQ) disclosing the vendor's affiliations or business relationship with any Board Member or local government officer or his or her Family Member.

Section 9. Duty to Report and Prohibition on Retaliation

Board Members and employees have a duty to promptly report any violation or possible violation of this Code of Ethics, as well as any actual or potential violation of laws, regulations, or policies and procedures to the hotline, the Capital Metro Ethics Officer or the Board Ethics Officer.

Any employee who reports a violation will be treated with dignity and respect and will not be subjected to any form of retaliation for reporting truthfully and in good faith. Any retaliation is a violation of the Code of Ethics and may also be a violation of the law, and as such, could subject both the individual offender and Capital Metro to legal liability.

Section 10. Penalties for Violation of the Code of Ethics

In addition to turning over evidence of misconduct to the proper law enforcement agency when appropriate, the following penalties may be enforced:

(1) If a Board Member does not comply with the requirements of this policy, the Board member may be subject to censure or removal from the Board in accordance with Section 451.511 of the Texas Transportation Code.

(2) If an employee does not comply with the requirements of this policy, the employee shall be subject to appropriate disciplinary action up to and including termination.

(3) Any individual or business entity contracting or attempting to contract with Capital Metro which offers, confers or agrees to confer any benefit as consideration for a Board Member's or employee's decision, opinion, recommendation, vote or other exercise of discretion as a public servant in exchange for the Board Member's or employee's having exercised his official powers or performed his official duties, or which attempts to communicate with a Board Member or Capital Metro employee regarding details of a procurement or other contract opportunity in violation of Section 5, or which participates in the violation of any provision of this Policy may have its existing Capital Metro contracts terminated and may be excluded from future business with Capital Metro for a period of time as determined appropriate by the President/CEO.

(4) Any individual who makes a false statement in a complaint or during an investigation of a complaint with regard to a matter that is a subject of this policy is in violation of this Code of Ethics and is subject to its penalties. In addition, Capital Metro may pursue any and all available legal and equitable remedies against the person making the false statement or complaint.

Section 11. Miscellaneous Provisions

(1) This Policy shall be construed liberally to effectuate its purposes and policies and to supplement such existing laws as they may relate to the conduct of Board Members and employees.

(2) Within sixty (60) days of the effective date for the adoption of this Code each Board Member and employee of Capital Metro will receive a copy of the Code and sign a statement acknowledging that they have read, understand and will comply with Capital Metro's Code of Ethics. New Board Members and employees will receive a copy of the Code and are required to sign this statement when they begin office or at the time of initial employment.

(3) Board Members and employees shall participate in regular training related to ethical conduct, this Code of Ethics and related laws and policies.

8. RESERVED

9. TEXAS ETHICS COMMISSION CERTIFICATION

In accordance with Section 2252.908, Texas Government Code, upon request of the Authority, the selected contractor may be required to electronically submit a "Certificate of Interested Parties" with the Texas Ethics Commission in the form required by the Texas Ethics Commission, and furnish the Authority with the original signed and notarized document prior to the time the Authority signs the contract. The form can be found at www.ethics.state.tx.us. Questions regarding the form should be directed to the Texas Ethics Commission.

10. TEXAS LABOR CODE CERTIFICATION (CONSTRUCTION ONLY)

Contractor certifies that Contractor will provide workers' compensation insurance coverage on every employee of the Contractor employed on the Project. Contractor shall require that each Subcontractor employed on the Project provide workers' compensation insurance coverage on every employee of the Subcontractor employed on the Project and certify coverage to Contractor as required by Section 406.96 of the Texas Labor Code, and submit the Subcontractor's certificate to the Authority prior to the time the Subcontractor performs any work on the Project.

11. CERTIFICATION REGARDING ISRAEL

As applicable and in accordance with Section 2270.002 of the Texas Government Code, the Contractor certifies that it does not boycott Israel and will not boycott Israel during the term of this Contract.

12. CERTIFICATION REGARDING FOREIGN TERRORIST ORGANIZATIONS

Contractor certifies and warrants that it is not engaged in business with Iran, Sudan, or a foreign terrorist organization, as prohibited by Section 2252.152 of the Texas Government Code.

13. CERTIFICATION OF PRIME CONTRACTOR PARTICIPATION

(a) The Prime Contractor certifies that it shall perform no less than thirty percent (30%) of the work with his own organization. The on-site production of materials produced by other than the Prime Contractor's forces shall be considered as being subcontracted.

(b) The organization of the specifications into divisions, sections, articles, and the arrangement and titles of the project drawings shall not control the Prime Contractor in dividing the work among subcontractors or in establishing the extent of the work to be performed by any trade.

(c) The offeror further certifies that no more than seventy percent (70%) of the work will be done by subcontractors.

14. SIGNATURE BLOCK FOR ALL REPRESENTATIONS AND CERTIFICATIONS

(a) These representations and certifications concern a material representation of fact upon which reliance will be placed in awarding a contract. If it is later determined that the offeror knowingly rendered an erroneous or false certification, in addition to all other remedies the Authority may have, the Authority may terminate the contract for default and/or recommend that the offeror be debarred or suspended from doing business with the Authority in the future.

- (b) The offeror shall provide immediate written notice to the Authority if, at any time prior to contract award, the offeror learns that the offeror's certification was, or a subsequent communication makes, the certification erroneous.
- (c) Offerors must set forth full, accurate and complete information as required by this solicitation (including this attachment). Failure of an offeror to do so may render the offer nonresponsive.
- (d) A false statement in any offer submitted to the Authority may be a criminal offense in violation of Section 37.10 of the Texas Penal Code.
- (e) I understand that a false statement on this certification may be grounds for rejection of this submittal or termination of the awarded contract.

EXHIBIT E
CONTRACTUAL TERMS AND CONDITIONS
(SERVICES CONTRACT)

1. DEFINITIONS

As used throughout this Contract, the following terms shall have the meaning set forth below:

- (a) "Applicable Anti-Corruption and Bribery Laws" means international, federal, state, provincial and local laws, rules, regulations, directives and governmental requirements currently in effect and as they become effective relating in any way to the Contractor's provision of goods and/or services to Authority, including without limitation "FCPA" or any applicable laws and regulations, including in the jurisdiction in which the Contractor operates and/or manufactures goods for the Authority, relating to anti-corruption and bribery.
- (b) "Authority", "Capital Metro", "Cap Metro", "CMTA" means Capital Metropolitan Transportation Authority.
- (c) "Change Order" means a written order to the Contractor signed by the Contracting Officer, issued after execution of the Contract, authorizing a change in the term or scope of the Contract.
- (d) "Contract" or "Contract Documents" means this written agreement between the parties comprised of all the documents listed in the Table of Contents, Change Orders and/or Contract Modifications that may be entered into by the parties.
- (e) "Contract Award Date" means the date of the Contract award notice, which may take the form of a purchase order, signed Contract or Notice of Award, issued by the Authority.
- (f) "Contract Modification" means any changes in the terms or provisions of the Contract which are reduced to writing and fully executed by both parties.
- (g) "Contract Sum" means the total compensation payable to the Contractor for performing the Services as originally contracted for or as subsequently adjusted by Contract Modification.
- (h) "Contract Term" means period of performance set forth in the paragraph entitled "Term" contained in Exhibit E.
- (i) "Contracting Officer" means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and finding on behalf of the Authority. The term includes certain authorized representatives of the Contracting Officer acting within the limits of their authority as delegated by the Contracting Officer.
- (j) "Contractor" means the entity that has assumed the legal obligation to perform the Services as identified in the Contract.
- (k) "Days" means calendar days. In computing any period of time established under this Contract, the day of the event from which the designated period of time begins to run shall not be included, but the last day shall be included unless it is a Saturday, Sunday, or Federal or State of Texas holiday, in which event the period shall run to the end of the next business day.
- (l) "FAR" means the Federal Acquisition Regulations codified in 48 C.F.R. Title 48.
- (m) "FCPA" means the United States Foreign Corrupt Practices Act, 15 U.S.C. §§ 78dd-1, et seq., as amended.
- (n) "Force Majeure Event" means strikes, lockouts, or other industrial disputes; explosions, epidemics, civil disturbances, acts of domestic or foreign terrorism, wars within the continental United States, riots or insurrections; embargos, natural disasters, including but not limited to landslides, earthquakes, floods or washouts; interruptions by government or court orders; declarations of emergencies by applicable federal, state or local authorities; and present or future orders of any regulatory body having proper jurisdiction.

- (o) "FTA" means the Federal Transit Administration.
- (p) "Fully Burdened Hourly Labor Rate" means an hourly rate that includes all salary, overhead costs, general and administrative expenses, and profit.
- (q) "Intellectual Property Rights" means the worldwide legal rights or interests evidenced by or embodied in: (i) any idea, design, concept, personality right, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (ii) any work of authorship, including any copyrights, moral rights or neighboring rights, and any derivative works thereto; (iii) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (iv) domain name registrations; and (v) any other proprietary or similar rights. The Intellectual Property Rights of a party include all worldwide legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- (r) "Manufacturing Materials" mean any completed or partially completed supplies and materials, parts, dies, jigs, fixtures, plans, drawings, information, and contract rights specifically produced or specially acquired by the Contractor for the performance of the Contract.
- (s) "Notice of Award" means formal notice of award of the Contract to the Contractor issued by the Contracting Officer.
- (t) "Notice to Proceed" means written authorization for the Contractor to start the Services.
- (u) "Project Manager" means the designated individual to act on behalf of the Authority, to monitor and certify the technical progress of the Contractor's Services under the terms of this Contract.
- (v) "Proposal" means the offer of the proposer, submitted on the prescribed form, stating prices for performing the work described in the Scope of Services.
- (w) "Services" means the services to be performed by the Contractor under this Contract, and includes services performed, workmanship, and supplies furnished or utilized in the performance of the Services.
- (x) "Subcontract" means the Contract between the Contractor and its Subcontractors.
- (y) "Subcontractor" means subcontractors of any tier.
- (z) "Works" means any tangible or intangible items or things that have been or will be specifically, generated, prepared, created, or developed by the Contractor (or such third parties as the Contractor may be permitted to engage) at any time following the effective date of the Contract, for the exclusive use of, and ownership by, Authority under the Contract, including but not limited to any (i) works of authorship (such as literary works, musical works, dramatic works, choreographic works, pictorial, graphic and sculptural works, motion pictures and other audiovisual works, sound recordings and architectural works, which includes but is not limited to manuals, instructions, printed material, graphics, artwork, images, illustrations, photographs, computer software, scripts, object code, source code or other programming code, HTML code, data, information, multimedia files, text web pages or web sites, other written or machine readable expression of such works fixed in any tangible media, and all other copyrightable works), (ii) trademarks, service marks, trade dress, trade names, logos, or other indicia of source or origin, (iii) ideas, designs, concepts, personality rights, methods, processes, techniques, apparatuses, inventions, formulas, discoveries, or improvements, including any patents, trade secrets and know-how, (iv) domain names, (v) any copies, and similar or derivative works to any of the foregoing, and (vi) all documentation and materials related to any of the foregoing.

2. FIXED PRICE CONTRACT

- (a) This is a fixed price Contract for the Services specified and stated elsewhere in the Contract.
- .

3. TERM

The term of the Contract shall be one (1) year from the Contract notice to proceed. No Services shall be performed under this Contract prior to issuance of a Notice to Proceed.

4. OPTION TO EXTEND CONTRACT TERM

The Authority shall have the unilateral right and option to extend the Contract for up to five (5) option periods for a twelve (12) month duration each at the option prices set forth in Exhibit A - Pricing Schedule upon written notice to the Contractor.

5. ADDITIONAL OPTION TO EXTEND CONTRACT PERFORMANCE

If the options granted in Paragraph 4 have been exercised in their entirety, the Authority shall have the unilateral right and option to require continued performance of any services within the limits and rates specified in the Contract. This option may be exercised more than once, but the extension of performance hereunder shall not exceed a total of 6 months. The Authority may exercise the option by written notice to the Contractor.

6. PERFORMANCE BOND

- (a) Performance Bond. The Contractor shall provide a Performance Bond if the contract amount exceeds \$100,000. A performance bond is applicable to the base, implementation term of the contract.
- (b) All required bonds shall be in an amount equal to one hundred percent (100%) of the contract amount. The surety company providing the bonds must be authorized to do business in the State of Texas. The surety company shall be approved for the amount of the bonds, and, either hold a certificate of authority from the U.S. Department of Treasury or have obtained reinsurance from a Treasury listed insurer, in accordance with the requirements of Article 7.19-1, Vernon's Texas Insurance Code, as amended.
- (c) The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, or by individual sureties. Treasury Circular 570 is published in the Federal Register, or may be obtained from the:

U.S. Department of Treasury
Financial Management Service
Surety Bond Branch 3700 East West Highway, Room 6F01
Hyattsville, MD 20782

Or via the internet at <http://www.fms.treas.gov/c570/>.

- (d) The Contractor shall be required to submit the required bond to the Contracting Officer within ten (10) days from the date of Notice of Award.

7. INVOICING AND PAYMENT

- (a) During the Implementation period invoices may be submitted once per month for milestones fully completed and accepted by the Authority; During the Services Support Agreement (SSA) terms, invoices must be submitted quarterly prior to the start of each calendar year quarter. All invoices should and marked "Original" to:

Accounts Payable
Capital Metropolitan Transportation Authority
P.O. Box 6308
Austin, Texas 78762-6308

Or via e-mail to: ap_invoices@capmetro.org

and shall conform to policies or regulations adopted from time to time by the Authority. Invoices shall be legible and shall contain, as a minimum, the following information:

- (1) the Contract and order number (if any);
 - (2) a complete itemization of all costs including quantities ordered and delivery order numbers (if any);
 - (3) any discounts offered to the Authority under the terms of the Contract;
 - (4) Implementation Payment will be made according to the following project milestones for both Base and Optional Enhancements:
 - a. Milestone 1 - Plan Phase 5%
 - b. Milestone 2 - Design Phase 10%
 - c. Milestone 3 - Develop Phase 15%
 - d. Milestone 4 - Test Phase 15%
 - e. Milestone 5 - Deploy Phase 45%
 - f. Milestone 6 - Close Phase 10%
 - (5) evidence of the acceptance of the supplies or Services by the Authority; and
 - (6) any other information necessary to demonstrate entitlement to payment under the terms of the Contract.
- (b) Subject to the withholding regarding retainage as provided herein, all undisputed invoices shall be paid within the time period allowed by law through the Texas Prompt Payment Act, Tex. Gov't Code § 2251.021(b).
- (c) The Contractor shall be responsible for all costs/expenses not otherwise specified in this Contract, including by way of example, all costs of equipment provided by the Contractor or Subcontractor(s), all fees, fines, licenses, bonds, or taxes required or imposed against the Contractor and Subcontractor(s), travel related expenses, and all other Contractor's costs of doing business.
- (d) In the event an overpayment is made to the Contractor under this Contract or the Authority discovers that the Authority has paid any invoices or charges not authorized under this Contract, the Authority may offset the amount of such overpayment or unauthorized charges against any indebtedness owed by the Authority to the Contractor, whether arising under this Contract or otherwise, including withholding payment of an invoice, in whole or in part, or the Authority may deduct such amounts from future invoices. If an overpayment is made to the Contractor under this Contract which cannot be offset under this Contract, the Contractor shall remit the full overpayment amount to the Authority within thirty (30) calendar days of the date of the written notice of such overpayment or such other period as the Authority may agree. The Authority reserves the right to withhold payment of an invoice, in whole or in part, or deduct the overpayment from future invoices to recoup the overpayment.

8. RESERVED

9. RESERVED

10. INSURANCE

- (a) The Contractor shall furnish proof of Capital Metro-stipulated insurance requirements specified below. All insurance policies shall be primary and non-contributing with any other valid and collectible insurance or self-insurance available to the Authority and shall contain a contract waiver of subrogation in favor of the Authority. The Contractor shall furnish to the Authority certificate(s) of insurance evidencing the required coverage and endorsement(s) and, upon request, a certified duplicate original of any of those policies. Prior to the expiration of a certificate of insurance, a new certificate of insurance shall be furnished to the Authority showing continued coverage. Each policy shall be endorsed to provide thirty (30) days written notice of cancellation or non-renewal to the Authority and the Authority shall be named as an Additional Insured under each policy except, Professional Liability insurance if required by this Contract. All insurance policies shall be written by reputable insurance company or companies acceptable to the Authority with a current Best's Insurance Guide Rating of A+ and Class XIII or better. All insurance companies shall be authorized to transact business in the State of Texas. The Contractor shall notify the Authority in writing of any material alteration of such policies, including any change in the retroactive date in any "claims-made" policy or substantial reduction of aggregate limits, if such limits apply or cancellation thereof at least thirty (30) days prior thereto.

The below requirements only represent the minimum coverage acceptable to the Authority and these requirements are not intended to represent the maximum risk or the maximum liability of the Contractor. The Contractor shall be responsible for setting its own insurance requirements, if any, for the kind and amounts of insurance to be carried by its Subcontractors in excess of the insurance required by the Authority.

The Contractor shall carry and pay the premiums for insurance of the types and in the amounts stated below.

CAPITAL METRO MINIMUM COVERAGE REQUIREMENTS

(1) **Commercial General Liability Insurance** Coverage with limits of not less than One Million Dollars and No/100 Dollars (\$1,000,000) Combined Single Limit of Liability for Bodily Injury and Property Damage including Products Liability.

(2) **Automobile Liability Insurance** covering all owned, hired and non-owned automobiles used in connection with work with limits of not less than One Million Dollars and No/100 Dollars (\$1,000,000) Combined Single Limit of Liability for Bodily Injury and Property Damage.

(3) **Workers' Compensation Insurance** coverage in the State of Texas. Employers Liability Insurance with minimum limits of liability of One Million Dollars_ and No/100 Dollars (\$1,000,000).

(4) **Professional Liability Insurance** covering negligent acts, errors and omissions arising from the Contractor's work to pay damages for which the Contractor may become legally obligated. Minimum limits of liability shall be not less than One Million Dollars and No/100 Dollars (\$1,000,000) on an annual aggregate basis.

(5) All policies shall include coverage for Terrorism.

(b) The limits of liability as required above may be provided by a single policy of insurance or by a combination of primary, excess or umbrella policies but in no event shall the total limits of liability available for any one occurrence or accident be less than the amount required above.

(c) The Contractor, and all of its insurers shall, in regard to the above stated insurance, agree to waive all rights of recovery or subrogation against the Authority, its directors, officers, employees, agents, successors and assigns, and the Authority's insurance companies arising out of any claims for injury(ies) or damages resulting from the Services performed by or on behalf of the Contractor under this Contract and/or use of any Authority premises or equipment under this Contract.

(d) Each insurance policy shall contain the following endorsements: PRIMARY AND NON-CONTRIBUTORY INSURANCE and WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS, which shall be evidenced on the Certificate of Insurance. The General Liability insurance shall include contractual endorsement(s) which acknowledge all indemnification requirements under the Agreement. All required endorsements shall be evidenced on the Certificate of Insurance, which shall be evidenced on the Certificate of Insurance. Proof that insurance coverage exists shall be furnished to the Authority by way of a Certificate of Insurance before any part of the Contract work is started.

(e) If any insurance coverage required to be provided by the Contractor is canceled, terminated, or modified so that the required insurance coverages are no longer in full force and effect, the Authority may terminate this Contract or obtain insurance coverages equal to the required coverage, the full cost of which will be the responsibility of the Contractor and shall be deducted from any payment due the Contractor.

(f) If any part of the Contract is sublet, the Contractor shall be liable for its Subcontractor's insurance coverages of the types and in the amounts stated above, and shall furnish the Authority with copies of such Certificates of Insurance. No delay in the Services caused by the Contractor's enforcement of its Subcontractor's insurance requirements shall be excusable delay in the Contract. In the event a Subcontractor is unable to furnish insurance in the limits required under the Contract, the Contractor shall endorse the Subcontractor as an ADDITIONAL INSURED on the Contractor's policies.

(g) All insurance required to be maintained or provided by the Contractor shall be with companies and through policies approved by The Authority. The Authority reserves the right to inspect in person, prior to the commencement of the Services, all of the Contractor's insurance policy required under this Contract.

(h) The Contractor must furnish proof of the required insurance within five (5) days of the award of the Contract. Certificate of Insurance must indicate the Contract number and description. The insurance certificate should be furnished to the attention of the Contracting Officer.

(i) The Contractor and its lower tier Subcontractors are required to cooperate with the Authority and report all potential claims (workers' compensation, general liability and automobile liability) pertaining to this Contract to the Authority's Risk Management Department at (512) 389-7549 within two (2) days of the incident.

11. PERFORMANCE OF SERVICES BY THE CONTRACTOR

Except as otherwise provided herein, the Contractor shall perform no less than thirty percent (30%) of the Services with its own organization. If, during the progress of Services hereunder, the Contractor requests a reduction in such performance percentage and the Authority determines that it would be to the Authority's advantage, the percentage of the Services required to be performed by the Contractor may be reduced; provided, written approval of such reduction is obtained by the Contractor from the Authority.

12. REMOVAL OF ASSIGNED PERSONNEL

The Authority may require, in writing, that the Contractor remove from the Services any employee or Subcontractor of the Contractor that the Authority deems inappropriate for the assignment.

13. REPRESENTATIONS AND WARRANTIES

The Contractor represents and warrants to the Authority, that the Services shall be performed in conformity with the descriptions and other data set forth in this Contract and with sound professional principles and practices in accordance with accepted industry standards, and that work performed by the Contractor's personnel shall reflect sound professional knowledge, skill and judgment. If any breach of the representations and warranties is discovered by the Authority during the process of the work or within one (1) year after acceptance of the work by the Authority, the Contractor shall again cause the nonconforming or inadequate work to be properly performed at the Contractor's sole expense and shall reimburse for costs directly incurred by the Authority as a result of reliance by the Authority on services failing to comply with the representations and warranties.

14. INDEPENDENT CONTRACTOR

The Contractor's relationship to the Authority in the performance of this Contract is that of an independent contractor. The personnel performing Services under this Contract shall at all times be under the Contractor's exclusive direction and control and shall be employees of the Contractor and not employees of the Authority. The Contractor shall be fully liable for all acts and omissions of its employees, Subcontractors, and their suppliers and shall be specifically responsible for sufficient supervision and inspection to assure compliance in every respect with Contract requirements. There shall be no contractual relationship between any Subcontractor or supplier of the Contractor and the Authority by virtue of this Contract. The Contractor shall pay wages, salaries and other amounts due its employees in connection with this Agreement and shall be responsible for all reports and obligations respecting them, such as Social Security, income tax withholding, unemployment compensation, workers' compensation and similar matters.

15. COMPOSITION OF CONTRACTOR

If the Contractor hereunder is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

16. SUBCONTRACTORS AND OUTSIDE CONSULTANTS

Any Subcontractors and outside associates or consultants required by the Contractor in connection with the Services covered by the Contract will be limited to such individuals or firms as were specifically identified and agreed to by the

Authority in connection with the award of this Contract. Any substitution in such Subcontractors, associates, or consultants will be subject to the prior approval of the Authority.

17. EQUITABLE ADJUSTMENTS

(a) Any requests for equitable adjustments under any provision shall be governed by the following provisions:

(1) Upon written request, the Contractor shall submit a proposal, in accordance with the requirements and limitations set forth in this paragraph, for Services involving contemplated changes covered by the request. The proposal shall be submitted within the time limit indicated in the request for any extension of such time limit as may be subsequently granted. The Contractor's written statement of the monetary extent of a claim for equitable adjustment shall be submitted in the following form:

(i) Proposals totaling \$5,000 or less shall be submitted in the form of a lump sum proposal with supporting information to clearly relate elements of cost with specific items of Services involved to the satisfaction of the Contracting Officer, or his/her authorized representative.

(ii) For proposals in excess of \$5,000, the claim for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the Contract.

(b) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this Contract.

18. PERSONNEL ASSIGNMENTS

(a) The Contractor shall perform the Services in an orderly and workmanlike manner, and shall utilize persons skilled and qualified for the performance of the Services. The Authority will have the right to review the experience of each person assigned to perform the Services and approve personnel assignments, including those to be performed by Subcontractors,

(b) The Contractor certifies that the Contractor, and each Subcontractor, have established a criminal history background policy that complies with guidance issued by the U.S. Equal Employment Opportunity Commission and that the Contractor and each Subcontractor conducts criminal history checks on its assigned personnel in accordance with such policy to identify, hire and assign personnel to work on this Contract whose criminal backgrounds are appropriate for the Services being performed, considering the risk and liability to the Contractor and the Authority. The Authority reserves the right to require the Contractor and any Subcontractor to disclose any criminal or military criminal convictions of assigned personnel and the right to disapprove the use of assigned personnel with criminal or military convictions.

(c) At the commencement of the Contract, the Contractor shall provide a list of candidates to be used to provide the Services and shall certify that a criminal history background check has been completed on each candidate within the preceding 6-month period. Thereafter during the Term, the Contractor shall submit quarterly report containing a list of all persons (including Subcontractors) assigned to perform Services under the Contract and a certification that each named person has undergone a criminal background check as required by this Contract. The Authority shall have the right to audit the Contractor's records for compliance with the provisions of this Section. Criminal background checks shall include the following:

(1) State Criminal History: The Contractor shall research criminal history, including driving records (where applicable), covering all jurisdictions within the state, including local counties and municipalities.

(2) Out of State Criminal History: The Contractor shall research criminal history, including state driving records (where applicable), for all 50 states.

(3) National Sex Offender Registry

(4) Military Discharge: For any candidates that have served in the military, the Contractor shall review the DD Form 214 "Certificate of Release or Discharge from Active Duty" (Long Form).

*Matters identified on the Long Form as military discipline will be considered in accordance with the corresponding crime listed below with respect to classification, severity and time elapsed.

The Contractor shall disclose to the Authority the type of arrests with pending dispositions and convictions for crimes according to the classification of offense and the timetable below:

Offense Type	Action Required
Crimes Against the Person (other than sex crimes)	
Felony	Submit to Capital Metro for review if less than 10 years from date of release from confinement
Class A or B Misdemeanor	Submit to Capital Metro for review if less than 7 years from date of conviction
Class C Misdemeanor	Submit to Capital Metro for review if less than 5 years from date of conviction
Crimes Against the Person - Sex Crimes/Registered Sex Offenders	
ALL	Submit to Capital Metro for review
Crimes Against Property	
Felony	Submit to Capital Metro for review if less than 10 years from date of release from confinement
Moral Crimes, including, but not limited to: Drug Crimes, Prostitution, Bigamy, Illegal Gambling, Child Pornography	
Felony	Submit to Capital Metro for review if less than 10 years from date of release from confinement
Class A or B Misdemeanor	Submit to Capital Metro for review if less than 7 years from date of conviction
Class C Misdemeanor	Submit to Capital Metro for review if less than 5 years from date of conviction
Driving Offenses	
Class A or B Misdemeanor, DWI/DUI or other "serious driving offense"	Disqualified if less than 7 years from date of conviction or deferred adjudication. Submit to Capital Metro for review if between 7-10 years since conviction or deferred adjudication or more than 2 convictions in a lifetime
Class C Misdemeanor Moving Violations	Disqualified from driving if more than 2 moving violations in the past 5 years (Any more than one driving safety course taken for a moving violation that appears on a five (5) year record will be treated as a moving violation and will count against the employee)

The Contractor may not assign an employee to provide Services if the employee has any conviction in the applicable categories listed above, unless an exception is granted by the Authority in accordance with subparagraph (d).

(d) The Contractor may request the Authority perform an individual assessment of a candidate with a criminal conviction meeting one of the above categories. In conducting an individual assessment, the Authority's review will include, but not be limited to, the following factors:

- (1) The nature and gravity of the offense or conduct;
- (2) The degree of harm caused by the offense or conduct;
- (3) The time that has elapsed since the conviction or completion of probation or jail time;
- (4) The nature of the job sought, including the job duties, environment and level of supervision;

- (5) Any incorrect criminal history;
- (6) Wrongful identification of the person;
- (7) The facts and circumstances surrounding the offense or conduct;
- (8) The number of offenses for which the candidate was convicted;
- (9) The subsequent conviction for another relevant offense;
- (10) The age of the person at the time of conviction or completion of probation or jail time;
- (11) Evidence that the person performed the same type of work, post-conviction, with the same or different employer, with no known incidents of criminal conduct;
- (12) The length and consistency of employment history before and after the conviction in a similar field as the current position sought;
- (13) Rehabilitation efforts, e.g., education, treatment, training;
- (14) Employment or character references and any other information regarding fitness for the particular position;
- (15) Whether the person is bonded or licensed under any federal, state or local program or any licensing authority;
- (16) The person's statement of the circumstances surrounding the offense and conviction and relevant factors is consistent with publicly available record related to the crime and conviction; and
- (17) Any other factors deemed relevant in the consideration of a particular assessment.

At the time a request is made for an individual assessment, the Contractor must include the following documentation:

- the candidate's application/resume;
- a copy of the criminal conviction history, including those tried in a military tribunal;
- available court information related to the conviction;
- any publicly available information related to the offense and conviction;
- a statement from the candidate addressing any/all factors set forth above and explaining why the person is qualified for the assignment notwithstanding the conviction; and
- a statement from the candidate explaining why the person is an acceptable risk for the work to be performed by the candidate.

The Authority will provide a written decision to the Contractor within five (5) working days of receipt of all required documentation from the Contractor.

(e) The Contractor will conduct new criminal history background checks on all assigned personnel every two (2) years during the Contract to ensure the preceding criterion are still met by the assigned personnel and notify the Authority if an employee has a subsequent arrest with pending disposition or conviction (or change in driving record, as applicable) that requires further review by the Authority using the criterion set forth above. The Authority reserves the right to request that the assigned individual be removed from performing work under this Contract.

19. BADGES AND ACCESS CONTROL DEVICES

(a) The Contractor and each of the Contractor's employees, as well as each Subcontractor of any tier and any workers working on behalf of Subcontractor, shall be required to wear a Capital Metro Contractor Photo Identification Badge ("badge") at all times while on the Authority's premises. The badge will be provided by Capital Metro. If any badge holder loses or misplaces his or her badge, the Contractor shall immediately notify the Project Manager upon discovery. The Contractor will be charged a \$50.00 replacement fee for each lost or misplaced badge, which fee shall be deducted any amounts due and owing to the Contractor or if the Contract is terminated upon demand by the Authority. The Contractor shall return all badges provided when any badge holder is no longer working on the Contract, and all badges shall be returned upon completion of the Contract. In the event the Contractor fails to do so, the Contractor will pay a \$50.00 per badge fee deducted from any amounts due and owing to the Contractor or if the Contract is terminated upon demand by the Authority. All badges should be returned to the Project Manager. All requests for new and replacement badges must be submitted in writing to the Project Manager. The misuse of a badge may result in termination of the Contract.

(b) Access Control Devices will be issued to employees of the Contractor and to each Subcontractor of any tier and any worker working on behalf of Subcontractor as necessary to perform the Contract. Access Control Devices are not transferable between the Contractor employees or workers working on behalf of the Subcontractor. The Contractor employees and workers on behalf of the Subcontractor are prohibited from loaning Access Control Devices or providing access to an unauthorized person into restricted areas without prior arrangements with the Project Manager. All requests for new and replacement Access Control Devices must be submitted in writing to the Project Manager. Lost Access Control Devices must be reported to the Project Manager immediately upon discovery. All Access Control Devices should be returned to the Project Manager. The misuse of an Access Control Device(s) may result in termination of the Contract. The Contractor shall return all Access Control Devices once an assigned employee or worker is no longer working on the Contract or upon termination of the Contract. In the event the Contractor fails to do so, then the Contractor shall be responsible for the replacement cost of an Access Control Device which shall be deducted from any amounts due and owing to the Contractor or payable on demand if the Contract has terminated. The replacement cost will be calculated at current market value to include labor and materials.

(c) The provisions of this paragraph survive termination of the Contract.

20. CHANGES

(a) The Authority may, at any time, by written order, make changes within the general scope of the Contract in the Services to be performed. If such changes cause an increase or decrease in the Contractor's cost of, or time required for, performance of any Services under this Contract, whether or not changed by any order, an equitable adjustment shall be made and the Contract shall be modified in writing accordingly. Any claim of the Contractor for adjustment under this paragraph must be asserted in writing within thirty (30) days from the date of receipt by the Contractor of the notification of change unless the Contracting Officer grants a further period of time before the date of final payment under the Contract.

(b) No Services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior written authorization of the Authority.

(c) Any other written order (which, as used in this paragraph (c), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change in the Contractor's obligations shall be treated as a Change Order under this paragraph; provided that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances, and source of the order and (2) that the Contractor regards the order as a Change Order.

(d) Except as provided in this paragraph, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this paragraph or entitle the Contractor to an equitable adjustment.

(e) If any change under this paragraph causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the Services under this Contract, whether or not changed by any such order, the Contracting Officer may make an equitable adjustment and modify the Contract in writing in accordance

with the provisions in paragraph entitled "Equitable Adjustments" contained in Exhibit E.

21. TERMINATION FOR DEFAULT

(a) The Authority may, subject to the provisions of subparagraph (c) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in either one of the following circumstances:

(1) if the Contractor fails to perform the Services within the time specified herein or any extension thereof;
or

(2) if the Contractor fails to perform any of the other provisions of this Contract and does not cure such failure within a period of ten (10) days (or such longer period as the Authority may authorize in writing) after receipt of notice from the Authority specifying such failure.

(b) In the event the Authority terminates this Contract in whole or in part as provided in subparagraph (a) of this paragraph, the Authority may procure, upon such terms and in such manner as the Authority may deem appropriate, supplies or services similar to those so terminated, and the Contractor shall be liable to the Authority for any excess costs for such similar supplies or services; provided, that the Contractor shall continue the performance of this Contract to the extent, if any, it has not been terminated under the provisions of this subparagraph.

(c) Except with respect to the defaults of Subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to Force Majeure Events; provided, however, in every case the failure to must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a Subcontractor and if such default arises out of causes beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or Services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

(d) If this Contract is terminated as provided in subparagraph (a), the Authority, in addition to any other rights provided in this subparagraph, may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority any Manufacturing Materials as the Contractor has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated; and the Contractor shall, upon direction of the Authority, protect and preserve property in possession of the Contractor in which the Authority has an interest. Payment for completed Manufacturing Materials delivered to and accepted by the Authority shall be at the Contract price. The Authority may withhold from amounts otherwise due the Contractor for such completed Manufacturing Materials such sum as the Authority determines to be necessary to protect the Authority against loss because of outstanding liens or claims of former lien holders.

(e) If, after notice of termination of this Contract under the provisions of this paragraph, it is determined by the Authority that the Contractor was not in default or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be those provided in the paragraph entitled "Termination for Convenience" contained in this Exhibit E.

(f) The rights and remedies of the Authority provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

22. TERMINATION FOR CONVENIENCE

(a) The Authority may, whenever the interests of the Authority so require, terminate this Contract, in whole or in part, for the convenience of the Authority. The Authority shall give written notice of the termination to the Contractor specifying the part of the Contract terminated and when termination becomes effective.

(b) The Contractor shall incur no further obligations in connection with the terminated orders, and, on the date set forth in the notice of termination, the Contractor will stop providing Services to the extent specified. The Contractor also shall terminate outstanding orders and subcontracts as they relate to the terminated order. The Contractor shall

settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated orders. The Authority may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or Subcontracts to the Authority. The Contractor must still complete any orders not terminated by the notice of termination and may incur such obligations as are necessary to do so.

(c) The Authority may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority: (1) any completed supplies; and (2) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called "Manufacturing Materials") as the Contractor has specifically produced or specially acquired for the performance of the terminated part of this Contract. The Contractor shall, upon direction of the Authority, protect and preserve property in the possession of the Contractor in which the Authority has an interest. If the Authority does not exercise this right, the Contractor shall use its best efforts to sell such supplies and Manufacturing Materials.

(d) The Authority shall pay the Contractor the following amounts:

(1) Contract prices for supplies accepted under the Contract;

(2) costs incurred in preparing to perform and performing the terminated portion of the Services plus a fair and reasonable profit on such portion of the Services (such profit shall not include anticipatory profit or consequential damages), less amounts paid or to be paid for accepted supplies; provided, however, that if it appears that the Contractor would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(3) costs of settling and paying claims arising out of the termination of subcontracts (these costs must not include costs paid in accordance with subparagraph (2) of this paragraph); and

(4) the reasonable settlement costs of the Contractor and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract.

(5) The total sum to be paid the Contractor under this paragraph shall not exceed the total Contract Sum plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and Manufacturing Materials under this paragraph, and the contract price of orders not terminated.

23. CONTRACTOR CERTIFICATION

The Contractor certifies that the fees in this Contract have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such fees with any other firm or with any competitor.

24. INTELLECTUAL PROPERTY; DATA PRIVACY PROPERTY PROVISIONS

(e) As between the Contractor and the Authority, the Works and Intellectual Property Rights therein are and shall be owned exclusively by Capital Metro, and not the Contractor. The Contractor specifically agrees that all Works shall be considered "works made for hire" and that the Works shall, upon creation, be owned exclusively by the Authority. To the extent that the Works, under applicable law, may not be considered works made for hire, the Contractor hereby effectively transfers, grants, conveys, assigns, and relinquishes exclusively to the Authority all right, title and interest in and to all worldwide ownership rights in the Works, and all Intellectual Property Rights in the Works, without the necessity of any further consideration, and the Authority shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works. Further, the Contractor agrees that any and all Authority data or compilations thereof produced under this Contract shall be and remain the sole property of the Authority. Upon the request of the Authority, but in any event upon termination of this Contract, the Contractor shall surrender to the Authority all such data and compilations.

(1) For the avoidance of doubt, it is understood that, in performing its obligations under the Contract, Contractor may use its own previously developed data, documentation, software, ideas, concepts, materials, or information, in whatever form, or develop new and unique products that will aid Contractor in performing its services to Authority as it relates solely to this Contract but are not created for the exclusive use, or ownership by, the Authority (collectively, "Contractor Works"). All Contractor Preexisting Works shall remain the sole, exclusive and unrestricted property of Contractor. Contractor shall supply to the Authority a non-exclusive, non-transferable license to the extent required for the use by the Authority of the Services provided pursuant to this Contract for the time that the Services are provided solely for the purposes of the Contract.

(b) The Contractor, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Authority to evidence more fully the transfer of ownership of all Works to the Authority to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Authority. In the event the Authority shall be unable for any reason to obtain the Contractor's signature on any document necessary for any purpose set forth in the foregoing sentence, the Contractor hereby irrevocably designates and appoints the Authority and its duly authorized officers and agents as the Contractor's agent and the Contractor's attorney-in-fact to act for and in the Contractor's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Contractor.

(c) To the extent that any Contractor Works and/or third-party rights or limitations are embodied, contained, reserved or reflected in the Works, the Contractor shall either:

(1) grant to the Authority the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to:

(i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Authority's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and

(ii) authorize others to do any or all of the foregoing, or

(2) where the obtaining of worldwide rights is not reasonably practical or feasible, provide written notice to the Authority of such pre-existing or third party rights or limitations, request the Authority's approval of such pre-existing or third party rights, obtain a limited right and license to use such pre-existing or third party rights on such terms as may be reasonably negotiated, and obtain the Authority's written approval of such pre-existing or third party rights and the limited use of same. The Contractor shall provide the Authority with documentation indicating a third party's written approval for the Contractor to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works. **THE CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, REGULATORY PROCEEDINGS AND/OR CAUSES OF ACTION, AND ALL LOSSES, DAMAGES, AND COSTS (INCLUDING ATTORNEYS' FEES AND SETTLEMENT COSTS) ARISING FROM OR RELATING TO, DIRECTLY OR INDIRECTLY, ANY CLAIM OR ASSERTION BY ANY THIRD PARTY THAT THE WORKS INFRINGE ANY THIRD-PARTY RIGHTS.** The foregoing indemnity obligation shall not apply to instances in which the Authority either:

(i) exceeded the scope of the limited license that was previously obtained by the Contractor and agreed to by the Authority, or

(ii) obtained information or materials, independent of the Contractor's involvement or creation, and provided such information or materials to the Contractor for inclusion in the Works, and such information or materials were included by the Contractor, in an unaltered and unmodified fashion, in the Works.

(d) The Contractor hereby warrants and represents to the Authority that individuals or characters appearing or depicted in any advertisement, marketing, promotion, publicity or media, of any type or form that may now exist or hereafter be created or developed by or on behalf of the Contractor for the use by or benefit of the Authority, have provided their written consent for the use, reproduction, display, performance, and distribution of, and/or preparation

of derivative works to, their persona or personality rights, including name, biographical information, picture, portrait, likeness, performance, voice and/or identity ("Personality Rights"), and have been compensated for such Personality Rights, if appropriate. If such permission has been obtained for a limited time, the Contractor shall be responsible for any costs associated with claims resulting from such use, etc., of the Personality Rights after the expiration of those time limits. **THE CONTRACTOR AGREES TO DEFEND, INDEMNIFY AND HOLD THE AUTHORITY HARMLESS FROM ANY CLAIMS, INCLUDING BUT NOT LIMITED TO CLAIMS FOR INVASION OF PRIVACY, INFRINGEMENT OF THE RIGHT OF PUBLICITY, LIBEL, UNFAIR COMPETITION, FALSE ADVERTISING, INTENTIONAL OR NEGLIGENT INFLICTION OF EMOTIONAL DISTRESS, COPYRIGHT OR TRADEMARK INFRINGEMENT, AND/OR CLAIMS FOR ATTORNEY'S FEES, RESULTING FROM SUCH USE, ETC., OF THE PERSONALITY RIGHTS.**

(e) The Contractor hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which the Contractor may now have or which may accrue to the Contractor's benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Works and the right to object to any modification, translation or use of the Works, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a Moral Right.

(f) The Contract is intended to protect the Authority's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Authority's business. Therefore, the Contractor acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property and confidentiality provisions of this Contract, upon a request by the Authority, without requiring proof of irreparable injury as same should be presumed.

(g) Upon the request of the Authority, but in any event upon termination of this Contract, the Contractor shall surrender to the Authority all documents and things pertaining to the Works, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by the Contractor or furnished by the Authority to the Contractor, including all materials embodying the Works, any Authority confidential information, or Intellectual Property Rights, regardless of whether complete or incomplete. This subparagraph is intended to apply to all Works made or compiled by the Contractor, as well as to all documents and things furnished to the Contractor by the Authority or by anyone else that pertains to the Works.

(h) The Contractor may have access to personally identifiable information ("PII") in connection with the performance of the Contract. PII shall be any information that identifies or describes a person or can be directly linked to a specific individual, including ridership and usage data. Examples of PII include, but are not limited to, name, address, phone or fax number, signature, date of birth, e-mail address, method of payment, ridership and travel pattern data. Customer Personally Identifiable Information, or Customer PII, means any PII relating to the Authority's customers. The Contractor shall take reasonable steps maintain the confidentiality, security, safety, and integrity of all Customer PII. Unless otherwise agreed to by the Authority in writing, Contractor will adhere to the following requirements concerning Customer PII:

(1) The Contractor shall take reasonable steps to maintain the confidentiality of and will not reveal or divulge to any person or entity any Customer PII that becomes known to it during the term of this Agreement.

(2) The Contractor must maintain policies and programs that prohibit unauthorized disclosure of Customer PII by its employees and subcontractors and promote training and awareness of information security policies and practices. The Contractor must comply, and must cause its employees, representatives, agents, and sub-Contractors to comply, with such commercially and operationally reasonable directions as the Authority may make to promote the safeguarding or confidentiality of Customer PII.

(3) The Contractor must conduct background checks for employees or sub-Contractors that have access to Customer PII or systems hosting Customer PII.

(4) The Contractor must limit access to computers and networks that host Customer PII, including without limitation through user credentials and strong passwords, data encryption both during transmission and at rest, fire-wall rules, and network-based intrusion detection systems

Notwithstanding the above, the Parties hereby expressly acknowledge and agree that:

(1) Contractor may disclose, divulge, or reveal PII and Customer PII in a manner approved by the Authority to the extent necessary to fulfill the requirements of this Contract or as otherwise approved in writing by the Authority; and

(2) Unless provided otherwise in the Contract, Contractor shall not be responsible for any security for the transmission of data over the internet, payment processing or credit or debit card transactions or the data security or data privacy associated with the services of third-party vendors performing payment processing, hosting, or cloud vendor services.

This Section 23(h) will survive termination or expiration of this Agreement.

25. STANDARDS OF PERFORMANCE

The Contractor shall perform the Services hereunder in compliance with all applicable federal, state, and local laws and regulations. The Contractor shall use only licensed personnel to perform Services required by law to be performed by such personnel.

26. INSPECTIONS AND APPROVALS

(a) All Services performed by the Contractor or its Subcontractors or consultants shall be subject to the inspection and approval of the Authority at all times, but such approval shall not relieve the Contractor of responsibility for the proper performance of the Services. The Contractor shall provide sufficient, safe, and proper facilities at all times for such inspection of the Services and shall furnish all information concerning the Services and give the Authority or its representatives free access at all reasonable times to the facilities where the Services are performed.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the Services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Authority during Contract performance and for as long afterwards and the Contract requires.

(c) The Authority has the right to inspect and test all Services called for by this Contract, to the extent practicable, at all times and places during the term of the Contract. The Authority shall perform inspections and tests in a manner that will not unduly delay the Services.

(d) If any of the Services do not conform with Contract requirements, the Authority may require the Contractor to perform the Services again in conformity with the Contract requirements, at no increase in the Contract Sum. When the defects in services cannot be corrected by performance, the Authority may (1) require the Contractor to take necessary action to ensure that future performance conforms to Contract requirements and (2) reduce the Contract Sum to reflect the reduced value of the Services performed.

(e) If the Contractor fails promptly to perform the Services again or to take the necessary action to ensure future performance in conformity with Contract requirements, the Authority may (1) by contract or otherwise, perform the Services and charge to the Contractor any cost incurred by the Authority that is directly related to the performance of such service or (2) terminate the Contract for default.

27. SUSPENSION OF SERVICES

(a) The Authority may order the Contractor in writing to suspend all or any part of the Services for such period of time as the Authority determines to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the Services is, for an unreasonable period of time, suspended or delayed by an act of the Authority in the administration of this Contract, or by the Authority's failure to act within the time specified in this Contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the Contract modified in writing accordingly. However, no adjustment shall be made under this paragraph for any suspension or delay to the extent (1) that performance would have been suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this Contract.

(c) No claim under this paragraph shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Authority in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this subparagraph shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this paragraph.

28. PAYMENT TO SUBCONTRACTORS

(a) Payments by contractors to subcontractors associated with Authority contracts are subject to the time periods established in the Texas Prompt Payment Act, Tex. Gov't Code § 2251.

(b) A false certification to the Authority under the provisions of the paragraph entitled "Invoicing and Payment" hereof may be a criminal offense in violation of Tex. Penal Code § 10.

29. FEDERAL, STATE AND LOCAL TAXES

The Contract Sum includes all applicable federal, state, and local taxes and duties. The Authority is exempt from taxes imposed by the State of Texas and local sales and use taxes under Texas Tax Code § 151.309, and any such taxes included on any invoice received by the Authority shall be deducted from the amount of the invoice for purposes of payment. The Contractor may claim exemption from payment of applicable State taxes by complying with such procedures as may be prescribed by the State Comptroller of Public Accounts. The Contractor bears sole and total responsibility for obtaining information pertaining to such exemption.

30. EQUAL OPPORTUNITY

During the performance of this Contract, the Contractor agrees that it will, in good faith, afford equal opportunity required by applicable federal, state, or local law to all employees and applicants for employment without regard to race, color, religion, sex, national origin, disability or any other characteristic protected by federal, state or local law.

31. CONFLICT OF INTEREST

(a) Reference is made to Exhibit B, Representations and Certifications, Code of Ethics, which is incorporated herein and made a part of this Contract. Capitalized terms used in this paragraph and not otherwise defined shall have the meanings as described to them in the Code of Ethics.

(b) The Contractor represents that no Employee has a Substantial Interest in the Contractor or this Contract, which Substantial Interest would create or give rise to a Conflict of Interest. The Contractor further represents that no person who has a Substantial Interest in the Contractor and is or has been employed by the Authority for a period of two (2) years prior to the date of this Contract has or will (1) participate, for the Contractor, in a recommendation, bid, proposal or solicitation on any Authority contract, procurement or personnel administration matter, or (2) receive any pecuniary benefit from the award of this Contract through an ownership of a Substantial Interest (as that term is defined in Paragraph II, subparagraphs (1) and (3) of the Code of Ethics) in a business entity or real property.

(c) The Contractor agrees to ensure that the Code of Ethics is not violated as a result of the Contractor's activities in connection with this Contract. The Contractor agrees to immediately inform the Authority if it becomes aware of

the existence of any such Substantial Interest or Conflict of Interest, or the existence of any violation of the Code of Ethics arising out of or in connection with this Contract.

(d) The Authority may, in its sole discretion, require the Contractor to cause an immediate divestiture of such Substantial Interest or elimination of such Conflict of Interest, and failure of the Contractor to so comply shall render this Contract voidable by the Authority. Any willful violation of these provisions, creation of a Substantial Interest or existence of a Conflict of Interest with the express or implied knowledge of the Contractor shall render this Contract voidable by the Authority.

(e) In accordance with paragraph 176.006, Texas Local Government Code, "vendor" is required to file a conflict of interest questionnaire within seven business days of becoming aware of a conflict of interest under Texas law. The conflict of interest questionnaire can be obtained from the Texas Ethics Commission at www.ethics.state.tx.us. The questionnaire shall be sent to the Authority's Contract Administrator.

32. GRATUITIES

The Authority may cancel this Contract, without liability to the Contractor, if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Contractor or any agent or representative to any Authority official or employee with a view toward securing favorable treatment with respect to the performance of this Contract. In the event this Contract is canceled by the Authority pursuant to this provision, the Authority shall be entitled, in addition to any other rights and remedies, to recover from the Contractor a sum equal in amount to the cost incurred by the Contractor in providing such gratuities.

33. PUBLICATIONS

All published material and written reports submitted under this Contract must be originally developed material unless otherwise specifically provided in the Contract document. When material, not originally developed, is included in a report, it shall have the source identified. This provision is applicable when the material is in a verbatim or extensive paraphrased format.

34. REQUEST FOR INFORMATION

(a) The Contractor shall not provide information generated or otherwise obtained in the performance of its responsibilities under this Contract to any party other than the Authority and its authorized agents except as otherwise provided by this Contract or after obtaining the prior written permission of the Authority.

(b) This Contract, all data and other information developed pursuant to this Contract shall be subject to the Texas Public Information Act. The Authority shall comply with all aspects of the Texas Public Information Act.

(c) The Contractor is instructed that any requests for information regarding this Contract and any deliverables shall be referred to the Authority.

(d) The requirements of Subchapter J, Chapter 552, Government Code, may apply to this **contract** and the contractor or vendor agrees that the contract can be terminated if the contractor or vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

(1) The requirement of Subchapter J, Chapter 552, Government Code as amended currently applies to expenditures of at least \$1 million in public funds for the purchase of goods or services.

35. RIGHTS TO PROPOSAL AND CONTRACTUAL MATERIAL

(a) All documentation related to or prepared in connection with any proposal, including the contents of any proposal contracts, responses, inquiries, correspondence, and all other material submitted in connection with the proposal shall become the property of the Authority upon receipt.

(b) All documents, reports, data, graphics and other materials produced under this Contract shall become the sole possession of the Authority upon receipt and payment, subject only to the Contractor's professional obligation to maintain copies of its work product.

36. LIMITATION OF LIABILITY

In no event shall the Authority or its officers, directors, agents or employees be liable in contract or tort, to the Contractor or its Subcontractors for special, indirect, incidental or consequential damages, resulting from the Authority's performance, nonperformance, or delay in performance of its obligations under this Contract, or the Authority's termination of the Contract with or without cause, or the Authority's suspension of the Services. This limitation of liability shall not apply to intentional tort or fraud. The Contractor shall include similar liability provisions in all its Subcontracts.

37. LAWS, STATUTES AND OTHER GOVERNMENTAL REQUIREMENTS

The Contractor agrees that it shall be in compliance with all laws, statutes, and other governmental requirements, regulations or standards prevailing during the term of this Contract.

38. CLAIMS

In the event that any claim, demand, suit, or other action is made or brought by any person, firm, corporation, or other entity against the Contractor arising out of this Contract, the Contractor shall give written notice thereof, to the Authority within three (3) working days after being notified of such claim, demand, suit, or action. Such notice shall state the date and hour of notification of any such claim, demand, suit, or other action; the name and address of the person, firm, corporation, or other entity making such claim or instituting or threatening to institute any type of action or proceeding; the basis of such claim, action, or proceeding; and the name of any person against whom such claim is being made or threatened. Such written notice shall be delivered either personally or by mail and shall be directly sent to the attention of the President/CEO, Capital Metropolitan Transportation Authority, 2910 E. 5th Street, Austin, Texas 78702.

39. LICENSES AND PERMITS

The Contractor shall, without additional expense to the Authority, be responsible for obtaining any necessary licenses, permits, and approvals for complying with any federal, state, county, municipal, and other laws, codes, and regulations applicable to the Services to be provided under this Contract including, but not limited to, any laws or regulations requiring the use of licensed Subcontractors to perform parts of the work.

40. NOTICE OF LABOR DISPUTES

(a) If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, the Contractor immediately shall give notice, including all relevant information, to the Authority.

(b) The Contractor agrees to insert the substance of this paragraph, including this subparagraph (b), in any Subcontract under which a labor dispute may delay the timely performance of this Contract; except that each Subcontract shall provide that in the event its timely performance is delayed or threatened by delay by any actual or potential labor dispute, the Subcontractor shall immediately notify the next higher tier Subcontractor or the Contractor, as the case may be, of all relevant information concerning the dispute.

41. PUBLICITY RELEASES

All publicity releases or releases of reports, papers, articles, maps, or other documents in any way concerning this Contract or the Services hereunder which the Contractor or any of its Subcontractors desires to make for the purposes of publication in whole or in part, shall be subject to approval by the Authority prior to release.

42. INTEREST OF PUBLIC OFFICIALS

The Contractor represents and warrants that no employee, official, or member of the Board of the Authority is or will be pecuniarily interested or benefited directly or indirectly in this Contract. The Contractor further represents and warrants that it has not offered or given gratuities (in the form of entertainment, gifts or otherwise) to any employee, official, or member of the Board of the Authority with a view toward securing favorable treatment in the awarding, amending, or evaluating the performance of this Contract. For breach of any representation or warranty in this paragraph, the Authority shall have the right to terminate this Contract without liability and/or have recourse to any other remedy it may have at law or in equity.

43. INDEMNIFICATION

(a) **THE CONTRACTOR WILL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS AND REPRESENTATIVES (THE AUTHORITY AND EACH SUCH PERSON OR ENTITY IS AN "INDEMNIFIED PARTY") HARMLESS FROM AND AGAINST AND PAY ANY AND ALL DAMAGES (AS DEFINED HEREIN) DIRECTLY OR INDIRECTLY RESULTING FROM, RELATING TO, ARISING OUT OF OR ATTRIBUTABLE TO ANY OF THE FOLLOWING:**

(1) **ANY BREACH OF ANY REPRESENTATION OR WARRANTY THAT THE CONTRACTOR HAS MADE IN THIS CONTRACT;**

(2) **ANY BREACH, VIOLATION OR DEFAULT BY OR THROUGH THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OF ANY OBLIGATION OF THE CONTRACTOR IN THIS CONTRACT OR ANY OTHER AGREEMENT BETWEEN THE CONTRACTOR AND THE AUTHORITY;**

(3) **THE USE, CONDITION, OPERATION OR MAINTENANCE OF ANY PROPERTY, VEHICLE, FACILITY OR OTHER ASSET OF THE AUTHORITY TO WHICH THE CONTRACTOR HAS ACCESS OR AS TO WHICH THE CONTRACTOR PROVIDES SERVICES; OR**

(4) **ANY ACT OR OMISSION OF THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OR ANY OF THEIR OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, CUSTOMERS, INVITEES, REPRESENTATIVES OR VENDORS.**

(b) **"ACTION" MEANS ANY ACTION, APPEAL, PETITION, PLEA, CHARGE, COMPLAINT, CLAIM, SUIT, DEMAND, LITIGATION, MEDIATION, HEARING, INQUIRY, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.**

(c) **"DAMAGES" MEANS ALL DIRECT OR INDIRECT DAMAGES, LOSSES, LIABILITIES, DEFICIENCIES, SETTLEMENTS, CLAIMS, AWARDS, INTEREST, PENALTIES, JUDGMENTS, FINES, OR OTHER COSTS OR EXPENSES OF ANY KIND OR NATURE WHATSOEVER, WHETHER KNOWN OR UNKNOWN, CONTINGENT OR VESTED, MATURED OR UNMATURED, AND WHETHER OR NOT RESULTING FROM THIRD-PARTY CLAIMS, INCLUDING COSTS (INCLUDING, WITHOUT LIMITATION, REASONABLE FEES AND EXPENSES OF ATTORNEYS, OTHER PROFESSIONAL ADVISORS AND EXPERT WITNESSES) RELATED TO ANY INVESTIGATION, ACTION, SUIT, ARBITRATION, APPEAL, CLAIM, DEMAND, INQUIRY, COMPLAINT, MEDIATION, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.**

(d) **"THREATENED" MEANS A DEMAND OR STATEMENT HAS BEEN MADE (ORALLY OR IN WRITING) OR A NOTICE HAS BEEN GIVEN (ORALLY OR IN WRITING), OR ANY OTHER EVENT HAS OCCURRED OR ANY OTHER CIRCUMSTANCES EXIST THAT WOULD LEAD A PRUDENT PERSON OR ENTITY TO CONCLUDE THAT AN ACTION OR OTHER MATTER IS LIKELY TO BE ASSERTED, COMMENCED, TAKEN OR OTHERWISE PURSUED IN THE FUTURE.**

(e) **IF ANY ACTION IS COMMENCED OR THREATENED THAT MAY GIVE RISE TO A CLAIM FOR INDEMNIFICATION (A "CLAIM") BY ANY INDEMNIFIED PARTY AGAINST THE CONTRACTOR, THEN SUCH INDEMNIFIED PARTY WILL PROMPTLY GIVE NOTICE TO THE CONTRACTOR AFTER SUCH INDEMNIFIED PARTY BECOMES AWARE OF SUCH CLAIM. FAILURE TO NOTIFY THE CONTRACTOR WILL NOT RELIEVE THE**

CONTRACTOR OF ANY LIABILITY THAT IT MAY HAVE TO THE INDEMNIFIED PARTY, EXCEPT TO THE EXTENT THAT THE DEFENSE OF SUCH ACTION IS MATERIALLY AND IRREVOCABLY PREJUDICED BY THE INDEMNIFIED PARTY'S FAILURE TO GIVE SUCH NOTICE. THE CONTRACTOR WILL ASSUME AND THEREAFTER DILIGENTLY AND CONTINUOUSLY CONDUCT THE DEFENSE OF A CLAIM WITH COUNSEL THAT IS SATISFACTORY TO THE INDEMNIFIED PARTY. THE INDEMNIFIED PARTY WILL HAVE THE RIGHT, AT ITS OWN EXPENSE, TO PARTICIPATE IN THE DEFENSE OF A CLAIM WITHOUT RELIEVING THE CONTRACTOR OF ANY OBLIGATION DESCRIBED ABOVE. IN NO EVENT WILL THE CONTRACTOR APPROVE THE ENTRY OF ANY JUDGMENT OR ENTER INTO ANY SETTLEMENT WITH RESPECT TO ANY CLAIM WITHOUT THE INDEMNIFIED PARTY'S PRIOR WRITTEN APPROVAL, WHICH WILL NOT BE UNREASONABLY WITHHELD. UNTIL THE CONTRACTOR ASSUMES THE DILIGENT DEFENSE OF A CLAIM, THE INDEMNIFIED PARTY MAY DEFEND AGAINST A CLAIM IN ANY MANNER THE INDEMNIFIED PARTY REASONABLY DEEMS APPROPRIATE. THE CONTRACTOR WILL REIMBURSE THE INDEMNIFIED PARTY PROMPTLY AND PERIODICALLY FOR THE DAMAGES RELATING TO DEFENDING AGAINST A CLAIM AND WILL PAY PROMPTLY THE INDEMNIFIED PARTY FOR ANY DAMAGES THE INDEMNIFIED PARTY MAY SUFFER RELATING TO A CLAIM.

(f) THE INDEMNIFICATION OBLIGATIONS AND RIGHTS PROVIDED FOR IN THIS CONTRACT DO NOT REQUIRE (AND SHALL NOT BE CONSTRUED AS REQUIRING) THE CONTRACTOR TO INDEMNIFY, HOLD HARMLESS, OR DEFEND ANY INDEMNIFIED PARTY (OR ANY THIRD PARTY) AGAINST ANY ACTION OR CLAIM (OR THREATENED ACTION OR CLAIM) CAUSED BY THE NEGLIGENCE OR FAULT, THE BREACH OR VIOLATION OF A STATUTE, ORDINANCE, GOVERNMENTAL REGULATION, STANDARD, OR RULE, OR THE BREACH OF CONTRACT OF ANY INDEMNIFIED PARTY, ITS AGENTS OR EMPLOYEES, OR ANY THIRD PARTY UNDER THE CONTROL OR SUPERVISION OF ANY INDEMNIFIED PARTY, OTHER THAN THE CONTRACTOR OR ITS AGENTS, EMPLOYEES, OR SUBCONTRACTORS OF ANY TIER.

(g) THIS PARAGRAPH WILL SURVIVE ANY TERMINATION OR EXPIRATION OF THIS CONTRACT.

44. RECORD RETENTION; ACCESS TO RECORDS AND REPORTS

(a) The Contractor will retain, and will require its Subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the Contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(b) If this is a cost-reimbursement, incentive, time and materials, labor hour, or price determinable Contract, or any combination thereof, the Contractor shall maintain, and the Authority and its representatives shall have the right to examine, all books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred for the performance of this Contract.

(c) If the Contractor submitted certified cost or pricing data in connection with the pricing of this Contract or if the Contractor's cost of performance is relevant to any change or modification to this Contract, the Authority and its representatives shall have the right to examine all books, records, documents, and other data of the Contractor related to the negotiation, pricing, or performance of such Contract, change, or modification for the purpose of evaluating the costs incurred and the accuracy, completeness, and currency of the cost or pricing data submitted. The right of examination shall extend to all documents necessary to permit adequate evaluation of the costs incurred and the cost or pricing data submitted, along with the computations and projections used therein.

(d) The Contractor shall maintain all books, records, accounts and reports required under this paragraph for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(e) The Contractor agrees to provide sufficient access to the Authority and its contractors to inspect and audit records and information related to performance of this Contract as reasonably may be required.

(f) The Contractor agrees to permit the Authority and its contractors access to the sites of performance under this Contract as reasonably may be required.

(g) If an audit pursuant to this paragraph reveals that the Authority has paid any invoices or charges not authorized under this Contract, the Authority may offset or recoup such amounts against any indebtedness owed by it to the Contractor, whether arising under this Contract or otherwise, over a period of time equivalent to the time period over which such invoices or charges accrued.

(h) This paragraph will survive any termination or expiration of this Contract.

45. EXCUSABLE DELAYS

(a) Except for defaults of Subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this Contract under its terms if the failure arises from Force Majeure Events. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the performance of the Services.

(b) If the failure to perform is caused by the failure of a Subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either, the Contractor shall not be deemed to be in default, unless:

- (1) the subcontracted supplies or services were obtainable from other sources;
- (2) the Authority ordered the Contractor in writing to obtain these services from the other source; and
- (3) the Contractor failed to comply reasonably with this order.

(c) Upon the request of the Contractor, the Authority shall ascertain the facts and extent of the failure. If the Authority determines that any failure to perform results from one or more of the causes above, the delivery schedule or period of performance shall be revised, subject to the rights of the Authority under this Contract.

46. LOSS OR DAMAGE TO PROPERTY

The Contractor shall be responsible for any loss or damage to property including money securities, merchandise, fixtures and equipment belonging to the Authority or to any other individual or organization, if any such loss or damage was caused by the Contractor or any Subcontractor at any tier, or any employee thereof, while such person is on the premises of the Authority as an employee of the Contractor or Subcontractor.

47. CONTRACTOR CONTACT/AUTHORITY DESIGNEE

The Contractor shall provide the Authority with a telephone number to ensure immediate communication with a person (not a recording) anytime during Contract performance. Similarly, the Authority shall designate an Authority representative who shall be similarly available to the Contractor.

48. QUALITY ASSURANCE

A periodic review of the Contractor's scheduled work may be performed by the Authority. If work is deemed incomplete or unacceptable in any way, the Authority will determine the cause and require the Contractor to take corrective measures in accordance with the terms of the Contract.

49. INTERPRETATION OF CONTRACT – DISPUTES

All questions concerning interpretation or clarification of this Contract or the acceptable fulfillment of this Contract by the Contractor shall be immediately submitted in writing to the Authority's Contracting Officer for determination. All determinations, instructions, and clarifications of the Contracting Officer shall be final and conclusive unless the Contractor files with the Capital Metro President/CEO within two (2) weeks after the Authority notifies the Contractor of any such determination, instruction or clarification, a written protest, stating in detail the basis of the protest. The President/CEO shall consider the protest and notify the Contractor within two (2) weeks of the protest filing of his or her final decision. The President/CEO's decisions shall be conclusive subject to judicial review. Notwithstanding any disagreement the Contractor may have with the decisions of the President/CEO, the Contractor shall proceed with

the Services in accordance with the determinations, instructions, and clarifications of the President/CEO. The Contractor shall be solely responsible for requesting instructions or interpretations and liable for any cost or expenses arising from its failure to do so. The Contractor's failure to protest the Contracting Officer's determinations, instructions, or clarifications within the two-week period shall constitute a waiver by the Contractor of all of its rights to further protest.

50. TOBACCO FREE WORKPLACE

- (a) Tobacco products include cigarettes, cigars, pipes, snuff, snus, chewing tobacco, smokeless tobacco, dipping tobacco and any other non-FDA approved nicotine delivery device.
- (b) The tobacco free workplace policy refers to all Capital Metro owned or leased property. Note that this includes all buildings, facilities, work areas, maintenance facilities, parking areas and all Authority owned vehicles.
- (c) Tobacco use is not permitted at any time on Capital Metro owned or leased property, including personal vehicles parked in Capital Metro parking lots.
- (d) Littering of tobacco-related products on the grounds or parking lots is also prohibited.

51. ORDER OF PRECEDENCE

In the event of any inconsistency between the provisions of this Contract, the inconsistency shall be resolved by giving precedence in the following order:

- 1. Exhibit A – Pricing Schedule
- 2. Exhibit A-1 – Pricing Supplement
- 3. Exhibit E – Contractual Terms and Conditions
- 4. Exhibit B – Representations and Certifications
- 5. Exhibit F – Scope of Services and Compliance Matrix
- 6. Exhibit I – IT Exhibits
- 7. Exhibit J – Proprietary Rights and Data Security Addendum
- 8. Warranty, Maintenance and Services Agreement
- 9. Other provisions or attachments to the Contract

52. ANTI-CORRUPTION AND BRIBERY LAWS

The Contractor shall comply with all Applicable Anti-Corruption and Bribery Laws. The Contractor represents and warrants that it has not and shall not violate or cause the Authority to violate any such Anti-Corruption and Bribery Laws. The Contractor further represents and warrants that, in connection with supplies or Services provided to the Authority or with any other business transaction involving the Authority, it shall not pay, offer, promise, or authorize the payment or transfer of anything of value, directly or indirectly to: (a) any government official or employee (including employees of government owned or controlled companies or public international organizations) or to any political party, party official, or candidate for public office or (b) any other person or entity if such payments or transfers would violate applicable laws, including Applicable Anti-Corruption and Bribery Laws. Notwithstanding anything to the contrary herein contained, the Authority may withhold payments under this Contract, and terminate this Contract immediately by way of written notice to the Contractor, if it believes, in good faith, that the Contractor has violated or caused the Authority to violate the Applicable Anti-Corruption and Bribery Laws. The Authority shall not be liable to the Contractor for any claim, losses, or damages related to its decision to exercise its rights under this provision.

53. RESERVED

54. ORGANIZATIONAL CONFLICT OF INTEREST (OCI)

- (a) This Contract may task the Contractor to prepare or assist in preparing work statements that directly, predictably and without delay are used in future competitive acquisitions. The parties recognize that by the Contractor providing this support a potential conflict of interest arises as defined by FAR 9.5.

(b) For the purposes of this paragraph, the term "Contractor" means the Contractor, its subsidiaries and affiliates, joint ventures involving the Contractor, any entity with which the Contractor may hereafter merge or affiliate and any other successor or assignee of the Contractor.

(c) The Contractor acknowledges the full force and effect of this paragraph. It agrees to be bound by its terms and conditions and understands that violation of this paragraph may, in the judgment of the Contracting Officer, be cause for Termination for Default. The Contractor also acknowledges that this does not represent the sole and exclusive remedy available to the Authority in the event the Contractor breaches this or any other Organizational Conflict of Interest paragraph.

55. MISCELLANEOUS

(a) This Contract does not intend to, and nothing contained in this Contract shall create any partnership, joint venture or other equity type agreement between the Authority and the Contractor.

(b) All notices, statements, demands, requests, consents or approvals required under this Contract or by law by either party to the other shall be in writing and may be given or served by depositing same in the United States mail, postage paid, registered or certified and addressed to the party to be notified, with return receipt requested; by personally delivering same to such party; an agent of such party; or by overnight courier service, postage paid and addressed to the party to be notified; or by e-mail with delivery confirmation. Notice deposited in the U.S. mail in the manner hereinabove described shall be effective upon such deposit. Notice given in any other manner shall be effective only if and when received by the party to be notified.

If to the Contractor: As set forth in Exhibit B to this Contract

If to the Authority: Capital Metropolitan Transportation Authority
Attn: Sr. Director/Chief Contracting Officer
2910 E. 5th Street
Austin, Texas 78702

Address for notice can be changed by written notice to the other party.

(c) In the event the Authority finds it necessary to employ legal counsel to enforce its rights under this Contract, or to bring an action at law, or other proceeding against the Contractor to enforce any of the terms, covenants or conditions herein, the Contractor shall pay to the Authority its reasonable attorneys' fees and expenses, regardless of whether suit is filed.

(d) If any term or provision of this Contract or any portion of a term or provision hereof or the application thereof to any person or circumstance shall, to any extent, be void, invalid or unenforceable, the remainder of this Contract will remain in full force and effect unless removal of such invalid terms or provisions destroys the legitimate purpose of the Contract in which event the Contract will be terminated.

(e) This Contract represents the entire agreement between the parties concerning the subject matter of this Contract and supersedes any and all prior or contemporaneous oral or written statements, agreements, correspondence, quotations and negotiations. In executing this Contract, the parties do not rely upon any statement, promise, or representation not expressed herein. This Contract may not be changed except by the mutual written agreement of the parties.

(f) A facsimile signature shall be deemed an original signature for all purposes. For purposes of this paragraph, the phrase "facsimile signature" includes without limitation, an image of an original signature.

(g) Whenever used herein, the term "including" shall be deemed to be followed by the words "without limitation". Words used in the singular number shall include the plural, and vice-versa, and any gender shall be deemed to include each other gender. All Exhibits attached to this Contract are incorporated herein by reference.

- (h) All rights and remedies provided in this Contract are cumulative and not exclusive of any other rights or remedies that may be available to the Authority, whether provided by law, equity, statute, or otherwise. The election of any one or more remedies the Authority will not constitute a waiver of the right to pursue other available remedies.
- (i) The Contractor shall not assign the whole or any part of this Contract or any monies due hereunder without the prior written consent of the Contracting Officer. No assignment shall relieve the Contractor from any of its obligations hereunder. Any attempted assignment, transfer or other conveyance in violation of the foregoing shall be null and void.
- (j) The failure of the Authority to insist upon strict adherence to any term of this Contract on any occasion shall not be considered a waiver or deprive the Authority thereafter to insist upon strict adherence to that term or other terms of this Contract. Furthermore, the Authority is a governmental entity and nothing contained in this Contract shall be deemed a waiver of any rights, remedies or privileges available by law.
- (k) This Contract shall be governed by and construed in accordance with the laws of the State of Texas. Any dispute arising with respect to this Contract shall be resolved in the state or federal courts of the State of Texas, sitting in Travis County, Texas and the Contractor expressly consents to the personal jurisdiction of these courts.
- (l) This Contract is subject to the Texas Public Information Act, Tex. Gov't. Code, Chapter 552.
- (m) The Contractor represents, warrants and covenants that: (a) it has the requisite power and authority to execute, deliver and perform its obligations under this Contract; and (b) it is in compliance with all applicable laws related to such performance.
- (n) The person signing on behalf of the Contractor represents for himself or herself and the Contractor that he or she is duly authorized to execute this Contract.
- (o) No term or provision of this Contract is intended to be, or shall be, for the benefit of any person, firm, organization, or corporation for a party hereto, and no such other person, firm, organization or corporation shall have any right or cause of action hereunder.
- (p) Capital Metro is a governmental entity and nothing in this Contract shall be deemed a waiver of any rights or privileges under the law.
- (q) Funding for this Contract after the current fiscal year is subject to revenue availability and appropriation of funds in the annual budget approved by the Authority's Board of Directors.
- (r) Time is of the essence for all delivery, performance, submittal, and completion dates in this Contract.

56. FUNDING AVAILABILITY

Funding after the current fiscal year of any contract resulting from this solicitation is subject to revenue availability and appropriation of funds in the annual budget approved by the Authority's Board of Directors.

57. COOPERATIVE CONTRACT

The Authority has entered into a master cooperative purchasing agreement with the other governmental entities (with the Authority, the "Cooperative Members") to form the Texas Interlocal Purchase Cooperative Members, pursuant to the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and Chapter 271 of the Local Government Code. The Contractor agrees to offer to other eligible Cooperative Members the goods and services provided under this Contract with the same prices, and under terms and conditions, of this Contract. The Authority does not accept any responsibility or liability arising from or related to a separate contract between another Cooperative Member and Contractor based on this Contract or for any purchases made thereunder.

58. AUSTIN TRANSIT PARTNERSHIP

At the direction of Capital Metro, the services provided under the Contract may be performed on behalf of or in connection with Austin Transit Partnership (ATP), and ATP's projects, initiatives, and proposals.

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX

Instructions:
1. Columns C and D are used during the proposal/pre-award period. Proposers shall submit all questions using these columns with the corresponding Compliance Term. If a question is not specific to a compliance term herein, proposers shall enter the questions at the bottom of the worksheet with the specific document and paragraph reference for which the question pertains.
2. For each Compliance Term, select "C-Comply", "N-Cannot Comply" or "A-Will Comply with Alternative."
3. The comments section shall be used for "A-WILL COMPLY WITH AN ALTERNATIVE" for explaining the alternative, or where requested in the Compliance Term column.
4. Do not add comments for "C" or "N" unless instructed otherwise.
5. The selected Vendor ("Vendor") must deliver a system encompassing all requirements including delivery of third-party products to make the solution fully functional.
6. The requirements in the Scope of Services and Compliance Matrix are functional in nature and do not encompass all requirements. The Vendor shall determine, through the Plan and Design phases, the impacts of the solution and specific technical modifications needed to carry out the intent herein. The Vendor shall document and discuss said needs with Capital Metro and implement the agreed-upon solution accordingly.
7. Vendor must deliver all Compliance Terms unless it is within a section marked "Optional" that is not exercised by CapMetro or CapMetro agrees to an alternative.
8. The final column entitled "Test #" shall be used during the Develop Phase when the Vendor will update the Compliance Matrix with the test number that responds with each line.
9. The Project and Project Schedule shall use the Enterprise Project and Portfolio Phase Tasks and Deliverables shown in Appendix A - EPPM Phases.
10. Questions regarding hosted services and security are listed in Appendix B - Questions.

1.0	Overview						
1.1	Introduction & Purpose Capital Metropolitan Transportation Authority (“Cap Metro”) is requesting proposals for Ridership Processing Services from a Contractor to process existing Automatic Passenger Counter (APC) data from fixed route, bus rapid transit and commuter rail fleets in an efficient manner that produces: * Accurate unlinked passenger trips (ridership) and passenger miles travelled that can be reported on a daily basis. * Reporting capabilities (as described below), including from farebox and that which is manually collected for additional analysis as needed. * The ability to incorporate additional APC data as new unites come online in the coming years with additional buses, trains or modes. The services must also meet the requirements for processing and reporting National Transit Database (NTD) information as required by Federal Transit Administration (FTA). This includes monthly and annual reporting NTD processing based on service type and/or contractor for unlinked passenger trips and passenger miles traveled.						
1.2	Goal The goal of these services is to allow staff to spend more time on analysis of data than on processing data.						
1.3	Background Cap Metro serves Austin and 6 surrounding cities with 80 routes including motor bus, commuter bus and one commuter rail line. Cap Metro also operates Paratransit vanpool, and other transit programs and has a service area of approximately 546 square mile area including the Cities of Austin, Leander and Manor. Cap Metro has an automatic passenger counting (APC) system that was installed and implemented as a part of the Intelligent Transportation System in 2015. This includes approximately 141 IRIS Infrared Motion Analyzer (IRMA) Gen4 A APCs on the current fleet. Later in 2015 and throughout 2016 additional units were introduced into the fleet. The fleet has 227 of the IRIS (IRMA) Gen4 3D on the current fleet for a total of 368 IRIS APCs. All remaining buses have been outfitted with IRMA IRIS with a resulting APC fleet coverage of 100% or 452 buses, and 10 MetroRail DMUs. The ITS system is an OrbCAD system delivered by Conduent. The buses have one INIT APC analyzer processing data from two or three doors. Each MetroRail train has two INIT APC analyzers (one at each end) processing data from two doors. Ridership services are currently processed using a Hybrid solution of software and services.						
1.4	Scope of Work The Contractor shall perform all services in the data collection, processing, analysis, delivery, and reporting, except for those tasks specifically identified as tasks to be performed by Cap Metro. The Contractor shall provide a Work Plan for such services and to included delivery dates of the following: Work Plan Schedule. Design. Testing. Deployment. Final Acceptance. Close-out; following the guidelines of the EPPM Phases on Appendix A. The Contractor shall provide a description of all services provided, a description of the delivery methods, identification and commitment of the Contractor resources, identification of the Cap Metro resources and tasks required. Processing services will include processing APC, farebox, manually collected data, and NTD data. The Contractor shall be responsible for all work and expenses relating to the design, manufacture, delivery, and testing for full operation of the software and services and subsequent enhancements to Cap Metro. The Contractor shall provide the implementation team for implementing and testing the existing APC ridership processing software and provide services in subsequent enhancements in accordance with the workplan and schedule. The Contractor shall make available full and complete software personnel and services to document and correct problems associated with the performance of the software services in accordance to the schedule. In the event of a service defect, the Contractor's representative shall be immediately notified and available to review the problem and provide corrective action within normal business hours. The Contractor shall provide training, if necessary, to operate the service for the system administration and end user, including documentation. The Contractor shall provide ongoing services support for the services under an Services Support Agreement (SSA). For an On-Premise portion, Contractor will provide server hardware specifications with an MS-SQL database license with capacity to handle the Ridership Processing and Analysis Reporting. Cap Metro will purchase and provide maintenance of the server hardware based on these specifications. For the hosted portion, Contractor will provide the specifications and type of hosted system (see Compliance Matrix). Together, the on-premise and the hosted portions will combine to create a Hybrid solution The Contractor shall describe in detail which service resides on each part of the system.						
1.5	Anticipated Start Date A contract award is anticipated to be issued APRIL 2021 . For draft-schedule planning purposes, please consider the Start date to be within 30 days of NTP and Go-Live within 90 days of NTP.						
	Compliance Term	Proposer Questions Submitted Pre-RFP Submission	Capital Metro Response to Questions Submitted Pre-RFP Submission	Comply	Proposer Comments	Capital Metro Response	Test #
2.0	GENERAL REQUIREMENTS: (specify the details in your technical proposal)						
2.1	Data collection						
2.2	Data Delivery/Aggregation						
2.2.2	Data Delivery - validate via scheduling software						
2.3	Data Processing - multiple formats and frequency; text, SQL, Excel, etc.						
2.4	Data Analysis (specify in your technical proposal)						
2.4.1	Data Analysis - Means to handle mid-trip layovers where trip continues in the same direction						
2.4.2	Data Analysis - Description of passenger miles calculation						
2.4.3	Data Analysis - Holding area for invalid data (for staff review if needed)						
2.5	Data Export - Method to export data to Excel 2020 (or later version) by Cap Metro						
2.6	Load balancing algorithm						
2.7	Customizable standard (scanned) reports (see Reports below)						
2.8	Ridership Process and Reporting Software (if needed) with access for a minimum of 15 persons.						
2.8.1	Hybrid Solution (Combination of on-premise and hosted) (On-Premise) The source data is collected locally from all bus and rail vehicles. It includes raw and correlated/uncorrected data that is copied to an internal network drive and then copied to an on-premise server for processing. The expectation is also that preliminary processing and data storage by the Contractor will take place on this server and be accessible by Cap Metro staff to run reports. APC reference files (schedules, calendar, stop lists, operator assignments, and other information may also be stored on this server for internal access or access by other systems. (Hosted) After initial processing, information is then expected to be loaded into the Contractor's externally hosted system for additional process, analysis, and access via a web-based application or browser to allow a wide audience to view the data and run standard and ad-hoc reports.						

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX

	Compliance Term	Proposer Questions Submitted Pre-RFP Submission	Capital Metro Response to Questions Submitted Pre-RFP Submission	Comply	Proposer Comments	Capital Metro Response	Test #
2.8.2	System Diagram that outlines the functionality of the system and the services provided						
2.8.3	Document the hardware and data storage requirements of any On-Premise services.						
2.8.4	If the Contractor recommends that there be dedicated staff to manage and support the services, the recommended staffing requirements should be identified.						
3.0	NATIONAL TRANSIT DATABASE (NTD) REQUIREMENTS						
3.1	Service must meet the requirements for processing and reporting National Transit Database (NTD) information as requirement by the Federal Transit Administration (FTA). https://www.transit.dot.gov/ntd/2020-ntd-reporting-policy-manual						
3.2	As part of the project, review Cap Metro's Sampling Plan for ridership that is certified by a statistician as meeting NTD criteria for 95% confidence of ±10% accuracy, and provide recommendations for improvement (if required). (See: Sampling Plan)						
3.3	As part of the project, provide a Rotation Plan that will meet the requirements of the Sampling Plan (if required) and reports of ridership based upon the NTD Sampling Plan (i.e. ridership per route total = total aggregate ridership).						
4.0	REPORTING REQUIREMENTS						
4.1	ODBC options for connecting through Crystal Reports, Access or other reporting tools for creating custom reports.						
4.2	System Ridership Report by route (by time period - daily, monthly)						
4.3	Route Ridership Report (by time period - weekday, Saturday, Sunday, Holiday)						
4.4	Service Type Report (by time period - daily, monthly, etc.) including but not limited to Fixed Route Bus, Express Bus, BRT, UT Shuttle, MetroRail)						
4.5	Contractor Report (by time period - daily, monthly, etc.)						
4.6	Stop Summary Report (by Route, time period, etc.)						
4.7	Trip Summary Report (by route, time period, etc.)						
4.8	Load Report						
4.9	Passenger Miles Report						
4.9.1	Passenger Hours Report						
4.9.2	Dwell Times at Stops Report						
4.9.3	Diagnostic Report - Unbalanced Load						
4.9.4	Diagnostic Report - Uncorrelated Data						
4.9.5	NTD Report - Aggregate Ridership						
4.9.6	NTD Report - Ridership Per Route						
4.9.7	NTD Report - Passenger Miles Per Route						
4.9.8	NTD Report - Ride Check Form						
5.0	ENHANCEMENTS (OPTIONAL)						
5.1	Daily processing and reporting of route level ridership						
5.2	Boarding and alighting by door and vehicle						
5.3	Capability to use data through other visualization tools (such as Power BI)						
6.0	TRAINING						
6.1	Specify all tools, training and materials provided to operate the service configuration.						
6.2	Specify all tools, training and materials provided to operate the service for end users						
6.3	Provide training of staff in use of the services and tools provided.						
7.0	SERVICES SUPPORT AGREEMENT						
7.1	Provide a draft standard Services Support Agreement (SSA), including any software licensing provisions. (see Ex 11d Services Support Agreement TEMPLATE)						
7.2	SSA must include Service Levels Agreements (SLA) for response and resolution of any issues, with 98% or greater availability 24 hours per day, 365 days per year.						
7.3	SSA must include Upon notification, the Contractor will provide immediate verification, review and corrective action in the event of a service defect.						
7.4	SSA must include both telephone and online support system for managing incidents.						
7.5	SSA must address the provisions in the attached IT addendums: IT-Services-Addl-TnCs, IT-Addendum-ProprietaryRights-DataSecurity, IT-OnPremisesSolutions-Addtl-TnCs, HostSolutions-Addl-TnCs where appropriate.						
7.6	SSA Invoicing (Option Periods 1-5) Prior to each calendar year quarter (Jan-Mar, Apr-Jun, etc.), invoicing for quarterly services will be expected. If any PDCs are assessed during a quarter, they should be deducted in line items from the next quarterly invoice.						

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX - APPENDIX A - ENTERPRISE PROJECT AND PORTFOLIO MANAGEMENT (EPPM) PHASE TASK DELIVERABLES

EPPM Phase Tasks and Deliverables. Vendor shall perform the following phase tasks and provide the associated deliverables required to deploy all hardware, software, updates and configurations resulting in a fully functional and tested system. Vendor shall obtain CMTA review of all deliverables and make changes and updates to deliverables per CMTA review as needed. CMTA acceptance of all deliverables for each phase as evidenced by a signed phase acceptance certificate is required prior to invoicing. Each phase is closed by Vendor's Phase Completion Notification with Proof of Deliverables, CMTA's Acceptance Certificate Signoff, and Vendor's Invoice upon Receipt of CMTA Authorization to Invoice.	
1.0	<p>Plan. Meet with CMTA project manager and business area stakeholders for project planning, including review of proposed schedule, roles and responsibilities, as well as conduct a complete review of functionality to be delivered, and other project activities. Plan Deliverables:</p> <div><div><div>1. Project organization chart</div><div>2. Project schedule (draft)</div><div>3. Action Items and Issues log (AIL)</div><div>4. Review and comment on CMTA Project Management Plan</div><div>5. Infrastructure and Integration Audit</div></div><div><div>6. Initiate Risk Register</div><div>7. System Implementation Plan (draft)</div><div>8. Compliance Matrix Review and Update</div><div>9. Kick-off meeting with stakeholders to review and clarify requirements including confirmation of any required updates to CMTA’s environment</div></div></div>
2.0	<p>Design. Vendor's technical requirements gathering and detailed design, beginning with on-site assessment and discussion with affected CMTA departments. This phase will determine how the system will be installed, product wireframe presentation to the customer, and how it will be managed in the back end. The Vendor will work with CMTA to develop materials that will provide a basis to help instruct CMTA stakeholders in the easiest and most efficient way to use the system to their utmost advantage. Design Deliverables:</p> <div><div><div>1. On-Site Assessment; Documentation of Findings</div><div>2. Configuration Management Document (“CMD” - Draft)</div><div>3. Wireframe diagrams (Draft)</div><div>4. System Implementation Plan (Final)</div><div>5. Disaster Recovery Plan (Draft)</div><div>6. Quality Assurance Plan (Draft) CMTA only confirms QA/QC; Plan shall clearly delineate that the Vendor performs QA/QC process</div><div>7. Risk Management Plan participation (Final)</div><div>8. Data dictionary and Entity Relationship Diagram (ERD)</div></div><div><div>9. Project Schedule (Baseline) with Resource Loading</div><div>10. Network architecture diagram (Draft)</div><div>11. Electrical and communication connection designs (Draft)</div><div>12. Installation Plan (Draft): equipment installation design, procedures, schedule, CMTA support required; detailed so CMTA can perform installation & deinstallation if desired post-implementation</div><div>13. Deinstallation Plan (Draft)</div><div>14. Review of Design and System Implementation Plan with Stakeholders</div><div>15. Update of Design based on review</div><div>16. Review and Acceptance of CMTA Project Management Plan</div><div>17. Compliance Matrix Review and Update</div></div></div>
3.0	<p>Develop. Development, configuration and installation of the solution and integration as well as installation within a development and a test environment so configuration and testing of the required functionality can be started. This task will include setting the initial configuration values by the Vendor so they can be tested and changed if needed. During this phase, the rollout of the system must be worked on to include training all IT and Operational staff who will use or have on-going support roles. Develop Deliverables:</p> <div><div><div>1. Quality Assurance Plan Including QA/QC Checklist (Final)</div><div>2. Test Environment Installation that provides CMTA full access throughout the project and the life of the system</div><div>3. Supporting Infrastructure Implemented</div><div>4. Application and Functionality Development</div><div>5. Test Procedure/Plan including test Scripts, use cases, acceptance test criteria demonstrating each Compliance Matrix term is developed and meets requirement (Draft)</div><div>6. Update Compliance Matrix with Test Number(s)</div><div>7. CMD Values Test and Update</div><div>8. High-level Training of CMTA Staff to Prepare for Test Phase</div><div>9. Warranty and Maintenance Plan Review</div><div>10. Review and Feedback of CMTA Support Responsibility Matrix</div></div><div><div>11. Role-based, On-site Training Plan for all User Types (Draft):<ul style="list-style-type: none">•Training schedule and course outlines for review a minimum of three weeks prior to the scheduled classes•Separate training sessions for revenue, maintenance and system administrator roles•Provide all materials necessary to train participants (CMTA will provide space and laptops)•Schedule the training staff to be on site timely to ensure equipment, materials, student accounts and classroom are fully ready for when class begins•Arrange for an instructor(s) with thorough knowledge of the material covered in the course(s) and the ability to effectively lead the knowledge transfer•Provide customized training manuals specific to CMTA's environment in Microsoft Word and PDF. Vendor shall provide the agreed-to number of hard copies</div></div></div>
4.0	<p>Test. Integration and testing by Vendor and CMTA to determine that all functionality required of the ONBV solutionis in place and working. The testing phase shall not be deemed complete until all functional requirements have been fully tested and approved by the project team. The Vendor shall provide a Test Procedure document with test scripts, use cases and acceptance test criteria for review and acceptance by CMTA for all phases. Only CMTA data is to be used for testing. Before CMTA performs any testing, the Vendor shall provide the written test results of the full test procedure/plan demonstrating no Class 1 or Class 2 failures. Test Deliverables:</p> <div><div><div>1. Document Procedures and Migrate Environment from development to test, stage and production</div><div>2. Vendor’s Successfully Test Procedure/Plan Results</div><div>3. Documentation including User, System Admin, Maintenance, Installation and Training Manuals, (Draft)</div><div>4. Test Procedure/Plan including Test Scripts, Use Cases and Acceptance Test Criteria (Final)</div><div>5. System Acceptance Test (SAT) Plan Developed (Subset to Use to Determine Go, No-Go before Go Live)</div><div>6. Security Penetration Test</div><div>7. Disaster Recovery Test – End-to-End</div><div>8. Installation Plan (Final)</div><div>9. System Acceptance Test (SAT)</div><div>10. Introduction to Vendor’s Support Manager and Team</div><div>11. Detailed Processes and Contact Information for Post Go Live Support</div></div><div><div>12. Test Failure Log & Remediation Plan. Vendor shall lead testing of the solution including integrations and resolve all Significant (Class 1) and Severe (Class 2) Test Failure Results (TFRs). Vendor shall endeavor to resolve Minor (Class 3) TFRs during this phase; however, the requirement for Class 3 resolution is during the Closeout phase. Definition for each class are as follows:<ul style="list-style-type: none">•Severe - A Class 1 test failure is a severe defect that prevents, inhibits, or significantly impairs further testing or operation of the system.•Significant - A Class 2 test failure is a significant defect that does not prevent further testing or has a minimal effect on normal operations of the system.•Minor – A Class 3 test failure is a minor or isolated defect that does not impact or invalidate the testing or normal operations of the system.</div><div>13. Regression Testing of the Entire Test Plan for Any Class 1 and Class 2 Failures</div><div>14. Compliance Matrix Review and Update</div></div></div>

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX - APPENDIX A - ENTERPRISE PROJECT AND PORTFOLIO MANAGEMENT (EPPM) PHASE TASK DELIVERABLES

EPPM Phase Tasks and Deliverables. Vendor shall perform the following phase tasks and provide the associated deliverables required to deploy all hardware, software, updates and configurations resulting in a fully functional and tested system. Vendor shall obtain CMTA review of all deliverables and make changes and updates to deliverables per CMTA review as needed. CMTA acceptance of all deliverables for each phase as evidenced by a signed phase acceptance certificate is required prior to invoicing. Each phase is closed by Vendor's Phase Completion Notification with Proof of Deliverables, CMTA's Acceptance Certificate Signoff, and Vendor's Invoice upon Receipt of CMTA Authorization to Invoice.	
5.0	<p>Deploy/Go Live: Deploy: once all the test failures have been corrected, the Vendor shall install and configure the software and incorporate it into the live environment. Go Live: the system shall go live and be monitored for the first 30 days of operation. If Severe (Class 1) or Significant (Class 2) issues arise, the Go-Live period may be cancelled, extended or restarted. The Vendor shall be required to participate in the monitoring of the system and respond to issues so they are quickly resolved.</p> <p>Deploy/Go Live Deliverables:</p> <div> <div> 1. Conduct Training for all User Types 2. Document Procedures and Migrate Environment from Test to Production 3. QA/QC checklist Sign off 4. Delivery and Inventory of Spares 5. Update to Disaster Recovery Plan 6. Delivery of all Documentation including User, System Admin, Maintenance, Installation and Training Manuals, (Revise Draft) 7. Deinstall existing hardware for the immediate removal and safe disposal 8. Deployment, Implementation, Configuration and Integration of the ONBV solution with all environments </div> <div> 9. During contract period, Vendor shall provide a storage container for equipment storage and CMTA will provide space for container 10. System Acceptance Test (SAT) 11. Resolution of SAT TFRs 12. Go Live Schedule and Transition Plan 13. System Go Live 14. Technical Lead On-site During First Week of Go Live, or Longer if System Issues are Experienced 15. Review and coordinate with CMTA to update CMTA Business Process Flowcharts for ONBV Solution Effectiveness 16. Revised (final) Copies of all Required Documentation including User and Training Manuals 17. Compliance Matrix Review and Update </div> </div>
6.0	<p>Close. Obtain acceptance by CMTA to formally close the project. Apply appropriate updates to project documents. Close out all procurement activities ensuring closeout of all relevant agreements.</p> <p>Close Deliverables:</p> <div> <div> 1. Follow-up training on areas identified during Go Live and Training Documentation (Final) 2. Data dictionary and Entity Relationship Diagram (Final) 3. Network architecture diagram (Final) 4. Electrical and communication connection designs (Final) 5. All AIL items closed 6. Resolution of all Minor (Class 3) TFRs 7. Wireframe Diagrams (final) </div> <div> 8. Final Documentation for Environment Refresh (Develop-Test-Stage-Production) 9. Disaster Recovery Plan (Final) 10. Configuration Management Documents (CMD – Final) 11. APIs and all documentation related to all integrations (Final) 12. Warranty and Maintenance Procedure Review and Forms 13. As-builts: updates to any documentation including design document changes 14. Participation in Lessons Learned </div> </div>
7.0	<p>Project Management. The Vendor shall manage the project continuously beginning with the Notice to Proceed through Close, and shall lead the project and is expected to drive and manage all aspects of the project including the management of any subcontractors. CMTA shall manage and coordinate all its resources. A full-time Project manager or technical lead is required to be onsite at least two weeks per month during each phase of the project. A PMP is preferred and staff shall be approved by CMTA.</p> <p>Project Management Deliverables:</p> <div> <div> 1. Active Partnership with CMTA in assuring Project Success 2. Onsite as needed (May Be Performed by Technical Lead Depending Upon Scheduled Activities By Agreement with CMTA); Technical Lead will be onsite during minifleet testing and resolution of any TFRs 3. Single Point of Contact for All Communication Regarding Work Under This Contract 4. Task Coordination with The Designated CMTA project manager 5. Regular Communication with The Project Manager and any other staff designated to discuss progress, critical risk factors, schedule, or unique issues that may surface. 6. Specification of CMTA's staff resources needed for project success with at least two weeks notice in advance within the project schedule. 7. Support Responsibility Matrix Review and Updates as Needed </div> <div> 8. Semi-monthly Status Meetings with Updated Schedule and AIL 9. Review and Feedback of Change Requests as Needed 10. Monthly Risk Registry Updates 11. Monthly Management Review Meetings 12. Monthly Project Status Report 13. Responsible for ensuring all project documentation, including meeting minutes, AIL updates, project schedule and plans are kept updated in the CMTA SharePoint site </div> </div>

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX - APPENDIX B - IT QUESTIONS

1.0	Hosted or Hybrid Environment - Answer the following questions in the "Answer" column:	Answer
1.1	Is this application hosted via a public cloud such as Amazon, an infrastructure as a service (IaaS), or is it self-hosted?	
1.2	Does the Contractor manage this or does a hosting provider manage it?	
1.3	Data security - Where and how is the data secured? Is it encrypted? Who 'owns' the data?	
1.4	Network security - firewalls, intrusion detection systems:	
1.4.1	•Do you have IDS/IPS? Who manages these devices?	
1.4.2	•Are these shared resources between the vendor and other hosted customers?	
1.4.3	•Are they shared between all of this vendor's customers or are they specific to an individual customer?	
1.4.4	Audit and logging trails, and system logging:	
1.4.5	•What information is logged?	
1.4.6	•Are logs reviewed and if so, by whom? Can we access these logs if necessary?	
1.5	Data segregation - How do you ensure data security and prevent unauthorized access to data of one tenant by other tenant users?	
1.5.1	•Who has access to our data and servers? How is it controlled?	
1.5.2	Availability - How do you mitigate the effect of potential DDoS attacks?	
1.5.3	•What is the bandwidth and what is the percentage of use?	
1.5.4	•Performance management system - uptime, availability, response, delay, etc. Do you provide scheduled reports to their customers?	
1.5.5	•Backups - What is the backup and restoration plan? Is there an SLA for recovery?	
1.5.6	•Identity management and sign-on process - How is identity management handled?	
1.5.7	•Do you support '2 factor authentication'?	
1.5.8	•Does the system provide limits on the number of invalid access attempts allowed?	
1.5.9	•If so, is the user locked out of the system indefinitely or for a specified timeframe?	
1.5.10	•Vulnerability patching - Server OS updates - What is their process, patching schedule, etc.? Will we incur downtime during patching? What is their notification process?	
1.5.11	•Disaster Recovery - How often do they test? Is the customer notified?	
1.5.12	•IT security - Can the vendor provide an overview of its' IT security program?	
1.5.13	•Is there a dedicated IT security team?	
1.5.14	•Do they have a formal security incident response plan?	
1.5.15	•If there is a breach, how quickly do you respond to remedy the problem? Is there a documented customer notification plan? Are there SLAs for notification?	
1.5.16	•Do you perform vulnerability scans, security assessments, or penetration testing? If so, how often?	
1.5.17	•Is the application designed and reviewed for the OWASP Top Ten security risks?	
1.6	Can you provide a data flow diagram? If so, please attach.	
1.7	What daily steps are taken to ensure the system is up and all features available?	

EXHIBIT F - SCOPE OF SERVICES AND COMPLIANCE MATRIX - APPENDIX B - IT QUESTIONS

2.0	Network - Answer the following questions in the "Answer" column:	Answer
2.1	What protocols are used? (Please be very detailed and specific, to include port numbers)	
2.2	How much bandwidth is required per client?	
2.3	What is the frequency for security patches and anti-virus updates? (Contractor or Capital Metro?)	
3.0	Help Desk / Desktop - Answer the following questions in the "Answer" column:	Answer
3.1	Are there special printer/printing requirements?	
3.2	What Client-side software or services are needed (assume workstation has nothing on it)?	
3.3	Is there a specific drive mapping(s) required?	
3.4	Can the workstation use a DNS name to reference the server or devices?	
3.5	Can the workstation use a UNC name to reference the server or devices?	

EXHIBIT H

**IT (HOSTED SOLUTIONS) - ADDITIONAL TERMS AND CONDITIONS FOR THE
PERFORMANCE OF INFORMATION TECHNOLOGY (IT) PRODUCTS AND SERVICES**

- 1.1 Definitions. Unless otherwise specified in this contract (or an Exhibit or Exhibit hereto), the following definitions shall apply, if applicable:
- 1.1.1 “Acceptance” shall have the meaning set forth in Section 1.4.5 of this Exhibit.
 - 1.1.2 “Applicable Laws” means any and all applicable statutes, laws, treaties, rules, codes, ordinances, regulations, permits, interpretations, or orders of any Federal, state, or local governmental authority having jurisdiction over the Project, this contract, and the parties all as in effect as of the date of this contract and as amended during the Service Term of this contract.
 - 1.1.3 “Application” means the technical system, platform, application and/or subscription services to be provided by the Contractor, as may be further described in the Technical Specifications.
 - 1.1.4 “Authority Data” means all data, content and information (i) submitted by or on behalf of the Authority or Customers to the Contractor or loaded into the System, (ii) obtained, developed, produced or processed by the Contractor or by the Application or System in connection with this contract, or (iii) to which the Contractor has access in connection with this contract, and all derivative versions of such data, content and information, and any derivative versions thereof, in any form or format.
 - 1.1.5 “Authority Electronic Property” means (i) any websites controlled by the Authority, (ii) any Authority mobile device apps, (iii) any interfaces to the Authority’s information technology systems, (iv) any other kiosks, devices or properties for consumer interaction that are created, owned, or controlled by the Authority, and (v) versions and successors of the foregoing, any form or format now known or later developed, that may be used by Customers.
 - 1.1.6 “Confidential Information” shall have the meaning set forth in Section 2.2 of this Exhibit.
 - 1.1.7 “Contractor’s Certification” shall have the meaning set forth in Section 1.4.4 of this Exhibit.
 - 1.1.8 “Contractor Technology” means (i) the System, (ii) the Application, and (ii) any technology, information, content and data, together with Intellectual Property Rights related thereto, owned or used by the Contractor in the performance of the Services.
 - 1.1.9 “Customer” means any purchaser of products or services from the Authority.
 - 1.1.10 “Deliverables” means all information, data, materials, devices (including equipment and hardware), software (including the Application) and other items to be delivered by the Contractor to the Authority, as specified in the Project Plan.
 - 1.1.11 “Documentation” means the documentation provided to the Authority, including user manuals and operator instructions related to the Application furnished by the Contractor to the Authority in any format, including paper and electronic.
 - 1.1.12 “Intellectual Property Rights” means any and all intellectual property rights, including without limitation, invention, patents, patent and patent applications (including all reissues, divisions, renewals, continuations, continuations-in-part, extensions, provisionals, and reexaminations) and all rights therein provided by international treaties or conventions and all improvements to the inventions disclosed in each such registration, patent or application, trademarks, service marks, trade dress, logos, slogans, configurations, trade names, corporate names, and business names, whether or not registered, including all common law rights, and registrations and applications for registration thereof, and all rights therein provided by international treaties or conventions, works of authorship and

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

copyrights (registered or otherwise) and registrations and applications for registration thereof, and all rights therein provided by international treaties or conventions, all internet uniform resource locators, and domain names, including any domain name application or registration, all industrial designs and any registration or application thereof anywhere in the world, data and database rights, trade secrets, proprietary know-how and show-how, whether or not reduced, all rights to obtain and rights to apply for patents, and to register trademarks and copyrights, and any similar or equivalent rights to any of the foregoing anywhere in the world.

- 1.1.13 “Malware” means any malicious data, code script, active content program, or other malicious software that could damage, destroy, alter or disrupt any computer program, data, firmware or hardware.
- 1.1.14 “Process” or “Processing” means, with respect to any Authority Data, to migrate, collect, access, use, process, modify, copy, analyze, disclose, transmit, transfer, sell, rent, store, or retain or destroy such data in any form. For the avoidance of doubt, “Process” includes the compilation or correlation of any Authority Data with information from other sources and the application of algorithmic analysis to create new or derivative data sets from any Authority Data.
- 1.1.15 “Project” means the project related to the Application and the Authority’s information technology systems as described in more detail in this Exhibit.
- 1.1.16 “Project Plan” means the project plan for the implementation, customization, configuration and/or installation or hosting of the Application and the Services and Deliverables required for the Project, as approved by the Authority in writing.
- 1.1.17 “Remediation Efforts” means, with respect to any Security Incident, activities designed to remedy a Security Incident which may be required by Applicable Law or by the Authority’s or the Contractor’s policies or procedures or under the Security Requirements, or which may otherwise be necessary, reasonable or appropriate under the circumstances, commensurate with the nature of such Security Incident.
- 1.1.18 “Security Incident” means: (i) the loss or misuse of Authority Data; (ii) the inadvertent, unauthorized, or unlawful processing, alteration, corruption, sale, rental, or destruction of Authority Data; (iii) unauthorized access to internal resources; (iv) programmatic manipulation of a system or network to attack a third party; (v) elevation of system privileges without authorization; (vi) unauthorized use of system resources; (vii) denial of service to a system or network; or (viii) any potential or confirmed exposure (which may stem from an act or omission to act) that would result in any of the events described in (i) through (viii).
- 1.1.19 “Service Levels” shall have the meaning set forth in Section 3.1 of this Exhibit.
- 1.1.20 “Security Requirements” means industry best practices and other reasonable physical, technical and administrative safeguards, procedures, protocols, requirements and obligations related to facility and network security in order to protect Authority Data and the Authority’s information technology systems from unauthorized processing, destruction, modification, distribution and use, as approved in writing by the Authority.
- 1.1.21 “Service Term” means (i) the term of the contract as set forth in Exhibit A to the contract, or (ii) with respect to any hosted service related to the Application, the specific term or period for subscription services set forth in Exhibit A of this contract.
- 1.1.22 “Services” means all services to be performed by the Contractor for or on behalf of the Authority or Customers, as described in the Project Plan and this Exhibit.
- 1.1.23 “System” means an application, network, database or system provided or used to perform the Services by the Contractor.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 1.1.24 "Technical Specifications" means the technical specifications, functional specifications, descriptions, designs, standards, instructions, and business requirements of the Authority related to the Application and the Authority's information technology systems, as may be further described in this contract. Unless otherwise agreed upon in writing by the Authority, the Technical Specifications shall be outlined in detail in Exhibit H to this contract.
- 1.1.25 "Termination Assistance Services" means the Contractor's cooperation with the Authority in order to assist in the transfer of Authority Data to the Authority and to facilitate the transition to an alternative software or service for the Application at such time when the Authority may obtain authorization and/or funding for such replacement.
- 1.1.26 "Updates" means all bug fixes, error corrections, patches, updates, upgrades or new releases or version of the Application during the Service Term.

1.2 Contractor Requirements.

- 1.2.1 Unless specified in the applicable Project Plan, the Contractor will shall furnish, at its own expense, all resources, personnel, equipment, tools, and supplies necessary for the full access and use of the Application and the timely performance of the Services and the Deliverables. The Contractor may use any means necessary and appropriate to perform the Services and the Deliverables under this contract; provided, however, that in no event shall the Contractor take any action that may subject either it or the Authority to civil or criminal liability.
- 1.2.2 The Contractor will establish and manage all Security Requirements necessary to protect Authority Data integrity and permit appropriate access to the Application and the Authority Electronic Property. The Contractor will enable and stop access as users enter and leave the Application. The Contractor will cooperate with and assist the Authority and its other Project contractors to implement security protocols (e.g., firewalls, SSI, etc.) and take appropriate actions with respect to the Application and all Authority Data stored therein and the Authority Electronic Property so as to enable the Contractor to satisfy its obligations under this contract and to help prevent the loss, alteration or unauthorized access to the Application and all Authority Data stored therein, or the Authority Electronic Property, to the extent within the Contractor's control. The Contractor will, upon the Authority's request, for each year of the Term of this contract under the Project Plan, provide to the Authority copies of monthly firewall logs and third party audit reports, summaries of test results and other equivalent evaluations with regard to security and confidentiality in connection with the Services that the Contractor provides to the Authority. The Contractor will use commercially reasonable efforts in accordance with the Security Requirements to secure the Application and all Authority Data stored therein against access by parties external to the Project and by unauthorized users, and against damage, disruption and other activity aimed at data availability or the services or other trespass or illegal actions. The Contractor will employ computer anti- Malware protections and other reasonable commercial means to ensure a safe computing environment. The Contractor agrees that it will, and it will cause its personnel and contractors to timely comply with the Authority's privacy policies and safety and network security policies, as the same may be provided to the Contractor, at all times while on-site at the Authority's facilities or remotely accessing the Authority's systems or facilities (including Authority Electronic Property). The Contractor and/or its designated third party auditor(s) will perform all audits necessary to ensure the Authority's Data integrity and adherence to the Security Requirements of the Project. As part of its routine audits, the Contractor will, on a regular basis, test the integrity of Authority Data backed up by the Authority or its Project Contractors.
- 1.2.3 The Contractor shall adopt and implement all facility and network security, disaster recovery plans and back-up plans as to protect against data loss, theft and unauthorized access, disclosure and use of the Application, Authority Data, Authority Electronic Property and the Authority's Confidential Information and to ensure the integrity and continuity of the performance of Services and the Project under this contract. The Contractor will use best efforts in accordance with industry best practices and standards for this requirement

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

and consult and cooperate with the Authority and its other contractors who operate or access the Authority's data center and network systems (including Authority Electronic Property) in the performance of the Services.

- 1.2.4 The Contractor and/or its designated third party auditor(s) will perform all audits necessary to ensure data integrity and adherence to the requirements of the Project. As part of its routine audits, the Contractor will, on a regular basis, test the integrity of Authority Data backed up by the Authority's or its Project contractors.
- 1.2.5 The Contractor, as well as its agents, representatives, and employees, shall comply with all of the Authority's rules, regulations, and guidelines then in effect when on-site at the Authority and all Applicable Laws.
- 1.2.6 The Contractor will promptly notify the Authority upon discovering or otherwise learning of any Security Incident involving Authority Data. Following any Security Incident, the Contractor will consult in good faith with the Authority regarding remediation Efforts that may be necessary and reasonable.
- 1.2.7 Any notifications to Customers or any employees of the Authority regarding Security Incidents will be handled exclusively by the Authority and the Contractor may not under any circumstances contact Customers or employees of the Authority relating to such Security Incident unless the Contractor is under a legal obligation to do so, in which event (i) the Contractor must notify the Authority in writing promptly after concluding that the Contractor has the legal authority to notify such Customers or employees and explain in such notice to the Authority the basis for the legal obligation and (ii) the Contractor will limit the notices to Customers and any employees of the Authority regarding a Security Incident and the Contractor will assist with sending such notices if so requested by the Authority.

1.3 Project Plan and Milestone Deadlines.

- 1.3.1 The Contractor shall provide Services necessary to assess and evaluate the Authority's business requirements and information technology systems in order to create, deploy, configure, customize, migrate, deliver and/or implement the Application and any Authority Data to be migrated, interfaced to or used in conjunction with the Application unless otherwise provided or specified by the Authority, the Contractor will prepare for the Authority's review and approval a Project Plan setting forth in detail (i) the scope of the Project and the Services required to complete the Project, (ii) the milestones and schedule for completing all tasks and requirements for the Project (including the creation, deployment, configuration, customization, migration, and implementation of the Application and any Authority Data, (iii) all Authority Electronic Property required for access and use of the Authority and any Authority Data hosted by the Contractor, (iv) all Deliverables and (v) all acceptance criteria, testing and post-implementation tasks. No Project Plan will be effective until approved in writing by the Authority's designated project manager.
- 1.3.2 This is a fast track Project with completion deadlines that cannot reasonably be extended. For this reason, it is the desire of the Authority to recognize any likely budget overruns as soon as possible, and by this contract it is employing the Contractor to perform design monitoring, estimating, value analysis and other functions to help the Authority meet the Project budget. At any time that the Contractor develops concerns about the integrity of the budget for the Project, the Contractor shall promptly advise the Authority of the concerns through a variance report, which shall, at a minimum, state: (i) the Contractor's concern; (ii) the apparent cause of the concern, delay, or budgetary issue; (iii) in the event of a concern about a delay, specifically demonstrate the negative impact of the delay to the critical path for the Project Plan; (iv) define any cost impacts to the Project; and (v) provide the Contractor's proposed resolution to the concern. If any estimate submitted to the Authority exceeds previously approved estimates or the Authority's budget, the Contractor shall make appropriate recommendations to the Authority.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 1.3.3 If, using reasonable project monitoring techniques, the Authority determines, in its sole discretion, that it is unlikely or fails to meet a completion date or a cost estimate due under the Project Plan for any reason regardless of which party is at fault, in addition to any other rights and remedies that may be available to the Authority, at no additional cost to the Authority and at the Authority's option, the Contractor shall provide all necessary additional personnel at its own cost to accelerate performance as may be required or necessary to complete the activities required under the Project Plan within a re-adjusted time frame agreed to by both parties in a change order. The completion date shall be considered met if completed in accordance with the terms of this contract within ten (10) working days of the originally estimated completion date. The Contractor will provide the Authority with prior written notice for any delays impacting Application module/track delivery or other Services completion under the Project Plan in the form of a proposed change order.
 - 1.3.4 The Contractor shall use its best efforts after obtaining explicit consent from the Authority to re-sequence the Services to overcome and/or mitigate, to the greatest practicable extent, the effect of any delays regardless of the cause of such delays. Without limiting the foregoing, the Contractor shall diligently prosecute its Services in order to meet the proposed start date for the Application despite a dispute with the Authority relating in any way to this contract, including without limitation any and all the Contractor's claims for modifications to the payments due to the Contractor. The Contractor and the Authority shall cooperate to resolve all disputes and to adjust the Project Plan accordingly by Contract modification in a timely manner (not to exceed two (2) weeks from the date of notice).
 - 1.3.5 Should the Contractor not progress in its performance of Services at a rate commensurate with the Service Term of this contract, or fail to meet any scheduled date under the Project Plan, the Authority may, in its sole discretion, direct the Contractor to accelerate the Services by employing additional personnel and equipment or providing overtime to existing personnel as is necessary to complete the Application by the start date, or any portion of the Application by the milestone date specified in the Project Plan. Such the Authority-ordered acceleration shall be at the cost of the Contractor.
- 1.4 Acceptance.
- 1.4.1 Unless otherwise defined or specified in an Exhibit to this contract, the provisions set forth in this Section 1.4 shall determine the Authority's Acceptance of the Application.
 - 1.4.2 Implementation of the Application shall be completed in a timely manner and appropriate tests conducted by the Contractor with the cooperation of the Authority to facilitate Acceptance of the Application as more fully set forth in the Project Plan; provided, however, that the Authority may upon written request require that the Contractor perform testing with cooperation of the Authority.
 - 1.4.3 When each component of the Application has been developed and tested by the Contractor as being ready for operational testing, the Contractor shall notify the Authority in writing. The Authority shall provide reasonable assistance to commence operational testing.
 - 1.4.4 Unless otherwise specified in the Project Plan, within thirty (30) days after operational testing, the Contractor shall certify in writing that the Application component conforms to the Technical Specifications and is capable of being put into full commercial productive use in accordance with the Technical Specifications and otherwise meets the functional and business requirements set forth in this contract ("the Contractor's Certification"). The Contractor Certification shall not be issued by the Contractor unless the Contractor has completed all tasks required for the installation, configuration, deployment (including data migration) and hosting or operational testing of the Application and such instance is ready for final testing and launch for production use by the Authority and Customers.
 - 1.4.5 The Application shall be finally accepted by the Authority when (i) each component of the Application is fully operational and properly configured by the Contractor, as applicable, and/or (ii) when the instance of the Application is properly configured and made available

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

to the Authority for production use on the Contractor's hosted environment, each in conformity with the Security Requirements and Technical Specifications outlined in this contract ("Acceptance").

- 1.4.6 If there is any objection to Acceptance, the Authority will provide the Contractor with a written notice (the "Defect Notice") reasonably identifying any claimed discrepancies between the actual performance of the Application component and the requirements set forth in this contract within thirty (30) days after the issuance of the Contractor's Certification.
 - 1.4.7 Upon receiving a Defect Notice from the Authority, the Contractor shall confer with the Authority and jointly review each asserted discrepancy to determine if the claimed discrepancy is valid. The Contractor shall either promptly correct the discrepancy and resubmit the Application component for acceptance by the Authority on the same basis as initially submitted or terminate this contract. If, in the reasonable professional judgment of the Contractor such discrepancy is not valid, the Contractor shall so notify the Authority in writing.
 - 1.4.8 The written explanation of the Contractor set forth herein shall be deemed accepted by the Authority within thirty (30) days after the Authority's receipt of the written explanation and Acceptance shall be deemed to have occurred unless the Contractor receives from the Authority written notice rejecting such explanation and detailing exactly how the Application component does not conform with the Technical Specifications and/or Security Requirements. If the Application is not accepted by the Authority following two (2) attempts by the Contractor to provide an undisputed the Contractor's Certification, the Authority may terminate this Contract with respect to that particular component or the entire Application, at its sole discretion.
 - 1.4.9 The foregoing Acceptance procedure shall apply with respect to the Authority's Acceptance of the overall turn-key system comprising all components of the Application (including migrated Authority Data, if applicable) in a condition ready for immediate use and operation by the Authority (i) in its facilities and/or the operating environment if a component of the Application is installed, or (ii) via the Contractor's hosted servers for the instance of the Application is hosted, as applicable, on or before the start date set forth in the Project Plan.
 - 1.4.10 In the event that the Authority, upon final review, does not accept the Application or only makes a partial acceptance of the Application, the Authority may elect to: (i) accept delivery of the Application "AS IS" at a negotiated equitable reduction in the price and payment schedule for both the Application and any Services; or (ii) terminate the Project and receive a refund of all fees paid in advance to the Contractor, which in such event, the Contractor shall immediately repay all fee advances paid by the Authority under the Project Plan and the Authority may retain all holdbacks.
- 1.5 Training. The Contractor will perform all training required for access and use of the Application upon initial deployment and during the Service Term, as reasonably requested by the Authority. The Contractor will at a minimum provide the Authority with sufficient training and instruction on the use and operation of the Application. Such training will be performed at the Authority's facilities (unless otherwise agreed upon by the parties in the Project Plan).

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

1.6 Application Support and Performance.

- 1.6.1 The Contractor shall (i) promptly notify the Authority of any errors in the Application of which it learns from any source; (ii) respond to user identified Application errors in no more than 4 hours after notification, and implement corrected Application copies or corrections or bypasses such that the Application performs in all material respects in accordance with the Documentation, within one (1) business day thereafter; (iii) provide to all authorized users on a 24 hours per day, 7 days per week basis, all reasonably necessary telephone or web consultation requested by them in connection with their use and operation of the Application; and (iv) treat any Application dumps, Authority Data, tapes or any other documentation provided from users to resolve a reported problem as Confidential Information of the Authority.
- 1.6.2 The Contractor will periodically release maintenance Updates with minimum impact and downtime to the Authority and after business hours. At no additional cost to the Authority, the Contractor will provide access to all maintenance Updates and all new features and functionalities of the Application that are provided by the Contractor to any of its other customers. In each case, the Contractor will provide the Authority with prior written notice (by as much time as practicable but in no event less than one (1) day(s) of the release by the Contractor of any Updates, and will implement such Updates (including any configuration or integration thereto) for access and use by the Authority at no additional cost to the Authority. If the Authority requests the Contractor to test such Updates, the Contractor will promptly test such update to the Authority at no additional cost. If any Update is installed, such Update will thereupon be deemed to be part of the relevant Application upon delivery subject to Acceptance by the Authority. All such Updates, where reasonably necessary, will be accompanied by updated Documentation. The Contractor covenants that each upgrade and will be backwards compatible with all parts of the Application.
- 1.6.3 The Contractor will use commercially reasonable efforts to maintain the Application with a high level of quality and performance consistent with industry standards and the state of the art technology.
- 1.6.4 To the greatest extent possible, the Contractor will schedule maintenance during times least disruptive to the Authority's use of the Application. Scheduled maintenance is a period in which the Authority is notified in advance, during which the Contractor may suspend availability of all or part of the Application in order to carry out maintenance activities. Scheduled Maintenance will be scheduled after normal business hours ("Maintenance Window"). To the extent possible, the Contractor will perform maintenance without suspending the Application (i.e., hot) and will coordinate with the Authority by written notice to schedule maintenance requiring downtime at such hours and date least disruptive to its business.
- 1.6.5 The Authority will be notified by e-mail not less than three (3) calendar days in advance of any period of Scheduled Maintenance that will require suspension of all or the majority of the Application for a period of one (1) hour or more. The Authority will be notified by email not less than seven (7) calendar days in advance of any period of Scheduled Maintenance that will require suspension of all or the majority of the Application for a period of more than one (1) hour. The Contractor will schedule any period of Scheduled Maintenance that requires suspension of all or a major part of the Application for more than three (3) hours during a Maintenance Window on a Friday night, or Saturday or Sunday morning.

1.7 Additional Representations and Warranties. In addition to all other representations, warranties, and covenants included in this contract, Contractor represents, warrants, and covenants, for itself, its employees, subcontractors and agents that:

- 1.7.1 it is not contractually prohibited from engaging in the Services or providing the Deliverables, and that it is not a party to any contract or under any obligation which conflicts with the

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- terms of this Contract or which prohibits Contractor from carrying out its responsibilities under this contract;
- 1.7.2 it is fully able to furnish the Services as contemplated by this contract;
- 1.7.3 there are no contracts to which it is a party which would prevent its timely and complete performance of the terms and conditions of the contract, and the Contractor agrees not to enter into any such contract during the pendency of this contract;
- 1.7.4 it is experienced in the type of software engineering necessary for completion of the Project, and it understands the complexity involved in this type of project and the necessity of coordination of its Services with stakeholders within which the Project will be performed;
- 1.7.5 there are no contracts to which it is a party which would prevent its timely and complete performance of the terms and conditions of the contract, and the Contractor agrees not to enter into any such contract during the pendency of this contract;
- 1.7.6 the Application will not contain any Malware at all times during which the Application is made available for access and use by the Authority's user or Customers, or any Authority Data is processed using the Application. Any patches, Updates, upgrades or error corrections to the Application provided by the Contractor likewise will not contain any Malware;
- 1.7.7 the Application will not contain any security mechanisms, including, but not limited to, copy protect mechanisms, encryptions, time-activated disabling devices or other codes, instructions or devices which may disable the modules or other software or erase or corrupt data;
- 1.7.8 the Application will comply with all Applicable Laws at all times from the date of Acceptance to the expiration of the applicable Warranty Period;
- 1.7.9 With respect to the Application, (i) all modules and other materials (other than third party software and hardware approved by the Authority) will be original; (ii) there is, and on the date of Acceptance will be, no claim, litigation or proceeding pending or threatened against the Contractor with respect to the Application, or any component thereof, alleging infringement or misappropriation of any patent, copyright, trade secret, trademark or any other personal or proprietary right of any third party in any country; and (iii) the Application, and any use thereof, shall not infringe upon any Intellectual Property Right of any third party in any country; and
- 1.7.10 The System will not contain or otherwise be developed using any Open Source Software (as defined below) in a manner that subjects the Authority to any license obligations of such Open Source Software. "Open Source Software" means any software licensed under terms requiring that other software combined or used or distributed with such software: (i) be disclosed or distributed in source code form, or (ii) be licensed on terms inconsistent with the terms of this Contract.
- 1.8 Additional Warranty Remedies. The Authority is entitled to all warranties implied by law or regulation. These warranties shall survive any Acceptance and payment by the Authority for the Services and are in addition to, and shall not be construed as restricting or limiting the warranties of the Contractor, express or implied, that are provided by law or exist by operation of law. For any breach of the warranties contained in this Section, the Authority's remedy, in addition to all remedies available at law or in equity, shall be:
- 1.8.1.1 For Application. The correction of errors that cause breach of the warranty. If the Contractor is unable to provide such error corrections or otherwise make the Application operate as warranted within the periods specified in this contract, the Authority shall be entitled to terminate this contract with respect to the affected module/track and recover a prorated amount paid to the Contractor based on each module, which prorated amount will be calculated based on a useful life of five years from the date of final Acceptance. If, however, the loss of functionality cause by such

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

error impacts the overall turn-key system performance of the Application, then the Authority shall be entitled to terminate this contract with respect to all modules/tracks and recover all amounts paid to the Contractor by the Authority. The Contractor shall not be responsible or liable for any errors that are determined to be attributable to the Authority's failure to comply with any user requirements under the applicable Technical Specifications, or any Force Majeure event.

- 1.8.1.2 For Deliverables. The correction of errors that cause breach of the warranty by re-performing the Services necessary to create the Deliverables and by providing Deliverables conforming with the Technical Requirements at no cost to the Authority.
- 1.8.1.3 For Services. The re-performance of any Services not conforming to the warranty at no cost to the Authority.

2. Intellectual Property Rights.

- 2.1 The Contractor will not (i) use or register any trademark, service mark or domain name that is identical to or confusingly similar to any trademark, service mark, logo or other name owned or used by the Authority, including domain names and trade dress; or (ii) create, acquire, license or support any internet keyword or search term that contains any such marks or other Intellectual Property Rights owned or licensed by the Authority, except as expressly provided in the Project Plan and only in the performance of the Services for the benefit of the Authority. All use thereof inures solely to the benefit of the Authority and is subject to the Authority's quality control and standard guidelines.
- 2.2 As between the Contractor and the Authority (i.e., without addressing rights of third parties), the Authority is the sole owner of all rights, title and interest in and to any Authority Data and Authority Electronic Property and all Deliverables (excluding any Contractor Technology embodied in the Deliverables), together with all improvements, derivative works or enhancements to any of the foregoing and all Intellectual Property Rights related thereto ("Authority IP"). Except as expressly authorized in this Exhibit in the performance of the Services solely for the benefit of the Authority or Customers, the Contractor may not use, edit, modify, create derivatives, combinations or compilations of, combine, associate, synthesize, re-identify, reverse engineer, reproduce, display, distribute, disclose, sell or process any Authority Data or Authority Electronic Property. The Contractor will not use any Authority Data or Authority Electronic Property in a manner that is harmful to the Authority. To the extent possible, the Deliverables (excluding any Contractor Technology embodied therein) shall be a work made for hire specifically commissioned for the Authority. In order to protect and preserve the Authority's rights, the Contractor hereby irrevocably and unconditionally assigns and transfers to the Authority all right, title and interest in and to the Authority IP that the Contractor may acquire without further consideration.
- 2.3 As between the parties, and except for the licenses granted or as otherwise provided in this contract, the Contractor retains all right, title and interest in and to the System and all Contractor Technology and all Intellectual Property Rights related thereto. The Contractor grants to the Authority a non-exclusive, perpetual, royalty free, fully paid up, irrevocable, and transferable license, with the right to sublicense, in and to any Contractor Technology embodied in the Deliverables for the Authority and its Customers and service providers to exercise and exploit its and their ownership rights in the Deliverables in any manner. The foregoing license does not authorize the Authority to separate any Contractor Technology from the Deliverable in which it is incorporated for creating a standalone product for marketing to others.
- 2.4 The Contractor further agrees to perform all obligations set forth in the Authority's Proprietary Rights and Data Security Exhibit attached to this Exhibit.

3. Proprietary Information and Non-Disclosure.

- 3.1 The Contractor acknowledges and agrees that this contract creates a relationship of confidence and trust on the part of the Contractor for the benefit of the Authority. During the term of this contract, the Contractor may acquire certain "Confidential Information" (as defined herein) from

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

or regarding the Authority employees, agents and representatives or documents, or otherwise as a result of performing the Services of the Contractor hereunder.

3.2 "Confidential Information" as used herein, shall mean and include, without limitation:

3.2.1 Any information concerning the Authority or the Project, which is provided by the Authority or any Project team members to the Contractor, such as accounting and financial data, product, marketing, development, pricing and related business plans and budgets, and all of the information and plans related to the Project, which are not published;

3.2.2 All Authority Data; and

3.2.3 The Deliverables (including without limitation all work in progress) other than any Contractor Technology embodied in the Deliverables.

3.3 The Contractor acknowledges and agrees that all such Confidential Information is and shall be deemed the sole, exclusive, confidential and proprietary property and trade secrets of the Authority at all times during the Service Term and following any expiration of termination hereof. The Contractor agrees to hold in confidence without disclosing or otherwise using any Confidential Information, except as such disclosure or use may be required in connection with and limited to the Services of the Contractor hereunder.

3.4 The Contractor acknowledges and agrees that the Authority would not have entered into this contract unless the Authority were assured that all such Confidential Information would be held in confidence by the Contractor in trust for the sole benefit of the Authority.

3.5 During the Service Term, the Contractor shall not improperly use or disclose any proprietary information or trade secrets of any third party and will not bring on to the premises of the Authority any unpublished documents or any property belonging to any third party unless consented to in writing by the third party.

3.6 The Contractor's obligation of confidentiality hereunder shall not apply to information that: (i) is already in the Contractor's possession without an obligation of confidentiality; (ii) is rightfully disclosed to the Contractor by a third party with no obligation of confidentiality; or (iii) is required to be disclosed by court or regulatory order, provided the Contractor gives the Authority prompt notice of any such order.

3.7 Upon any termination or expiration of this contract, the Contractor agrees to deliver to the Authority any and all Confidential Information except that the Contractor may keep one file copy of any Confidential Information pertinent to its rights and obligations surviving the expiration or termination of this contract, which copy shall be held in confidence in accordance with this Section.

4. Hosted Services. With respect to the Application and/or any Authority Data hosted or Processed by the Contractor, the following terms will apply:

4.1 Unless otherwise designated in the contract or agreed upon in writing by the Authority, the Contractor will use commercially reasonable efforts to make the Application available 24 hours per day 7 days a week. The Contractor represents that access to the Application for The Authority and its Customers will be maintained at an availability standard of 99.99% as measured over the course of a calendar month, excluding Standard Exceptions (the "Service Levels"). "Standard Exceptions" to the 99.99% service-availability standard shall mean scheduled maintenance, maintenance downtime to resolve extraordinary technical problems with the Application or the host operating environment, force majeure (including state or federally declared natural disasters in the Contractor's physical locations), or technical difficulties attributable to any non-Contractor computer hardware, or technical difficulties attributable to the Authority's interface with the Application unless such technical difficulties are the direct fault of the Contractor. The Contractor agrees to measure and provide a detailed report to the Authority, on a monthly basis, showing the Contractor's provision of the Application as compared to the Service Levels.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 4.2 Unless otherwise approved in writing by the Authority, the Contractor must host the Application in the United States of America ("U.S.A.") at the location(s) specified by the Contractor, must provide services under this contract with resources (e.g., hardware and software) located in the U.S.A, and must not transfer or process any Authority Data outside of the U.S.A.
- 4.3 In the event of the expiration or termination of the Service Term, upon the Authority's written request, the Contractor will provide Termination Assistance Services for a period of time commencing on the effective date of termination or expiration of this Contract and ending on a date designated in advance by the Authority.
- 4.4 The Contractor will promptly notify the Authority upon discovering or otherwise learning of a Security Incident. Following any Security Incident, the Contractor will consult in good faith with the Authority regarding Remediation Efforts that may be necessary and reasonable. The Contractor will (i) at the Authority's direction undertake Remediation Efforts at the Contractor's sole expense and reimburse the Authority for its reasonable costs and expenses in connection with any Remediation Efforts that it elects to undertake, (ii) ensure that such Remediation Efforts provide for, without limitation, prevention of the recurrence of the same type of Security Incident, and (iii) reasonably cooperate with any Remediation Efforts undertaken by the Authority.
- 4.5 In addition to any other indemnification obligations set forth in this Exhibit and the contract, the Contractor will indemnify, defend and hold harmless all the Authority Indemnitees from and against any and all losses, damages, liabilities, judgments, awards, penalties, interest, fines, costs and fees or expenses of whatever kind, including reasonable attorneys' fees ("Losses") incurred by such the Authority Indemnitee as a result of any claim, demand, suit, action, investigation, allegation or any other proceeding (collectively, "Claims") arising out of or relating to: (i) any Security Incident and/or (ii) the Contractor's or its employees', agents' or contractors' breach of any of the terms, conditions or obligations relating to data security, privacy, or any Authority Data set forth in the contract or this Exhibit. However, if the Contractor can demonstrate through clear and convincing evidence that the Authority was the sole cause of a Security Incident and the Contractor was fully compliant with the Contractor's obligations, then this Section will not apply to such Security Incident. For the purposes of this Section, Losses will include, without limitation, the cost of Remediation Efforts. The Contractor's obligations in this Section are in addition to any indemnification or similar obligations that the Contractor may have under the contract. The rights and remedies of the Authority under this Exhibit will not be subject to any limitation or exclusion of actions or remedies or any other similar limiting provisions stated in the contract. Without limiting the foregoing: (a) there will be no limitations or exclusions on the Contractor's liability arising under this Exhibit, the contract or otherwise relating to Claims pertaining to privacy, security, or confidentiality or relating to unauthorized use of Authority Data, and (b) the Contractor will be liable for all obligations under this Section and for reimbursement of Losses for Remediation Efforts regardless of whether such amounts are characterized by any person, court or other third party as direct, indirect, consequential, special, or punitive damages.
- 4.6 Any notifications to Customers or any employees of the Authority regarding Security Incidents will be handled exclusively by the Authority and the Contractor may not under any circumstances contact Customers or employees of the Authority relating to such Security Incident unless the Contractor is under a legal obligation to do so, in which event (i) the Contractor must notify the Authority in writing promptly after concluding that the Contractor has the legal obligation to notify such Customers or employees and explain in such notice to the Authority the basis for the legal obligation and (ii) the Contractor will limit the notices to such Customers and employees to those required by the legal obligation or as pre-approved by the Authority. The Contractor will reasonably cooperate in connection with notices to Customers and any employees of the Authority regarding a Security Incident and the Contractor will assist with sending such notices if so requested by the Authority.
5. Rights to Access and Use Application. The Contractor hereby grants to the Authority, Customers (but only in their capacity as Customers), and third-party service providers providing services to the Authority

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(but only in their capacity as the Authority's service providers) a non-exclusive, worldwide, royalty-free license to access and use the Application during the Service Term. Such license shall be enterprise-wide for an unlimited number of users or transactions, unless limitations on use are expressly agreed upon by the Authority in this contract. The Authority may allow its contractors and service providers to access and use the Application in the course of performing services for the Authority, including application development services, data processing and facilities management services.

6. Use of Authority's Name. The Contractor agrees not to make any written use of or reference to the Authority's name for any marketing, public relation, advertising, display or other business purpose or make any use of Authority Data for any activity unrelated to the express business purposes and interests of the Authority under this contract, without the prior written consent of the Authority, which consent will not be unreasonably withheld.
7. Specific Performance. The Contractor acknowledges and agrees that the remedy at law for the breach of provisions of this contract (particularly with respect to ownership of intellectual property and Confidential Information) may be inadequate and that the Authority may be entitled to injunctive relief without bond, in addition to any other rights or remedies which the Authority may have for such breach.
8. Indemnification. In addition to general indemnification set forth elsewhere in the contract, the following indemnification obligations shall apply:
 - 8.1 The Contractor shall, to the proportionate extent that they are responsible, indemnify, defend and hold harmless the Authority and its trustees, directors, officers, employees, Customers and agents from and against any and all Claims and Losses of any nature or kind to the extent arising out of, caused by, or resulting from: (i) any failure of the Application or the Services to conform with Applicable Laws or the Technical Specifications or Security Requirements set forth in this Contract; (ii) any Security Incident; and (iii) any actual or alleged violation, infringement or misappropriation of any Intellectual Property Rights of a third party related to the Services and the Application, regardless of whether or not any such Claim or Loss is caused in part by any indemnitee. In particular, the Contractor acknowledges that the Contractor's obligation to indemnify the Authority extends to any liability arising out of any actual negligence by the Contractor in the delivery of any products or services under this contract. Notwithstanding the foregoing, the Contractor shall not be liable to an indemnitee for any losses incurred by such indemnitee to the extent such claim is attributable solely to that indemnitee's sole negligence.
 - 8.2 Either party shall promptly advise the other party in writing of any action, administrative or legal proceeding, or investigation to which this indemnification may apply. The Contractor shall, at its expense, assume on behalf of the indemnitees and conduct with due diligence and in good faith the defense thereof with counsel satisfactory to the Authority; provided, however, that the Authority shall have the right, at its option, to be represented therein by advisory counsel of its own selection and at its own expense. This indemnification shall not be limited to damages, compensation, or benefits payable under insurance policies, workers' compensation acts, disability benefit acts, or other employees/benefit acts.
 - 8.3 If the Application or any use thereof by the Authority or Customers is held to infringe or it is believed by the Authority to infringe the rights of third parties, the Contractor's will, at its expense and upon the Authority's request, to: (i) modify the Application (and each affected module) to be non-infringing so long as the utility or performance of the Application is not materially impaired and the Application continues to conform to Applicable Laws, the Technical Specifications and the Authority's original requirements in all respects, subject to the Authority's approval; or (ii) obtain for the Authority a license to continue using the infringing Application (or affected component thereof).
 - 8.4 The indemnity obligations contained in this Section shall survive the termination, suspension, abandonment and/or completion of this contract.
9. Approval. Any approval given by the Authority shall not relieve the Contractor of its obligations and other duties under this contract or be construed as an assumption or waiver by the Authority.

EXHIBIT I

IT (ON-PREMISES SOLUTIONS) – ADDITIONAL TERMS AND CONDITIONS FOR THE PERFORMANCE OF INFORMATION TECHNOLOGY (IT) PRODUCTS AND SERVICES

- 1.1 Definitions. Unless otherwise specified in this Contract (or an Exhibit hereto), the following definitions shall apply, if applicable:
- 1.1.1 “Acceptance” shall have the meaning set forth in Section 1.4.4 of this Exhibit.
 - 1.1.2 “Applicable Laws” means any and all applicable statutes, laws, treaties, rules, codes, ordinances, regulations, permits, interpretations, or orders of any Federal, state, or local governmental authority having jurisdiction over the Project, this Contract, and the parties all as in effect as of the date of this Contract and as amended during the Service Term of this Contract.
 - 1.1.3 “Authority Data” means all data, content and information (i) submitted by or on behalf of the Authority or Customers to the Contractor, (ii) obtained, developed, produced or processed by the Contractor in connection with this Contract, or (iii) to which the Contractor has access in connection with this Contract, and all derivative versions of such data, content and information, and any derivative versions thereof, in any form or format.
 - 1.1.4 “Authority Electronic Property” means (i) any websites, servers, hardware, equipment, routers and other system components, software or networks owned or controlled by the Authority, (ii) any Authority mobile device apps, (iii) any interfaces to the Authority’s information technology systems, (iv) any other kiosks, devices or properties for consumer interaction that are created, owned, or controlled by the Authority, and (v) versions and successors of the foregoing, any form or format now known or later developed, that may be used by Customers.
 - 1.1.5 “Confidential Information” shall have the meaning set forth in Section 2.2 of this Exhibit.
 - 1.1.6 “Contractor’s Certification” shall have the meaning set forth in Section 1.4.3 of this Exhibit.
 - 1.1.7 “Contractor Technology” means the Software, Hardware, and On-Premises System, as applicable, and any technology, information, content and data, together with Intellectual Property Rights related thereto, owned or used by the Contractor in the performance of the Services.
 - 1.1.8 “Customers” means any purchaser of products or services from the Authority.
 - 1.1.9 “Deliverable(s)” means all information, data, materials, devices (including equipment and Hardware), software (including the Software), systems (including the On-Premises System), interfaces to any software and hardware, system or operating environment (including Authority Electronic Property) and other items to be delivered by the Contractor to the Authority, as specified in the Project Plan.
 - 1.1.10 “Documentation” means the documentation provided to the Authority including, but not limited to, user manuals, system administration manuals, maintenance manuals, diagrams and operator instructions related to the On-Premises System, Software, or Hardware furnished by the Contractor to the Authority in any format, including paper and electronic.
 - 1.1.11 “Hardware” means all equipment, hardware, routers and other system components to be delivered by the Contractor to the Authority, as specified in the Project Plan.
 - 1.1.12 “Intellectual Property Rights” means any and all intellectual property rights, including without limitation, invention, patents, patent and patent applications (including all reissues, divisions, renewals, continuations, continuations-in-part, extensions, provisionals, and reexaminations) and all rights therein provided by international treaties or conventions and all improvements to the inventions disclosed in each such registration, patent or application, trademarks, service marks, trade dress, logos, slogans, configurations, trade names, corporate names, and business names, whether or not registered, including all

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

common law rights, and registrations and applications for registration thereof, and all rights therein provided by international treaties or conventions, works of authorship and copyrights (registered or otherwise) and registrations and applications for registration thereof, and all rights therein provided by international treaties or conventions, all internet uniform resource locators, and domain names, including any domain name application or registration, all industrial designs and any registration or application thereof anywhere in the world, data and database rights, trade secrets, proprietary know-how and show-how, whether or not reduced, all rights to obtain and rights to apply for patents, and to register trademarks and copyrights, and any similar or equivalent rights to any of the foregoing anywhere in the world.

- 1.1.13 “License Term” means the specific term or period (annually or perpetual) for each license to the On-Premises System and/or Software set forth in Exhibit A of this Contract. If no term is specified in Exhibit A, then the applicable term shall be perpetual.
- 1.1.14 “Maintenance Support Services” means the maintenance support services for the On-Premises System, Software and/or Hardware to be performed by Contractor as defined and described in Section 1.5 of this Exhibit.
- 1.1.15 “Malware” means any malicious data, code, script, active content, program, or other malicious software that could damage, destroy, alter or disrupt any computer program, data, firmware or hardware.
- 1.1.16 “On-Premises System” means the turn-key system comprised of Hardware and Software to be installed in the premises, facilities, networks or transportation vehicles controlled or managed by the Authority.
- 1.1.17 “Project” means the project from pre-production launch to pre-final notice related to the Software, Hardware and On-Premises System and any Deliverables and Services as described in more detail in this Exhibit.
- 1.1.18 “Project Plan” means the project plan for the delivery, implementation, customization, configuration and/or installation of the Software, Hardware and/or On-Premises System and any Deliverables and Services required for the Project, as provided or approved by the Authority.
- 1.1.19 “Remediation Efforts” means, with respect to any Security Incident, activities designed to remedy a Security Incident, which may be required by Applicable Law or by the Authority’s or the Contractor’s policies or procedures or under the Security Requirements, or which may otherwise be necessary, reasonable or appropriate under the circumstances, commensurate with the nature of such Security Incident.
- 1.1.20 “Security Incident(s)” means: (i) the loss or misuse of Authority Data; (ii) the inadvertent, unauthorized, or unlawful processing, alteration, corruption, sale, rental, or destruction of Authority Data; (iii) unauthorized access to internal resources; (iv) programmatic manipulation of a system or network to attack a third party; (v) elevation of system privileges without authorization; (vi) unauthorized use of system resources; (vii) denial of service to a system or network; or (viii) any potential or confirmed exposure (which may stem from an act or omission to act) that would result in any of the events described in (i) through (viii).
- 1.1.21 “Security Requirements” means industry best practices and other reasonable physical, technical and administrative safeguards, procedures, protocols, requirements and obligations related to facility and network security in order to protect Authority Data from unauthorized access, processing, destruction, modification, distribution and use, as approved in writing by the Authority.
- 1.1.22 “Service Term” means (i) the term of the contract as set forth in Exhibit A to the Contract, or (ii) with respect to any Maintenance Support Services related to the On-Premises

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

System, Software and/or Hardware, the specific term or period (monthly, quarterly or annual) set forth in Exhibit A of this Contract.

- 1.1.23 "Services" means collectively all services to be performed by the Contractor for or on behalf of the Authority or Customers, as described in the Project Plan and this Exhibit.
- 1.1.24 "Software" means the software to be provided by the Contractor, as may be further described in the Technical Specifications.
- 1.1.25 "Technical Specifications" means the technical specifications, functional specifications, descriptions, designs, standards, instructions, and business requirements of the Authority related to the On-Premises System, Software and/or Hardware, as may be further described in this Contract. Unless otherwise agreed upon in writing by the Authority, the Technical Specifications shall be outlined in detail in Exhibit H to this Contract.
- 1.1.26 "Updates" means all bug fixes, error corrections, patches, updates, upgrades or new releases or version of the On-Premises System and/or Software created or acquired by the Contractor during the Service Term.

1.2 Contractor Requirements.

- 1.2.1 Unless specified in the applicable Project Plan, the Contractor will shall furnish, at its own expense, all resources, personnel, equipment, tools, and supplies necessary for the timely performance of the Services and the Deliverables. The Contractor may use any means necessary and appropriate to perform the Services and the Deliverables under this Contract; provided, however, that in no event shall the Contractor take any action that may subject either it or the Authority to civil or criminal liability.
- 1.2.2 The parties agree that the Contractor will not be tasked or responsible for establishing and managing Security Requirements necessary to protect Authority Data integrity in performance of the Services. The Authority agrees that it will be solely responsible for and ensure that all desired Security Requirements necessary to protect Authority Data integrity are established, implemented and managed internally. If requested, however, by the Authority, the Contractor will reasonably cooperate with and assist the Authority and the Authority's other Product contractors to implement security protocols (e.g., firewalls, SSI, McAfee anti-virus, configuring the system for Cisco ICE, configuring the system for the Netscaler application firewall, monthly Microsoft security patches, etc.) and take appropriate actions with respect to the On-Premises System, Software and/or Hardware and all Authority Data and Authority Electronic Property disclosed or provided to the Contractor so as to enable the Contractor to satisfy its obligations under this Contract and to help prevent the loss, alteration or unauthorized use of the Authority Data and the Authority Electronic Property, to the extent within the Contractor's access, possession or control. The Contractor agrees that it will, and it will cause its personnel and contractors to timely comply with the Authority's privacy policies and safety and network security policies, as the same may be provided to the Contractor's, at all times while on-site at the Authority's facilities or remotely accessing the Authority's systems or facilities. In event that the Contractor utilizes computers, laptops or other devices comprising development software, applications or tools in its performance of the Services, Contractor is required to consult in advance of use thereof with Authority and review security measures installed on such computers or devices and sign-off that it will ensure its computers and devices are consistently maintained during the term of this Agreement per Authority with all patches and upgrades at all times to minimize potential induced security issues from such Contractor devices.
- 1.2.3 The Contractor will perform formal classroom training and provide necessary related documentation required or requested for the operation and use of the On-Premises System, Software and/or Hardware, upon initial deployment, as various entities come on to the Project, and during the Service Term, as reasonably requested by the Authority. Such training will be performed on the operating environment at the Authority's facilities or

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

via the Internet as an on-line class (unless otherwise agreed upon by the parties in the Project Plan).

- 1.2.4 The Contractor and/or its designated third party auditor(s) will perform all audits necessary to ensure data integrity and adherence to the requirements of the Project. As part of its routine audits, the Contractor will, on a regular basis, test the integrity of Authority Data backed up by the Authority's or its Project contractors.
- 1.2.5 The Contractor shall adopt and implement all facility and network security, disaster recovery plans and back-up plans as to protect against theft and unauthorized access, disclosure and use of the Authority Data, the Authority Electronic Property and the Authority's Confidential Information, to the extent within the Contractor's access, possession or control, and to ensure the integrity and continuity of the performance of Services and the Project under this Contract. The Contractor will use commercially reasonable efforts to reasonably assist the Authority, if requested, to adopt and implement all facility and network security, disaster recovery plans and back-up plans as to protect against theft and unauthorized access, disclosure and use of the Authority Data, the Authority Electronic Property and the Authority's Confidential Information, to the extent within the Contractor's access, possession or control, and to ensure the integrity and continuity of the performance of Services and the Project under this Contract and consult and cooperate with the Authority and any contractors it designates, in its performance of these obligations.
- 1.2.6 The Contractor, as well as its agents, representatives, and employees, shall comply with all of the Authority rules, regulations, and guidelines then in effect when on-site at the Authority and all Applicable Laws.
- 1.2.7 The Contractor will promptly notify the Authority upon discovering or otherwise learning of any Security Incident involving Authority Data. Following any Security Incident the Contractor will consult in good faith with the Authority regarding Remediation Efforts that may be necessary and reasonable.
- 1.2.8 Any notifications to Customers or any employees of the Authority regarding Security Incidents will be handled exclusively by the Authority and the Contractor may not under any circumstances contact Customers or employees of the Authority relating to such Security Incident unless the Contractor is under a legal obligation to do so, in which event (i) the Contractor must notify the Authority in writing promptly after concluding that the Contractor has the legal obligation to notify such Customers or employees and explain in such notice to the Authority the basis for the legal obligation and (ii) the Contractor will limit the notices to such Customers and employees to those required by the legal obligation or as pre-approved by the Authority. The Contractor will reasonably cooperate in connection with notices to Customers and any employees of the Authority regarding a Security Incident and the Contractor will assist with sending such notices if so requested by the Authority.

1.3 Project Plan and Milestone Deadlines.

- 1.3.1 The Contractor shall provide Services necessary to assess and evaluate the Authority's business requirements and information technology systems in order to create, deploy, configure, customize, migrate, deliver and/or implement the On-Premises System, Software, the Hardware and, if required by the Authority, any Authority Data to be migrated, interfaced to or used in conjunction with the On-Premises System, Software and/or Hardware. Unless otherwise provided or specified by the Authority, the Contractor will prepare for the Authority's review and approval a Project Plan setting forth in detail (i) the scope of the Project and the Services required to complete the Project, (ii) the milestones and schedule for completing all tasks and requirements for the Project (including the creation, deployment, configuration, customization, migration, delivery and/or implementation of the Software, the Hardware and any Authority Data), (iii) all Authority Electronic Property required for the Contractor to perform the Services, if any, (iv) all Deliverables, and (v) all acceptance criteria, testing and post-implementation tasks. No

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

Project Plan will be effective until approved in writing by the Authority's designated project manager.

- 1.3.2 This is a fast track Project with completion deadlines that cannot reasonably be extended. For this reason, it is the desire of the Authority to recognize any likely budget overruns as soon as possible, and by this Contract it is employing the Contractor to perform design monitoring, estimating, value analysis and other functions to help the Authority meet the Project budget. At any time that the Contractor develops concerns about the integrity of the budget for the Project, the Contractor shall promptly advise the Authority of the concerns through a variance report, which shall, at a minimum, state: (i) the Contractor's concern; (ii) the apparent cause of the concern, delay, or budgetary issue; (iii) in the event of a concern about a delay, specifically demonstrate the negative impact of the delay to the critical path for the Project Plan; (iv) define any cost impacts to the Project; and (v) provide the Contractor's proposed resolution to the concern. If any estimate submitted to the Authority exceeds previously approved estimates or the Authority's budget, the Contractor shall make appropriate recommendations to the Authority.
- 1.3.3 If, using reasonable project monitoring techniques, the Contractor determines that it is unlikely or fails to meet a completion date or a cost estimate due under the Project Plan for any reason regardless of which party is at fault, in addition to any other rights and remedies that may be available to the Authority, at no additional cost to the Authority and at the Authority's option, the Contractor shall provide all necessary additional personnel at its own cost to accelerate performance as may be required or necessary to complete the activities required under the Project Plan within a re-adjusted time frame agreed to by both parties in a Change Order. The completion date shall be considered met if completed in accordance with the terms of this Contract within ten (10) working days of the originally estimated completion date. The Contractor will provide the Authority with prior written notice for any delays impacting delivery or other Services completion under the Project Plan in the form of a proposed Change Order.
- 1.3.4 The Contractor shall use its best efforts, after obtaining explicit consent from the Authority, to re-sequence the Services to overcome and/or mitigate, to the greatest practicable extent, the effect of any delays regardless of the cause of such delays. Without limiting the foregoing, the Contractor shall diligently prosecute its Services in order to meet the proposed start date for the Software despite a dispute with the Authority relating in any way to this Contract including, without limitation, any and all the Contractor's claims for modifications to the payments due to the Contractor. The Contractor and the Authority shall cooperate to resolve all disputes and to adjust the Project Plan accordingly by Contract modification in a timely manner (not to exceed two (2) weeks from the date of notice).
- 1.3.5 Should the Contractor not progress in its performance of Services at a rate commensurate with the Service Term of this Contract, or fail to meet any scheduled date under the Project Plan, the Authority may, in its sole discretion, direct the Contractor to accelerate the Services by employing additional personnel and equipment or providing overtime to existing personnel as is necessary to complete the Software by the start date, or any portion of the Software by the milestone date specified in the Project Plan. Notwithstanding any dispute, controversy, or question that might arise in the interpretation of any provision of this Contract, the performance of any Services, the delivery of any material, the payment of any monies to the Contractor, or otherwise, the Contractor agrees that it will not directly or indirectly stop or delay any Services or part thereof on its part required to be performed, nor will it stop or delay the delivery of any materials on its part required to be furnished for the Software or Deliverables, pending the determination of such dispute or controversy so long as the Authority pays the Contractor for undisputed amounts in accordance with the Contract.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

1.4 Acceptance.

- 1.4.1 Unless otherwise defined or specified in an Exhibit to this Contract, the provisions set forth in this Section 1.4 shall apply to determine the Authority's Acceptance of the On-Premises System, Software and/or Hardware.
- 1.4.2 Implementation of the On-Premises System, Software and/or Hardware shall be completed in a timely manner and appropriate tests conducted by the Authority to facilitate Acceptance of the On-Premises System, Software, and/or Hardware and each Deliverable as more fully set forth in this Exhibit and the Project Plan; provided, however, that the Authority may upon written request require that the Contractor perform testing with cooperation of the Authority.
- 1.4.3 Unless otherwise specified in the Project Plan, within thirty (30) days after installation and testing are completed, the Contractor shall certify in writing that the On-Premises System, Software and/or Hardware (as configured) conforms to the Technical Specifications and is capable of being put into full commercial productive use in accordance with the Technical Specifications and otherwise meets the functional and business requirements set forth in this Contract (the "Contractor's Certification"). The Contractor Certification shall not be issued by the Contractor unless the Contractor has completed all tasks required for the delivery, installation, configuration, deployment (including Authority Data migration) and operational testing of the On-Premises System, Software and/or Hardware and such items are ready for final testing and launch for production use by the Authority and Customers.
- 1.4.4 The On-Premises System, Software and/or Hardware shall be finally accepted by the Authority when all action items opened from the beginning of the Project through the Warranty Period are closed and each component is fully installed and operational on the Authority's facilities, network, transportation vehicles or operating environment properly configured by the Contractor, and in conformity with the requirements outlined in this Contract ("Acceptance"). The final invoice will not be issued by the Contractor until final Acceptance by the Authority. The Authority reserves the right to modify the Acceptance plan during the implementation process if it is evident that anything related to Acceptance has been missed or are not appropriate for the successful provisioning of any solution.
- 1.4.5 If there is any objection to Acceptance, the Authority will provide the Contractor with a written notice (the "Defect Notice") reasonably identifying any claimed discrepancies between the actual performance and the requirements set forth in this Contract within reasonable time after the issuance of the Contractor's Certification.
- 1.4.6 Upon receiving a Defect Notice from the Authority, the Contractor shall confer with the Authority and jointly review each asserted discrepancy to determine if the claimed discrepancy is valid. The Contractor shall promptly correct the discrepancy and resubmit the On-Premises System, Software and/or Hardware for Acceptance by the Authority for review and testing on the same basis as initially submitted. If, in the reasonable professional judgment of the Contractor such discrepancy is not valid, the Contractor shall so notify the Authority in writing.
- 1.4.7 In the event that the Authority, upon final review, does not accept the On-Premises System, Software and/or Hardware or only makes a partial acceptance thereof, the Authority may elect to: (i) accept delivery of the On-Premises System, Software and/or Hardware "AS IS" at a negotiated equitable reduction in the price and payment schedule for both the On-Premises System, Software and/or Hardware and any Maintenance Support Services; or (ii) terminate the Project and receive a refund of all fees paid in advance to the Contractor, which in such event. The Contractor shall immediately repay all fee advances paid by the Authority under the Project Plan and the Authority may retain all holdbacks.

- 1.5 Maintenance Support Services. Unless otherwise defined or specified in an Exhibit to this Contract, this Section 1.5 shall be the default provision governing and shall define the Maintenance Support Services.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 1.5.1 The Contractor shall (i) promptly notify the Authority of any errors in the On-Premises System, and/or Software of which it learns from any source; (ii) respond to user identified errors in no more than thirty (30) minutes after notification and use best efforts to provide the Authority with a practical solution or work-around to correct the problem within four (4) hours after notification, and implement corrected Updates (preferably in batch manner and in accordance with a pre-approved schedule coordinated in advance with the Authority) or other work-arounds or bypasses such that the On-Premises System and/or Software performs in all material respects in accordance with the Documentation, within 1 business day thereafter; (iii) provide to all authorized users on a 24 hours per day, 7 days per week basis, all reasonably necessary telephone, email and/or web consultation requested by them in connection with their use and operation of the On-Premises System and/or Software; and (iv) treat any Authority Data, Authority Electronic Property or any other information, code or documentation provided from users to resolve a reported problem as Confidential Information of the Authority. The Contractor will cooperate fully with the Authority's personnel in the diagnosis of any error or defect and provide status reports to the Authority regularly for as long as the problem remains unresolved.
- 1.5.2 The Contractor will periodically release Updates with minimum impact and downtime to Authority and after business hours. At no additional cost to the Authority, the Contractor will provide the Authority true and correct copies of all Updates to the On-Premises System and/or Software that are provided by the Contractor to any of its other customers purchasing Maintenance Support Services. In each case, the Contractor will provide the Authority with prior written notice (by as much time as practicable) but in no event less than fifteen (15) days of the release by the Contractor of any Updates, and if contractually obligated, will implement such Updates, but only upon receipt of written approval or request from the Authority, (including any configuration, data migration or integration thereto) for the delivery, installation and use by the Authority at no additional cost to the Authority; provided that the Contractor may proceed with Updates without prior notice to the extent necessary to prevent or correct the occurrence of a Security Incident. If the Authority requests the Contractor to test such updates, the Contractor will promptly test such update to the Authority at no additional cost. If any Update is installed, such Update will thereupon be deemed to be part of the relevant Software upon delivery subject to Acceptance by the Authority. The Authority shall have the right to not implement any Update in whole or in part (other than any Updates to correct Security Incidents). All such updates, where reasonably necessary, will be accompanied by detailed release notes, installation instructions and updated Documentation. The Contractor covenants that each Update will be backwards compatible with all parts of the On-Premises System and/or Software. The Contractor will continue to provide Maintenance Support Services during the Service Term for at least the current version and one prior major release of the Software and each version of the On-Premises System installed for the Authority.
- 1.5.3 If and only after Contractor's execution of an agreement to abide by Authority's security policy and to the extent thereafter authorized or approved in writing by the Authority, the Contractor may remotely access the On-Premises System and/or Software using the Authority Electronic Property in order to perform Maintenance Support Services, in a manner least disruptive to the Authority's business. The Contractor shall notify the Authority in advance of any remote access.
- 1.5.4 The Contractor shall provide the following Maintenance Support Services for the Hardware during and after the expiration of the applicable Warranty Period: (i) promptly issue Return Material Authorizations for Hardware; (ii) repair, test, configure and return the Hardware to the Authority in operational condition; and (iii) provide for the deployment and optionally installation of replacement Hardware. The Authority is responsible for costs for the shipment of the Hardware to the Contractor or its designated repair facility using best commercial practices in the packaging and shipment of the Hardware, after the expiration of the Warranty Period. Defects in Hardware shall be reporting using the response

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

procedures specified for the Software above, unless otherwise specified in writing by the parties.

- 1.6 Additional Representations and Warranties. In addition to all other representations, warranties, and covenants included in this Contract, Contractor represents, warrants, and covenants, for itself, its employees, subcontractors and agents that:
- 1.6.1 it is not contractually prohibited from engaging in the Services or providing the Deliverables, and that it is not a party to any contract or under any obligation which conflicts with the terms of this Contract or which prohibits Contractor from carrying out its responsibilities under this Contract;
 - 1.6.2 it is fully able to furnish the Services as contemplated by this Contract;
 - 1.6.3 there are no contracts to which it is a party which would prevent its timely and complete performance of the terms and conditions of the Contract, and the Contractor agrees not to enter into any such contract during the pendency of this Contract;
 - 1.6.4 it is experienced in the type of engineering necessary for completion of the Project, and it understands the complexity involved in this type of project and the necessity of coordination of its Services Authority project stakeholders within which the Project will be performed;
 - 1.6.5 the On-Premises System and/or Software will not contain any Malware, and any Updates likewise will not contain any Malware;
 - 1.6.6 the On-Premises System, Software and/or Hardware will not contain any security mechanisms, including, but not limited to, copy protect mechanisms, encryptions, time-activated disabling devices or other codes, instructions or devices which may disable the features, components or other software or erase or corrupt data;
 - 1.6.7 the On-Premises System, Software and/or Hardware will comply with all Applicable Laws at all times from the date of Acceptance to the expiration of the applicable License Term;
 - 1.6.8 with respect to the On-Premises System, Software and/or Hardware, (i) all modules and other materials (other than third party software and hardware sufficiently documented to the Authority with evidence of proper licensing thereof and preapproved by the Authority) will be original; (ii) there is, and on the date of Acceptance will be, no claim, litigation or proceeding pending or threatened against the Contractor with respect to the On-Premises System, Software and/or Hardware, or any component thereof, alleging infringement or misappropriation of any patent, copyright, trade secret, trademark or any other personal or proprietary right of any third party in any country; and (iii) the On-Premises System, Software and/or Hardware, and any use thereof, shall not infringe upon any patent, copyright, trade secret, trademark or any other personal or proprietary right of any third party in any country; and
 - 1.6.9 the On-Premises System and/or Software will not contain or otherwise be developed using any Open Source Software (as defined below) in a manner that subjects the Authority to any license obligations of such Open Source Software. "Open Source Software" means any software licensed under terms requiring that other software combined or use or distributed with such software: (i) be disclosed or distributed in source code form, or (ii) be licensed on terms inconsistent with the terms of this Contract.
- 1.7 Additional Warranty Remedies. The Authority is entitled to all warranties implied by law or regulation. These warranties shall survive any inspection, testing, acceptance and payment by the Authority for the Services and are in addition to, and shall not be construed as restricting or limiting the warranties of the Contractor, express or implied, that are provided by law or exist by operation of law. For any breach of the warranties contained in this Section, the Authority's remedy, in addition to all remedies available at law or in equity, shall be:
- 1.7.1 For the On-Premises System. The correction of Software errors or Hardware malfunctions in the On-Premises System that cause breach of the warranty. If the Contractor is unable to provide such corrections or otherwise make the On-Premises System operate as

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

warranted within the periods specified in this Contract, the Authority shall be entitled to terminate this Contract with respect to the affected component and recover a prorated amount paid to the Contractor based on each component, which prorated amount will be calculated based on a useful life of five years from the date of final Acceptance. If, however, the loss of functionality cause by such error impacts the overall turn-key system performance of the On-Premises System, then the Authority shall be entitled to terminate this Contract with respect to the On-Premises System and recover all amounts paid to the Contractor by the Authority. The Contractor shall not be responsible or liable for any errors that are determined to be attributable to the Authority's failure to comply with any user requirements under the applicable Technical Specifications, or any Force Majeure event.

- 1.7.2 For the Software. The correction of errors in the Software that cause breach of the warranty. If the Contractor is unable to provide such error corrections or otherwise make the Software operate as warranted within the periods specified in this Contract, the Authority shall be entitled to terminate this Contract with respect to the affected feature and recover a prorated amount paid to the Contractor based on each feature, which prorated amount will be calculated based on a useful life of five years from the date of final Acceptance. If, however, the loss of functionality cause by such error impacts the overall performance of the Software, then the Authority shall be entitled to terminate this Contract with respect to all components of the Software and recover all amounts paid to the Contractor by the Authority. The Contractor shall not be responsible or liable for any errors that are determined to be attributable to the Authority's failure to comply with any user requirements under the applicable Technical Specifications, or any Force Majeure event.
- 1.7.3 For Hardware. The repair or replacement of Hardware with any defects in material and workmanship for a period of ninety (90) days following the date of delivery and/or the completion of each repair. If any unit requires repair for the same failure as identified during the preceding repair during this period due to defective material and/or workmanship, Contractor shall, solely at its option, repair the defective unit free of charge or provide a replacement in exchange for the defective unit.
- 1.7.4 For Maintenance Support Services. The satisfactory re-performance of the Maintenance Support Services within thirty (30) days following the Authority's notice to the Contractor that the Maintenance Support Services were not performed satisfactorily. If the Maintenance Support Services are repeatedly performed in an unsatisfactory manner or if the Contractor is unable to perform the Maintenance Support Services as warranted, the Authority shall be entitled to recover the fees paid to the Contractor's for the unsatisfactory Maintenance Support Services; however, if the failure of the Contractor to satisfactorily perform the Maintenance Support Services substantially impairs the utility of the On-Premises System, Software and/or Hardware to the Authority, the Authority shall be entitled to terminate this Contract and recover all Maintenance Support Services fees paid to the Contractor by the Authority.
- 1.7.5 For Services (Other than Maintenance Support Services). The satisfactory re-performance of the Services within ten (10) days (or such other reasonable period of time approved by the parties in writing) following the Authority's notice to the Contractor that the Services were not performed satisfactorily in accordance with the Project Plan.

1.8 Intellectual Property Rights.

- 1.8.1 The Contractor hereby grants to the Authority, Customers (but only in their capacity as Customers), and third-party service providers providing services to the Authority (but only in their capacity as the Authority's service providers) a non-exclusive, worldwide, royalty-free license to copy, install, modify and use the On-Premises System and/or Software (including all Updates) during the License Term. Such license shall be enterprise-wide for an unlimited number of users or transactions, unless otherwise limited in an Exhibit to this Contract. The Authority may allow its contractors and service providers to host and use the On-Premises System and/or Software in the course of performing services for the

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

Authority, including application development services, hosting services, data processing and transportation vehicle and facilities management services.

- 1.8.2 As between the Contractor and the Authority (i.e., without addressing rights of third parties), the Authority is the sole owner of all rights, title and interest in and to any Authority Data and Authority Electronic Property and all Deliverables (excluding the Contractor Technology included in or embodied in the Deliverables), together with all improvements, derivative works or enhancements to any of the foregoing and all Intellectual Property Rights related thereto ("Authority IP"). Except as expressly authorized in this Exhibit in the performance of the Services solely for the benefit of the Authority or Customers, the Contractor may not use, edit, modify, create derivatives, combinations or compilations of, combine, associate, synthesize, re-identify, reverse engineer, reproduce, display, distribute, disclose, sell or Process any Authority Data or Authority Electronic Property. The Contractor will not use any Authority Data or Authority Electronic Property in a manner that is harmful to the Authority. To the extent possible, the Deliverables (excluding any Contractor Technology embodied therein) shall be a work made for hire specifically commissioned for the Authority. In order to protect and preserve the Authority's rights, the Contractor hereby irrevocably and unconditionally assigns and transfers to the Authority all right, title and interest in and to the Authority IP that the Contractor may acquire without further consideration.
- 1.8.3 As between the parties, and except for the licenses or rights granted or as otherwise provided in this Contract, the Contractor retains all right, title and interest in and to the On-Premises System and Software and all Intellectual Property Rights related thereto. The Contractor grants to the Authority a non-exclusive, perpetual, royalty free, fully paid up, irrevocable, and transferable license, with the right to sublicense, in and to any Contractor Technology embodied in the Deliverables for the Authority and its Customers and service providers to exercise and exploit its and their ownership rights in the Deliverables in any manner. The foregoing license does not authorize the Authority to separate any Contractor Technology from the Deliverable in which it is incorporated for creating a standalone product for marketing to others.
- 1.8.4 The Contractor further agrees to perform all obligations set forth in the Authority's Proprietary Rights and Data Security Exhibit attached to this Exhibit.
2. Proprietary Information and Non-Disclosure.
- 2.1 The Contractor acknowledges and agrees that this Contract creates a relationship of confidence and trust on the part of the Contractor for the benefit of the Authority. During the Term of this Contract, the Contractor may acquire certain "Confidential Information" (as defined herein) from or regarding the Authority employees, agents and representatives or documents, or otherwise as a result of performing the Services of the Contractor hereunder.
- 2.2 "Confidential Information" as used herein, shall mean and include, without limitation:
- 2.2.1 Any information concerning the Authority or the Project, which is provided by the Authority or any Project team members to the Contractor, such as accounting and financial data, product, marketing, development, pricing and related business plans and budgets, and all of the information and plans related to the Project, which are not published;
- 2.2.2 All Authority Data and Authority Electronic Property; and
- 2.2.3 All Deliverables (including without limitation all work in progress) excluding the On-Premises System, Software and any Contractor Technology included or embodied therein.
- 2.3 The Contractor acknowledges and agrees that all such Confidential Information is and shall be deemed the sole, exclusive, confidential and proprietary property and trade secrets of the Authority at all times during the Service Term of this Contract and following any expiration or termination hereof. The Contractor agrees to hold in confidence without disclosing or otherwise

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

using any Confidential Information, except as such disclosure or use may be required in connection with and limited to the Services of the Contractor hereunder.

- 2.4 The Contractor acknowledges and agrees that the Authority would not have entered into this Contract unless the Authority was assured that all such Confidential Information would be held in confidence by the Contractor in trust for the sole benefit of the Authority.
- 2.5 The Contractor shall not improperly use or disclose any proprietary information or trade secrets of any third party and will not bring on to the premises of the Authority any unpublished documents or any property belonging to any third party unless consented to in writing by the third party.
- 2.6 The Contractor's obligation of confidentiality hereunder shall not apply to information that: (i) is already in the Contractor's possession without an obligation of confidentiality; (ii) is rightfully disclosed to the Contractor's by a third party with no obligation of confidentiality; or (iii) is required to be disclosed by court or regulatory order, provided the Contractor's gives the Authority prompt notice of any such order.
- 2.7 The Authority shall have the perpetual and unrestricted right to use, copy, and incorporate into other works all reports, materials, presentations and other work product prepared by the Contractor and delivered to the Authority.
- 2.8 Upon any termination or expiration of this Contract, the Contractor agrees to deliver to the Authority any and all Confidential Information except that the Contractor may keep one file copy of any Confidential Information pertinent to its rights and obligations surviving the expiration or termination of this Contract, which copy shall be held in confidence in accordance with this Section.
3. Use of Authority's Name. The Contractor agrees not to make any written use of or reference to the Authority's name for any marketing, public relation, advertising, display or other business purpose or make any use of the Authority Data or Authority Electronic Property for any activity unrelated to the express business purposes and interests of the Authority under this Contract, without the prior written consent of the Authority.
4. Specific Performance. The Contractor acknowledges and agrees that the remedy at law for the breach of provisions of this Contract (particularly with respect to ownership of intellectual property and Confidential Information) may be inadequate and that the Authority may be entitled to injunctive relief without bond, in addition to any other rights or remedies which the Authority may have for such breach.
5. Indemnification. In addition to general indemnification set forth elsewhere in the Contract, the following indemnification obligations shall apply:
 - 5.1 The Contractor shall indemnify, defend and hold harmless the Authority and its affiliates and their trustees, directors, officers, employees, Customers and agents from and against any and all Damages of any nature or kind to the extent arising out of, caused by, or resulting from: (i) any bodily injury or death of any person incurred by the Authority or any third party resulting from the negligence or willful misconduct of the Contractor or its employees, contractors or representatives; (ii) any failure of the On-Premises System, Software and/or Hardware to conform with Applicable Laws or the Technical Specifications or other requirements set forth in this Contract; (iii) any Security Incident; and (iv) any actual or alleged violation, infringement or misappropriation of any copyright, patent, trademark, trade secret, product name, right of privacy or persona or other intellectual property right and proprietary right of a third party related to the Services and the On-Premises System, Software and/or Hardware regardless of whether or not such claim, damage, loss, or expense is caused in part by any indemnitee. In particular, the Contractor acknowledges that the Contractor's obligation to indemnify the Authority extends to any liability arising out of any actual negligence by the Contractor in the delivery of any products or services under this Contract. Notwithstanding the foregoing, the Contractor shall not be liable to an indemnitee for any losses incurred by such indemnitee to the extent such claim is attributable solely to that indemnitee's sole negligence.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 5.2 If the On-Premises System, Software and/or Hardware is held to infringe or it is believed by the Authority to infringe the rights of others, the Contractor's will, at its expense and upon the Authority's request, to: (i) modify the infringing item to be non-infringing so long as the utility or performance of the On-Premises System, Software and/or Hardware is not materially impaired and the On-Premises System, Software and/or Hardware continues to conform to the Technical Specifications and the Authority's original requirements in all respects, subject to the Authority's approval; or (ii) obtain for the Authority a license to continue using the infringing item.
- 5.3 The indemnity obligations contained in this Section shall survive the termination, suspension, abandonment and/or completion of this Contract.
6. Approval. Any approval given by the Authority shall not relieve the Contractor of its obligations and other duties under this Contract or be construed as an assumption or waiver by the Authority.
7. Waivers. No failure by the Authority to insist upon the performance by the Contractor of any provision of this Contract, and no failure of the Authority to exercise any right or remedy consequent upon a breach or other default, and no payment by the Authority or its use of the Software or the Project during the continuance of any breach or other default, shall constitute a waiver of the Contractor's breach or default or of any provision of this Contract.
8. UCITA. Neither the Uniform Computer Information Transactions Act nor any state laws incorporating such Act apply to this Contract or the transactions contemplated hereunder.

EXHIBIT J

PROPRIETARY RIGHTS AND DATA SECURITY ADDENDUM

Capital Metro Transportation Authority (“the Authority”) has invested extensive time, money and specialized resources into developing, collecting and establishing its tangible and intangible proprietary assets. This Proprietary Rights and Data Security Addendum (this “Addendum”) identifies and acknowledges the Authority’s proprietary rights, establishes baseline commitments regarding data security and represents a set of standard terms applicable to service providers and business partners when they enter into contracts with the Authority. Capitalized terms used in this Addendum have the meanings set forth in the Agreement, unless differently defined in this Addendum. The Contractor is responsible for ensuring compliance with the terms of this Addendum by the Contractor’s employees, agents and contractors and all of the restrictions and obligations in this Addendum that apply to the Contractor also apply to the Contractor’s employees, agents and contractors. The term “including” or “includes” means including without limiting the generality of any description to which such term relates.

1. Definitions. The following terms will have the meanings described below in this Addendum.

“Authority Data” means all data, content or information, in any form or format, including interim, Processed, compiled, summarized, or derivative versions of such data, content or information, and any insights that may be learned from such data, content or information, that may exist in any system, database, or record that is either (i) provided by or on behalf of the Authority or its customers to the Contractor, or (ii) is obtained, developed, produced or Processed by the Contractor or its systems, in each of (i) and (ii) in connection with the relationship or arrangements established by the Agreement, but excluding any data or information that is expressly defined as owned by the Contractor in the Agreement.

“Authority Electronic Property” means (i) any websites controlled by the Authority, (ii) any Authority mobile device apps, (iii) any other kiosks, devices or properties for consumer interaction that are created, owned, or controlled by the Authority, and (iv) versions and successors of the foregoing, any form or format now known or later developed, that may be used by the Authority’s customers.

“Data Law” means, as in effect from time to time, any law, rule, regulation, declaration, decree, directive, statute or other enactment, order, mandate or resolution, which is applicable to either the Contractor or the Authority, issued or enacted by any national, state, county, municipal, local, or other government or bureau, court, commission, board, authority, or agency, relating to data security, data protection and/or privacy. Data Laws also include ISO 27001 and ISO 27002, the most current Payment Card Industry Data Security Standard (the “**PCI DSS**”); and other industry standard practices.

“Personal Identifying Information” means any data that identifies or could be used to identify a natural person, including name, mailing address, phone number, fax number, email address, Social Security number, credit card or other payment data, date of birth, driver’s license number, account number or user ID, PIN, or password.

“Process” or **“Processing”** means, with respect to Authority Data, to collect, access, use, process, modify, copy, analyze, disclose, transmit, transfer, sell, rent, store, or retain or destroy such data in any form. For the avoidance of doubt, “Process” includes the compilation or correlation of Authority Data with information from other sources and the application of algorithmic analysis to create new or derivative data sets from Authority Data.

“Remediation Efforts” means, with respect to any Security Incident, activities designed to remedy a Security Incident which may be required by a Data Law or by the Authority’s or the Contractor’s policies or procedures, or which may otherwise be necessary, reasonable or appropriate under the circumstances, commensurate with the nature of such Security Incident. Remediation Efforts may include: (i) development and delivery of legal notices to affected individuals or other third parties; (ii) establishment and operation of toll-free telephone numbers for affected individuals to receive specific information and assistance; (iii)

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

procurement of credit monitoring, credit or identity repair services and identity theft insurance from third parties that provide such services for affected individuals; (iv) provision of identity theft insurance for affected individuals; (v) cooperation with and response to regulatory, government and/or law enforcement inquiries and other similar actions; (vi) undertaking of investigations (internal or in cooperation with a governmental body) of such Security Incident, including forensics; (vii) public relations and other crisis management services; and (viii) cooperation with and response to litigation with respect to such Security Incident (including, but not limited to, class action suits or similar proceedings); and in each case of examples (i) through (viii), payment of legal costs, disbursements, fines, settlements and damages.

“Security Policies” means statements of direction for Security Requirements and mandating compliance with applicable Data Laws. Typically, Security Policies are high level instructions to management on how an organization is to be run with respect to Security Requirements.

“Security Procedures” means statements of the step-by-step actions taken to achieve and maintain compliance with Security Requirements.

“Security Requirements” means the security requirements set forth below in Section 7 of this Addendum.

“Security Technical Controls” means any specific hardware, software or administrative mechanisms necessary to implement, maintain, comply with and enforce the Security Requirements. Security Technical Controls specify technologies, methodologies, implementation procedures, and other detailed factors or other processes to be used to implement and maintain Security Policies and Procedures relevant to specific groups, individuals, or technologies.

2. **Authority Marks, Patents and Copyrights.** The Contractor will not: (i) use or register any domain name that is identical to or confusingly similar to any of trademarks, service marks, logos or other source identifiers owned or used by the Authority (the “Authority Marks”); or (ii) create, acquire, license, or support any internet keyword or search term that contains any Authority Marks or other intellectual property rights owned or licensed by the Authority.

3. **Authority Data.** As between the Contractor and the Authority (*i.e.*, without addressing rights of third parties), the Authority is the sole owner of all rights, title and interest in and to Authority Data. Except as expressly authorized in the Agreement, the Contractor may not use, edit, modify, create derivatives, combinations or compilations of, combine, associate, synthesize, re-identify, reverse engineer, reproduce, display, distribute, disclose, sell or Process any Authority Data. The Contractor will not use Authority Data in a manner that is harmful to the Authority.

4. **Personal Identifying Information.** The Contractor will comply with any Data Laws relating to the use, safeguarding, or Processing of any Personal Identifying Information, including any requirement to give notice to or obtain consent of the individual. In Processing any Personal Identifying Information, the Contractor will at all times comply with any posted privacy policy or other representations made to the person to whom the information is identifiable, and to communicate any limitations required thereby to any authorized receiving party (including any modifications thereto) in compliance with all Data Laws. The Contractor will ensure that any such receiving party abides by any such limitations, in addition to the requirements of the Agreement. Notwithstanding the foregoing, the Contractor represents and warrants that Personal Identifying Information will not be Processed, transmitted, or stored outside of the U.S.

5. **No Implied Rights.** No right, license, permission, or ownership or other interest of any kind in or to any Authority Data or other intellectual property rights owned or licensed by the Authority is or is intended to be given or transferred to or acquired by the Contractor except as expressly stated in writing in the Agreement.

6. **Prohibited Internet Practices.** The Contractor will not, and will not authorize or encourage any third party to, directly or indirectly: (i) use any automated, deceptive or fraudulent means to generate impressions, click-throughs, or any other actions in relation to advertisements or Internet promotions on

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

Authority Electronic Property or in relation to advertisements or Internet promotions of the Authority (or its products or services) on third party websites; or (ii) collect or Process data from an Authority Electronic Property other than as has been expressly authorized by the Authority in the Agreement or another written agreement with the Authority. Except as expressly allowed in the Agreement, the Contractor will not "screen-scrape" Authority Electronic Property or conduct any automated extraction of data from Authority Electronic Property or tracking of activity on Authority Electronic Property.

7. Security Requirements. The Contractor will apply reasonable physical, technical and administrative safeguards for Authority Data that is in the Contractor's possession or control in order to protect the same from unauthorized Processing, destruction, modification, or use that would violate the Agreement or any Data Law. The Contractor represents and warrants that the Security Policies, Security Procedures and Security Technical Controls as they pertain to the services being rendered to the Authority by the Contractor or its subcontractors and any Processing of Authority Data by the Contractor or its subcontractors will at all times be in material compliance with all Data Laws. In addition, the Contractor will require any of its employees, agents or contractors with access to Authority Data to adhere to any applicable Data Laws, and the Contractor represents and warrants that such employees, agents and contractors have not been involved in any violation of applicable Data Laws in the twenty-four months before the Effective Date. The Contractor will take into account the sensitivity of any Authority Data in the Contractor's possession in determining reasonable controls used to safeguard such Authority Data.

8. Data Segregation and Access. The Contractor will physically or logically segregate stored Authority Data from other data and will ensure that access to Authority Data is restricted to only authorized personnel through security measures. The Contractor will establish and maintain appropriate internal policies, procedures and systems that are reasonably designed to prevent the inappropriate use or disclosure of Authority Data.

9. PCI Compliance. If the Contractor Processes payment card data, cardholder data, or sensitive authentication data on behalf of the Authority or if the Contractor otherwise can impact the security of said data belonging to the Authority, the Contractor is responsible for the security of said data. The Contractor represents and warrants that it has performed an assessment to confirm that the material aspects of the Contractor's Security Policies, Security Procedures and Security Technical Controls (as they pertain to the services being rendered to the Authority by the Contractor or its subcontractors and any Processing of Authority Data by the Contractor or its subcontractors) comply with the PCI DSS and the Contractor will repeat this assessment each year during the Term. The Contractor will provide certification of compliance with this requirement upon request from the Authority.

10. Security Reviews and Audits. The Contractor will, upon request, provide the Authority with reports of any audits performed on the Contractor's Security Policies, Security Procedures or Security Technical Controls. At a minimum, such reports will include any certifications of the Contractor's agents and contractors. Additionally, the Contractor will respond within a reasonable time period to any inquiries from the Authority relating to the Contractor's and its agents' and contractors' Security Policies, Security Procedures and Security Technical Controls. The Contractor will, upon the Authority's request, provide the Authority or its representatives access to the Contractor's and its agents' and contractors' systems, records, processes and practices that involve Processing of Authority Data so that an audit may be conducted. The Authority will not exercise such audit right more frequently than once per twelve (12) month period and the Authority will bear the full cost and expense of any such audit, unless such audit discloses a Security Incident or a breach of this Addendum or the Agreement, in which case the Contractor will bear the full cost and expense of such audit and a further audit may be conducted by the Authority or its representatives within the current twelve (12) month period.

11. Security Incidents. The Contractor will promptly notify the Authority upon discovering or otherwise learning of a Security Incident. Following any Security Incident, the Contractor will consult in good faith with the Authority regarding Remediation Efforts that may be necessary and reasonable. The Contractor will (i) at the Authority's direction undertake Remediation Efforts at the Contractor's sole expense and reimburse the Authority for its reasonable costs and expenses in connection with any Remediation Efforts it elects to undertake, (ii) ensure that such Remediation Efforts provide for, without limitation, prevention of

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

the recurrence of the same type of Security Incident, and (iii) reasonably cooperate with any Remediation Efforts undertaken by the Authority.

12. Liability for Security Incidents and/or Data Misuse. The Contractor will indemnify, defend and hold harmless the Authority and its officers, directors, employees, agents and contractors (each an "Authority Indemnitee") from and against any Losses incurred by such Authority Indemnitee as a result of any claim, demand, suit, action, investigation, allegation or any other proceeding (collectively, "**Claims**") arising out of or relating to: (i) any Security Incident and/or (ii) the Contractor's or its employees', agents' or contractors' breach of any of the terms, conditions or obligations relating to data security, privacy, or Authority Data set forth in the Agreement or this Addendum. However, if the Contractor can demonstrate through clear and convincing evidence that the Authority was the sole cause of a Security Incident and the Contractor was fully compliant with its obligations, then this Section will not apply to such Security Incident. For the purposes of this Section, Losses will include, without limitation, the cost of Remediation Efforts. The Contractor's obligations in this Section are in addition to any indemnification or similar obligations that the Contractor may have under the Agreement. The rights and remedies of the Authority under this Addendum will not be subject to any limitation or exclusion of actions or remedies or any other similar limiting provisions stated in the Agreement. Without limiting the foregoing: (a) there will be no limitations or exclusions on the Contractor's liability arising under this Addendum, the Agreement or otherwise relating to Claims pertaining to privacy, security, or confidentiality or relating to unauthorized use of Authority Data, and (b) the Contractor will be liable for all obligations under this Section and for reimbursement of Losses for Remediation Efforts regardless of whether such amounts are characterized by any person, court or other third party as direct, indirect, consequential, special, or punitive damages.

13. Notice to the Authority Customers and Employees. Any notifications to any of the Authority's customers or employees regarding Security Incidents will be handled exclusively by the Authority and the Contractor may not under any circumstances contact the Authority's customers or employees relating to such Security Incident unless the Contractor is under a legal obligation to do so, in which event (i) the Contractor must notify the Authority in writing promptly after concluding that the Contractor has the legal obligation to notify such customers or employees and explain in such notice to the Authority the basis for the legal obligation and (ii) the Contractor will limit the notices to any of the Authority's customers and employees to those required by the legal obligation or as pre-approved by the Authority. The Contractor will reasonably cooperate in connection with notices to the Authority's customers and employees regarding a Security Incident and the Contractor will assist with sending such notices if so requested by the Authority.

14. Equitable Relief. The Contractor acknowledges that the Authority may have no adequate remedy at law if there is a breach or threatened breach of any of the obligations set forth in this Addendum and, accordingly, that the Authority may, in addition to any legal or other remedies available to the Authority, seek injunctive or other equitable relief to prevent or remedy such breach without requirement of a bond or notice. The Contractor will not object or defend against such action on the basis that monetary damages would provide an adequate remedy.

EXHIBIT K SERVICES SUPPORT AGREEMENT TEMPLATE

INSTRUCTIONS: Please use this template to complete a **DRAFT Services Support Agreement** to submit with your Technical Proposal. Complete the draft SSA, as applicable for the solution that is being offered. Some specific sections may not be relevant for the scope of this SSP but are provided to help articulate the level of detail requested by Cap Metro.

SERVICES SUPPORT AGREEMENT

This Services Support Agreement (“SSA”) is made effective upon date of signature

BETWEEN:

URBAN TRANSPORTATION ASSOCIATES, INC

(“Contractor”)

- and -

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(“Client”)

In consideration of the mutual covenants set out in this SSA and for other good and valuable consideration (the receipt and sufficiency of which is hereby acknowledged), the parties agree as follows:

1. **Services.** In accordance with the terms of this SSA, Contractor shall furnish the Services to Client.
2. **Applicability of this SSA.** Client and Contractor are parties to certain existing contracts (i.e., contract number 306839 and Amendments) to which a certain warranty and maintenance/services agreement has, to date, provided the relevant terms and conditions related to the Contractor’s warranty and maintenance for all deliverables and services provided and/or rendered by Contractor to Client under those certain existing contracts. The parties hereby agree that as of the Effective Date above, this SSA now supersedes Contractor’s prior warranty and maintenance/services agreements for such existing contracts and shall be applicable to each current existing contract addressed above and to all future contracts for deliverables and systems related to the Ridership Software System provided by Contractor to Client under the foregoing existing contracts, unless otherwise agreed in a separate agreement executed by both parties.
3. **Definitions.** The following words shall be defined as set forth herein:
 - a. **Acknowledgement Time** is defined as the time between when the Client notifies the Contractor of an issue and the Contractor acknowledges that it has received the communication.
 - b. **Back Office** is defined as an Internet accessible site for administration and reporting features available to the Client User. The Back Office is hosted by Contractor on one or more cloud-hosted servers.
 - c. **Client** is defined as Capital Metropolitan Transportation Authority, a political subdivision of the State of Texas.

-Client User(s) is defined as any staff member of Client who accesses the Back Office to perform his or her job responsibilities.

Contractor is defined as Urban Transportation Associates INC, with its principal place of business 4240 Airport Rd, 212, Cincinnati, Oh 45226. Sandesh Samdaria, 5139610099 sandesh@utatransit.net This includes any and all subcontractors.

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

- a. **Critical Updates** are defined as updates to the software or infrastructure which are required to patch known security vulnerabilities or software bugs.
- b. **Disincentives** are defined as a fixed dollar amount for the Contractor's failure to perform its obligations, which amount shall be deducted from the amounts owing Contractor. They will only be assessed on failures to meet MTTR.
- c. **End User** is defined as anyone that accesses Contractor provided Ridership Software and Services. End Users may be referred to as customers in this SSA.
- d. **External Interface** is defined as a third party's software that communicates to the Services.
- e. **Field Services** is defined as the services provided by the Contractor or subcontractor for the ongoing maintenance of the Ridership Software and Services as found in Section 5 c of this SSA.
- f. **Hardware** is defined as the APC provided by the Contractor Orbital.
- g. **Help Desk** is defined as a component of Client's customer service center focused on End User support and may include phone, email, and online support directly for End Users for issues and questions with use of Client's services. The Help Desk is typically regarded as Level 1 troubleshooting before being escalated to the Service Desk.
- h. **Holidays** is defined as New Year's Day*, Martin Luther King, Jr. Day*, Memorial Day, Juneteenth*, Independence Day*, Labor Day, Veterans Day, Thanksgiving Day, Friday after Thanksgiving Day, Christmas Day* (* may be the prior Friday or following Monday if it falls on a weekend; holidays may be adjusted). NOTE: These are Cap Metro holidays for 2021
- i. **Information Technology Infrastructure Library (ITIL)** is defined as a set of detailed standard practices for IT service management.
- j. **Mean Time to Repair (MTTR)** is defined as the amount of time used by the Contractor to troubleshoot and completely repair an issue.
- k. **Non-Critical Update** is defined as an Update to the Services or Services' infrastructure which is recommended to patch a software bug which may or may not affect a small number of users or systems.
- l. **Operations Plan or Procedures** is defined as the detailed processes and procedures for contracting, operations of maintenance and daily operations (see: XXXXX Operations Plan Capital Metro XXXs).
- m. **Outage** is defined as the unavailability of the basic functionalities and shall include the inability for End Users to purchase a ticket or conduct a transaction from an individual XXX.
- n. **Patch Management** is defined as the process of managing recommended critical and non-critical updates while minimizing the effect to the Services.
- o. **Response Time to Site** is defined as the amount of time the Contractor may require to send personnel to a site to begin diagnosing and fixing an issue.
- p. **Return Authorization Merchandise (RMA)** – Specific provisions for return or equipment or spare parts (should be detailed in the Contract and Procedures).

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

- q. **Services** is defined as all hosting services, Support Services, and the System Maintenance Services.
 - r. **Service Desk** is defined as the Contractor's single primary point of contact for all issues and questions from Client. All issues, including issues related to field maintenance, are automatically logged and tracked by the Service Desk following ITIL standards. Unresolved or ongoing issues are automatically escalated within the Service Desk to the appropriate resources and management. The Service Desk is available to Client according to the coverage schedule outlined in this SSA.
 - s. **Service Levels (or SLA)** is defined as the levels of service that will be maintained by the Contractor for both Software and Hardware on an ongoing basis.
 - t. **Software** is defined as the collective Contractor-provided solution, which includes, but is not limited to, the systems listed in Appendix A to this Agreement; Software includes any integrations with 3rd-party systems (e.g. SPSS).
 - u. **Spare Parts (Hardware)** – Should be detailed in the Contract and Procedures.
 - v. **Support Services** shall have the meaning ascribed to it in Section 4 of this SSA.
 - w. **System Maintenance Services** shall have the meaning ascribed to it in Section 5 of this SSA.
 - x. **XXXs (XXX)** – System of hardware and software that allows customers to XXXXX.
 - y. **Update(s)** is defined as software modifications to maintain functionality or address bugs.
 - z. **Upgrades** are defined as Software modifications which introduce new features or functionality.
 - aa. **User Acceptance Testing** is defined as a phase of software development in which the Software is tested by Client Users prior to release to the production environment.
 - bb. **Vulnerabilities** is defined as a weakness in the Software in which an attacker with knowledge and means may exploit.
 - cc. **Workaround Time** is defined as a solution to remedy an issue in order that the Software can perform some basic functionality.
4. **Support Services.** Contractor shall furnish all of the following support services in connection with the SSA (the "**Support Services**");
- a. Client User Support.
 - 1) Client User support shall be provided to the extent it requires troubleshooting functionality related to the Software and the troubleshooting cannot be accomplished by the Client.
 - 2) Client Users shall direct all support requests to the Service Desk. Such requests shall be resolved based on their priority level as defined below.
 - b. Field Support.
 - 1) Field support shall be provided for all troubleshooting functionality related to the Software and Hardware of the XXXs.

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

- 2) Client Users shall direct all support requests to the Service Desk. Such requests shall be resolved based on their priority level as defined below.
5. **System Maintenance Services.** Contractor shall furnish all of the following maintenance services in connection with the SSA (the “**System Maintenance Services**”):
 - a. General Maintenance. Contractor shall complete all routine maintenance for all Software and Hardware. The need for and schedule of routine maintenance shall be determined by Contractor in its sole and absolute discretion, with the exception of scheduled maintenance of the XXXs as outlined in the attached Operations/Procedures Plan.
 - b. Updates.
 - 1) Critical Software Updates shall be performed by Contractor as soon as possible, but not later than twenty-four (24) hours after Contractor is notified by Client of an issue requiring a Critical Update to resolve. Whether a Critical Update is required to resolve a reported issue shall be determined by the Contractor in its sole and absolute discretion.
 - 2) Non-Critical Software Updates will be performed by Contractor on a pre-determined schedule mutually agreed to by the parties to minimize impact to production environment. The need for Non-Critical updates shall be determined by Contractor in its sole and absolute discretion.
 - 3) Software Patch Management shall be provided by Contractor, including critical security patch updates for Contractor server operating systems applied and managed, including scheduled server restarts. The need for Patch Management shall be determined by Contractor in its sole and absolute discretion.
 - 4) Contractor shall complete a Request for Change (RFC) and submit it to the Client for approval in advance of making any change. See RFP Template Appendix B
6. **Client Responsibilities.**
 - a. Authorized Users. The Client shall administer user access to the Contractor’s Software. The Client acknowledges and agrees it is solely responsible for maintaining the confidentiality and security of system access credentials, including usernames and passwords.
 - b. Acceptable Usage. The Client shall ensure Contractor’s Software is used only in accordance with its intended use and shall ensure Contractor’s Software is used in accordance with any terms and conditions or instructions provided by Contractor related to the use thereof. The Client is responsible for all activity that occurs under their account.
 - c. Point of Contact. The Client shall designate one primary and one alternate point of contact and communicate the initial contacts to the Contractor in writing. The Client will have the ability to modify their primary and alternate contact points through the Service Desk.
7. **Service Levels – Hardware (N/A)**
8. **Service Levels – Services**

The following severity levels will be adhered to in order to ensure 98% or greater availability to customers of the entire system or services. Disincentives have been added to ensure that service levels and availability remain high.

EXHIBIT K SERVICES SUPPORT AGREEMENT TEMPLATE

Severity Level	Example	Acknowledgement Time	Workaround Time*	Mean Time to Repair (MTTR)*	Disincentive Assessed
1 – Critical	Services is interrupted or unavailable	30 Minutes	1 Hour	2 Hours	N/A
2 – Major	Server or Database needs to be upgraded	30 Minutes	12 Hours	Current planned release	N/A
3 – Medium	Security patches	1 Day	5 Business days	Scheduled as part of next release	N/A
4 – Minor	System is upgraded	1 Day	N/A	Incorporated into future release	N/A

* Acknowledgement, Response, and MTTR are service hours for Services support are defined as 24x7x365, including holidays.

In addition, for Critical and Major severity level issues, Contractor shall provide Client regular updates every thirty (30) minutes until a Workaround has been implemented.

Medium and Minor severity level issues are handled during normal business hours: 8 a.m. to 5 p.m. Central Time, Monday-Friday, excluding U.S. National Holidays.

9. Additional Service Hours

Additional service hours for Software support are provided within this SSA for on-call support for up to 6 special events (e.g.SXSW, ACL) for a period of 8 weeks annually. Client will notify CMTA at least 4 weeks prior to the event to request additional service hours. Additional service hours will be limited to up to 30 hours per year.

Any additional optional hourly “on-call” hours have been priced in the proposal.

10. Exclusions and Limitations to this SSA.

- a. Exclusions. The following items are specifically excluded from the Software and Services to be provided by Contractor under this SSA:

- 1) **Software**: The following are excluded with respect to the Software:

No exclusions.

- 2) **Hardware**:
N/a

- 3) **Vandalism**: The following are excluded under this SSA:

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

- i. Any incidents and damage caused by vandalism, acts of god/nature, or customer misuse.
- ii. Client will be responsible for parts or costs associated with field work on incidents not covered, upon authorization by the Client.

b. Limitations.

1) **Patch Limitations:** Software maintenance required to maintain compatibility with future mobile operating systems may require significant changes to the Software known as Upgrades.

- i. Patch Management does not include Upgrades to support new features released as part of a new mobile operating system or hardware.
- ii. Significant changes to the mobile operating system or software development kits may result in incompatibilities with current versions of a Client User App and are not supported under this SSA.

2) **Software Support Limitations:**

- i. The Back Office is a web-provided service and should not require significant information technology resources on the part of Client. However, access to the Back Office shall be limited to designated Client personnel. Any unauthorized access to the system via Client equipment or locations is not covered under this SSA.
- ii. Contractor does not provide any service or repair support for Client systems or Client network infrastructure, including, but not limited to the following:
 - a. Service and repair of damage or problems caused by erroneous data, neglect, malicious activity, or misuse (including use of the system for purpose other than which it was designed by End Users, Client, its employees or third-party contractors); and
 - b. Service and repair by vendor/manufacture made necessary by bugs released by vendors, adverse effects from installing Updates.

11. **Payment Card Industry Data Security Standard ("PCI DSS") Compliance. IF APPLICABLE**

- a. PCI Coverage and Compliance. Contractor is responsible for maintaining PCI DSS compliance for systems provided by Contractor. The Contractor will host the solution, keeping storage and transmission of card data and other sensitive financial data outside of the scope of the Client's PCI DSS compliance responsibility. If necessary, Contractor and Client will establish a PCI DSS compliance responsibility matrix between the two parties.
- b. Vulnerabilities. Per PCI level 1 rules and schedules, Contractor's systems will be scanned routinely by an outside firm for Vulnerabilities. All vulnerabilities discovered shall be resolved as mandated by external auditors and notification of any potential data breach shall be communicated immediately and directly with Client per PCI DSS compliance requirements.

12. **Ridership Software Systems.** The Client shall list the specific components of the system in Appendix A below.

13. **Requests for Change.** The Client shall use the format in Appendix B below to submit requests for all technical changes to the system(s) so that they can be reviewed and approved by Cap Metro's Change Board.

EXHIBIT K
SERVICES SUPPORT AGREEMENT TEMPLATE

14. **Acceptable Use Policy.** The Client shall adhere, during the term of this SSA, to Contractor's "Technology Usage Policy" in all respects as set forth and attached hereto in Appendix C below.

IN WITNESS WHEREOF, the parties hereto have duly executed this SSA as of the Effective Date first written above:

Appendix C – Cap Metro Technology Usage Policy

	TECHNOLOGY USAGE POLICY IT- 201 Chief Information Officer	Issued: December 2008 Revised: May 2020 Approved by: Randy Clarke President & CEO
PURPOSE		
This policy applies to all Capital Metro employees and all contractors that utilize Capital Metro provided technology of any kind and is intended to create a policy to provide comprehensive guidelines for people to follow when accessing any technology provided by Capital Metro.		
POLICY		
<p>Capital Metro has actively pursued making advanced technology and increased access of the internet (including e-mail and other developing technologies) available to Capital Metro employees and contractors to enable the efficient and successful accomplishment of the Capital Metro mission. The use of these services is a privilege, not a right, and must be performed in a legal, ethical, and professional manner.</p> <p>No software will be loaded on Capital Metro computers without the express consent of the Information Technology department to ensure adherence to licensing agreements.</p> <p>All software licenses will be maintained in a central location. Distribution of software media to users is not allowed.</p> <p>It is the responsibility of all users of Capital Metro's personal computers, laptops, mobile devices and peripheral equipment, to ensure that their use is appropriate and within the guidelines of acceptable use as described below.</p>		
ACCEPTABLE USE		
<ul style="list-style-type: none">○ Primary use of Capital Metro systems is for business purposes only and consistent with each department's business goals and objectives.○ Minimal personal use is allowed during lunch breaks and before and after work if it does not result in any cost to Capital Metro and does not interfere with people's assigned work.○ All use must comply with federal, state, and local laws and regulations when transmitting, distributing, or storing information, including the rights protected by copyright, trade secret, patent or other intellectual property laws or regulations.○ All usage must be courteous with appropriate language. Software license agreements will be strictly enforced. Only properly licensed commercial software that has been approved and documented by the IT department is allowed. All software licensing agreements will		

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

be reviewed and executed by Information Technology.

- Anti-virus software will be installed and operational with continuous updates as appropriate on all Capital Metro technology devices that can support anti-virus software.
- Personal computer systems, laptops and other devices used to store, process or access Capital Metro data shall be accessed with assigned logins and passwords in accordance with policy IT-203, Information Security.
- All documents of an important nature (or whose loss would have a negative impact on Capital Metro) should be stored on the network within the Capital Metro Document Management System to ensure data integrity and backup capability. Any documents stored on a local drive or external peripheral are subject to loss in the case of equipment failure.

PROHIBITED USE

- Must not transmit, distribute, or store information that is unlawful, pornographic, threatening, abusive, profane, libelous or hateful.
- Must not use the Internet for conducting political or commercial activities.
- Must not damage computers, computer systems or computer networks.
- Must not download software, games or other files to Capital Metro devices that do not directly relate to Capital Metro work. (This includes personal hardware and software that have not been previously approved by the IT department).
- Must not use any other person's ID or password.
- Must not access the files of other people without a department head and/or Information Technology's approval.
- Must not disable or circumvent any security or management software installed by Information Technology including but not limited to proxies, anti-virus, remote management, and access control software.
- Must not use the services in such a way that would disrupt the use of the services by others.
- Proprietary software will not be duplicated, modified, or used in any manner except as expressly provided for in the manufacturer's license agreement.
- Personnel are expressly forbidden from moving any computer equipment without the assistance and/or permission of Information Technology staff.
- Must not be used to transmit mass or unsolicited communications that are not business related.

ENFORCEMENT

- Capital Metro has the right to review the content of a person's files or access logs, including e-mail, text messages, voice mail and any other technology used for Capital Metro business for the

EXHIBIT K

SERVICES SUPPORT AGREEMENT TEMPLATE

purpose of monitoring compliance with workplace rules and policies and shall be able to monitor all fileserver space and other related data storage to ensure appropriate use of these services. There is no expectation of privacy on any technology used for Capital Metro business.

- Each Capital Metro employee or contractor must safeguard Capital Metro issued equipment.
- Each Capital Metro employee or contractor must ensure the privacy and security of Capital Metro data.
- It is the duty of each Capital Metro employee or contractor to immediately report damage to or loss of Capital Metro assigned assets to their immediate supervisor and the IT service desk manager, director, or CIO. The service desk phone number is 512-389-7570. Other contact information is located in the e-mail contacts listing.
- Inappropriate use of this privilege may result in suspension or revocation of the privilege and corrective or disciplinary action up to and including termination of employment and appropriate legal action may be taken. For contractors, this inappropriate use will be reported to the proper contact and Capital Metro may choose to remove the person in violation from Capital Metro premises.
- Department managers will be responsible for ensuring that employees in their department are in compliance with this policy.
