It is Capital Metro's responsibility to provide a system of reporting and access to guidance when an employee wishes to report a suspected violation and to seek counseling, and the normal chain of command cannot, for whatever reason, be utilized. (ii) Real property if the interest is an equitable or legal ownership with a fair market value of \$2,500 or more.

Capital Metro will not enter into a contract with a business in which a Board Member or employee or a Family Member of a Board Member or employee as defined in Section 8 has a Substantial Interest except in case of emergency as defined in the Acquisition Policy PRC-100 or the business is the only available source for essential goods and services or property.

(2) No Board Member or employee shall:

(i) Act as a surety for a business that has work, business or a contract with Capital Metro or act as a surety on any official bond required of an officer of Capital Metro.

(vi) Participate in a contract for a contractor or first-tier subcontractor with Capital Metro for a period of one (1) year after leaving employment on any contract with Capital Metro.

(vii) Participate for a period of two (2) years in a contract for a contractor or first-tier subcontractor with Capital Metro if the Board Member or employee participated in the recommendation, bid, proposal or solicitation of the Capital Metro contract or procurement.

Section 2. Employment and Representation

A Board Member or employee must disclose to his or her supervisor, appropriate Capital Metro staff or the Board Chair any discussions of future employment with any business which has, or the Board Member or employee should reasonably foresee is likely to have, any interest in a transaction upon which the Board Member or employee may or must act or make a recommendation subsequent to such discussion. The Board Member or employee shall take no further action on matters regarding the potential future employer.

A Board Member or employee shall not solicit or accept other employment to be performed or compensation to be received while still a Board Member or employee, if the employment or compensation could reasonably be expected to impair independence in judgment or performance of their duties.

A Board Member or employee with authority to appoint or hire employees shall not exercise such authority in favor of an individual who is related within the first degree, within the second degree by affinity or within the third degree by consanguinity as defined by the Capital Metro Nepotism Policy in accordance with Tex. Govt. Code, Ch. 573.

Section 3. Gifts

It is critical to keep an arms-length relationship with the entities and vendors Capital Metro does business with in order to prevent the appearance of impropriety, undue influence or favoritism.

No Board Member or employee shall:

(2) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for a violation of any law or duty. [Tex. Penal Code §36.02(a)(1)]

(3) Solicit, accept or agree to accept any benefit or item of monetary value from a person the Board Member or employee knows is interested in or likely to become interested in any Capital Metro contract or transaction if the benefit or item of monetary value could reasonably be inferred as intended to influence the Board Member or employee. [Tex. Penal Code §36.08(d)]

(4) Receive or accept any gift, favor or item of monetary value from a contractor or potential contractor of Capital Metro or from any individual or entity that could reasonably be inferred as intended to influence the Board Member or employee.

Exception: Consistent with state law governing public servants, a gift does not include a benefit or item of monetary value with a value of less than \$50, excluding cash or negotiable instruments, unless it can reasonably be inferred that the item was intended to influence the Board Member or employee. A department may adopt more restrictive provisions if there is a demonstrated and documented business need. [Tex. Penal Code § 36.10(a)(6)]

Exception: A gift or other benefit conferred, independent of the Board Member's or employee's relationship with Capital Metro, that is not given or received with the intent to influence the Board Member or employee in the performance of his or her official duties is not a violation of this policy. The Capital Metro Ethics Officer or Board Ethics Officer must be consulted for a determination as to whether a potential gift falls within this exception.

Exception: Food, lodging, or transportation that is provided as consideration for legitimate services rendered by the Board Member or employee related to his or her official duties is not a violation of this policy.

If you are uncertain about a gift, seek guidance from the Ethics Officer.

Board Members and employees may accept invitations for free, reasonable meals in the course of conducting Capital Metro's business or while attending a seminar or conference in connection with Capital Metro business as long as there is not an active or impending solicitation in which the inviting contractor or party may participate and attendance at the event or meal does not create an appearance that the invitation was intended to influence the Board Member or employee.

When attending such events, it is important to remember that you are representing Capital Metro and if you chose to drink alcohol, you must do so responsibly. Drinking irresponsibly may lead to poor judgment and actions that may violate the Code or other Capital Metro policies and may damage the reputation of Capital Metro in the community and the industry.

Section 5. Confidential Information

It is everyone's responsibility to safeguard Capital Metro's nonpublic and confidential information.

No Board Member or employee shall:

Employees and Board Members are expected to deal at arms-length in any transaction on behalf of Capital Metro and avoid and disclose actual conflicts of interest under the law and the Code and any circumstance which could impart the appearance of a conflict of interest. A conflict of interest exists when a Board Member or employee is in a position in which any official act or action taken by them is, may be, or appears to be influenced by considerations of personal gain rather than the general public trust.

Conflict of Interest [Tex. Loc. Govt. Code, Ch. 171 & 176, § 2252.908]

No Board Member or employee shall participate in a matter involving a business, contract or real property transaction in which the Board Member or employee has a Substantial Interest if it is reasonably foreseeable that an action on the matter would confer a special economic benefit on the business, contract or real property that is distinguishable from its effect on the public. [Tex. Loc. Govt. Code, § 171.004]

Disclosure

A Board Member or employee must disclose a Substantial Interest in a business, contract, or real property that would confer a benefit by their vote or decision. The Board Member or employee may not participate in the consideration of the matter subject to the vote or decision. Prior to the vote or decision, a Board Member shall file an affidavit citing the nature and extent of his or her interest with the Board Vice Chair or Ethics Officer. [Tex. Loc. Govt. Code, § 171.004]

- (b) The offeror agrees that a breach of this certification is a violation of the Equal Opportunity Clause in Exhibit E of the contract.

- (c) Definitions: For the purpose of this Certification of Non-Segregated Facilities, the following definitions shall apply:

(1) "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity or national origin, because of written or oral policies or employee custom. The term does not include separate or single-user restrooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

(2) "gender identity" refers to one's internal sense of one's own gender; it may or may not correspond to the sex assigned to a person at birth, and may or may not be made visible to others.

(3) “sexual orientation” refers to an individual’s physical, romantic, and/or emotional attraction to people of the same and/or opposite gender; examples of sexual orientations include “straight” (or heterosexual), lesbian, gay, and bisexual.

(d) It further certifies that (except where it has obtained identical certifications from proposed subcontracts for specific time periods) it will:

(1) obtain identical certifications from proposed subcontractors before the award of subcontracts under which the subcontractor will be subject to the Equal Opportunity provision in Exhibit E of the contract; and

(2) retain such certifications in its files.

13. CERTIFICATION OF RESTRICTIONS ON LOBBYING

This Certification is applicable if the offer exceeds \$100,000.

(a) By submission of this offer, the offeror certifies to the best of the offeror’s knowledge or belief that no Federal appropriated funds have been paid, or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

(c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

(d) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 or not more than \$100,000 for each such failure.

The form can be found at www.ethics.state.tx.us. Questions regarding the form should be directed to the Texas Ethics Commission.

18. CERTIFICATION OF PRIME CONTRACTOR PARTICIPATION

(a) The Prime Contractor shall perform no less than thirty percent (**30%**) of the work with his or her own organization. The on-site production of materials produced by other than the Prime Contractor's forces shall be considered as being subcontracted.

(b) The organization of the specifications into divisions, sections, and articles, and the arrangement and titles of project drawings shall not control the Prime Contractor in dividing the work among subcontractors or in establishing the extent of work to be performed by any trade.

(c) The offeror hereby certifies that the **Schedule C of Subcontractor Participation** form submitted with the Exhibit D, Disadvantaged Business Enterprise (DBE) portion of this offer represents no more than seventy percent (**70%**) of the work will be done by subcontractors.

19.20. SIGNATURE BLOCK FOR ALL REPRESENTATIONS AND CERTIFICATIONS

(a) These representations and certifications concern a material representation of fact upon which reliance will be placed in awarding a contract. If it is later determined that the offeror knowingly rendered an erroneous or false certification, in addition to all other remedies the Authority may have, the Authority may terminate the contract for default and/or recommend that the offeror be debarred or suspended from doing business with the Authority in the future.

(b) The offeror shall provide immediate written notice to the Authority if, at any time prior to contract award, the offeror learns that the offeror's certification was, or a subsequent communication makes, the certification erroneous.

(c) Offerors must set forth full, accurate and complete information as required by this solicitation (including this attachment). Failure of an offeror to do so may render the offer nonresponsive.

(d) I understand that a false statement on this certification may be grounds for rejection of this submittal or termination of the awarded contract.

(e) A false statement in any offer submitted to the Authority may be a criminal offense in violation of Section 37.10 of the Texas Penal Code. In addition, under 18 U.S.C. §. 1001, a false statement may result in a fine of up to \$10,000 or imprisonment for up to five (5) years, or both.

EXHIBIT D

DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

It is the policy of the Authority that Disadvantaged Business Enterprises (“DBEs”), as defined in U.S. Department of Transportation (“DOT”) regulations 49 C.F.R. Part 26, shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds. It is also the policy of the Authority to (1) ensure nondiscrimination in the award and administration of DOT-assisted contracts; (2) to create a level playing field on which DBEs can compete fairly for DOT-assisted contracts; (3) ensure that the DBE program is narrowly tailored in accordance with applicable law; (4) ensure that only firms that fully meet the 49 C.F.R. part 26 eligibility standards are permitted to participate as DBEs; (5) help remove barriers to the participation of DBEs in DOT-assisted contracts and procurement activities; and (6) assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

The Contractor is the recipient of federal transit funds authorized by Titles I, III, V, and VI of ISTEA, Pub. L. 102-240 or by Federal transit laws in Title 49, U.S. Code or Title I, II, and V of the Teas-21, Pub. L. 105-178. Consequently, the DBE requirements of 49 C.F.R. Part 26 apply to this contract. The Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The requirements of 49 C.F.R. Part 26 and the Authority's DOT-approved Disadvantaged Business Enterprise (DBE) program are incorporated into this Contract by reference.

1. DEFINITIONS

(a) *Disadvantaged business enterprise* or *DBE* means a for-profit small business concern – (1) that is at least fifty-one percent (51%) owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51% of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

(b) *Small business concern* means, with respect to firms seeking to participate as DBEs in DOT-assisted contracts, a small business concern as defined pursuant to section 3 of the Small Business Act and Small Business Administration regulations implementing it (13 C.F.R. Part 121) that also does not exceed the cap on average annual gross receipts or the relevant size standard as specified in 13 C.F.R. Section 121.402.

(c) *Socially and economically disadvantaged individual* means any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is: (1) any individual who Capital Metro finds to be a socially and economically disadvantaged individual on a case-by-case basis; (2) any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged as defined in CFR Part 26.5:

(1) "Black Americans," which includes persons having origins in any of the Black racial groups of Africa;

(2) "Hispanic Americans," which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(3) "Native Americans," which includes persons who are enrolled members of a federally or State recognized Indian tribe, Alaska Natives, or Native Hawaiians;

(4) "Asian-Pacific Americans," which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;

(5) "Subcontinent Asian Americans," which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(6) Women;

(7) Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

(d) For the purposes of this Exhibit, "Capital Metro" and "the Authority" refer to Capital Metropolitan Transportation Authority.

2. **SUBMISSION OF DBE FORMS**

(a) The Contractor shall submit along with its response to this solicitation a completed Schedule C of Subcontractor Participation form ("**Schedule C**") listing all proposed subcontractors, DBE and non-DBE, and an executed Intent to Perform as a DBE Subcontractor form ("**Intent to Perform**") for each individual DBE subcontractor listed on the Schedule C. As required in Section 5 of this Exhibit, adequate good faith effort documentation (if necessary) must be submitted at this same time. If a prime or proposed subcontractor is in process of DBE certification at the time of submission, then the contractor must provide proof of application for Texas DBE certification with its response to this solicitation, and must provide an approved DBE certificate. If the contractor does not submit this information by the time the solicitation response is due, Capital Metro may deem the contractor non-responsive and such decision is non-appealable. The contractor may protest the decision in accordance with the Authority's protest procedure set forth in Exhibit C of this solicitation.

(b) The listing of a DBE by a contractor shall constitute a representation by the contractor to the Authority that it believes such DBE firm to be technically and financially qualified and available to perform the work. It shall also represent a commitment by the contractor that if it is awarded the contract, it will enter into a subcontract with such DBE (provided that the DBE is certified as provided herein) for the work described and at the price set forth in both the Schedule C and the Intent to Perform. If the price of a DBE subcontract changes after the form has been submitted but prior to award of the contract, the contractor will immediately notify the Authority's Office of Diversity of the changed amount and the reason(s) for the change.

(c) In the event that the contractor wishes to modify its Schedule C and Intent to Perform forms after its offer is submitted and/or a contract awarded, the contractor must notify the Authority's Office of Diversity in writing to officeofdiversity@capmetro.org and request approval of the modification. This will include any changes to items of work, material, services or DBE firms which differ from those identified on the Schedule C and Intent to Perform forms on file. The contractor must cooperate in supplying the Authority with additional information with respect to the requested modification. No changes may be affected without the Authority's prior written approval.

3. **CREDIT TOWARDS GOALS**

(a) Only work performed by DBE firms certified to work in the state of Texas by the six (6) Texas Unified Certification Program (TUCP) recognized agencies listed in Section 6 herein, will count towards the overall contract goal. Out-of-state entities must register for certification through the Texas Department of Transportation to be deemed eligible to participate in Authority contracts in such capacities and receive credit for work performed.

(b) No credit toward meeting DBE goals will be allowed unless the DBE is determined to be eligible by the Authority's Office of Diversity in its sole discretion. The contractor is strongly encouraged to contact the Authority's Office of Diversity well in advance of the date set for submission of offers in order to enable review of the proposed DBE's eligibility to participate in the Authority's DBE Program. The dollar value of work performed under a contract with a firm after it has ceased to be certified cannot count toward a contract goal. Participation of a DBE subcontractor cannot count toward the contractor's DBE achievements until the amount being counted has been paid to the DBE.

(c) Only expenditures to DBEs that perform a Commercially Useful Function may be counted towards goals. A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved and is responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, the Authority's Office of Diversity will evaluate the amount of work

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

subcontracted, industry practices, whether the amount the subcontractor is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. If a DBE does not perform or exercise responsibility for at least thirty (30%) percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, it is not performing a commercially useful function.

(d) The Contractor may count only the value of the work actually performed by the DBE toward DBE goals. This may be calculated by counting the entire amount of that portion of the Contract that is performed by a DBE's own forces. It includes the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the contractor or its affiliate). The Contractor may also count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, provided the fees are reasonable and not excessive as compared with fees customarily allowed for similar services. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.

(e) When a DBE performs as a participant in a joint venture, the Contractor may count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the Contract that the DBE performs with its own forces toward DBE goals.

(f) The Contractor may count one hundred percent (100%) of the cost of the materials and supplies towards the DBE goal provided that the DBE is a manufacturer. A manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.

(g) The Contractor may count towards the DBE goal only sixty percent (60%) of the cost of the materials and supplies purchased from DBEs that are regular dealers. A regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the person both owns and operates distribution equipment for the products. Any supplementing of the regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers.

(h) The Contractor may count towards its DBE goals the following costs of materials or supplies purchased from DBE firms that are not manufacturers or regular dealers:

(1) The entire amount of fees or commissions charged by a DBE for providing bona fide services, such as professional, technical, consultant, or for providing bonds or insurance specifically required for the performance of the contract, provided the Authority determines that the fee is reasonable and not excessive as compared with fees customarily allowed for similar services.

(2) The entire amount of fees or commissions charged for assistance in the procurement or delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies.

(3) The fees charged for providing any bonds or insurance specifically required for the performance of the contract.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(4) The fees charged for assistance in the procurement of the materials and supplies, provided that the fees are reasonable and not excessive as compared with fees customarily allowed for similar services.

(i) If the contractor is a DBE and wishes to count its participation on the project towards the goal, it is required to perform that portion with its own work force.

4. DBE GOAL AND SUBCONTRACTING OPPORTUNITIES

(a) The DBE goal for this solicitation is 14%.

(b) Possible subcontracting opportunities include, but are not limited to:

<u>Industry</u>	<u>NAICS Code</u>
Fabricated Structural Metal Mfg	332312
Solar Lighting Fixtures (except residential), electric, manufacturing	335122
Paint & Coating Mfg	325510
Bus shelter construction	236220

5. DEMONSTRATION OF GOOD FAITH EFFORT

(a) If the Contractor does not meet the DBE goal, it shall nevertheless be eligible for award of the Contract if it can demonstrate to the satisfaction of the Authority that it has made a good faith effort to meet the DBE goal. In evaluating a Contractor's good faith effort submission, the Authority will only consider those documented efforts that occurred prior to receipt of competitive sealed bids (IFB) or competitive sealed proposals (RFP).

(b) In the event that a firm submitted by the contractor is not able to become certified by one of the certifying agencies under the Texas Unified Certification Program (see Section 6), the Contractor will be notified and given an opportunity to substitute that firm with another DBE firm. The Contractor will be given a deadline to accomplish the substitution. In the event the Contractor is unable to contract with a substitute DBE firm, the good faith efforts that Contractor made in attempting to contract with the substitute DBE firm must be documented and submitted to the Authority's Office of Diversity. Documentation submitted in accordance with this subparagraph is the only exception to the requirements in subparagraph (a) above pertaining to the good faith efforts that the Authority will consider in determining whether the contractor shall be otherwise eligible for award of the contract.

(c) In making a determination that the Contractor has made a good faith effort to meet the DBE goals, the Authority shall consider, among other things it deems relevant, the criteria set forth below. Additionally, in determining whether the Contractor has made good faith efforts, the Authority will take into account the performance of other bidders in meeting the contract goal. The Contractor shall furnish as part of its DBE utilization information provided under this Section such specific documentation concerning the steps it has taken to obtain DBE participation, with a consideration of, by way of illustration and not limited to the following as required by *Appendix A to Part 26 – Guidance Concerning Good Faith Efforts*, as amended:

(1) Whether the Contractor conducted market research to identify small business contractors and suppliers and solicited through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Contractor must solicit this interest early in the acquisition process within sufficient time to allow the DBEs to respond to the solicitation. The Contractor must determine with certainty if the DBEs are interested by taking appropriate steps to follow up on initial solicitations.

(2) Whether the Contractor selected portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out Contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(3) Whether the Contractor provided interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

(4) Whether the Contractor negotiated in good faith with interested DBEs. It is the Contractor's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

(5) A Contractor using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a contractor's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the contractor of the responsibility to make good faith efforts. A contractor is not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

(6) Whether the Contractor rejected DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the DBE goal.

(7) Whether the Contractor rejected the DBE because its quotation for the work was not the lowest received. However, nothing in this paragraph shall be construed to require the Contractor to accept unreasonable quotes in order to satisfy contract goals.

(8) A Contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding that good faith efforts have been made to replace the original DBE. The fact that the Contractor has the ability and/or desire to perform the contract work with its own forces does not relieve the Contractor of the obligation to make good faith efforts to find a replacement DBE, and it is not a sound basis for rejecting a prospective replacement DBE's reasonable quote.

(9) Whether the Contractor made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by Capital Metro or the Contractor.

(10) Whether the Contractor made efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

(11) Whether the Contractor effectively used the services of available minority/women community organizations, minority/women contractors' groups, local, state, and Federal minority/women business assistance offices, and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

(d) In determining whether a Contractor has made good faith efforts, Authority will scrutinize its documented efforts. At a minimum, Authority will review the performance of other bidders in meeting the contract goal. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, the Authority may reasonably raise the question of whether, with additional efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE participation obtained by other bidders, the Authority may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

(e) In determining whether the Contractor has demonstrated good faith, the Authority will look not only at the different kinds of efforts that the Contractor has made, but also the quantity and intensity of those efforts. Efforts that are mere pro forma are not good faith efforts to meet the goals (even if they are sincerely motivated) if, given all relevant circumstances, the contractor's efforts could not reasonably be expected to produce a level of DBE participation sufficient to meet the goals.

- (f) A promise to use DBEs after contract award is not considered to be responsive to the contract solicitation or to constitute good faith efforts.

6. APPEALS

If the Contractor does not meet the DBE goal or make adequate good faith efforts to do so, the Authority will so notify the Contractor in writing. The Contractor may appeal the decision within five (5) days of the date of the notice of decision by filing a written appeal for reconsideration. As part of this appeal, the Contractor has the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The reconsideration will be made by the DBE appeals officer, an individual who did not take part in the original determination that the Contractor failed to meet the goal or make adequate good faith efforts to do so. The Contractor will have the opportunity to meet with the DBE appeals officer to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The result of the reconsideration process is final and not administratively appealable to the United States Department of Transportation.

7. CERTIFICATION OF DBES

- (a) The Authority is a participating entity under the Texas Unified Certification Program (TUCP). This means that the Authority will accept certifications from any of the certifying agencies that have agreed to perform the certification of DBEs within the state of Texas under the TUCP. The participating agencies are:

- * **Texas Department of Transportation**
- * **North Central Texas Regional Certification Agency**
- * **South Central Texas Regional Certification Agency**
- * **City of Houston, Office of Business Opportunity**
- * **City of Austin, Small and Minority Business Resources Department**
- * **Corpus Christi Regional Transportation Authority**

- (b) The City of Austin will serve as the certifying agency for the Austin region, which includes the counties of Bastrop, Caldwell, Hays, Travis and Williamson. All prospective DBEs must submit appropriate forms, available through the City of Austin Certification Department, to prove actual ownership and control by DBEs. All such firms shall cooperate in supplying additional information as requested by the [City of Austin DBE Certification Department](#), which will determine the certification of eligible DBEs. Contractors may also contact the Authority at (512) 389-7557 or officeofdiversity@capmetro.org to obtain information.

- (c) In the event the Authority determines that a firm identified by the Contractor as a potential DBE does not qualify as a DBE, the Contractor shall be informed and will be provided with an opportunity to substitute firms meeting the certifying agency's DBE eligibility criteria for the Authority's consideration. Information concerning DBEs currently certified can be obtained by contacting the Authority's Office of Diversity. Contractors may access the DBE directory at <https://txdot.txdotcms.com/>.

- (d) **If a Contractor proposes using a DBE not currently certified with any of the other recipients in the Texas Unified Certification Program (TUCP), the DBE Application must be approved by the City of Austin Certification Department no later than the date and time established for the receipt of proposals.** Any extensions to the due date by amendment to the solicitation shall automatically extend the due date of the application. If the Contractor proposes using a DBE from another state, the firm must produce evidence that it is DBE certified in the state in which the business is headquartered.

8. DBE PROGRAM REQUIREMENTS

- (a) The Contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed in Schedule C of Subcontractor Participation and Intent to Perform as a DBE Subcontractor forms unless the contractor obtains the prior written consent of the Authority upon a showing of good cause as set forth in 49 C.F.R. Section 26.53 (f)(3).

(b) The Contractor may not terminate a DBE subcontractor without the Authority's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm. Unless the Authority provides prior written consent to terminate the DBE contract based on a showing of good cause to terminate the DBE firm, the Contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE.

(c) At no time will the Contractor invoice the Authority for amounts pertaining to subcontractors terminated or substituted without prior approval of the Authority.

9. TERMINATION OR REPLACEMENT OF DBE SUBCONTRACTORS

(a) The Contractor must notify the Authority's Office of Diversity immediately of the DBE's inability or unwillingness to perform and provide reasonable documentation thereof to seek prior written consent for termination or replacement of a DBE.

(b) The contractor may not terminate a listed DBE subcontractor (or approved substitute), replace a subcontractor previously listed, permit a subcontract to be assigned or transferred, or allow that portion of the work to be performed by anyone other than the listed subcontractor, without the prior written consent of the Authority. For termination of a DBE subcontractor, prior written consent will only be provided where there is a "good cause" for termination as established by 49 C.F.R. Section 26.53(f)(3). Good cause includes the following circumstances:

- The listed DBE fails or refuses to execute a written contract.
- The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards; provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Contractor.
- The listed DBE subcontractor fails or refuses to meet the Contractor's reasonable, nondiscriminatory bond requirements.
- The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness.
- The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1200 or applicable state law.
- The Authority has determined that the listed DBE subcontractor is not a responsible contractor.
- The listed DBE subcontractor voluntarily withdraws from the project and provides to the prime contractor written notice of its withdrawal.
- The listed DBE is ineligible to receive DBE credit for the type of work required.
- A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract.
- Other documented good cause that the Authority determines compels the termination of the DBE subcontractor, provided that good cause does not exist if the Contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Contractor can self-perform the work for which the DBE contractor was engaged or so that the Contractor can substitute another DBE or non-DBE contractor after Contract award.

(c) Before transmitting its request to terminate and/or substitute to the Authority, the Contractor must give the DBE subcontractor written notice of its intent to terminate with a copy to the Authority, of the Contractor's intent to request to terminate and/or substitute, and the reason for the request. The DBE subcontractor shall have five (5) business days to respond to the Contractor's notice and advise the Authority and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why the Authority should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the Authority may allow for a response period shorter than five (5) business days.

(d) When a DBE subcontractor is terminated or fails to complete its work on the contract for any reason, the Contractor must make good faith efforts to find another DBE subcontractor to substitute for the original DBE. These good faith efforts shall be directed at finding another certified DBE to perform at least the same amount of work under the contract as the DBE that was terminated, to the extent needed to meet the contract goal. Documentation of good faith efforts must be maintained and provided to the Authority within 7 days of a request, which may be extended for

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

an additional 7 days if necessary at the request of the Contractor. The Authority will provide a written determination to the Contractor stating whether or not good faith efforts have been demonstrated.

(e) Any DBE that has been approved by Capital Metro to be replaced has the right to appeal the decision directly to the Authority's DBE Reconsideration Officer. Appeals should be sent to:

Kerri Butcher
DBE Reconsideration Officer
Capital Metropolitan Transportation Authority
2910 E. 5th Street
Austin, TX 78702

(f) Failure of the Contractor to carry out the requirements of this part is a material breach of the contract and may result in the termination of the contract as set forth in Exhibit E or such other remedies, including an order stopping all or part of payment/work until satisfactory action has been taken.

10. PAYMENT DOCUMENTATION

The DBE program regulation 49 CFR § 26.37 requires that Capital Metro's DBE Program track and monitor every contract on which DBE participation is claimed to ensure that the work is actually performed by the DBEs to which the work was committed. Capital Metro must have written certification that it has reviewed contracting records and monitored work sites located in Texas. Capital Metro utilizes the B2Gnow compliance monitoring program to ensure that it has developed a monitoring process to comply with this regulation.

For each DBE contract, the Contractor is required to update payment and payment information on each subcontractor or vendor monthly to document in written or electronic format their compliance with the DBE participation and prompt payment regulations. Contractors are required to report, monitor and maintain their subcontractor participation through monthly contract audits that require confirmation from the subcontractor representative in the B2Gnow program.

11. SUBCONTRACT AGREEMENT

The Contractor is required to submit a signed subcontractor agreement between the Contractor and each proposed subcontractor within fifteen (15) days of the Notice to Proceed (NTP). This agreement must include the following flow-down DBE federal clauses:

- a nondiscrimination clause.
- a prompt payment and return of retainage clause.
- a clause identifying options for legal remedies.

Any agreement reached between the Contractor and subcontractors may not modify or nullify federal regulations or it will be considered a breach of the contract between Capital Metro and the Contractor. The agreement must be signed by both the Contractor and subcontractor to be considered valid. The prime contractor must incorporate the following federal clauses into the subcontract agreement:

(a) Non-Discrimination.

"The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26."

A finding by Capital Metro of discrimination by the contractor or subcontractor or a failure by the contractor to include the non-discrimination clause in its subcontract agreement is a material breach of this Contract which may result in the termination of this Contract or such other remedy as Capital Metro deems appropriate. Such remedies may include, but are not limited to:

- (1) Withholding monthly progress payments;

- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Contractor from future bidding as non-responsible.

(b) Prompt Payment and Return of Retainage.

(1) The Contractor must pay DBE subcontractors for satisfactory performance of their contracts no later than ten (10) days from receipt of each payment the Authority makes to the Contractor. In addition, each contract the Contractor signs with a subcontractor must include a clause to require the Contractor to pay the subcontractor for satisfactory performance under the contract no later than ten (10) days from receipt of each payment Capital Metro makes to the prime contractor.

(2) Capital Metro will ensure prompt and full payment of retainage from the Contractor to the subcontractor within ten (10) days after the subcontractor's work is satisfactorily completed. Capital Metro must use one of the following methods to ensure compliance with this requirement:

(i) Capital Metro may decline to hold retainage from the Contractors and prohibit the Contractor from holding retainage from subcontractors;

(ii) Capital Metro may decline to hold retainage from the Contractor and require a contract clause obligating the Contractor to make prompt and full payment of any retainage kept by the Contractor to the subcontractor within ten (10) days after the subcontractor's work is satisfactorily completed; or

(iii) Capital Metro may hold retainage from the Contractor and provide for prompt and regular incremental acceptance of portions of the prime contract, pay retainage to the Contractor based on these acceptances, and require a contract clause obligating the prime contractor to pay all retainage owed to the subcontractor for satisfactory completion of the accepted work within ten (10) days after Capital Metro's payment to the Contractor.

(3) For purposes of this section, a subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required by Capital Metro. When Capital Metro has accepted an incremental portion of a prime contract, the work of a subcontractor covered by that acceptance is deemed to be satisfactorily completed. Any delay or postponement of payment among the parties may take place only for good cause, with Capital Metro's prior written approval.

(4) Capital Metro may require any or all of the following additional mechanisms to ensure prompt payment:

(i) A contract clause that requires the Contractor to include language in their subcontract providing that prime contractors and subcontractors will use appropriate alternative dispute resolution mechanisms as outlined in the Payment Disputes section of this Exhibit to resolve payment disputes;

(ii) A contract clause providing that the Contractor will not be reimbursed for any work performed unless and until the prime contractor ensures that the subcontractors are promptly paid for the work they have performed; or

(iii) Other mechanisms, consistent with this Part and applicable state and local law, to ensure that DBEs and other contractors are fully and promptly paid.

(c) Legal Remedies

Capital Metro will implement appropriate mechanisms to ensure compliance with 49 CFR Part 26 by all program participants by applying legal and contract remedies available under Federal, state and local law. As required in 49 CFR Part 26.37, Prime contractors must include notice of Capital Metro's legal remedies in all FTA-funded subcontracts, including, but not limited to, the following:

- Breach of contract action, pursuant to the terms of the contract;
- Breach of contract reporting to the Office of Inspector General;
- Breach of contract reporting to the USDOT's Office of Civil Rights;
- Rescission of contract awards (in whole or in part);
- Administrative fines;
- Forfeiture of profits;
- Debarment from bidder's list; and
- Suspensions from awards and other applicable sanctions.

In addition, the federal government has available several enforcement mechanisms that it may apply to firms participating in the DBE program, including, but not limited to, the following:

- Suspension or debarment proceedings pursuant to 49 CFR Part 29;
- Enforcement action pursuant to 49 CFR Part 31;
- Prosecution pursuant to 18 USC 1001.

Failure of the Contractor to carry out the Authority's DBE program provisions shall constitute a breach of contract and may result in termination of the Contractor for default or such remedy as the Authority may deem appropriate. The Authority reserves the right to apply legal and contract remedies listed above.

12. POST SOLICITATION: DBE CONTRACT COMPLIANCE

(a) Subcontractor Use Plan

The Contractor must provide the subcontractor the maximum allowable opportunities to participate and perform on the contract the subcontractor has committed to. At its discretion, Capital Metro may require the Contractor to set forth a cohesive subcontractor utilization plan for each subcontractor or vendor that clearly identifies, outlines and defines any requirements, including but not limited to:

- (1) Each party's responsibilities and authorities;
- (2) The minimum percentage or total dollar amount pledged to the certified DBE firm towards the overall contract goal;
- (3) A list of supplies, services and/or work areas the subcontractor is responsible for to fulfill their commitment;
- (4) A description of deliverables or criteria of work performed by the subcontractor to be deemed satisfactory;
- (5) A schedule for subcontractor usage and a timeframe of availability for the subcontractor to perform its required tasks;
- (6) Any other appropriate and applicable terms and conditions.

The subcontractor utilization plan, if required, must be made available to the Authority no later than fifteen (15) days following the receipt of the Notice to Proceed (NTP).

(b) DBE Kick-off Meeting

Capital Metro may require a conference meeting to discuss DBE contractual requirements with the contractor and all DBE certified subcontractors of the awarded contract. This conference will be held before the Notice to Proceed has been issued. Attendees will include Capital Metro personnel from different points of service that will be involved with the satisfactory performance and completion of the contract. External attendees of both the Contractor and subcontractors should include but not be limited to designated representatives, points of contact and/or contract compliance officers.

The conference will cover the following:

- (1) Capital Metro staff and role on contract;
- (2) Capital Metro's DBE program's requirements, guidelines and regulations;
- (3) The contractor and subcontractors' roles and responsibilities;
- (4) Introduction and use of B2Gnow vendor management system, user set-up, vendor payments, auditing requirements, and contract reporting;
- (5) Capital Metro's requirements and procedures for monitoring and enforcement of DBE contracts; and
- (6) Definition and standards of Commercially Useful Function (CUF) requirements.

(c) Commercially Useful Function (CUF) Certification

(1) Capital Metro's DBE program also includes a monitoring and enforcement mechanism to ensure that work committed to DBEs at contract award or subsequently (e.g., as the result of modification to the contract) is actually performed by the DBEs to which the work was committed. This mechanism includes a written certification that Capital Metro has reviewed contracting records and monitored work sites for this purpose. The monitoring to which this paragraph refers will be conducted in conjunction with monitoring of contract performance for other purposes (e.g., close-out reviews for a contract).

(2) This mechanism provides for a running tally of actual DBE attainments (e.g., payments actually made to DBE firms), including a means of comparing these attainments to commitments. In its reports of DBE participation, Capital Metro will display both commitments and attainments.

13. PAYMENT DISPUTES

If a payment dispute arises between the Contractor and any subcontractor or supplier related to this Contract, the Contractor shall provide a written response to the subcontractor or supplier, with a copy to the Office of Diversity, specifically addressing any disputed amounts. The Contractor should resolve all disputed invoices at the earliest time to avoid a delay in the submission of required subcontractor/supplier payment certifications that could delay payment to the Contractor. In the event that the Contractor cannot resolve a subcontractor or supplier disputed invoice, the Contractor shall bring the matter to the attention of the Office of Diversity at the time of submitting the Contractor's invoice for payment. The Office of Diversity will investigate the situation and make a determination whether the Contractor's invoice should be processed for payment without the required subcontractor or supplier certification. The Office of Diversity will not mediate the dispute between the Contractor and any subcontractor or supplier in the resolution of disputed invoices. At no time will the Contractor invoice the Authority for amounts in dispute without prior notification to the Office of Diversity.

14. SANCTIONS FOR NONCOMPLIANCE WITH THE AUTHORITY'S DBE PROGRAM REQUIREMENTS

Failure by the Contractor to carry out the Authority's DBE Program Requirements is a material breach of the Contract, which may result in the termination of this Contract or such other remedy as the Authority deems appropriate. The willful making of false statements or providing incorrect information will be referred for appropriate legal action.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

If legal remedies are deemed necessary, the Office of Diversity shall notify the Contractor of the findings and justification for the applied sanctions in writing. If the Contractor believes the sanction(s) is not just, the Contractor will be allowed a five-day appeal period from the time of the notification to submit a written appeal with supporting documents to the DBE Reconsideration Officer at 2910 E 5th Street, Austin, TX 78660 or via email at officeofdiversity@capmetro.org. The DBE Reconsideration Officer will evaluate documents and the Office of Diversity will inform the contractor of the decision within 10 days from the receipt of appeal.

The Authority reserves the right to request that the assigned individual be removed from performing work under this Contract.

(f) The Contractor certifies that the Contractor has established a criminal history background policy that complies with guidance issued by the U.S. Equal Employment Opportunity Commission and that the Contractor conducts criminal history checks on its assigned personnel in accordance with such policy to identify, hire and assign personnel to work on this Contract whose criminal backgrounds are appropriate for the work being performed, considering the risk and liability to the Contractor and the Authority. The Authority reserves the right to require the Contractor to disclose any criminal or military criminal convictions of assigned personnel and the right to disapprove the use of assigned personnel with criminal or military convictions.

15. EQUITABLE ADJUSTMENTS

Any requests for equitable adjustments under any provision shall be governed by the following provisions:

(a) Upon written request, the Contractor shall submit a proposal, in accordance with the requirements and limitations set forth in this paragraph, for work involving contemplated changes covered by the request. The proposal shall be submitted within the time limit indicated in the request for any extension of such time limit as may be subsequently granted. The Contractor's written statement of the monetary extent of a claim for equitable adjustment shall be submitted in the following form:

(1) Proposals totaling \$5,000 or less shall be submitted in the form of a lump sum proposal with supporting information to clearly relate elements of cost with specific items of work involved to the satisfaction of the Contracting Officer, or his/her authorized representative.

(2) For proposals in excess of \$5,000, the claim for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the Contract.

(b) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this Contract.

16. INSPECTION

(a) All supplies (which term throughout this paragraph includes without limitation raw materials, components, intermediate assemblies, and end products) shall be subject to inspection and test by the Authority or its authorized representative, to the extent practicable, at all times (including the period of manufacture) and places and, in any event, prior to acceptance.

(b) In the event any supplies or lots of supplies are defective in material or workmanship or otherwise not in conformity with the requirements of this Contract, the Authority shall have the right either to reject those supplies (with or without instructions as to their disposition) or to require their correction. Supplies or lots of supplies which have been rejected or required to be corrected shall be removed or, if permitted or required by the Authority, corrected in place by and at the expense of the Contractor promptly after notice and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If the Contractor fails promptly to remove such supplies or lots of supplies which are required to be removed, or promptly to replace or correct such supplies or lots of supplies, the Authority either (i) may by contract or otherwise replace or correct such supplies and charge to the Contractor the cost occasioned the Authority thereby, or (ii) may terminate this Contract for default as provided in the

termination paragraph of this Contract. Unless the Contractor corrects or replaces such supplies within the delivery schedule, the Authority may require the delivery of such supplies at a reduction in price that is equitable under the circumstances. Failure to agree to such reduction of price shall be a dispute concerning a question of fact within the meaning of the Disputes paragraph of this Contract.

(c) If any inspection or test is made by the Authority or its authorized representative on the premises of the Authority or a Subcontractor, the Contractor without additional charge shall provide all reasonable facilities and assistance for the safety and convenience of the Authority's inspectors in the performance of their duties. If the Authority's inspection or test is made at a point other than the premises of the Contractor or a Subcontractor, it shall be at the expense of the Authority, except as otherwise provided in this Contract; provided, that in case of rejection, the Authority shall not be liable for any reduction in value of samples used in connection with such inspection or test. All inspections and tests by the Authority shall be performed in such a manner as not to unduly delay the work. The Authority reserves the right to charge to the Contractor any additional cost of the Authority's inspection and test when supplies are not ready at the time such inspection and test is required by the Contract or when re-inspection or retest is necessitated by prior rejection. Acceptance or rejection of the supplies shall be made as promptly as practicable after delivery, except as otherwise provided in this Contract; but failure to inspect and accept or reject supplies shall neither relieve the Contractor from responsibility for such supplies as are not in accordance with the Contract requirements nor impose liability on the Authority therefor.

(d) The inspection and test by the Authority of any supplies or lots thereof does not relieve the Contractor from any responsibility regarding defects or other failures to meet the Contract requirements that may be discovered prior to acceptance. Except as otherwise provided in this Contract, acceptance shall be conclusive except for latent defects, fraud, or such gross mistakes as amount to fraud.

17. MATERIALS

All equipment, material, and articles incorporated into the supplies covered by this Contract shall be new and of the most suitable grade for the purpose intended unless otherwise specifically provided in this Contract. If applicable, references in the specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the Contracting Officer is equal to that named in the specifications, unless otherwise specifically provided in this Contract.

18. SUSPENSION OF WORK

(a) The Contracting Officer may order the Contractor in writing to suspend all or any part of the Contract for such period of time as it may determine to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the Contract is, for an unreasonable period of time, suspended or delayed by an act of the Contracting Officer in the administration of this Contract, or by its failure to act within the time specified in this Contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the Contract modified in writing accordingly. Any adjustment shall be made in accordance with the paragraph entitled "Equitable Adjustments". However, no adjustment shall be made under this paragraph for any suspension or delay to the extent (1) that performance would have been suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this Contract.

(c) No claim under this paragraph shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this subparagraph shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this paragraph.

19. RISK OF LOSS OR DAMAGE

Except as otherwise provided in this Contract, the Contractor shall be responsible for the supplies covered by this Contract until they are delivered at the designated delivery point, regardless of the point of inspection. After delivery to the Authority at the designated point and prior to acceptance by the Authority or rejection and giving notice thereof by the Authority, the Authority shall be responsible for the loss, destruction of, or damage to the supplies only if such loss, destruction, or damage results from the negligence of officers, agents, or employees of the Authority acting within the scope of their employment. The Contractor shall bear all risks as to rejected supplies after notice of rejection, except that the Authority shall be responsible for the loss, destruction of, or damage to the supplies only if such loss, destruction, or damage results from the gross negligence of officers, agents, or employees of the Authority acting within the scope of their employment.

20. TERMINATION FOR DEFAULT

(a) The Authority may, subject to the provisions of subparagraph (c) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in either one of the following circumstances:

(1) if the Contractor fails to make delivery of the supplies within the time specified herein or any extension thereof; or

(2) if the Contractor fails to perform any of the other provisions of this Contract and does not cure such failure within a period of ten (10) days (or such longer period as the Authority may authorize in writing) after receipt of notice from the Authority specifying such failure.

(b) In the event the Authority terminates this Contract in whole or in part as provided in paragraph (a) of this paragraph, the Authority may procure, upon such terms and in such manner as the Authority may deem appropriate, supplies similar to those so terminated, and the Contractor shall be liable to the Authority for any excess costs for such similar supplies; provided, that the Contractor shall continue the performance of this Contract to the extent, if any, it has not been terminated under the provisions of this paragraph.

(c) Except with respect to the defaults of Subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to Force Majeure Events; provided, however, in every case the failure to must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a Subcontractor and if such default arises out of causes beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

(d) If this Contract is terminated as provided in subparagraph (a), the Authority, in addition to any other rights provided in this subparagraph, may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority any Manufacturing Materials as the Contractor has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated; and the Contractor shall, upon direction of the Authority, protect and preserve property in possession of the Contractor in which the Authority has an interest. Payment for completed Manufacturing Materials delivered to and accepted by the Authority shall be at the Contract price. The Authority may withhold from amounts otherwise due the Contractor for such completed Manufacturing Materials such sum as the Authority determines to be necessary to protect the Authority against loss because of outstanding liens or claims of former lien holders.

(e) If, after notice of termination of this Contract under the provisions of this paragraph, it is determined by the Authority that the Contractor was not in default or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be those provided in the paragraph entitled "Termination for Convenience" contained in this Exhibit E.

(f) The rights and remedies of the Authority provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

21. TERMINATION FOR CONVENIENCE

(a) The Authority may, whenever the interests of the Authority so require, terminate this Contract, in whole or in part, for the convenience of the Authority. The Authority shall give written notice of the termination to the Contractor specifying the part of the Contract terminated and when termination becomes effective.

(b) The Contractor shall incur no further obligations in connection with the terminated orders, and, on the date set forth in the notice of termination, the Contractor will stop work to the extent specified. The Contractor also shall terminate outstanding orders and Subcontracts as they relate to the terminated order. The Contractor shall settle the liabilities and claims arising out of the termination of Subcontracts and orders connected with the terminated orders. The Authority may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or Subcontracts to the Authority. The Contractor must still complete any orders not terminated by the notice of termination and may incur such obligations as are necessary to do so.

(c) The Authority may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority: (1) any completed supplies; and (2) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called "Manufacturing Materials") as the Contractor has specifically produced or specially acquired for the performance of the terminated part of this Contract. The Contractor shall, upon direction of the Authority, protect and preserve property in the possession of the Contractor in which the Authority has an interest. If the Authority does not exercise this right, the Contractor shall use its best efforts to sell such supplies and Manufacturing Materials.

(d) The Authority shall pay the Contractor the following amounts:

(1) Contract prices for supplies accepted under the Contract;

(2) costs incurred in preparing to perform and performing the terminated portion of the work plus a fair and reasonable profit on such portion of the work (such profit shall not include anticipatory profit or consequential damages), less amounts paid or to be paid for accepted supplies; provided, however, that if it appears that the Contractor would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(3) costs of settling and paying claims arising out of the termination of Subcontracts (these costs must not include costs paid in accordance with subparagraph (2) of this paragraph); and

(4) the reasonable settlement costs of the Contractor and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract and for the termination and settlement of Subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract.

(5) The total sum to be paid the Contractor under this paragraph shall not exceed the total Contract price plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and Manufacturing Materials under this paragraph, and the Contract price of orders not terminated.

22. PAYMENT TO SUBCONTRACTORS

(a) Payments by contractors to subcontractors associated with Authority contracts are subject to the time periods established in the Texas Prompt Payment Act, Tex. Gov't Code § 2251.

(b) A false certification to the Authority under the provisions of the paragraph entitled "Invoicing and Payment" hereof may be a criminal offense in violation of Tex. Penal Code § 10.

23. CONTRACTOR CERTIFICATION

The Contractor certifies that the fees in this Contract have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such fees with any other firm or with any competitor.

24. INTELLECTUAL PROPERTY RIGHTS

(a) Ownership of Instruments of Services and Intellectual Property Rights. Unless otherwise specified in this Contract, the Authority shall own all instruments of service including without limitation architectural plans, technical drawings, specifications, layouts, surveys, and design plans and drawings (including concept designs, development plans, schematic designs, site plans, elevation plans, engineer plans, shop drawings, and specifications), models, machetes, BIM and CAD files, cost estimates, fabrications, presentations, bill of materials, samples, construction documents and works of authorship conceived or created by the Contractor and its subcontractors and their respective architects, engineers, personnel and employees (each an "Architect") in connection with the project identified in Exhibit F to this Contract (the "Project"), together with all intellectual property rights, including without limitation trade secrets and copyrights, related to any of the foregoing, in any and all media whether now known or hereafter developed, from the date of inception or creation (collectively, the "Instruments of Service"). The Contractor acknowledges that all Instruments of Service shall be considered "works made for hire" under applicable copyright law to the greatest extent possible. To perfect the Authority's ownership of such Instruments of Service, the Contractor and each Architect irrevocably and unconditionally assigns, transfers and conveys to the Authority any and all right, title and interest that they may have or acquire in such Instruments of Service, including without limitation the right to modify such Instruments of Service, and all proceeds related thereto, without accounting to the Contractor or each Architect. The Contractor and each Architect may retain a reasonable number of sets of reproducible copies of the Instruments of Service and such copies shall be for use as part of their respective architectural portfolios or as otherwise may be required to provide services on the Project pursuant to this Contract. The Contractor and each Architect agrees not to challenge at any time, directly or indirectly, the Instruments of Service or any derivative work or improvement thereof and any intellectual property rights including copyrights in the Instruments of Service owned by the Authority or the validity thereof. The Contractor, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Authority to evidence more fully the transfer of ownership of all Instruments of Service to the Authority to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Authority. In the event the Authority shall be unable for any reason to obtain the Contractor's or each Architect's signature on any document necessary for any purpose set forth in the foregoing sentence, the Contractor and each Architect irrevocably designates and appoints the Authority and its duly authorized officers and agents as the Contractor's and each Architect's agent and the Contractor's and each Architect's attorney-in-fact to act for and in their behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Contractor and each Architect. Upon the request of the Authority, but in any event upon termination of this Contract, the Contractor and each Architect shall surrender to the Authority a complete builders set of the Instruments of Service and all documents and things pertaining to the Instruments of Service, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) in their possession or control. Nothing in this Contract shall be construed to convey or grant any right to use any documentation, plans or intellectual property rights owned by the Authority to the Contractor or each Architect, except as necessary or required to perform the services on the Project or other expressly agreed upon in writing by the Authority.

(b) Ownership of Pre-Existing Designs. The Contractor and each Architect retains the right to reuse general design elements and standard details contained in the Instruments of Services and any pre-existing technical drawings, layouts and design plans owned or licensed by the Contractor incorporated into the Instruments of Service to the extent specifically identified in writing in Exhibit F to this Contract (the "Pre-Existing Plans"), together with the copyrights related to any of the foregoing. The Contractor and each Architect irrevocably and unconditionally grants to the Authority under and to the extent of its copyrights a non-exclusive, royalty-free, fully paid, worldwide and transferrable right and license (with the right to sublicense) to copy, distribute, publicly display, use and create derivative works of the Pre-Existing Plans in connection with the use or exercise of the rights in and to the Instru-

ments of Service, including the design, construction, operation and maintenance of the Project and any construction projects using the Instruments of Service undertaken by or for the Authority. The foregoing rights set forth in this Section 24(b) shall be collectively referred to as the "License." The Authority will identify the Pre-Existing Plans as pre-existing materials in any application for copyright or claim of copyright ownership in the Instruments of Service. Submission or distribution of Instruments of Service and/or the Pre-Existing Plans to meet official regulatory requirements or for similar purposes in connection with the Project or any construction project undertaken by or for the Authority is not to be construed as publication in derogation of the reserved rights of the Contractor and each Architect.

(c) Attribution. The Contractor and each Architect grants to the Authority the right to use their respective name and/or trade name for attribution as the design architect of the Project in conjunction with any signage, advertisements, publications, public announcements, promotional materials and marketing related to the Project. Each Architect may instruct the Authority to cease use of, and remove his or her name from, any signage or promotional materials attributing the Architect as design architect for the Project if he or she believes that any distortion, mutilation or other material and substantial modification will be prejudicial to their honor or reputation. Without limiting any of the foregoing, the Contractor and each Architect expressly permits the Authority to authorize other similarly credentialed design professionals to reproduce and, where required by law, to make changes, corrections, public disclosures, additions and create derivative works to the Instruments of Services and/or the Pre-Existing Plans for purposes of completing, using, obtaining permits or other legal requirements and maintaining the Project or any other construction projects using the Instruments of Services undertaken by or for the Authority. The Contractor and each Architect irrevocably and unconditionally releases the Authority and its authorized representatives, contractors and licensees from any claims, demands, causes of action, suits, damages or losses, arising from or attributable to any improper modification to or reuse for other projects by or for the Authority of the Instruments of Service and the Pre-Existing Plan prepared by the Contractor and each Architect. Except as specifically provided in this Section 24, the Contractor and each Architect irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Instruments of Service and the Pre-Existing Plans which the Contractor and each Architect may now have or which may accrue to their respective benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Instruments of Service and the Pre-Existing Plans and the right to object to any modification, translation or use of the Instruments of Services and the Pre-Existing Plans, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a Moral Right.

(d) Originality. The Contractor and each Architect represents and warrants to the Authority that (i) the Instruments of Service and the Pre-Existing Plans are original to the Contractor and each Architect and that the Authority's use of the Instruments of Service and the Pre-Existing Plans, as contemplated under this Contract, will not violate, misappropriate or infringe upon the intellectual property rights (including copyrights) of any other person or entity, and no third party materials will be incorporated or included in the Instruments of Service without the Authority's prior written consent, and (ii) each Architect shall prepare the Instruments of Service consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances, and in accordance with laws, codes, rules, and standards applicable for the location of the Project. THE CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, REGULATORY PROCEEDINGS AND/OR CAUSES OF ACTION, AND ALL LOSSES, DAMAGES, AND COSTS (INCLUDING ATTORNEYS' FEES AND SETTLEMENT COSTS) ARISING FROM OR RELATING TO, DIRECTLY OR INDIRECTLY, ANY CLAIM OR ASSERTION BY AN ARCHITECT OR ANY THIRD PARTY RELATING TO THE INSTRUMENTS OF SERVICE AND/OR THE PRE-EXISTING PLANS.

(e) Survivability. This Section 24 will survive termination or expiration of this Agreement for any reason.

25. DATA PRIVACY

The Contractor and its subcontractors and their respective employees and personnel may have access to the Authority Data (including without limitation, personally identifiable information ("PII")) in connection with the performance of the Contract. The Contractor hereby grants to the Authority the irrevocable, perpetual, non-exclusive, authority to use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works of the Deliverables including but not limited to conceptual drawing, shelter drawings and specifications in connection with this contract. The Contractor hereby irrevocably and forever waives, and agrees never to assert, any moral rights or other rights of restraint or attribution in or to the Deliverables that the Contractor may now have, or which may accrue to the Contractor's benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted.

36. LICENSES AND PERMITS

The Contractor shall, without additional expense to the Authority, be responsible for obtaining any necessary licenses, permits, and approvals for complying with any federal, state, county, municipal, and other laws, codes, and regulations applicable to the performance of work or to the products to be provided under this Contract including, but not limited to, any laws or regulations requiring the use of licensed Subcontractors to perform parts of the work.

37. INDEMNIFICATION

(a) **THE CONTRACTOR WILL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS AND REPRESENTATIVES (THE AUTHORITY AND EACH SUCH PERSON OR ENTITY IS AN "INDEMNIFIED PARTY") HARMLESS FROM AND AGAINST AND PAY ANY AND ALL DAMAGES (AS DEFINED HEREIN) DIRECTLY OR INDIRECTLY RESULTING FROM, RELATING TO, ARISING OUT OF OR ATTRIBUTABLE TO ANY OF THE FOLLOWING:**

(1) **ANY BREACH OF ANY REPRESENTATION OR WARRANTY THAT THE CONTRACTOR HAS MADE IN THIS CONTRACT;**

(2) **ANY BREACH, VIOLATION OR DEFAULT BY OR THROUGH THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OF ANY OBLIGATION OF THE CONTRACTOR IN THIS CONTRACT OR ANY OTHER AGREEMENT BETWEEN THE CONTRACTOR AND THE AUTHORITY;**

(3) **THE USE, CONDITION, OPERATION OR MAINTENANCE OF ANY PROPERTY, VEHICLE, FACILITY OR OTHER ASSET OF THE AUTHORITY TO WHICH THE CONTRACTOR HAS ACCESS OR AS TO WHICH THE CONTRACTOR PROVIDES SERVICES; OR**

(4) **ANY ACT OR OMISSION OF THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OR ANY OF THEIR OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, CUSTOMERS, INVITEES, REPRESENTATIVES OR VENDORS.**

(b) **"ACTION" MEANS ANY ACTION, APPEAL, PETITION, PLEA, CHARGE, COMPLAINT, CLAIM, SUIT, DEMAND, LITIGATION, MEDIATION, HEARING, INQUIRY, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.**

(c) **“DAMAGES” MEANS ALL DIRECT OR INDIRECT DAMAGES, LOSSES, LIABILITIES, DEFICIENCIES, SETTLEMENTS, CLAIMS, AWARDS, INTEREST, PENALTIES, JUDGMENTS, FINES, OR OTHER COSTS OR EXPENSES OF ANY KIND OR NATURE WHATSOEVER, WHETHER KNOWN OR UNKNOWN, CONTINGENT OR VESTED, MATURED OR UNMATURED, AND WHETHER OR NOT RESULTING FROM THIRD-PARTY CLAIMS, INCLUDING COSTS (INCLUDING, WITHOUT LIMITATION, REASONABLE FEES AND EXPENSES OF ATTORNEYS, OTHER PROFESSIONAL ADVISORS AND EXPERT WITNESSES) RELATED TO ANY INVESTIGATION, ACTION, SUIT, ARBITRATION, APPEAL, CLAIM, DEMAND, INQUIRY, COMPLAINT, MEDIATION, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.**

(d) **“THREATENED” MEANS A DEMAND OR STATEMENT HAS BEEN MADE (ORALLY OR IN WRITING) OR A NOTICE HAS BEEN GIVEN (ORALLY OR IN WRITING), OR ANY OTHER EVENT HAS OCCURRED OR ANY OTHER CIRCUMSTANCES EXIST THAT WOULD LEAD A PRUDENT PERSON OR ENTITY TO CONCLUDE THAT AN ACTION OR OTHER MATTER IS LIKELY TO BE ASSERTED, COMMENCED, TAKEN OR OTHERWISE PURSUED IN THE FUTURE.**

(e) **IF ANY ACTION IS COMMENCED OR THREATENED THAT MAY GIVE RISE TO A CLAIM FOR INDEMNIFICATION (A “CLAIM”) BY ANY INDEMNIFIED PARTY AGAINST THE CONTRACTOR, THEN SUCH INDEMNIFIED PARTY WILL PROMPTLY GIVE NOTICE TO THE CONTRACTOR AFTER SUCH INDEMNIFIED PARTY BECOMES AWARE OF SUCH CLAIM. FAILURE TO NOTIFY THE CONTRACTOR WILL NOT RELIEVE THE CONTRACTOR OF ANY LIABILITY THAT IT MAY HAVE TO THE INDEMNIFIED PARTY, EXCEPT TO THE EXTENT THAT THE DEFENSE OF SUCH ACTION IS MATERIALLY AND IRREVOCABLY PREJUDICED BY THE INDEMNIFIED PARTY’S FAILURE TO GIVE SUCH NOTICE. THE CONTRACTOR WILL ASSUME AND THEREAFTER DILIGENTLY AND CONTINUOUSLY CONDUCT THE DEFENSE OF A CLAIM WITH COUNSEL THAT IS SATISFACTORY TO THE INDEMNIFIED PARTY. THE INDEMNIFIED PARTY WILL HAVE THE RIGHT, AT ITS OWN EXPENSE, TO PARTICIPATE IN THE DEFENSE OF A CLAIM WITHOUT RELIEVING THE CONTRACTOR OF ANY OBLIGATION DESCRIBED ABOVE. IN NO EVENT WILL THE CONTRACTOR APPROVE THE ENTRY OF ANY JUDGMENT OR ENTER INTO ANY SETTLEMENT WITH RESPECT TO ANY CLAIM WITHOUT THE INDEMNIFIED PARTY’S PRIOR WRITTEN APPROVAL, WHICH WILL NOT BE UNREASONABLY WITHHELD. UNTIL THE CONTRACTOR ASSUMES THE DILIGENT DEFENSE OF A CLAIM, THE INDEMNIFIED PARTY MAY DEFEND AGAINST A CLAIM IN ANY MANNER THE INDEMNIFIED PARTY REASONABLY DEEMS APPROPRIATE. THE CONTRACTOR WILL REIMBURSE THE INDEMNIFIED PARTY PROMPTLY AND PERIODICALLY FOR THE DAMAGES RELATING TO DEFENDING AGAINST A CLAIM AND WILL PAY PROMPTLY THE INDEMNIFIED PARTY FOR ANY DAMAGES THE INDEMNIFIED PARTY MAY SUFFER RELATING TO A CLAIM.**

(f) **THE INDEMNIFICATION OBLIGATIONS AND RIGHTS PROVIDED FOR IN THIS CONTRACT DO NOT REQUIRE (AND SHALL NOT BE CONSTRUED AS REQUIRING) THE CONTRACTOR TO INDEMNIFY, HOLD HARMLESS, OR DEFEND ANY INDEMNIFIED PARTY (OR ANY THIRD PARTY) AGAINST ANY ACTION OR CLAIM (OR THREATENED ACTION OR CLAIM) CAUSED BY THE NEGLIGENCE OR FAULT, THE BREACH OR VIOLATION OF A STATUTE, ORDINANCE, GOVERNMENTAL REGULATION, STANDARD, OR RULE, OR THE BREACH OF CONTRACT OF ANY INDEMNIFIED PARTY, ITS AGENTS OR EMPLOYEES, OR ANY THIRD PARTY UNDER THE CONTROL OR SUPERVISION OF ANY INDEMNIFIED PARTY, OTHER THAN THE CONTRACTOR OR ITS AGENTS, EMPLOYEES, OR SUBCONTRACTORS OF ANY TIER.**

40. INTEREST OF PUBLIC OFFICIALS

The Contractor represents and warrants that no employee, official, or member of the Board of the Authority is or will be pecuniarily interested or benefited directly or indirectly in this Contract. The Contractor further represents and warrants that it has not offered or given gratuities (in the form of entertainment, gifts or otherwise) to any employee, official, or member of the Board of the Authority with a view toward securing favorable treatment in the awarding, amending, or evaluating the performance of this Contract. For breach of any representation or warranty in this paragraph, the Authority shall have the right to terminate this Contract without liability and/or have recourse to any other remedy it may have at law or in equity.

41. MANUFACTURER'S WARRANTY

Any and all standard manufacturer's warranties shall accrue to the benefit of the Authority. The manufacturer's warranties referenced herein shall be in addition to the contractual remedies set forth in this Contract and in addition to any and all other statutory remedies or warranties imposed on the Contractor for the benefit of the Authority.

42. RECORD RETENTION; ACCESS TO RECORDS AND REPORTS

(a) The Contractor will retain, and will require its Subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the Contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, Subcontracts, arrangements, other third-party agreements of any type, and supporting materials related to those records.

(b) If this is a cost-reimbursement, incentive, time and materials, labor hour, or price determinable Contract, or any combination thereof, the Contractor shall maintain, and the Authority and its representatives shall have the right to examine, all books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred for the performance of this Contract.

(c) If the Contractor submitted certified cost or pricing data in connection with the pricing of this Contract or if the Contractor's cost of performance is relevant to any change or modification to this Contract, the Authority and its representatives shall have the right to examine all books, records, documents, and other data of the Contractor related to the negotiation, pricing, or performance of such Contract, change, or modification for the purpose of evaluating the costs incurred and the accuracy, completeness, and currency of the cost or pricing data submitted. The right of examination shall extend to all documents necessary to permit adequate evaluation of the costs incurred and the cost or pricing data submitted, along with the computations and projections used therein.

(d) The Contractor shall maintain all books, records, accounts and reports required under this paragraph for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(e) The Contractor agrees to provide sufficient access to the Authority and its contractors to inspect and audit records and information related to performance of this Contract as reasonably may be required.

(f) The Contractor agrees to permit the Authority and its contractors access to the sites of performance under this Contract as reasonably may be required.

(g) If an audit pursuant to this paragraph reveals that the Authority has paid any invoices or charges not authorized under this Contract, the Authority may offset or recoup such amounts against any indebtedness owed by it to Contractor, whether arising under this Contract or otherwise, over a period of time equivalent to the time period over which such invoices or charges accrued.

(h) This paragraph will survive any termination or expiration of this Contract.

43. LIQUIDATED DAMAGES

(a) If the Contractor fails to perform the Work within the time specified in this Contract, or any extension, for reasons other than non-compliance with mandatory OSHA training or other OSHA violations, the Contractor shall in place of actual damages, pay to the Authority the sum of **\$2,400 for each calendar day** of delay as liquidated damages and not as a penalty. If the Contractor fails to perform the Work within the time specified in this Contract, or any extension, due to non-compliance with (i) mandatory OSHA training, in accordance with Subsection (g) of this Exhibit E of this Contract or other applicable OSHA violations, (ii) Contractor Safety and Security Plan guidance, or (iii) Capital Metro Safety written policies, plans, or rules, the Contractor shall in place of actual damages, pay to the Authority the sum of **\$2,400.00 for each calendar day**. It is agreed that such liquidated damages represent an estimate of actual damages and are not intended as a penalty; and that such delay will cause the Authority to incur substantial economic damage in amounts which are difficult or impossible to ascertain with certainty. Liquidated damages do not limit the Authority's right to terminate this Contract for default or otherwise as provided elsewhere in this Contract. Liquidated damages do not limit the Authority's right to terminate this Contract for default or pursue other remedies available to the Authority elsewhere in this Contract. Liquidated damages may be deducted from any amounts due and owing Contractor under this Contract.

(b) In the event the Authority terminates this Contract for Default under Exhibit E, Paragraph entitled "Termination for Default," Contractor shall be liable for liquidated damages accruing until such time as the Authority may reasonably obtain delivery of performance of similar services. The liquidated damages shall be in addition to excess cost under Exhibit E, Paragraph entitled "Termination for Default."

(c) Contractor may not be charged with liquidated damages when the delay in performance is caused by a Force Majeure Event.

(d) The Contractor shall insert the substance of this paragraph, including this subparagraph (d), altered to reflect the proper identification of the contracting parties in all Subcontracts issued pursuant to this Contract.

(e) In the event the Authority terminates this Contract for Default under this Exhibit E, the Contractor shall be liable for liquidated damages accruing until such time as the Authority may reasonably obtain delivery of performance of similar services. The liquidated damages shall be in addition to excess cost under this Exhibit E paragraph entitled "Termination for Default."

(f) For any delay caused to the project completion due to non-compliance of mandatory OSHA Training or any OSHA violation at the project site, liquidated damages will be imposed for each day of delay in the project substantial completion. A log will be maintained for any delays caused due to non-compliance of the OSHA regulations.

(g) Contractor will ensure that (i) all construction workers receive and complete a 10-hour, OSHA approved construction worker safety class no more than 2 years prior to commencing any Work and at least once every two years thereafter during the term of the Contract; and (ii) all safety supervisors receive and complete a 30-hour, OSHA approved construction worker safety class no more than 2 years prior to commencing any Work and at least once every two years thereafter during the term of the Contract. Contractor's failure to comply with the foregoing may, at Capital Metro's sole discretion, result in a partial or complete shut-down of the performance of the Work for purposes of safety, resulting in the assessment of liquidated damages of this Contract and/or Capital Metro seeking any other available remedy under law or this Contract. A log will be maintained for any delays caused due to non-compliance with the foregoing requirements or any applicable OSHA regulations.

(h) Contractor's compliance with worker protections required under this Contract and/or applicable law will be subject to on-site monitoring independent of Contractor and its affiliates.

44. EXCUSABLE DELAYS

(a) Except for defaults of Subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this Contract under its terms if the failure arises from Force Majeure Events. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the work.

(b) If the failure to perform is caused by the failure of a Subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either, the Contractor shall not be deemed to be in default, unless:

- (1) the subcontracted supplies were obtainable from other sources;
- (2) the Authority ordered the Contractor in writing to purchase these supplies from the other source; and

(c) Upon the request of the Contractor, the Authority shall ascertain the facts and extent of the failure. The President/CEO shall consider the protest and notify the Contractor within two (2) weeks of the protest filing of his or her final decision. The President/CEO's decisions shall be conclusive subject to judicial review. Notwithstanding any disagreement the Contractor may have with the decisions of the President/CEO, the Contractor shall proceed with the Work in accordance with the determinations, instructions, and clarifications of the President/CEO. The Contractor shall be solely responsible for requesting instructions or interpretations and liable for any cost or expenses arising from its failure to do so. The Contractor's failure to protest the Contracting Officer's determinations, instructions, or clarifications within the two-week period shall constitute a waiver by the Contractor of all of its rights to further protest.

These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. The Contractor agrees to perform transit operations in connection with the underlying Contract in compliance with the conditions stated in that U.S. DOL letter.

EXHIBIT F-REVISED-1
SCOPE OF SERVICES
METRORAPID SHELTERS

1. BACKGROUND

Capital Metro connects people, jobs and communities by providing Central Texans with safe, high-quality and sustainable transportation alternatives. The agency provides 30 million rides annually on its buses, trains, paratransit, and vanpool vehicles and serves a population of more than 1.2 million in its 543-square-mile service area. The region's transportation leader, Capital Metro has invested in transit services like its High-Frequency Network, which move more people, more reliably, as well as its innovative on-demand service Pickup. Capital Metro is committed to increasing regional mobility and, through Project Connect, will transform how people travel throughout Central Texas. Visit capmetro.org for more information.

Capital Metro is currently in the process of designing new MetroRapid stations to expand and enhance the existing MetroRapid system within the overall Project Connect program. The goal of the MetroRapid Program is to establish safe and efficient operations and maintenance of four (4) Bus Rapid Transit (BRT) routes, in order to provide the customers in our densest corridors with faster, more reliable and more comfortable service. The MetroRapid station will consist of a shelter and associated amenities such as a bench, litter container, dynamic message display, station sign stop sign, and station lighting. Capital Metro will establish in this shelter RFP an outline for base year fabrication with the unilateral right to purchase optional additional items within the term of the contract.

2. PROJECT GOAL

The purpose of this shelter RFP is to identify a prime shelter fabricator to structurally design, fabricate, deliver, and install the BRT(MetroRapid) shelter. The prime shelter fabricator, herein referred to as the 'Shelter Fabricator' or 'offeror' will have to opportunity to be the sole turnkey contractor in helping Capital Metro obtain the goal for the BRT shelter. This RFP solicitation will outline Capital Metro's goal of seeking a shelter for the next phase of Capital Metro's transportation needs. During the RFP process, Shelter Fabricators will submit proposals which will be evaluated, scored and selected.

Capital Metro is seeking a bus shelter that reflects the criteria and aspirations outlined in the RFP scope of work. Major scope of work elements is providing shelter engineering, services integration, and full design services during fabrication for a fully integrated shelter for delivery and installation. Capital Metro's goals are aesthetically pleasing, scalable, modular, vandal resistant, maintainable, cost effective, and fully integrated shelters. As part of the shelter design, the Shelter Fabricator is required to integrate solar power technology for the use of the system in powering shelter elements. Further, the Shelter Fabricator will be able to provide to Capital Metro a creative and practical solution from the industry in solar technology that would allow the BRT stations to be independent of grid tied power. Elements to be considered are shelter lighting, Capital Metro's own e-Paper, communication modem, and security cameras (CCTV camera.) The adopted schedule for fabrication and delivery is another goal and aspiration that Capital Metro seeks to accomplish with this RFP.

3. OVERVIEW

The design and fabrication of the shelters shall be modular and scalable, based on the specifications described herein. The size(s), dimensions, structural components, signage, colors, on-site assembly requirements, furnishings and equipment shall be part of the same "kit of parts" for leveraging economies of scale and maintainability. Trash receptacles, and flags will be provided by Capital Metro, along with all IT equipment: CCTV cameras, network cabling and routers, digital message signs(-e-Paper).

Acceptable teaming composition includes shelter manufacturers, industrial designers, solar companies, architects, engineers or any combination and partnership for increased RFP competitiveness. Capital Metro is seeking a Shelter Fabricator team that will be able to deliver a turnkey project outlined in this RFP. Capital Metro will be evaluating the Shelter Fabricator's technical proposal and team composition, and offerors will be evaluated against and selected based on the established evaluation criteria in this solicitation. Firm must have a minimum of five (5) years of experience

designing and fabricating transit shelters, reflecting knowledge and understanding of local codes, permitting, environment and culture.

Offerors should provide a technical proposal and cost proposals reflecting the shelter design described in **Attachment 1-Conceptual Drawing** and as further described in the solicitation. Designs submitted by offerors may be shared with the public during the solicitation process.

Following contract award, Capital Metro and the successful Shelter Fabricator will move forward with the submittal process (section 7. b.) and per **Attachment 1-Conceptual Drawing**. Further, as part of the submittal process the Shelter Fabricator will submit 3 physical mock-ups to Capital Metro for review and approval prior to the shelter prototype fabrication. The intention of one (1) large shelter prototype going into fabrication and installed at a MetroRapid station site for quality assurance and Cap Metro review prior to release of fabrication of remaining shelters.

4. SHELTER DESCRIPTION

Capital Metro is seeking a shelter design for the new MetroRapid projects as detailed in the solicitation. The shelter will primarily be for MetroRapid system implementation, but the concepts are required to be adaptable, modular, and implementable into a shelter system for local future bus stop. Due to the varying landscape and variables within the City of Austin Rights of Way Capital Metro is seeking two shelter sizes. One shelter is for commercial type settings with ample Right of Way space and this large shelter size should have a canopy size approximately 9' depth by 32' long. The second shelter needs to fit with-in tight or limited Right of Way space with a small canopy size approximately 7' depth by 28' long. The second shelter is meant for constrained sites; however, it has been determined that in order to follow PROWAG the front shade panel may be shifted to open the accessible routing under the shelter. Shelter design width consideration is allowed at 7'-8'. It is expected the 2 shelters are part of the same "kit of parts" and relate to each other as part of a common family. Shelter designs are required to fit in both a large footprint area, for commercial contexts, and for limited area in residential contexts. Some of the basic considerations for a successful shelter design are weather protection with special attention to shading strategy, pluvial water capture and discharge, accessibility, transparency, lightness, and amenities integration from benches and leaning bars to Information Technology and Communications.

5. SCOPE OF WORK

The Offeror's technical and cost proposal should include the following scope, and as further detailed in Exhibit C, Solicitation Instructions and Conditions:

- a. Shelter Design and Engineering
