It is Capital Metro's responsibility to provide a system of reporting and access to guidance when an employee wishes to report a suspected violation and to seek counseling, and the normal chain of command cannot, for whatever reason, be utilized. (e) Ethical Business Transactions

Section 1. Impartiality and Official Position

(1) A Substantial Interest is defined by Tex. Loc. Govt. Code, § 171.002. An official or a person related to the official in the first degree by consanguinity or affinity has a Substantial Interest in:

(i) A business entity if the person owns ten percent (10%) or more of the voting stock or shares of the business entity or owns either 10% or more or \$15,000 or more of the fair market value of the business entity OR funds received by the person from the business entity exceed 10% of the person's gross income for the previous year; or

(ii) Real property if the interest is an equitable or legal ownership with a fair market value of \$2,500 or more.

Capital Metro will not enter into a contract with a business in which a Board Member or employee or a Family Member of a Board Member or employee as defined in Section 8 has a Substantial Interest except in case of emergency as defined in the Acquisition Policy PRC-100 or the business is the only available source for essential goods and services or property.

(2) No Board Member or employee shall:

(i) Act as a surety for a business that has work, business or a contract with Capital Metro or act as a surety on any official bond required of an officer of Capital Metro.

(ii) Represent for compensation, advise or appear on behalf of any person or firm concerning any contract or transaction or in any proceeding involving Capital Metro's interests.

(iii) Use his or her official position or employment, or Capital Metro's facilities, equipment or supplies to obtain or attempt to obtain private gain or advantage.

(iv) Use his or her official position or employment to unfairly influence other Board members or employees to perform illegal, immoral, or discreditable acts or do anything that would violate Capital Metro policies.

(v) Use Capital Metro's resources, including employees, facilities, equipment, and supplies in political campaign activities.

(vi) Participate in a contract for a contractor or first-tier subcontractor with Capital Metro for a period of one (1) year after leaving employment on any contract with Capital Metro.

(vii) Participate for a period of two (2) years in a contract for a contractor or first-tier subcontractor with Capital Metro if the Board Member or employee participated in the recommendation, bid, proposal or solicitation of the Capital Metro contract or procurement.

Section 2. Employment and Representation

A Board Member or employee must disclose to his or her supervisor, appropriate Capital Metro staff or the Board Chair any discussions of future employment with any business which has, or the Board Member or employee should reasonably foresee is likely to have, any interest in a transaction upon which the Board Member or employee may or must act or make a recommendation subsequent to such discussion. The Board Member or employee shall take no further action on matters regarding the potential future employer.

A Board Member or employee shall not solicit or accept other employment to be performed or compensation to be received while still a Board Member or employee, if the employment or compensation could reasonably be expected to impair independence in judgment or performance of their duties.

A Board Member or employee with authority to appoint or hire employees shall not exercise such authority in favor of an individual who is related within the first degree, within the second degree by affinity or within the third degree by consanguinity as defined by the Capital Metro Nepotism Policy in accordance with Tex. Govt. Code, Ch. 573.

Section 3. Gifts

It is critical to keep an arms-length relationship with the entities and vendors Capital Metro does business with in order to prevent the appearance of impropriety, undue influence or favoritism.

No Board Member or employee shall:

(1) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for the Board Member's or employee's decision, vote, opinion, recommendation or other exercise of discretion as a public servant. [Tex. Penal Code §36.02(c)]

(2) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for a violation of any law or duty. [Tex. Penal Code §36.02(a)(1)]

(3) Solicit, accept or agree to accept any benefit or item of monetary value from a person the Board Member or employee knows is interested in or likely to become interested in any Capital Metro contract or transaction if the benefit or item of monetary value could reasonably be inferred as intended to influence the Board Member or employee. [Tex. Penal Code §36.08(d)]

(4) Receive or accept any gift, favor or item of monetary value from a contractor or potential contractor of Capital Metro or from any individual or entity that could reasonably be inferred as intended to influence the Board Member or employee.

Exception: Consistent with state law governing public servants, a gift does not include a benefit or item of monetary value with a value of less than \$50, excluding cash or negotiable instruments, unless it can reasonably be inferred that the item was intended to influence the Board Member or employee. A department may adopt more restrictive provisions if there is a demonstrated and documented business need. [Tex. Penal Code § 36.10(a)(6)]

Exception: A gift or other benefit conferred, independent of the Board Member's or employee's relationship with Capital Metro, that is not given or received with the intent to influence the Board Member or employee in the performance of his or her official duties is not a violation of this policy. The Capital Metro Ethics Officer or Board Ethics Officer must be consulted for a determination as to whether a potential gift falls within this exception.

Exception: Food, lodging, or transportation that is provided as consideration for legitimate services rendered by the Board Member or employee related to his or her official duties is not a violation of this policy.

If you are uncertain about a gift, seek guidance from the Ethics Officer.

Section 4. Business Meals and Functions

Board Members and employees may accept invitations for free, reasonable meals in the course of conducting Capital Metro's business or while attending a seminar or conference in connection with Capital Metro business as long as there is not an active or impending solicitation in which the inviting contractor or party may participate and attendance at the event or meal does not create an appearance that the invitation was intended to influence the Board Member or employee.

When attending such events, it is important to remember that you are representing Capital Metro and if you chose to drink alcohol, you must do so responsibly. Drinking irresponsibly may lead to poor judgment and actions that may violate the Code or other Capital Metro policies and may damage the reputation of Capital Metro in the community and the industry.

Section 5. Confidential Information

It is everyone's responsibility to safeguard Capital Metro's nonpublic and confidential information.

No Board Member or employee shall:

(2) ✓ Communicate details of any active Capital Metro procurement or solicitation or other contract opportunity to any contractor, potential contractor or individual not authorized to receive information regarding the active procurement or contract opportunity.

Section 6. Financial Accountability and Record Keeping

Capital Metro's financial records and reports should be accurate, timely, and in accordance with applicable laws and accounting rules and principles. Our records must reflect all components of a transaction in an honest and forthright manner. These records reflect the results of Capital Metro's operations and our stewardship of public funds.

A Board Member or employee shall:

Section 7. Conflict of Interest

Employees and Board Members are expected to deal at arms-length in any transaction on behalf of Capital Metro and avoid and disclose actual conflicts of interest under the law and the Code and any circumstance which could impart the appearance of a conflict of interest. A conflict of interest exists when a Board Member or employee is in a position in which any official act or action taken by them is, may be, or appears to be influenced by considerations of personal gain rather than the general public trust.

Conflict of Interest [Tex. Loc. Govt. Code, Ch. 171 & 176, § 2252.908]

No Board Member or employee shall participate in a matter involving a business, contract or real property transaction in which the Board Member or employee has a Substantial Interest if it is reasonably foreseeable that an action on the matter would confer a special economic benefit on the business, contract or real property that is distinguishable from its effect on the public. [Tex. Loc. Govt. Code, § 171.004]

Disclosure

A Board Member or employee must disclose a Substantial Interest in a business, contract, or real property that would confer a benefit by their vote or decision. The Board Member or employee may not participate in the consideration of the matter subject to the vote or decision. Prior to the vote or decision, a Board Member shall file an affidavit citing the nature and extent of his or her interest with the Board Vice Chair or Ethics Officer. [Tex. Loc. Govt. Code, § 171.004]

A Board Member or employee may choose not to participate in a vote or decision based on an appearance of a conflict of interest and may file an affidavit documenting their recusal.

Section 10. Penalties for Violation of the Code of Ethics

In addition to turning over evidence of misconduct to the proper law enforcement agency when appropriate, the following penalties may be enforced:

A manufactured product is considered domestic if all of the manufacturing processes for the product take place in the United States and all of the components of the product are of U.S. origin as set forth in 49 C.F.R. § 661.5(d)(1). A component of a manufactured product "is considered of U.S. origin if it is manufactured in the United States, regardless of the origin of its subcomponents." 49 C.F.R. § 661.5(d)(2).

General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

The offeror must submit the appropriate Buy America certification with its offer to reflect that it will comply with such applicable law, regulations, and contractual obligation. Offers that are not accompanied by a completed Buy America certification may be rejected as nonresponsive.

EXHIBIT D

DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

It is the policy of the Authority that Disadvantaged Business Enterprises (“DBEs”), as defined in U.S. Department of Transportation (“DOT”) regulations 49 C.F.R. Part 26, shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds. It is also the policy of the Authority to (1) ensure nondiscrimination in the award and administration of DOT-assisted contracts; (2) to create a level playing field on which DBEs can compete fairly for DOT-assisted contracts; (3) ensure that the DBE program is narrowly tailored in accordance with applicable law; (4) ensure that only firms that fully meet the 49 C.F.R. part 26 eligibility standards are permitted to participate as DBEs; (5) help remove barriers to the participation of DBEs in DOT-assisted contracts and procurement activities; and (6) assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

The Contractor is the recipient of federal transit funds authorized by Titles I, III, V, and VI of ISTEA, Pub. L. 102-240 or by Federal transit laws in Title 49, U.S. Code or Title I, II, and V of the Teas-21, Pub. L. 105-178. Consequently, the DBE requirements of 49 C.F.R. Part 26 apply to this contract. The Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The requirements of 49 C.F.R. Part 26 and the Authority's DOT-approved Disadvantaged Business Enterprise (DBE) program are incorporated into this Contract by reference.

1. DEFINITIONS

(a) *Disadvantaged business enterprise or DBE* means a for-profit small business concern – (1) that is at least fifty-one percent (51%) owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51% of the stock is owned by one or more such individuals; and (2) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

(b) *Small business concern* means, with respect to firms seeking to participate as DBEs in DOT-assisted contracts, a small business concern as defined pursuant to section 3 of the Small Business Act and Small Business Administration regulations implementing it (13 C.F.R. Part 121) that also does not exceed the cap on average annual gross receipts or the relevant size standard as specified in 13 C.F.R. Section 121.402.

(c) *Socially and economically disadvantaged individual* means any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is: (1) any individual who Capital Metro finds to be a socially and economically disadvantaged individual on a case-by-case basis; (2) any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged as defined in CFR Part 26.5:

(1) "Black Americans," which includes persons having origins in any of the Black racial groups of Africa;

(2) "Hispanic Americans," which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(3) "Native Americans," which includes persons who are enrolled members of a federally or State recognized Indian tribe, Alaska Natives, or Native Hawaiians;

(4) "Asian-Pacific Americans," which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;

(5) "Subcontinent Asian Americans," which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(6) Women;

(7) Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

(d) For the purposes of this Exhibit, "Capital Metro" and "the Authority" refer to Capital Metropolitan Transportation Authority.

2. SUBMISSION OF DBE FORMS

(a) The Contractor shall submit along with its response to this solicitation a completed Schedule C of Subcontractor Participation form ("**Schedule C**") listing all proposed subcontractors, DBE and non-DBE, and an executed Intent to Perform as a DBE Subcontractor form ("**Intent to Perform**") for each individual DBE subcontractor listed on the Schedule C. As required in Section 5 of this Exhibit, adequate good faith effort documentation (if necessary) must be submitted at this same time. If a prime or proposed subcontractor is in process of DBE certification at the time of submission, then the contractor must provide proof of application for Texas DBE certification with its response to this solicitation, and must provide an approved DBE certificate. If the contractor does not submit this information by the time the solicitation response is due, Capital Metro may deem the contractor non-responsive and such decision is non-appealable. The contractor may protest the decision in accordance with the Authority's protest procedure set forth in Exhibit C of this solicitation.

(b) The listing of a DBE by a contractor shall constitute a representation by the contractor to the Authority that it believes such DBE firm to be technically and financially qualified and available to perform the work. It shall also represent a commitment by the contractor that if it is awarded the contract, it will enter into a subcontract with such DBE (provided that the DBE is certified as provided herein) for the work described and at the price set forth in both the Schedule C and the Intent to Perform. If the price of a DBE subcontract changes after the form has been submitted but prior to award of the contract, the contractor will immediately notify the Authority's Office of Diversity of the changed amount and the reason(s) for the change.

(c) In the event that the contractor wishes to modify its Schedule C and Intent to Perform forms after its offer is submitted and/or a contract awarded, the contractor must notify the Authority's Office of Diversity in writing to officeofdiversity@capmetro.org and request approval of the modification. This will include any changes to items of work, material, services or DBE firms which differ from those identified on the Schedule C and Intent to Perform forms on file. The contractor must cooperate in supplying the Authority with additional information with respect to the requested modification. No changes may be affected without the Authority's prior written approval.

3. CREDIT TOWARDS GOALS

(a) Only work performed by DBE firms certified to work in the state of Texas by the six (6) Texas Unified Certification Program (TUCP) recognized agencies listed in Section 6 herein, will count towards the overall contract goal. Out-of-state entities must register for certification through the Texas Department of Transportation to be deemed eligible to participate in Authority contracts in such capacities and receive credit for work performed.

(b) No credit toward meeting DBE goals will be allowed unless the DBE is determined to be eligible by the Authority's Office of Diversity in its sole discretion. The contractor is strongly encouraged to contact the Authority's Office of Diversity well in advance of the date set for submission of offers in order to enable review of the proposed DBE's eligibility to participate in the Authority's DBE Program. The dollar value of work performed under a contract with a firm after it has ceased to be certified cannot count toward a contract goal. Participation of a DBE subcontractor cannot count toward the contractor's DBE achievements until the amount being counted has been paid to the DBE.

(c) Only expenditures to DBEs that perform a Commercially Useful Function may be counted towards goals. A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved and is responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, the Authority's Office of Diversity will evaluate the amount of work

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

subcontracted, industry practices, whether the amount the subcontractor is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. If a DBE does not perform or exercise responsibility for at least thirty (30%) percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, it is not performing a commercially useful function.

(d) The Contractor may count only the value of the work actually performed by the DBE toward DBE goals. This may be calculated by counting the entire amount of that portion of the Contract that is performed by a DBE's own forces. It includes the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the contractor or its affiliate). The Contractor may also count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, provided the fees are reasonable and not excessive as compared with fees customarily allowed for similar services. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.

(e) When a DBE performs as a participant in a joint venture, the Contractor may count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the Contract that the DBE performs with its own forces toward DBE goals.

(f) The Contractor may count one hundred percent (100%) of the cost of the materials and supplies towards the DBE goal provided that the DBE is a manufacturer. A manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.

(g) The Contractor may count towards the DBE goal only sixty percent (60%) of the cost of the materials and supplies purchased from DBEs that are regular dealers. A regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the person both owns and operates distribution equipment for the products. Any supplementing of the regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis. Packers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers.

(h) The Contractor may count towards its DBE goals the following costs of materials or supplies purchased from DBE firms that are not manufacturers or regular dealers:

(1) The entire amount of fees or commissions charged by a DBE for providing bona fide services, such as professional, technical, consultant, or for providing bonds or insurance specifically required for the performance of the contract, provided the Authority determines that the fee is reasonable and not excessive as compared with fees customarily allowed for similar services.

(2) The entire amount of fees or commissions charged for assistance in the procurement or delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies.

(3) The fees charged for providing any bonds or insurance specifically required for the performance of the contract.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(4) The fees charged for assistance in the procurement of the materials and supplies, provided that the fees are reasonable and not excessive as compared with fees customarily allowed for similar services.

(i) If the contractor is a DBE and wishes to count its participation on the project towards the goal, it is required to perform that portion with its own work force.

4. DBE GOAL AND SUBCONTRACTING OPPORTUNITIES

(a) The DBE goal for this solicitation is 7%.

(b) Possible subcontracting opportunities include, but are not limited to:

<u>Industry</u>	<u>NAICS Code</u>
Sign manufacturing	339950
Paint, varnish, and supplies merchant wholesalers	424950
General Freight Trucking	484110

5. DEMONSTRATION OF GOOD FAITH EFFORT

(a) If the Contractor does not meet the DBE goal, it shall nevertheless be eligible for award of the Contract if it can demonstrate to the satisfaction of the Authority that it has made a good faith effort to meet the DBE goal. In evaluating a Contractor's good faith effort submission, the Authority will only consider those documented efforts that occurred prior to receipt of competitive sealed bids (IFB) or competitive sealed proposals (RFP).

(b) In the event that a firm submitted by the contractor is not able to become certified by one of the certifying agencies under the Texas Unified Certification Program (see Section 6), the Contractor will be notified and given an opportunity to substitute that firm with another DBE firm. The Contractor will be given a deadline to accomplish the substitution. In the event the Contractor is unable to contract with a substitute DBE firm, the good faith efforts that Contractor made in attempting to contract with the substitute DBE firm must be documented and submitted to the Authority's Office of Diversity. Documentation submitted in accordance with this subparagraph is the only exception to the requirements in subparagraph (a) above pertaining to the good faith efforts that the Authority will consider in determining whether the contractor shall be otherwise eligible for award of the contract.

(c) In making a determination that the Contractor has made a good faith effort to meet the DBE goals, the Authority shall consider, among other things it deems relevant, the criteria set forth below. Additionally, in determining whether the Contractor has made good faith efforts, the Authority will take into account the performance of other bidders in meeting the contract goal. The Contractor shall furnish as part of its DBE utilization information provided under this Section such specific documentation concerning the steps it has taken to obtain DBE participation, with a consideration of, by way of illustration and not limited to the following as required by *Appendix A to Part 26 – Guidance Concerning Good Faith Efforts*, as amended:

(1) Whether the Contractor conducted market research to identify small business contractors and suppliers and solicited through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Contractor must solicit this interest early in the acquisition process within sufficient time to allow the DBEs to respond to the solicitation. The Contractor must determine with certainty if the DBEs are interested by taking appropriate steps to follow up on initial solicitations.

(2) Whether the Contractor selected portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out Contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

(3) Whether the Contractor provided interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(4) Whether the Contractor negotiated in good faith with interested DBEs. It is the Contractor's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

(5) A Contractor using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a contractor's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the contractor of the responsibility to make good faith efforts. A contractor is not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

(6) Whether the Contractor rejected DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the DBE goal.

(7) Whether the Contractor rejected the DBE because its quotation for the work was not the lowest received. However, nothing in this paragraph shall be construed to require the Contractor to accept unreasonable quotes in order to satisfy contract goals.

(8) A Contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding that good faith efforts have been made to replace the original DBE. The fact that the Contractor has the ability and/or desire to perform the contract work with its own forces does not relieve the Contractor of the obligation to make good faith efforts to find a replacement DBE, and it is not a sound basis for rejecting a prospective replacement DBE's reasonable quote.

(9) Whether the Contractor made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by Capital Metro or the Contractor.

(10) Whether the Contractor made efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

(11) Whether the Contractor effectively used the services of available minority/women community organizations, minority/women contractors' groups, local, state, and Federal minority/women business assistance offices, and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

(d) In determining whether a Contractor has made good faith efforts, Authority will scrutinize its documented efforts. At a minimum, Authority will review the performance of other bidders in meeting the contract goal. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, the Authority may reasonably raise the question of whether, with additional efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE participation obtained by other bidders, the Authority may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

(e) In determining whether the Contractor has demonstrated good faith, the Authority will look not only at the different kinds of efforts that the Contractor has made, but also the quantity and intensity of those efforts. Efforts that are mere pro forma are not good faith efforts to meet the goals (even if they are sincerely motivated) if, given all relevant circumstances, the contractor's efforts could not reasonably be expected to produce a level of DBE participation sufficient to meet the goals.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(f) A promise to use DBEs after contract award is not considered to be responsive to the contract solicitation or to constitute good faith efforts.

6. APPEALS

If the Contractor does not meet the DBE goal or make adequate good faith efforts to do so, the Authority will so notify the Contractor in writing. The Contractor may appeal the decision within five (5) days of the date of the notice of decision by filing a written appeal for reconsideration. As part of this appeal, the Contractor has the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The reconsideration will be made by the DBE appeals officer, an individual who did not take part in the original determination that the Contractor failed to meet the goal or make adequate good faith efforts to do so. The Contractor will have the opportunity to meet with the DBE appeals officer to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The result of the reconsideration process is final and not administratively appealable to the United States Department of Transportation.

7. CERTIFICATION OF DBES

(a) The Authority is a participating entity under the Texas Unified Certification Program (TUCP). This means that the Authority will accept certifications from any of the certifying agencies that have agreed to perform the certification of DBEs within the state of Texas under the TUCP. The participating agencies are:

- * **Texas Department of Transportation**
- * **North Central Texas Regional Certification Agency**
- * **South Central Texas Regional Certification Agency**
- * **City of Houston, Office of Business Opportunity**
- * **City of Austin, Small and Minority Business Resources Department**
- * **Corpus Christi Regional Transportation Authority**

(b) The City of Austin will serve as the certifying agency for the Austin region, which includes the counties of Bastrop, Caldwell, Hays, Travis and Williamson. All prospective DBEs must submit appropriate forms, available through the City of Austin Certification Department, to prove actual ownership and control by DBEs. All such firms shall cooperate in supplying additional information as requested by the [City of Austin DBE Certification Department](#), which will determine the certification of eligible DBEs. Contractors may also contact the Authority at (512) 389-7557 or officeofdiversity@capmetro.org to obtain information.

(c) In the event the Authority determines that a firm identified by the Contractor as a potential DBE does not qualify as a DBE, the Contractor shall be informed and will be provided with an opportunity to substitute firms meeting the certifying agency's DBE eligibility criteria for the Authority's consideration. Information concerning DBEs currently certified can be obtained by contacting the Authority's Office of Diversity. Contractors may access the DBE directory at <https://txdot.txdotcms.com/>.

(d) **If a Contractor proposes using a DBE not currently certified with any of the other recipients in the Texas Unified Certification Program (TUCP), the DBE Application must be approved by the City of Austin Certification Department no later than the date and time established for the receipt of proposals.** Any extensions to the due date by amendment to the solicitation shall automatically extend the due date of the application. If the Contractor proposes using a DBE from another state, the firm must produce evidence that it is DBE certified in the state in which the business is headquartered.

8. DBE PROGRAM REQUIREMENTS

(a) The Contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed in Schedule C of Subcontractor Participation and Intent to Perform as a DBE Subcontractor forms unless the contractor obtains the prior written consent of the Authority upon a showing of good cause as set forth in 49 C.F.R. Section 26.53 (f)(3).

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(b) The Contractor may not terminate a DBE subcontractor without the Authority's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm. Unless the Authority provides prior written consent to terminate the DBE contract based on a showing of good cause to terminate the DBE firm, the Contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE.

(c) At no time will the Contractor invoice the Authority for amounts pertaining to subcontractors terminated or substituted without prior approval of the Authority.

9. TERMINATION OR REPLACEMENT OF DBE SUBCONTRACTORS

(a) The Contractor must notify the Authority's Office of Diversity immediately of the DBE's inability or unwillingness to perform and provide reasonable documentation thereof to seek prior written consent for termination or replacement of a DBE.

(b) The contractor may not terminate a listed DBE subcontractor (or approved substitute), replace a subcontractor previously listed, permit a subcontract to be assigned or transferred, or allow that portion of the work to be performed by anyone other than the listed subcontractor, without the prior written consent of the Authority. For termination of a DBE subcontractor, prior written consent will only be provided where there is a "good cause" for termination as established by 49 C.F.R. Section 26.53(f)(3). Good cause includes the following circumstances:

- The listed DBE fails or refuses to execute a written contract.
- The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards; provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Contractor.
- The listed DBE subcontractor fails or refuses to meet the Contractor's reasonable, nondiscriminatory bond requirements.
- The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness.
- The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1200 or applicable state law.
- The Authority has determined that the listed DBE subcontractor is not a responsible contractor.
- The listed DBE subcontractor voluntarily withdraws from the project and provides to the prime contractor written notice of its withdrawal.
- The listed DBE is ineligible to receive DBE credit for the type of work required.
- A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract.
- Other documented good cause that the Authority determines compels the termination of the DBE subcontractor, provided that good cause does not exist if the Contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Contractor can self-perform the work for which the DBE contractor was engaged or so that the Contractor can substitute another DBE or non-DBE contractor after Contract award.

(c) Before transmitting its request to terminate and/or substitute to the Authority, the Contractor must give the DBE subcontractor written notice of its intent to terminate with a copy to the Authority, of the Contractor's intent to request to terminate and/or substitute, and the reason for the request. The DBE subcontractor shall have five (5) business days to respond to the Contractor's notice and advise the Authority and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why the Authority should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the Authority may allow for a response period shorter than five (5) business days.

(d) When a DBE subcontractor is terminated or fails to complete its work on the contract for any reason, the Contractor must make good faith efforts to find another DBE subcontractor to substitute for the original DBE. These good faith efforts shall be directed at finding another certified DBE to perform at least the same amount of work under the contract as the DBE that was terminated, to the extent needed to meet the contract goal. Documentation of good faith efforts must be maintained and provided to the Authority within 7 days of a request, which may be extended for

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

an additional 7 days if necessary at the request of the Contractor. The Authority will provide a written determination to the Contractor stating whether or not good faith efforts have been demonstrated.

(e) Any DBE that has been approved by Capital Metro to be replaced has the right to appeal the decision directly to the Authority's DBE Reconsideration Officer. Appeals should be sent to:

Kerri Butcher
DBE Reconsideration Officer
Capital Metropolitan Transportation Authority
2910 E. 5th Street
Austin, TX 78702

(f) Failure of the Contractor to carry out the requirements of this part is a material breach of the contract and may result in the termination of the contract as set forth in Exhibit E or such other remedies, including an order stopping all or part of payment/work until satisfactory action has been taken.

10. PAYMENT DOCUMENTATION

The DBE program regulation 49 CFR § 26.37 requires that Capital Metro's DBE Program track and monitor every contract on which DBE participation is claimed to ensure that the work is actually performed by the DBEs to which the work was committed. Capital Metro must have written certification that it has reviewed contracting records and monitored work sites located in Texas. Capital Metro utilizes the B2Gnow compliance monitoring program to ensure that it has developed a monitoring process to comply with this regulation.

For each DBE contract, the Contractor is required to update payment and payment information on each subcontractor or vendor monthly to document in written or electronic format their compliance with the DBE participation and prompt payment regulations. Contractors are required to report, monitor and maintain their subcontractor participation through monthly contract audits that require confirmation from the subcontractor representative in the B2Gnow program.

11. SUBCONTRACT AGREEMENT

The Contractor is required to submit a signed subcontractor agreement between the Contractor and each proposed subcontractor within fifteen (15) days of the Notice to Proceed (NTP). This agreement must include the following flow-down DBE federal clauses:

- a nondiscrimination clause.
- a prompt payment and return of retainage clause.
- a clause identifying options for legal remedies.

Any agreement reached between the Contractor and subcontractors may not modify or nullify federal regulations or it will be considered a breach of the contract between Capital Metro and the Contractor. The agreement must be signed by both the Contractor and subcontractor to be considered valid. The prime contractor must incorporate the following federal clauses into the subcontract agreement:

(a) Non-Discrimination.

"The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26."

A finding by Capital Metro of discrimination by the contractor or subcontractor or a failure by the contractor to include the non-discrimination clause in its subcontract agreement is a material breach of this Contract which may result in the termination of this Contract or such other remedy as Capital Metro deems appropriate. Such remedies may include, but are not limited to:

- (1) Withholding monthly progress payments;

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Contractor from future bidding as non-responsible.

(b) **Prompt Payment and Return of Retainage.**

(1) The Contractor must pay DBE subcontractors for satisfactory performance of their contracts no later than ten (10) days from receipt of each payment the Authority makes to the Contractor. In addition, each contract the Contractor signs with a subcontractor must include a clause to require the Contractor to pay the subcontractor for satisfactory performance under the contract no later than ten (10) days from receipt of each payment Capital Metro makes to the prime contractor.

(2) Capital Metro will ensure prompt and full payment of retainage from the Contractor to the subcontractor within ten (10) days after the subcontractor's work is satisfactorily completed. Capital Metro must use one of the following methods to ensure compliance with this requirement:

(i) Capital Metro may decline to hold retainage from the Contractors and prohibit the Contractor from holding retainage from subcontractors;

(ii) Capital Metro may decline to hold retainage from the Contractor and require a contract clause obligating the Contractor to make prompt and full payment of any retainage kept by the Contractor to the subcontractor within ten (10) days after the subcontractor's work is satisfactorily completed; or

(iii) Capital Metro may hold retainage from the Contractor and provide for prompt and regular incremental acceptance of portions of the prime contract, pay retainage to the Contractor based on these acceptances, and require a contract clause obligating the prime contractor to pay all retainage owed to the subcontractor for satisfactory completion of the accepted work within ten (10) days after Capital Metro's payment to the Contractor.

(3) For purposes of this section, a subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required by Capital Metro. When Capital Metro has accepted an incremental portion of a prime contract, the work of a subcontractor covered by that acceptance is deemed to be satisfactorily completed. Any delay or postponement of payment among the parties may take place only for good cause, with Capital Metro's prior written approval.

(4) Capital Metro may require any or all of the following additional mechanisms to ensure prompt payment:

(i) A contract clause that requires the Contractor to include language in their subcontract providing that prime contractors and subcontractors will use appropriate alternative dispute resolution mechanisms as outlined in the Payment Disputes section of this Exhibit to resolve payment disputes;

(ii) A contract clause providing that the Contractor will not be reimbursed for any work performed unless and until the prime contractor ensures that the subcontractors are promptly paid for the work they have performed; or

(iii) Other mechanisms, consistent with this Part and applicable state and local law, to ensure that DBEs and other contractors are fully and promptly paid.

(c) **Legal Remedies**

Capital Metro will implement appropriate mechanisms to ensure compliance with 49 CFR Part 26 by all program participants by applying legal and contract remedies available under Federal, state and local law. As required in 49 CFR Part 26.37, Prime contractors must include notice of Capital Metro's legal remedies in all FTA-funded subcontracts, including, but not limited to, the following:

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- Breach of contract action, pursuant to the terms of the contract;
- Breach of contract reporting to the Office of Inspector General;
- Breach of contract reporting to the USDOT's Office of Civil Rights;
- Rescission of contract awards (in whole or in part);
- Administrative fines;
- Forfeiture of profits;
- Debarment from bidder's list; and
- Suspensions from awards and other applicable sanctions.

In addition, the federal government has available several enforcement mechanisms that it may apply to firms participating in the DBE program, including, but not limited to, the following:

- Suspension or debarment proceedings pursuant to 49 CFR Part 29;
- Enforcement action pursuant to 49 CFR Part 31;
- Prosecution pursuant to 18 USC 1001.

Failure of the Contractor to carry out the Authority's DBE program provisions shall constitute a breach of contract and may result in termination of the Contractor for default or such remedy as the Authority may deem appropriate. The Authority reserves the right to apply legal and contract remedies listed above.

12. POST SOLICITATION: DBE CONTRACT COMPLIANCE

(a) Subcontractor Use Plan

The Contractor must provide the subcontractor the maximum allowable opportunities to participate and perform on the contract the subcontractor has committed to. At its discretion, Capital Metro may require the Contractor to set forth a cohesive subcontractor utilization plan for each subcontractor or vendor that clearly identifies, outlines and defines any requirements, including but not limited to:

- (1) Each party's responsibilities and authorities;
- (2) The minimum percentage or total dollar amount pledged to the certified DBE firm towards the overall contract goal;
- (3) A list of supplies, services and/or work areas the subcontractor is responsible for to fulfill their commitment;
- (4) A description of deliverables or criteria of work performed by the subcontractor to be deemed satisfactory;
- (5) A schedule for subcontractor usage and a timeframe of availability for the subcontractor to perform its required tasks;
- (6) Any other appropriate and applicable terms and conditions.

The subcontractor utilization plan, if required, must be made available to the Authority no later than fifteen (15) days following the receipt of the Notice to Proceed (NTP).

(b) DBE Kick-off Meeting

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

Capital Metro may require a conference meeting to discuss DBE contractual requirements with the contractor and all DBE certified subcontractors of the awarded contract. This conference will be held before the Notice to Proceed has been issued. Attendees will include Capital Metro personnel from different points of service that will be involved with the satisfactory performance and completion of the contract. External attendees of both the Contractor and subcontractors should include but not be limited to designated representatives, points of contact and/or contract compliance officers.

The conference will cover the following:

- (1) Capital Metro staff and role on contract;
- (2) Capital Metro's DBE program's requirements, guidelines and regulations;
- (3) The contractor and subcontractors' roles and responsibilities;
- (4) Introduction and use of B2Gnow vendor management system, user set-up, vendor payments, auditing requirements, and contract reporting;
- (5) Capital Metro's requirements and procedures for monitoring and enforcement of DBE contracts; and
- (6) Definition and standards of Commercially Useful Function (CUF) requirements.

(c) Commercially Useful Function (CUF) Certification

(1) Capital Metro's DBE program also includes a monitoring and enforcement mechanism to ensure that work committed to DBEs at contract award or subsequently (e.g., as the result of modification to the contract) is actually performed by the DBEs to which the work was committed. This mechanism includes a written certification that Capital Metro has reviewed contracting records and monitored work sites for this purpose. The monitoring to which this paragraph refers will be conducted in conjunction with monitoring of contract performance for other purposes (e.g., close-out reviews for a contract).

(2) This mechanism provides for a running tally of actual DBE attainments (e.g., payments actually made to DBE firms), including a means of comparing these attainments to commitments. In its reports of DBE participation, Capital Metro will display both commitments and attainments.

13. PAYMENT DISPUTES

If a payment dispute arises between the Contractor and any subcontractor or supplier related to this Contract, the Contractor shall provide a written response to the subcontractor or supplier, with a copy to the Office of Diversity, specifically addressing any disputed amounts. The Contractor should resolve all disputed invoices at the earliest time to avoid a delay in the submission of required subcontractor/supplier payment certifications that could delay payment to the Contractor. In the event that the Contractor cannot resolve a subcontractor or supplier disputed invoice, the Contractor shall bring the matter to the attention of the Office of Diversity at the time of submitting the Contractor's invoice for payment. The Office of Diversity will investigate the situation and make a determination whether the Contractor's invoice should be processed for payment without the required subcontractor or supplier certification. The Office of Diversity will not mediate the dispute between the Contractor and any subcontractor or supplier in the resolution of disputed invoices. At no time will the Contractor invoice the Authority for amounts in dispute without prior notification to the Office of Diversity.

14. SANCTIONS FOR NONCOMPLIANCE WITH THE AUTHORITY'S DBE PROGRAM REQUIREMENTS

Failure by the Contractor to carry out the Authority's DBE Program Requirements is a material breach of the Contract, which may result in the termination of this Contract or such other remedy as the Authority deems appropriate. The willful making of false statements or providing incorrect information will be referred for appropriate legal action.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

If legal remedies are deemed necessary, the Office of Diversity shall notify the Contractor of the findings and justification for the applied sanctions in writing. If the Contractor believes the sanction(s) is not just, the Contractor will be allowed a five-day appeal period from the time of the notification to submit a written appeal with supporting documents to the DBE Reconsideration Officer at 2910 E 5th Street, Austin, TX 78660 or via email at officeofdiversity@capmetro.org. The DBE Reconsideration Officer will evaluate documents and the Office of Diversity will inform the contractor of the decision within 10 days from the receipt of appeal.

The Contractor shall, upon direction of the Authority, protect and preserve property in the possession of the Contractor in which the Authority has an interest. If the Authority does not exercise this right, the Contractor shall use its best efforts to sell such supplies and Manufacturing Materials.

(d) The Authority shall pay the Contractor the following amounts:

(1) Contract prices for supplies accepted under the Contract;

(2) costs incurred in preparing to perform and performing the terminated portion of the Services plus a fair and reasonable profit on such portion of the Services (such profit shall not include anticipatory profit or consequential damages), less amounts paid or to be paid for accepted supplies; provided, however, that if it appears that the Contractor would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(3) costs of settling and paying claims arising out of the termination of subcontracts (these costs must not include costs paid in accordance with subparagraph (2) of this paragraph); and

(4) the reasonable settlement costs of the Contractor and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract.

(5) The total sum to be paid the Contractor under this paragraph shall not exceed the total Contract Sum plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and Manufacturing Materials under this paragraph, and the contract price of orders not terminated.

22. CONTRACTOR CERTIFICATION

The Contractor certifies that the fees in this Contract have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such fees with any other firm or with any competitor.

23. INTELLECTUAL PROPERTY; DATA PRIVACY PROVISIONS

(a) As between the Contractor and the Authority, the Works and Intellectual Property Rights therein are and shall be owned exclusively by Capital Metro, and not the Contractor. The Contractor specifically agrees that all Works shall be considered "works made for hire" and that the Works shall, upon creation, be owned exclusively by the Authority. To the extent that the Works, under applicable law, may not be considered works made for hire, the Contractor hereby agrees that this Contract effectively transfers, grants, conveys, assigns, and relinquishes exclusively to the Authority all right, title and interest in and to all worldwide ownership rights in the Works, and all Intellectual Property Rights in

the Works, without the necessity of any further consideration, and the Authority shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works.

(b) The Contractor, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Authority to evidence more fully the transfer of ownership of all Works to the Authority to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Authority. In the event the Authority shall be unable for any reason to obtain the Contractor's signature on any document necessary for any purpose set forth in the foregoing sentence, the Contractor hereby irrevocably designates and appoints the Authority and its duly authorized officers and agents as the Contractor's agent and the Contractor's attorney-in-fact to act for and in the Contractor's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Contractor.

(c) To the extent that any pre-existing rights and/or third-party rights or limitations are embodied, contained, reserved or reflected in the Works, the Contractor shall either:

(1) grant to the Authority the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to:

(i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Authority's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and

(ii) authorize others to do any or all of the foregoing, or

(2) where the obtaining of worldwide rights is not reasonably practical or feasible, provide written notice to the Authority of such pre-existing or third party rights or limitations, request the Authority's approval of such pre-existing or third party rights, obtain a limited right and license to use such pre-existing or third-party rights on such terms as may be reasonably negotiated, and obtain the Authority's written approval of such pre-existing or third-party rights and the limited use of same. The Contractor shall provide the Authority with documentation indicating a third party's written approval for the Contractor to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works. The Contractor shall indemnify, defend and hold the Authority harmless from and against any and all claims, demands, regulatory proceedings and/or causes of action, and all losses, damages, and costs (including attorneys' fees and settlement costs) arising from or relating to, directly or indirectly, any claim or assertion by any third party that the Works infringe any third-party rights. The foregoing indemnity obligation shall not apply to instances in which the Authority either:

(i) exceeded the scope of the limited license that was previously obtained by the Contractor and agreed to by the Authority, or

(ii) obtained information or materials, independent of the Contractor's involvement or creation, and provided such information or materials to the Contractor for inclusion in the Works, and such information or materials were included by the Contractor, in an unaltered and unmodified fashion, in the Works.

(d) The Contractor hereby warrants and represents to the Authority that individuals or characters appearing or depicted in any advertisement, marketing, promotion, publicity or media, of any type or form that may now exist or hereafter be created or developed by or on behalf of the Contractor for the use by or benefit of the Authority, have provided their written consent for the use, reproduction, display, performance, and distribution of, and/or preparation of derivative works to, their persona or personality rights, including name, biographical information, picture, portrait, likeness, performance, voice and/or identity ("Personality Rights"), and have been compensated for such Personality Rights, if appropriate. If such permission has been obtained for a limited time, the Contractor shall be responsible for any costs associated with claims resulting from such use, etc., of the Personality Rights after the expiration of those time limits. The Contractor agrees to defend, indemnify and hold the Authority harmless from any claims, including but not limited to claims for invasion of privacy, infringement of the right of publicity, libel, unfair competition, false

advertising, intentional or negligent infliction of emotional distress, copyright or trademark infringement, and/or claims for attorney's fees, resulting from such use, etc., of the Personality Rights.

(e) The Contractor hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which the Contractor may now have or which may accrue to the Contractor's benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Works and the right to object to any modification, translation or use of the Works, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a Moral Right.

(f) The Contract is intended to protect the Authority's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Authority's business. Therefore, the Contractor acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property and confidentiality provisions of this Contract, upon a request by the Authority, without requiring proof of irreparable injury as same should be presumed.

(g) Upon the request of the Authority, but in any event upon termination of this Contract, the Contractor shall surrender to the Authority all documents and things pertaining to the Works, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by the Contractor or furnished by the Authority to the Contractor, including all materials embodying the Works, any Authority confidential information, or Intellectual Property Rights, regardless of whether complete or incomplete. This paragraph is intended to apply to all Works made or compiled by the Contractor, as well as to all documents and things furnished to the Contractor by the Authority or by anyone else that pertains to the Works.

(h) The Contractor and its subcontractors and their respective employees and personnel may have access to the Authority Data (including without limitation, personally identifiable information ("PII")) in connection with the performance of the Contract. PII shall be any information that identifies or describes a person or can be directly linked to a specific individual, including ridership and usage data. Examples of PII include, but are not limited to, name, address, phone or fax number, signature, date of birth, e-mail address, method of payment, ridership and travel pattern data. Customer Personally Identifiable Information, or Customer PII, means any PII relating to the Authority's customers. To the extent any Authority Data (including PII) is made available to the Contractor under the Contract, the Contractor shall take reasonable steps to maintain the confidentiality, security, safety, and integrity of all PII and other Authority Data in accordance with the Authority's Proprietary Rights and Data Security Addendum, which will be attached as an addendum to the Contract, as applicable.

(i) The Contractor and its subcontractors, employees and consultants may require access to the Authority Electronic Property and related Authority Data in connection with the performance of services under the Contract. In such event, the Contractor agrees that it will, and it will cause its subcontractors and any of their respective employees and personnel to, execute the Authority's Access and Use Agreement, which will be attached as an addendum to the Contract, as applicable.

(j) This Section 23 will survive termination or expiration of this Agreement for any reason.

24. STANDARDS OF PERFORMANCE

The Contractor shall perform the Services hereunder in compliance with all applicable federal, state, and local laws and regulations. The Contractor shall use only licensed personnel to perform Services required by law to be performed by such personnel.

25. INSPECTIONS AND APPROVALS

(a) All Services performed by the Contractor or its Subcontractors or consultants shall be subject to the inspection and approval of the Authority at all times, but such approval shall not relieve the Contractor of responsibility for the proper performance of the Services. The Contractor shall provide sufficient, safe, and proper facilities at all times for

such inspection of the Services and shall furnish all information concerning the Services and give the Authority or its representatives free access at all reasonable times to the facilities where the Services are performed.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the Services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Authority during Contract performance and for as long afterwards and the Contract requires.

(c) The Authority has the right to inspect and test all Services called for by this Contract, to the extent practicable, at all times and places during the term of the Contract. The Authority shall perform inspections and tests in a manner that will not unduly delay the Services.

(d) If any of the Services do not conform with Contract requirements, the Authority may require the Contractor to perform the Services again in conformity with the Contract requirements, at no increase in the Contract Sum. When the defects in services cannot be corrected by performance, the Authority may (1) require the Contractor to take necessary action to ensure that future performance conforms to Contract requirements and (2) reduce the Contract Sum to reflect the reduced value of the Services performed.

(e) If the Contractor fails promptly to perform the Services again or to take the necessary action to ensure future performance in conformity with Contract requirements, the Authority may (1) by contract or otherwise, perform the Services and charge to the Contractor any cost incurred by the Authority that is directly related to the performance of such service or (2) terminate the Contract for default.

26. SUSPENSION OF SERVICES

(a) The Authority may order the Contractor in writing to suspend all or any part of the Services for such period of time as the Authority determines to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the Services is, for an unreasonable period of time, suspended or delayed by an act of the Authority in the administration of this Contract, or by the Authority's failure to act within the time specified in this Contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the Contract modified in writing accordingly. However, no adjustment shall be made under this paragraph for any suspension or delay to the extent (1) that performance would have been suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this Contract.

(c) No claim under this paragraph shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Authority in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this subparagraph shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this paragraph.

27. PAYMENT TO SUBCONTRACTORS

(a) Payments by contractors to subcontractors associated with Authority contracts are subject to the time periods established in the Texas Prompt Payment Act, Tex. Gov't Code § 2251.

(b) A false certification to the Authority under the provisions of the paragraph entitled "Invoicing and Payment" hereof may be a criminal offense in violation of Tex. Penal Code § 10.

28. FEDERAL, STATE AND LOCAL TAXES

The Contract Sum includes all applicable federal, state, and local taxes and duties. The Authority is exempt from taxes imposed by the State of Texas and local sales and use taxes under Texas Tax Code § 151.309, and any such taxes included on any invoice received by the Authority shall be deducted from the amount of the invoice for purposes of payment. The Contractor may claim exemption from payment of applicable State taxes by complying with such procedures as may be prescribed by the State Comptroller of Public Accounts. The Contractor bears sole and total responsibility for obtaining information pertaining to such exemption.

29. EQUAL OPPORTUNITY

During the performance of this Contract, the Contractor agrees that it will, in good faith, afford equal opportunity required by applicable federal, state, or local law to all employees and applicants for employment without regard to race, color, religion, sex, national origin, disability or any other characteristic protected by federal, state or local law.

30. CONFLICT OF INTEREST

(a) Reference is made to Exhibit B, Representations and Certifications, Code of Ethics, which is incorporated herein and made a part of this Contract. Capitalized terms used in this paragraph and not otherwise defined shall have the meanings as described to them in the Code of Ethics.

(b) The Contractor represents that no Employee has a Substantial Interest in the Contractor or this Contract, which Substantial Interest would create or give rise to a Conflict of Interest. The Contractor further represents that no person who has a Substantial Interest in the Contractor and is or has been employed by the Authority for a period of two (2) years prior to the date of this Contract has or will (1) participate, for the Contractor, in a recommendation, bid, proposal or solicitation on any Authority contract, procurement or personnel administration matter, or (2) receive any pecuniary benefit from the award of this Contract through an ownership of a Substantial Interest (as that term is defined in Paragraph II, subparagraphs (1) and (3) of the Code of Ethics) in a business entity or real property.

(c) The Contractor agrees to ensure that the Code of Ethics is not violated as a result of the Contractor's activities in connection with this Contract. The Contractor agrees to immediately inform the Authority if it becomes aware of the existence of any such Substantial Interest or Conflict of Interest, or the existence of any violation of the Code of Ethics arising out of or in connection with this Contract.

(d) The Authority may, in its sole discretion, require the Contractor to cause an immediate divestiture of such Substantial Interest or elimination of such Conflict of Interest, and failure of the Contractor to so comply shall render this Contract voidable by the Authority. Any willful violation of these provisions, creation of a Substantial Interest or existence of a Conflict of Interest with the express or implied knowledge of the Contractor shall render this Contract voidable by the Authority.

(e) In accordance with paragraph 176.006, Texas Local Government Code, "vendor" is required to file a conflict of interest questionnaire within seven business days of becoming aware of a conflict of interest under Texas law. The conflict of interest questionnaire can be obtained from the Texas Ethics Commission at www.ethics.state.tx.us. The questionnaire shall be sent to the Authority's Contract Administrator.

31. GRATUITIES

The Authority may cancel this Contract, without liability to the Contractor, if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Contractor or any agent or representative to any Authority official or employee with a view toward securing favorable treatment with respect to the performance of this Contract. In the event this Contract is canceled by the Authority pursuant to this provision, the Authority shall be entitled, in addition to any other rights and remedies, to recover from the Contractor a sum equal in amount to the cost incurred by the Contractor in providing such gratuities.

32. PUBLICATIONS

All published material and written reports submitted under this Contract must be originally developed material unless otherwise specifically provided in the Contract document. When material, not originally developed, is included in a report, it shall have the source identified. This provision is applicable when the material is in a verbatim or extensive paraphrased format.

33. REQUEST FOR INFORMATION

(a) The Contractor shall not provide information generated or otherwise obtained in the performance of its responsibilities under this Contract to any party other than the Authority and its authorized agents except as otherwise provided by this Contract or after obtaining the prior written permission of the Authority.

(b) This Contract, all data and other information developed pursuant to this Contract shall be subject to the Texas Public Information Act. The Authority shall comply with all aspects of the Texas Public Information Act.

(c) The Contractor is instructed that any requests for information regarding this Contract and any deliverables shall be referred to the Authority.

(d) The requirements of Subchapter J, Chapter 552, Government Code, may apply to this **contract** and the contractor or vendor agrees that the contract can be terminated if the contractor or vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

(1) The requirement of Subchapter J, Chapter 552, Government Code as amended currently applies to expenditures of at least \$1 million in public funds for the purchase of goods or services.

34. RIGHTS TO PROPOSAL AND CONTRACTUAL MATERIAL

(a) All documentation related to or prepared in connection with any proposal, including the contents of any proposal contracts, responses, inquiries, correspondence, and all other material submitted in connection with the proposal shall become the property of the Authority upon receipt.

(b) All documents, reports, data, graphics and other materials produced under this Contract shall become the sole possession of the Authority upon receipt and payment, subject only to the Contractor's professional obligation to maintain copies of its work product.

35. LIMITATION OF LIABILITY

In no event shall the Authority or its officers, directors, agents or employees be liable in contract or tort, to the Contractor or its Subcontractors for special, indirect, incidental or consequential damages, resulting from the Authority's performance, nonperformance, or delay in performance of its obligations under this Contract, or the Authority's termination of the Contract with or without cause, or the Authority's suspension of the Services. This limitation of liability shall not apply to intentional tort or fraud. The Contractor shall include similar liability provisions in all its Subcontracts.

36. LAWS, STATUTES AND OTHER GOVERNMENTAL REQUIREMENTS

The Contractor agrees that it shall be in compliance with all laws, statutes, and other governmental requirements, regulations or standards prevailing during the term of this Contract.

37. CLAIMS

In the event that any claim, demand, suit, or other action is made or brought by any person, firm, corporation, or other entity against the Contractor arising out of this Contract, the Contractor shall give written notice thereof, to the Authority within three (3) working days after being notified of such claim, demand, suit, or action. Such notice shall state the date and hour of notification of any such claim, demand, suit, or other action; the name and address of the person,

firm, corporation, or other entity making such claim or instituting or threatening to institute any type of action or proceeding; the basis of such claim, action, or proceeding; and the name of any person against whom such claim is being made or threatened. Such written notice shall be delivered either personally or by mail and shall be directly sent to the attention of the President/CEO, Capital Metropolitan Transportation Authority, 2910 E. 5th Street, Austin, Texas 78702.

38. LICENSES AND PERMITS

The Contractor shall, without additional expense to the Authority, be responsible for obtaining any necessary licenses, permits, and approvals for complying with any federal, state, county, municipal, and other laws, codes, and regulations applicable to the Services to be provided under this Contract including, but not limited to, any laws or regulations requiring the use of licensed Subcontractors to perform parts of the work.

39. NOTICE OF LABOR DISPUTES

(a) If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, the Contractor immediately shall give notice, including all relevant information, to the Authority.

(b) The Contractor agrees to insert the substance of this paragraph, including this subparagraph (b), in any Subcontract under which a labor dispute may delay the timely performance of this Contract; except that each Subcontract shall provide that in the event its timely performance is delayed or threatened by delay by any actual or potential labor dispute, the Subcontractor shall immediately notify the next higher tier Subcontractor or the Contractor, as the case may be, of all relevant information concerning the dispute.

40. PUBLICITY RELEASES

All publicity releases or releases of reports, papers, articles, maps, or other documents in any way concerning this Contract or the Services hereunder which the Contractor or any of its Subcontractors desires to make for the purposes of publication in whole or in part, shall be subject to approval by the Authority prior to release.

41. INTEREST OF PUBLIC OFFICIALS

The Contractor represents and warrants that no employee, official, or member of the Board of the Authority is or will be pecuniarily interested or benefited directly or indirectly in this Contract. The Contractor further represents and warrants that it has not offered or given gratuities (in the form of entertainment, gifts or otherwise) to any employee, official, or member of the Board of the Authority with a view toward securing favorable treatment in the awarding, amending, or evaluating the performance of this Contract. For breach of any representation or warranty in this paragraph, the Authority shall have the right to terminate this Contract without liability and/or have recourse to any other remedy it may have at law or in equity.

42. INDEMNIFICATION

(a) **THE CONTRACTOR WILL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS AND REPRESENTATIVES (THE AUTHORITY AND EACH SUCH PERSON OR ENTITY IS AN "INDEMNIFIED PARTY") HARMLESS FROM AND AGAINST AND PAY ANY AND ALL DAMAGES (AS DEFINED HEREIN) DIRECTLY OR INDIRECTLY RESULTING FROM, RELATING TO, ARISING OUT OF OR ATTRIBUTABLE TO ANY OF THE FOLLOWING:**

(1) **ANY BREACH OF ANY REPRESENTATION OR WARRANTY THAT THE CONTRACTOR HAS MADE IN THIS CONTRACT;**

(2) **ANY BREACH, VIOLATION OR DEFAULT BY OR THROUGH THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OF ANY OBLIGATION OF THE CONTRACTOR IN THIS CONTRACT OR ANY OTHER AGREEMENT BETWEEN THE CONTRACTOR AND THE AUTHORITY;**

(3) THE USE, CONDITION, OPERATION OR MAINTENANCE OF ANY PROPERTY, VEHICLE, FACILITY OR OTHER ASSET OF THE AUTHORITY TO WHICH THE CONTRACTOR HAS ACCESS OR AS TO WHICH THE CONTRACTOR PROVIDES SERVICES; OR

(4) ANY ACT OR OMISSION OF THE CONTRACTOR OR ANY OF ITS SUBCONTRACTORS OR ANY OF THEIR OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, CUSTOMERS, INVITEES, REPRESENTATIVES OR VENDORS.

(b) "ACTION" MEANS ANY ACTION, APPEAL, PETITION, PLEA, CHARGE, COMPLAINT, CLAIM, SUIT, DEMAND, LITIGATION, MEDIATION, HEARING, INQUIRY, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.

(c) "DAMAGES" MEANS ALL DIRECT OR INDIRECT DAMAGES, LOSSES, LIABILITIES, DEFICIENCIES, SETTLEMENTS, CLAIMS, AWARDS, INTEREST, PENALTIES, JUDGMENTS, FINES, OR OTHER COSTS OR EXPENSES OF ANY KIND OR NATURE WHATSOEVER, WHETHER KNOWN OR UNKNOWN, CONTINGENT OR VESTED, MATURED OR UNMATURED, AND WHETHER OR NOT RESULTING FROM THIRD-PARTY CLAIMS, INCLUDING COSTS (INCLUDING, WITHOUT LIMITATION, REASONABLE FEES AND EXPENSES OF ATTORNEYS, OTHER PROFESSIONAL ADVISORS AND EXPERT WITNESSES) RELATED TO ANY INVESTIGATION, ACTION, SUIT, ARBITRATION, APPEAL, CLAIM, DEMAND, INQUIRY, COMPLAINT, MEDIATION, INVESTIGATION OR SIMILAR EVENT, OCCURRENCE OR PROCEEDING.

(d) "THREATENED" MEANS A DEMAND OR STATEMENT HAS BEEN MADE (ORALLY OR IN WRITING) OR A NOTICE HAS BEEN GIVEN (ORALLY OR IN WRITING), OR ANY OTHER EVENT HAS OCCURRED OR ANY OTHER CIRCUMSTANCES EXIST THAT WOULD LEAD A PRUDENT PERSON OR ENTITY TO CONCLUDE THAT AN ACTION OR OTHER MATTER IS LIKELY TO BE ASSERTED, COMMENCED, TAKEN OR OTHERWISE PURSUED IN THE FUTURE.

(e) IF ANY ACTION IS COMMENCED OR THREATENED THAT MAY GIVE RISE TO A CLAIM FOR INDEMNIFICATION (A "CLAIM") BY ANY INDEMNIFIED PARTY AGAINST THE CONTRACTOR, THEN SUCH INDEMNIFIED PARTY WILL PROMPTLY GIVE NOTICE TO THE CONTRACTOR AFTER SUCH INDEMNIFIED PARTY BECOMES AWARE OF SUCH CLAIM. FAILURE TO NOTIFY THE CONTRACTOR WILL NOT RELIEVE THE CONTRACTOR OF ANY LIABILITY THAT IT MAY HAVE TO THE INDEMNIFIED PARTY, EXCEPT TO THE EXTENT THAT THE DEFENSE OF SUCH ACTION IS MATERIALLY AND IRREVOCABLY PREJUDICED BY THE INDEMNIFIED PARTY'S FAILURE TO GIVE SUCH NOTICE. THE CONTRACTOR WILL ASSUME AND THEREAFTER DILIGENTLY AND CONTINUOUSLY CONDUCT THE DEFENSE OF A CLAIM WITH COUNSEL THAT IS SATISFACTORY TO THE INDEMNIFIED PARTY. THE INDEMNIFIED PARTY WILL HAVE THE RIGHT, AT ITS OWN EXPENSE, TO PARTICIPATE IN THE DEFENSE OF A CLAIM WITHOUT RELIEVING THE CONTRACTOR OF ANY OBLIGATION DESCRIBED ABOVE. IN NO EVENT WILL THE CONTRACTOR APPROVE THE ENTRY OF ANY JUDGMENT OR ENTER INTO ANY SETTLEMENT WITH RESPECT TO ANY CLAIM WITHOUT THE INDEMNIFIED PARTY'S PRIOR WRITTEN APPROVAL, WHICH WILL NOT BE UNREASONABLY WITHHELD. UNTIL THE CONTRACTOR ASSUMES THE DILIGENT DEFENSE OF A CLAIM, THE INDEMNIFIED PARTY MAY DEFEND AGAINST A CLAIM IN ANY MANNER THE INDEMNIFIED PARTY REASONABLY DEEMS APPROPRIATE. THE CONTRACTOR WILL REIMBURSE THE INDEMNIFIED PARTY PROMPTLY AND PERIODICALLY FOR THE DAMAGES RELATING TO DEFENDING AGAINST A CLAIM AND WILL PAY PROMPTLY THE INDEMNIFIED PARTY FOR ANY DAMAGES THE INDEMNIFIED PARTY MAY SUFFER RELATING TO A CLAIM.

(f) THE INDEMNIFICATION OBLIGATIONS AND RIGHTS PROVIDED FOR IN THIS CONTRACT DO NOT REQUIRE (AND SHALL NOT BE CONSTRUED AS REQUIRING) THE CONTRACTOR TO INDEMNIFY, HOLD HARMLESS, OR DEFEND ANY INDEMNIFIED PARTY (OR ANY THIRD PARTY) AGAINST ANY ACTION OR CLAIM (OR THREATENED ACTION OR CLAIM) CAUSED BY THE NEGLIGENCE OR FAULT, THE BREACH OR VIOLATION OF A STATUTE, ORDINANCE, GOVERNMENTAL REGULATION, STANDARD, OR RULE, OR THE BREACH OF CONTRACT OF ANY INDEMNIFIED PARTY, ITS AGENTS OR EMPLOYEES, OR ANY THIRD PARTY UNDER THE CONTROL OR SUPERVISION OF ANY INDEMNIFIED PARTY, OTHER THAN THE CONTRACTOR OR ITS AGENTS, EMPLOYEES, OR SUBCONTRACTORS OF ANY TIER.

(g) THIS PARAGRAPH WILL SURVIVE ANY TERMINATION OR EXPIRATION OF THIS CONTRACT.

43. RECORD RETENTION; ACCESS TO RECORDS AND REPORTS

(a) The Contractor will retain, and will require its Subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the Contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(b) If this is a cost-reimbursement, incentive, time and materials, labor hour, or price determinable Contract, or any combination thereof, the Contractor shall maintain, and the Authority and its representatives shall have the right to examine, all books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred for the performance of this Contract.

(c) If the Contractor submitted certified cost or pricing data in connection with the pricing of this Contract or if the Contractor's cost of performance is relevant to any change or modification to this Contract, the Authority and its representatives shall have the right to examine all books, records, documents, and other data of the Contractor related to the negotiation, pricing, or performance of such Contract, change, or modification for the purpose of evaluating the costs incurred and the accuracy, completeness, and currency of the cost or pricing data submitted. The right of examination shall extend to all documents necessary to permit adequate evaluation of the costs incurred and the cost or pricing data submitted, along with the computations and projections used therein.

(d) The Contractor shall maintain all books, records, accounts and reports required under this paragraph for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(e) The Contractor agrees to provide sufficient access to the Authority and its contractors to inspect and audit records and information related to performance of this Contract as reasonably may be required.

(f) The Contractor agrees to permit the Authority and its contractors access to the sites of performance under this Contract as reasonably may be required.

(g) If an audit pursuant to this paragraph reveals that the Authority has paid any invoices or charges not authorized under this Contract, the Authority may offset or recoup such amounts against any indebtedness owed by it to the Contractor, whether arising under this Contract or otherwise, over a period of time equivalent to the time period over which such invoices or charges accrued.

(h) This paragraph will survive any termination or expiration of this Contract.

44. EXCUSABLE DELAYS

(a) Except for defaults of Subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this Contract under its terms if the failure arises from Force Majeure Events. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the performance of the Services.

(b) If the failure to perform is caused by the failure of a Subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either, the Contractor shall not be deemed to be in default, unless:

- (1) the subcontracted supplies or services were obtainable from other sources;
- (2) the Authority ordered the Contractor in writing to obtain these services from the other source; and
- (3) the Contractor failed to comply reasonably with this order.

(c) Upon the request of the Contractor, the Authority shall ascertain the facts and extent of the failure. If the Authority determines that any failure to perform results from one or more of the causes above, the delivery schedule or period of performance shall be revised, subject to the rights of the Authority under this Contract.

45. LIQUIDATED DAMAGES

(a) If the Contractor fails to deliver the posts, foundation assemblies, foundation bumpers, timetable display cases, or any of the display flag assemblies within the times specified in this contract, or any extension, the Contractor shall, in place of actual damages, pay to the Authority as fixed, agreed and liquidated damages, for each calendar day of delay the sum of \$400.00 per day through date of receipt by the Authority, for each order. The liquidated amount shall be paid to the Authority by Contractor or shall be deducted from any amount due to the Contractor. Service and delay penalties include all costs, including but not limited to, crew & equipment, demurrage, and car hire.

(b) Alternatively, if delivery or performance is so delayed, the Authority may terminate this contract in whole or in part under the Termination for Default clause in this contract and in that event, the Contractor shall be liable for fixed, agreed, and liquidated damages accruing until the time the Authority may reasonably obtain delivery or performance of similar supplies or services. The liquidated damages shall be in addition to excess costs under the Termination clause.

(c) The Contractor shall not be charged with liquidated damages when the delay in delivery or performance arises out of causes beyond the control and without the fault or negligence of the Contractor as defined in the Termination for Default clause in this contract.

46. LOSS OR DAMAGE TO PROPERTY

The Contractor shall be responsible for any loss or damage to property including money securities, merchandise, fixtures and equipment belonging to the Authority or to any other individual or organization, if any such loss or damage was caused by the Contractor or any Subcontractor at any tier, or any employee thereof, while such person is on the premises of the Authority as an employee of the Contractor or Subcontractor.

47. CONTRACTOR CONTACT/AUTHORITY DESIGNEE

The Contractor shall provide the Authority with a telephone number to ensure immediate communication with a person (not a recording) anytime during Contract performance. Similarly, the Authority shall designate an Authority representative who shall be similarly available to the Contractor.

48. QUALITY ASSURANCE

A periodic review of the Contractor's scheduled work may be performed by the Authority. If work is deemed incomplete or unacceptable in any way, the Authority will determine the cause and require the Contractor to take corrective measures in accordance with the terms of the Contract.

49. INTERPRETATION OF CONTRACT – DISPUTES

All questions concerning interpretation or clarification of this Contract or the acceptable fulfillment of this Contract by the Contractor shall be immediately submitted in writing to the Authority's Contracting Officer for determination. All determinations, instructions, and clarifications of the Contracting Officer shall be final and conclusive unless the Contractor files with the Capital Metro President/CEO within two (2) weeks after the Authority notifies the Contractor of any such determination, instruction or clarification, a written protest, stating in detail the basis of the protest. The President/CEO shall consider the protest and notify the Contractor within two (2) weeks of the protest filing of his or her final decision. The President/CEO's decisions shall be conclusive subject to judicial review. Notwithstanding any disagreement the Contractor may have with the decisions of the President/CEO, the Contractor shall proceed with the Services in accordance with the determinations, instructions, and clarifications of the President/CEO. The Contractor shall be solely responsible for requesting instructions or interpretations and liable for any cost or expenses

Consequently, the DBE requirements of 49 C.F.R Part 26 apply to this Contract and all subcontracts awarded under this Contract.

(b) The Contractor and its subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 C.F.R. Part 26, and the Authority’s DOT approved Disadvantaged Business Enterprise (DBE) program in the award of subcontracts and administration of this Contract. Failure by the Contractor to carry out these requirements is a material breach of the Contract, which may result in the termination of this Contract or such other remedy, as the Authority deems appropriate, including but not limited to:

Accordingly, the Contractor may not terminate a DBE subcontractor listed in its bid/proposal/offer without the Authority’s prior written consent. (2) The records to be maintained under paragraph (d)(1) of this clause shall be made available by the Contractor or Subcontractor for inspection, copying, or transcription by authorized representatives of the Authority, the Federal Transit Administration (FTA), or the Department of Labor. The Contractor or Subcontractor shall permit such representatives to interview employees during working hours on the job.

The Contractor's failure to so comply shall constitute a material breach of this Contract.

These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. The Contractor agrees to perform transit operations in connection with the underlying Contract in compliance with the conditions stated in that U.S. DOL letter.

**EXHIBIT F
SCOPE OF SERVICES
URBAN SIGNAGE**

1. Introduction

- a) Capital Metropolitan Transportation Authority (“CapMetro or “the Authority”) is a public agency responsible for providing mass transit service within the City of Austin and the surrounding communities of Leander, Lago Vista, Jonestown, Manor, San Leanna, and Point Venture, as well as the unincorporated area of Travis County within Commissioner Precinct 2 and the Anderson Mill area of Williamson County. CapMetro operates fixed-route bus and rail services, paratransit, and rideshare.
- b) Contractor will provide design build services to develop the design drawings and fabrication of the Bus Stop Wayfinding Pole (“Urban Signage”).
- c) Firm must have a minimum of three (3) years’ experience fabricating urban signage that reflects knowledge and understanding of local codes, environment and culture.
- d) There will be no requirement for engineering or architectural professional services associated with this contract.

2. Background

CapMetro conducted significant research for new signage designs over the course of multiple years and developed two sign types:

- Neighborhood signs for stops with less than 200 boardings per day, typically in neighborhoods.
- Urban signage for stops with more than 200 boardings per day including Rapid stops and transit centers. These stops may serve from one (1) to sixteen (16) routes.

Urban signage were first introduced in the CapMetro system in 2010. A significant number were added in 2014 with the introduction of two Rapid lines.

Project Connect is a new program that will add a significant number of Rapid stops to existing the CapMetro system over the next few years. New Urban Signage will be required for these stops.

The approximate numbers for these routes include:

- 80 urban signs by March-April of 2023 for Pleasant Valley and Expo lines.
- 14 signs for the Manchaca extension January 2024; and
- 14 for the Oak Hill extension around late 2024.
- 12 for Gold Line around mid-2024.

The design of the current Urban Signage has characteristics that CapMetro seeks to **(1) preserve** and those that it seeks to **(2) improve**, as follows:

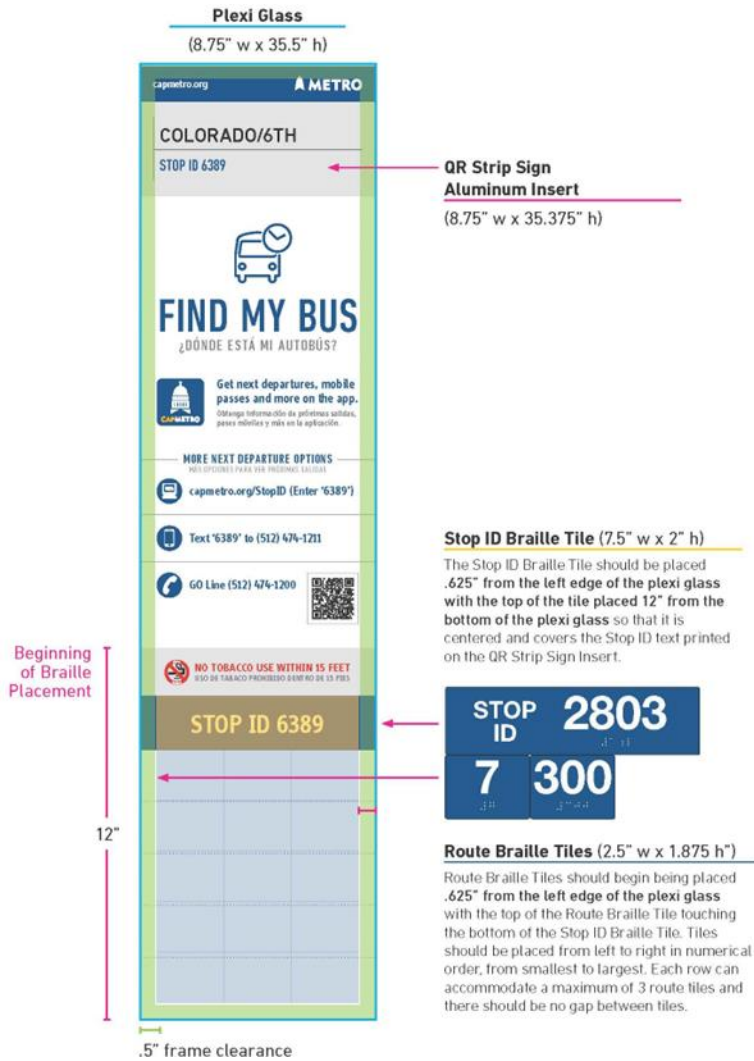

(1) The characteristics that CapMetro seeks to **preserve** include:

- Three-sided pole – this shape gives the stop a unique configuration in the urban streetscape that can be easily recognized by visually impaired customers.
- A cap and pole interior that can accommodate solar attachments (not included in this procurement);
- Ability to attach up to two (2) timetable displays at a visual level that is easily accessible to customers.
- A double-sided flag head that can accommodate either 4 large route tiles (13-3/8 x 4-3/8”) or up to 16 small route tiles (4-3/8” x 4-3/8”) or a combination.
- Timetable display cases that accommodate a paper or metal insert 8.75” w x 35.375” h with a visible area of 8.75” w x 35.5” h.

- Braille, that includes a larger stop-id plaque and smaller route Braille tiles, that attach to the timetable display case;
- A design with a similar aesthetic look, approved equivalent characteristics and function.

(2) The characteristics that CapMetro seeks to **improve** include:

- A simpler installation method that does not require boring to set the signage but a bolted system to facilitate fabrication and installation.
- A proposal for an alternative design for securing Braille tiles to the timetable display case that is not dependent upon adhesives or similar system, which are known to fail in the Texas heat or other weather conditions including customer contact with the pole.
- The general specs of the Braille tiles and location on the sign should remain the same.

- The addition of a flag on the side of the pole opposite the route flag frame that displays a wayfinding bus symbol

e) Existing Urban Signage design drawings and specifications owned by CapMetro are attached to this Scope of Work to use as reference only and to assist the proposer in the new design, listed as Attachments 1 through 7, Drawings and Attachment 8, Reference, Existing Urban Signage.
