CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(4) Receive or accept any gift, favor or item of monetary value from a contractor or potential contractor of Capital Metro or from any individual or entity that could reasonably be inferred as intended to influence the Board Member or employee.

Exception: Consistent with state law governing public servants, a gift does not include a benefit or item of monetary value with a value of less than \$50, excluding cash or negotiable instruments, unless it can reasonably be inferred that the item was intended to influence the Board Member or employee. A department may adopt more restrictive provisions if there is a demonstrated and documented business need. [Tex. Penal Code § 36.10(a)(6)]

Exception: A gift or other benefit conferred, independent of the Board Member's or employee's relationship with Capital Metro, that is not given or received with the intent to influence the Board Member or employee in the performance of his or her official duties is not a violation of this policy. The Capital Metro Ethics Officer or Board Ethics Officer must be consulted for a determination as to whether a potential gift falls within this exception.

Exception: Food, lodging, or transportation that is provided as consideration for legitimate services rendered by the Board Member or employee related to his or her official duties is not a violation of this policy.

Board Members and employees may accept invitations for free, reasonable meals in the course of conducting Capital Metro's business or while attending a seminar or conference in connection with Capital Metro business as long as there is not an active or impending solicitation in which the inviting contractor or party may participate and attendance at the event or meal does not create an appearance that the invitation was intended to influence the Board Member or employee.

When attending such events, it is important to remember that you are representing Capital Metro and if you chose to drink alcohol, you must do so responsibly. Drinking irresponsibly may lead to poor judgment and actions that may violate the Code or other Capital Metro policies and may damage the reputation of Capital Metro in the community and the industry.

A conflict of interest exists when a Board Member or employee is in a position in which any official act or action taken by them is, may be, or appears to be influenced by considerations of personal gain rather than the general public trust.

No Board Member or employee shall participate in a matter involving a business, contract or real property transaction in which the Board Member or employee has a Substantial Interest if it is reasonably foreseeable that an action on the matter would confer a special economic benefit on the business, contract or real property that is distinguishable from its effect on the public. [Tex. Loc. Govt. Code, § 171.004]

Disclosure

A Board Member or employee must disclose a Substantial Interest in a business, contract, or real property that would confer a benefit by their vote or decision. The Board Member or employee may not participate in the consideration of the matter subject to the vote or decision. Code, § 171.004]

(d) If this Contract is terminated as provided in subparagraph (a), the Authority, in addition to any other rights provided in this subparagraph, may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority any Manufacturing Materials as the Contractor has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated; and the Contractor shall, upon direction of the Authority, protect and preserve property in possession of the Contractor in which the Authority has an interest. (5) The total sum to be paid the Contractor under this paragraph shall not exceed the total Contract Sum plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and Manufacturing Materials under this paragraph, and the contract price of orders not terminated.

21. INTELLECTUAL PROPERTY PROVISIONS

(a) As between the Contractor and the Authority, the Works and Intellectual Property Rights therein are and shall be owned exclusively by Capital Metro, and not the Contractor. The Contractor specifically agrees that all Works shall be considered "works made for hire" and that the Works shall, upon creation, be owned exclusively by the Authority. To the extent that the Works, under applicable law, may not be considered works made for hire, the Contractor hereby agrees that this Contract effectively transfers, grants, conveys, assigns, and relinquishes exclusively to the Authority all right, title and interest in and to all worldwide ownership rights in the Works, and all Intellectual Property Rights in the Works, without the necessity of any further consideration, and the Authority shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works.

(b) The Contractor, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Authority to evidence more fully the transfer of ownership of all Works to the Authority to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Authority. In the event the Authority shall be unable for any reason to obtain the Contractor's signature on any document necessary for any purpose set forth in the foregoing sentence, the Contractor hereby irrevocably designates and appoints the Authority and its duly authorized officers and agents as the Contractor's agent and the Contractor's attorney-in-fact to act for and in the Contractor's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Contractor.

~~(c) To the extent that any pre-existing rights and/or third party rights or limitations are embodied, contained, reserved or reflected in the Works, the Contractor shall either:~~

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(1) grant to the Authority the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to:

(i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Authority's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and

(ii) authorize others to do any or all of the foregoing, or

(2) where the obtaining of worldwide rights is not reasonably practical or feasible, provide written notice to the Authority of such pre-existing or third party rights or limitations, request the Authority's approval of such pre-existing or third party rights, obtain a limited right and license to use such pre-existing or third party rights on such terms as may be reasonably negotiated, and obtain the Authority's written approval of such pre-existing or third party rights and the limited use of same. The Contractor shall provide the Authority with documentation indicating a third party's written approval for the Contractor to use any pre-existing or third party rights that may be embodied, contained, reserved or reflected in the Works. **THE CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD THE AUTHORITY HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, REGULATORY PROCEEDINGS AND/OR CAUSES OF ACTION, AND ALL LOSSES, DAMAGES, AND COSTS (INCLUDING ATTORNEYS' FEES AND SETTLEMENT COSTS) ARISING FROM OR RELATING TO, DIRECTLY OR INDIRECTLY, ANY CLAIM OR ASSERTION BY ANY THIRD PARTY THAT THE WORKS INFRINGE ANY THIRD PARTY RIGHTS.** The foregoing indemnity obligation shall not apply to instances in which the Authority either:

(i) exceeded the scope of the limited license that was previously obtained by the Contractor and agreed to by the Authority, or

(ii) obtained information or materials, independent of the Contractor's involvement or creation, and provided such information or materials to the Contractor for inclusion in the Works, and such information or materials were included by the Contractor, in an unaltered and unmodified fashion, in the Works.

(c) The Authority shall have ownership of data specific to the Authority that is provided by Contractor under this Contract including customer data, data analyses and reports, and software configuration settings developed specifically for this Contract to inform strategic transportation planning efforts and fulfill reporting requirements of public agencies. For the avoidance of doubt, Contractor may, and is hereby granted the right to access, modify, and use such data for purposes of performing Contractor's obligations under this agreement and/or to improve Contractor's product and services offerings.

(d) The Contractor hereby warrants and represents to the Authority that individuals or characters appearing or depicted in any advertisement, marketing, promotion, publicity or media, of any type or form that may now exist or hereafter be created or developed by or on behalf of the Contractor for the use by or benefit of the Authority, have provided their written consent for the use, reproduction, display, performance, and distribution of, and/or preparation of derivative works to, their persona or personality rights, including name, biographical information, picture, portrait, likeness, performance, voice and/or identity ("Personality Rights"), and have been compensated for such Personality Rights, if appropriate. If such permission has been obtained for a limited time, the Contractor shall be responsible for any costs associated with claims resulting from such use, etc., of the Personality Rights after the expiration of those time limits. **THE CONTRACTOR AGREES TO DEFEND, INDEMNIFY AND HOLD THE AUTHORITY HARMLESS FROM ANY CLAIMS, INCLUDING BUT NOT LIMITED TO CLAIMS FOR INVASION OF PRIVACY, INFRINGEMENT OF THE RIGHT OF PUBLICITY, LIBEL, UNFAIR COMPETITION, FALSE ADVERTISING, INTENTIONAL OR NEGLIGENT INFLICTION OF EMOTIONAL DISTRESS, COPYRIGHT OR TRADEMARK INFRINGEMENT, AND/OR CLAIMS FOR ATTORNEY'S FEES, RESULTING FROM SUCH USE, ETC., OF THE PERSONALITY RIGHTS.**

(e) The Contractor hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which the Contractor may now have or which may accrue to the Contractor's benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

force or hereafter enacted. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Works and the right to object to any modification, translation or use of the Works, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a Moral Right.

(f) The Contract is intended to protect the Authority's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Authority's business. Therefore, the Contractor acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property and confidentiality provisions of this Contract, upon a request by the Authority, without requiring proof of irreparable injury as same should be presumed.

(g) Upon the request of the Authority, but in any event upon termination of this Contract, the Contractor shall surrender to the Authority all documents and things pertaining to the Works, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by the Contractor or furnished by the Authority to the Contractor, including all materials embodying the Works, any Authority confidential information, or Intellectual Property Rights, regardless of whether complete or incomplete. This paragraph is intended to apply to all Works made or compiled by the Contractor, as well as to all documents and things furnished to the Contractor by the Authority or by anyone else that pertains to the Works.

22. STANDARDS OF PERFORMANCE

The Contractor shall perform the Services hereunder in compliance with all applicable federal, state, and local laws and regulations. The Contractor shall use only licensed personnel to perform Services required by law to be performed by such personnel.

23. INSPECTIONS AND APPROVALS

(a) All Services performed by the Contractor or its Subcontractors or consultants shall be subject to the inspection and approval of the Authority at all times, but such approval shall not relieve the Contractor of responsibility for the proper performance of the Services. The Contractor shall provide sufficient, safe, and proper facilities at all times for such inspection of the Services and shall furnish all information concerning the Services and give the Authority or its representatives free access at all reasonable times to the facilities where the Services are performed.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the Services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Authority during Contract performance and for as long afterwards and the Contract requires.

(c) The Authority has the right to inspect and test all Services called for by this Contract, to the extent practicable, at all times and places during the term of the Contract. The Authority shall perform inspections and tests in a manner that will not unduly delay the Services.

(d) If any of the Services do not conform with Contract requirements, the Authority may require the Contractor to perform the Services again in conformity with the Contract requirements, at no increase in the Contract Sum. When the defects in services cannot be corrected by performance, the Authority may (1) require the Contractor to take necessary action to ensure that future performance conforms to Contract requirements and (2) reduce the Contract Sum to reflect the reduced value of the Services performed.

(e) If the Contractor fails promptly to perform the Services again or to take the necessary action to ensure future performance in conformity with Contract requirements, the Authority may (1) by contract or otherwise, perform the Services and charge to the Contractor any cost incurred by the Authority that is directly related to the performance of such service or (2) terminate the Contract for default.

24. SUSPENSION OF SERVICES

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

(a) The Authority may order the Contractor in writing to suspend all or any part of the Services for such period of time as the Authority determines to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the Services is, for an unreasonable period of time, suspended or delayed by an act of the Authority in the administration of this Contract, or by the Authority's failure to act within the time specified in this Contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the Contract modified in writing accordingly. However, no adjustment shall be made under this paragraph for any suspension or delay to the extent (1) that performance would have been suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this Contract.

(c) No claim under this paragraph shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Authority in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this subparagraph shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this paragraph.

25. PAYMENT TO SUBCONTRACTORS

(a) Payments by contractors to subcontractors associated with Authority contracts are subject to the time periods established in the Texas Prompt Payment Act, Tex. Gov't. Code § 2251.

(b) A false certification to the Authority under the provisions of the paragraph entitled "Invoicing and Payment" hereof may be a criminal offense in violation of Tex. Penal Code § 10.

26. FEDERAL, STATE AND LOCAL TAXES

The Contract Sum includes all applicable federal, state, and local taxes and duties. The Authority is exempt from taxes imposed by the State of Texas and local sales and use taxes under Texas Tax Code § 151.309, and any such taxes included on any invoice received by the Authority shall be deducted from the amount of the invoice for purposes of payment. The Contractor may claim exemption from payment of applicable State taxes by complying with such procedures as may be prescribed by the State Comptroller of Public Accounts. The Contractor bears sole and total responsibility for obtaining information pertaining to such exemption.

27. EQUAL OPPORTUNITY

During the performance of this Contract, the Contractor agrees that it will, in good faith, afford equal opportunity required by applicable federal, state, or local law to all employees and applicants for employment without regard to race, color, religion, sex, national origin, disability or any other characteristic protected by federal, state or local law.

28. CONFLICT OF INTEREST

(b) The Contractor represents that no Employee has a Substantial Interest in the Contractor or this Contract, which Substantial Interest would create or give rise to a Conflict of Interest. The Contractor further represents that no person who has a Substantial Interest in the Contractor and is or has been employed by the Authority for a period of two (2) years prior to the date of this Contract has or will (1) participate, for the Contractor, in a recommendation, bid, proposal or solicitation on any Authority contract, procurement or personnel administration matter, or (2) receive any pecuniary benefit from the award of this Contract through an ownership of a Substantial Interest (as that term is defined in Paragraph II, subparagraphs (1) and (3) of the Code of Conduct) in a business entity or real property.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

The Contractor agrees to immediately inform the Authority if it becomes aware of the existence of any such Substantial Interest or Conflict of Interest, or the existence of any violation of the Code of Conduct arising out of or in connection with this Contract.

(d) The Authority may, in its sole discretion, require the Contractor to cause an immediate divestiture of such Substantial Interest or elimination of such Conflict of Interest, and failure of the Contractor to so comply shall render this Contract voidable by the Authority. Any willful violation of these provisions, creation of a Substantial Interest or existence of a Conflict of Interest with the express or implied knowledge of the Contractor shall render this Contract voidable by the Authority.

(e) In accordance with paragraph 176.006, Texas Local Government Code, "vendor" is required to file a conflict of interest questionnaire within seven business days of becoming aware of a conflict of interest under Texas law. The conflict of interest questionnaire can be obtained from the Texas Ethics Commission at www.ethics.state.tx.us. The questionnaire shall be sent to the Authority's Contract Administrator.

29. GRATUITIES

The Authority may cancel this Contract, without liability to the Contractor, if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Contractor or any agent or representative to any Authority official or employee with a view toward securing favorable treatment with respect to the performance of this Contract. In the event this Contract is canceled by the Authority pursuant to this provision, the Authority shall be entitled, in addition to any other rights and remedies, to recover from the Contractor a sum equal in amount to the cost incurred by the Contractor in providing such gratuities.

30. PUBLICATIONS

All published material and written reports submitted under this Contract must be originally developed material unless otherwise specifically provided in the Contract document. (b) All documents, reports, data, graphics and other materials produced under this Contract shall become the sole possession of the Authority upon receipt and payment, subject only to the Contractor's professional obligation to maintain copies of its work product.

33. LIMITATION OF LIABILITY

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

In no event shall the Authority or its officers, directors, agents or employees be liable in contract or tort, to the Contractor or its Subcontractors for special, indirect, incidental or consequential damages, resulting from the Authority's performance, nonperformance, or delay in performance of its obligations under this Contract, or the Authority's termination of the Contract with or without cause, or the Authority's suspension of the Services. EXHIBIT F
SCOPE OF SERVICES
Transit, Streets, and On-Demand Planning software: Scope of Services

BACKGROUND

The Capital Metro Planning Department needs to continue to use the Remix Transit, Streets, and On-Demand software as a service platform that can be utilized by existing staff to help aid in the route design, census data analysis and public engagement process as well as fulfilling federal requirements for transit service changes such as conducting a Title VI analysis.

Every five years, Capital Metro undergoes a holistic update to their 10-year service plan in order to address changing demographic markets, new development, and a variety of other factors. The development of this plan involves the extraction and analysis of loads of data for every route in the Capital Metro system along with demographic and accessibility analyses of all areas within Capital Metro's service area (whether they are served by a route or not). The creation of this plan involves the hiring of a team of consultants and is only carried out once every five years. The planning and public engagement required for the implementation of these service plans requires exhaustive and extensive efforts by internal planning, public engagement, and communications staff for each and every system or route change.

PRIMARY WORK TASKS

The software as a service platform should address each of the following:

- 1) Route Design – Ability to quickly and easily draw transit routes and stops on existing street network and alter spans of service, travel speeds, and vehicle headway. Ability to import existing Capital Metro routes and stops for individual or system-wide analysis using GTFS feed or other data format.
- 2) Demographic Analysis – Ability to instantly view affected demographic populations within defined distance from bus stop placement along selected transit route. Including the ability to export demographic data.
- 3) Operations Costing – Ability to instantly view estimated annual operations costs and bus requirements for selected transit route, based on editable user inputs (e.g. span of service, travel speed, vehicle headway, etc.)
- 4) Title VI Reporting – Ability to generate federally-mandated reports in a format and using a methodology accepted by the Federal Transportation Agency (FTA), pertaining to Low-Income and Minority access to transit, based on a proposed route/system change drawn or created within the software as a service platform. Title VI reporting functionality will be updated as FTA regulations or other governmental requirements change.
- 5) Ability to integrate NearMap to ensure the most up to date aerials are being viewed.
- 6) Ability to add custom agency data such as ridership, active transportation networks, bike share locations, trail networks, and more.
- 7) Public Outreach – Ability to display and interact with multiple route options while instantly updating corresponding demographic and operations cost analyses. Ability to share interactive web maps to interested parties outside of Capital Metro. Ability to share maps and comment and text annotations with internal and external stakeholders via a hyperlink.
- 8) System Accessibility – Ability to analyze locational travel sheds - how far a potential customer could travel in a given amount of time (e.g. 10, 15, 30, 60 minutes) from a particular location – using proposed (or existing) route or route network by time of day and day of week.

CAPITAL METROPOLITAN TRANSPORTATION AUTHORITY

- 9) Ability to analyze existing conditions of street network, develop custom visualizations, import data such as stops to quickly analyze street design and transit stop locations.
- 10) Ability to general models that estimate cost and service quality based on real deployment data and characteristics of agencies proposed on-demand program.
- 11) Ability to plan for an on-demand service, view demographic impacts, and understand tradeoffs of different service areas.

PROJECT PLAN & MILESTONES:

- Within first two weeks following contract execution:

 - o Provide on-boarding/training sessions as described in "Other Work Tasks/Services" section below.

OTHER WORK TASKS/SERVICES

- Vendor will aid in the uploading of custom data layers to the software as a service platform
- Vendor will be available to help troubleshoot problems with the platform and/or data outputs throughout the time that Capital Metro maintains a subscription license during business hours (Monday-Friday, 9am-5pm CST). Service response and resolution time during these hours should be less than 48 hours.
- Vendor will consider custom software changes or updates based on customer needs/requests.
- For setting user logins, Capital Metro prefers an option to have user authentication integration with Microsoft Active Directory. Capital Metro will evaluate if this implementation is feasible with given security needs.
- Vendor will provide secure web access to hosted system 24x7x365 except for agreed upon periods of maintenance.
- Describe the safeguards in place to prevent unauthorized access to the domain, software, and data.
- Vendor might perform interviews of Capital Metro IT personnel to determine business requirements and address all business requirements in the proposed specifications.

 - 4.5 In addition to any other indemnification obligations set forth in this Exhibit and the contract, the Contractor will indemnify, defend and hold harmless all the Authority Indemnitees from and against any and all losses, damages, liabilities, judgments, awards, penalties, interest, fines, costs and fees or expenses of whatever kind, including reasonable attorneys' fees ("Losses") incurred by such the Authority Indemnitee as a result of any claim, demand, suit, action, investigation, allegation or any other proceeding (collectively, "Claims") arising out of or relating to: (i) any Security Incident and/or (ii) the Contractor's or its employees', agents' or contractors' breach of any of the terms, conditions or obligations relating to data security, privacy, or any Authority Data set forth in the contract or this Exhibit. However, if the Contractor can demonstrate through clear and convincing evidence that the Authority was the sole cause of a Security Incident and the Contractor was fully compliant with the Contractor's obligations, then this Section will not apply to such Security Incident. For the purposes of this Section, Losses will include, without limitation, the cost of Remediation Efforts. The Contractor's obligations in this Section are in addition to any indemnification or similar obligations that the Contractor may have under the contract. contract. Without limiting the foregoing: (a) there will be no limitations or exclusions on the Contractor's liability arising under this Exhibit, the contract or otherwise relating to Claims pertaining to privacy, security, or confidentiality or relating to unauthorized use of Authority Data, and (b) the Contractor will be liable for all obligations under this Section and for reimbursement of Losses for Remediation Efforts regardless of whether such amounts are characterized by any person, court or other third party as direct, indirect, consequential, special, or punitive damages.

- 4.6 Any notifications to Customers or any employees of the Authority regarding Security Incidents will be handled exclusively by the Authority and the Contractor may not under any circumstances contact Customers or employees of the Authority relating to such Security Incident unless the Contractor is under a legal obligation to do so, in which event (i) the Contractor must notify the Authority in writing promptly after concluding that the Contractor has the legal obligation to notify such Customers or employees and explain in such notice to the Authority the basis for the legal obligation and (ii) the Contractor will limit the notices to such Customers and employees to those required by the legal obligation or as pre-approved by the Authority. The Contractor will reasonably cooperate in connection with notices to Customers and any employees of the Authority regarding a Security Incident and the Contractor will assist with sending such notices if so requested by the Authority.
5. Rights to Access and Use Application. The Contractor hereby grants to the Authority, Customers (but only in their capacity as Customers), and third-party service providers providing services to the Authority (but only in their capacity as the Authority's service providers) a non-exclusive, worldwide, royalty-free license to access and use the Application during the Service Term. Such license shall be enterprise-wide for an unlimited number of users or transactions, unless limitations on use are expressly agreed upon by the Authority in this contract. The Authority may allow its contractors and service providers to access and use the Application in the course of performing services for the Authority, including application development services, data processing and facilities management services.
6. Use of Authority's Name. The Contractor agrees not to make any written use of or reference to the Authority's name for any marketing, public relation, advertising, display or other business purpose or make any use of Authority Data for any activity unrelated to the express business purposes and interests of the Authority under this contract, without the prior written consent of the Authority, which consent will not be unreasonably withheld.

8. Indemnification. In addition to general indemnification set forth elsewhere in the contract, the following indemnification obligations shall apply:
- 8.1 The Contractor shall, to the proportionate extent that they are responsible, indemnify, defend and hold harmless the Authority and its trustees, directors, officers, employees, Customers and agents from and against any and all Claims and Losses of any nature or kind to the extent arising out of, caused by, or resulting from: (i) any failure of the Application or the Services to conform with Applicable Laws or the Technical Specifications or Security Requirements set forth in this Contract; (ii) any Security Incident; and (iii) any actual or alleged violation, infringement or misappropriation of any Intellectual Property Rights of a third party related to the Services and the Application, regardless of whether or not any such Claim or Loss is caused in part by any indemnitee. In particular, the Contractor acknowledges that the Contractor's obligation to indemnify the Authority extends to any liability arising out of any actual negligence by the Contractor in the delivery of any products or services under this contract. Notwithstanding the foregoing, the Contractor shall not be liable to an indemnitee for any losses incurred by such indemnitee to the extent such claim is attributable solely to that indemnitee's sole negligence.

- 8.2 Either party shall promptly advise the other party in writing of any action, administrative or legal proceeding, or investigation to which this indemnification may apply. The Contractor shall, at its expense, assume on behalf of the indemnitees and conduct with due diligence and in good faith the defense thereof with counsel satisfactory to the Authority; provided, however, that the Authority shall have the right, at its option, to be represented therein by advisory counsel of its own selection and at its own expense. This indemnification shall not be limited to damages, compensation, or benefits payable under insurance policies, workers' compensation acts, disability benefit acts, or other employees/benefit acts.
- 8.3 If the Application or any use thereof by the Authority or Customers is held to infringe or it is believed by the Authority to infringe the rights of third parties, the Contractor's will, at its expense and upon the Authority's request, to: (i) modify the Application (and each affected module) to be non-infringing so long as the utility or performance of the Application is not materially impaired and the Application continues to conform to Applicable Laws, the Technical Specifications and the Authority's original requirements in all respects, subject to the Authority's approval; or (ii) obtain for the Authority a license to continue using the infringing Application (or affected component thereof).
- 8.4 The indemnity obligations contained in this Section shall survive the termination, suspension, abandonment and/or completion of this contract.
9. Approval. Any approval given by the Authority shall not relieve the Contractor of its obligations and other duties under this contract or be construed as an assumption or waiver by the Authority.
