It is the responsibility of Capital Metro management to model appropriate conduct at all times and promote an ethical culture. Seek guidance if you are uncertain what to do.

It is Capital Metro's responsibility to provide a system of reporting and access to guidance when an employee wishes to report a suspected violation and to seek counseling, and the normal chain of command cannot, for whatever reason, be utilized. If you need to report something or seek guidance outside the normal chain of command, Capital Metro provides the following resources:

(e) Ethical Business Transactions

Section 1. Impartiality and Official Position

(1) A Substantial Interest is defined by Tex. Loc. Govt. Code, § 171.002. An official or a person related to the official in the first degree by consanguinity or affinity has a Substantial Interest in:

(i) A business entity if the person owns ten percent (10%) or more of the voting stock or shares of the business entity or owns either 10% or more or \$15,000 or more of the fair market value of the business entity OR funds received by the person from the business entity exceed 10% of the person's gross income for the previous year; or

(ii) Real property if the interest is an equitable or legal ownership with a fair market value of \$2,500 or more.

Capital Metro will not enter into a contract with a business in which a Board Member or employee or a Family Member of a Board Member or employee as defined in Section 8 has a Substantial Interest except in case of emergency as defined in the Acquisition Policy PRC-100 or the business is the only available source for essential goods and services or property.

(2) No Board Member or employee shall:

(i) Act as a surety for a business that has work, business or a contract with Capital Metro or act as a surety on any official bond required of an officer of Capital Metro.

(ii) Represent for compensation, advise or appear on behalf of any person or firm concerning any contract or transaction or in any proceeding involving Capital Metro's interests.

(iii) Use his or her official position or employment, or Capital Metro's facilities, equipment or supplies to obtain or attempt to obtain private gain or advantage.

(iv) Use his or her official position or employment to unfairly influence other Board members or employees to perform illegal, immoral, or discreditable acts or do anything that would violate Capital Metro policies.

(v) Use Capital Metro's resources, including employees, facilities, equipment, and supplies in political campaign activities.

(vi) Participate in a contract for a contractor or first-tier subcontractor with Capital Metro for a period of one (1) year after leaving employment on any contract with Capital Metro.

(vii) Participate for a period of two (2) years in a contract for a contractor or first-tier subcontractor with Capital Metro if the Board Member or employee participated in the recommendation, bid, proposal or solicitation of the Capital Metro contract or procurement.

Section 2. Employment and Representation

A Board Member or employee must disclose to his or her supervisor, appropriate Capital Metro staff or the Board Chair any discussions of future employment with any business which has, or the Board Member or employee should reasonably foresee is likely to have, any interest in a transaction upon which the Board Member or employee may or must act or make a recommendation subsequent to such discussion. The Board Member or employee shall take no further action on matters regarding the potential future employer.

A Board Member or employee shall not solicit or accept other employment to be performed or compensation to be received while still a Board Member or employee, if the employment or compensation could reasonably be expected to impair independence in judgment or performance of their duties.

A Board Member or employee with authority to appoint or hire employees shall not exercise such authority in favor of an individual who is related within the first degree, within the second degree by affinity or within the third degree by consanguinity as defined by the Capital Metro Nepotism Policy in accordance with Tex. Govt. Code, Ch. 573.

Section 3. Gifts

It is critical to keep an arms-length relationship with the entities and vendors Capital Metro does business with in order to prevent the appearance of impropriety, undue influence or favoritism.

No Board Member or employee shall:

(1) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for the Board Member's or employee's decision, vote, opinion, recommendation or other exercise of discretion as a public servant. [Tex. Penal Code §36.02(c)]

(2) Solicit, accept or agree to accept any benefit or item of monetary value as consideration for a violation of any law or duty. [Tex. Penal Code §36.02(a)(1)]

(3) Solicit, accept or agree to accept any benefit or item of monetary value from a person the Board Member or employee knows is interested in or likely to become interested in any Capital Metro contract or transaction if the benefit or item of monetary value could reasonably be inferred as intended to influence the Board Member or employee. [Tex. Penal Code §36.08(d)]

(4) Receive or accept any gift, favor or item of monetary value from a contractor or potential contractor of Capital Metro or from any individual or entity that could reasonably be inferred as intended to influence the Board Member or employee.

Exception: Consistent with state law governing public servants, a gift does not include a benefit or item of monetary value with a value of less than \$50, excluding cash or negotiable instruments, unless it can reasonably be inferred that the item was intended to influence the Board Member or employee. A department may adopt more restrictive provisions if there is a demonstrated and documented business need. [Tex. Penal Code § 36.10(a)(6)]

Exception: A gift or other benefit conferred, independent of the Board Member's or employee's relationship with Capital Metro, that is not given or received with the intent to influence the Board Member or employee in the performance of his or her official duties is not a violation of this policy. The Capital Metro Ethics Officer or Board Ethics Officer must be consulted for a determination as to whether a potential gift falls within this exception.

Exception: Food, lodging, or transportation that is provided as consideration for legitimate services rendered by the Board Member or employee related to his or her official duties is not a violation of this policy.

If you are uncertain about a gift, seek guidance from the Ethics Officer.

Section 4. Business Meals and Functions

Board Members and employees may accept invitations for free, reasonable meals in the course of conducting Capital Metro's business or while attending a seminar or conference in connection with Capital Metro business as long as there is not an active or impending solicitation in which the inviting contractor or party may participate and attendance at the event or meal does not create an appearance that the invitation was intended to influence the Board Member or employee.

When attending such events, it is important to remember that you are representing Capital Metro and if you chose to drink alcohol, you must do so responsibly. Drinking irresponsibly may lead to poor judgment and actions that may violate the Code or other Capital Metro policies and may damage the reputation of Capital Metro in the community and the industry.

Section 5. Confidential Information

It is everyone's responsibility to safeguard Capital Metro's nonpublic and confidential information.

No Board Member or employee shall:

(1) Disclose, use or allow others to use nonpublic or confidential information that Capital Metro has not made public unless it is necessary and part of their job duties and then only pursuant to a nondisclosure agreement approved by legal counsel or with consultation and permission of legal counsel.

(2) Communicate details of any active Capital Metro procurement or solicitation or other contract opportunity to any contractor, potential contractor or individual not authorized to receive information regarding the active procurement or contract opportunity.

Section 6. Financial Accountability and Record Keeping

Capital Metro's financial records and reports should be accurate, timely, and in accordance with applicable laws and accounting rules and principles. Our records must reflect all components of a transaction in an honest and forthright manner. These records reflect the results of Capital Metro's operations and our stewardship of public funds.

A Board Member or employee shall:

(1) Not falsify a document or distort the true nature of a transaction.

- (2) Properly disclose risks and potential liabilities to appropriate Capital Metro staff.

Section 7. Conflict of Interest

Employees and Board Members are expected to deal at arms-length in any transaction on behalf of Capital Metro and avoid and disclose actual conflicts of interest under the law and the Code and any circumstance which could impart the appearance of a conflict of interest. A conflict of interest exists when a Board Member or employee is in a position in which any official act or action taken by them is, may be, or appears to be influenced by considerations of personal gain rather than the general public trust.

Conflict of Interest [Tex. Loc. Govt. Code, Ch. 171 & 176, § 2252.908]

No Board Member or employee shall participate in a matter involving a business, contract or real property transaction in which the Board Member or employee has a Substantial Interest if it is reasonably foreseeable that an action on the matter would confer a special economic benefit on the business, contract or real property that is distinguishable from its effect on the public. [Tex. Loc. Govt. Code, § 171.004]

Disclosure

A Board Member or employee must disclose a Substantial Interest in a business, contract, or real property that would confer a benefit by their vote or decision. The Board Member or employee may not participate in the consideration of the matter subject to the vote or decision. Prior to the vote or decision, a Board Member shall file an affidavit citing the nature and extent of his or her interest with the Board Vice Chair or Ethics Officer. [Tex. Loc. Govt. Code, § 171.004]

A Board Member or employee may choose not to participate in a vote or decision based on an appearance of a conflict of interest and may file an affidavit documenting their recusal.

Board Members and employees have a duty to promptly report any violation or possible violation of this Code of Ethics, as well as any actual or potential violation of laws, regulations, or policies and procedures to the hotline, the Capital Metro Ethics Officer or the Board Ethics Officer.

Any employee who reports a violation will be treated with dignity and respect and will not be subjected to any form of retaliation for reporting truthfully and in good faith. Any retaliation is a violation of the Code of Ethics and may also be a violation of the law, and as such, could subject both the individual offender and Capital Metro to legal liability.

Section 10. Penalties for Violation of the Code of Ethics

In addition to turning over evidence of misconduct to the proper law enforcement agency when appropriate, the following penalties may be enforced:

(3) Any individual or business entity contracting or attempting to contract with Capital Metro which offers, confers or agrees to confer any benefit as consideration for a Board Member's or employee's decision, opinion, recommendation, vote or other exercise of discretion as a public servant in exchange for the Board Member's or employee's having exercised his official powers or performed his official duties, or which attempts to communicate with a Board Member or Capital Metro employee regarding details of a procurement or other contract opportunity in violation of Section 5, or which participates in the violation of any provision of this Policy may have its existing Capital Metro contracts terminated and may be excluded from future business with Capital Metro for a period of time as determined appropriate by the President/CEO.

The Contractor specifically agrees that all Works shall be considered "works made for hire" and that the Works shall, upon creation, be owned exclusively by the Authority. To the extent that the Works, under applicable law, may not be considered works made for hire, the Contractor hereby agrees that this Contract effectively transfers, grants, conveys,

assigns, and relinquishes exclusively to the Authority all right, title and interest in and to all worldwide ownership rights in the Works, and all Intellectual Property Rights in the Works, without the necessity of any further consideration, and the Authority shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works.

In the event the Authority shall be unable for any reason to obtain the Contractor's signature on any document necessary for any purpose set forth in the foregoing sentence, the Contractor hereby irrevocably designates and appoints the Authority and its duly authorized officers and agents as the Contractor's agent and the Contractor's attorney-in-fact to act for and in the Contractor's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Contractor.

(c) To the extent that any pre-existing rights and/or third-party rights or limitations are embodied, contained, reserved or reflected in the Works, the Contractor shall either:

(1) grant to the Authority the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to:

(i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Authority's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and

The Contractor shall provide the Authority with documentation indicating a third party's written approval for the Contractor to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works. The Contractor shall indemnify, defend and hold the Authority harmless from and against any and all claims, demands, regulatory proceedings and/or causes of action, and all losses, damages, and costs (including attorneys' fees and settlement costs) arising from or relating to, directly or indirectly, any claim or assertion by any third party that the Works infringe any third-party rights. The foregoing indemnity obligation shall not apply to instances in which the Authority either:

(i) exceeded the scope of the limited license that was previously obtained by the Contractor and agreed to by the Authority, or

and distribution of, and/or preparation of derivative works to, their persona or personality rights, including name, biographical information, picture, portrait, likeness, performance, voice and/or identity ("Personality Rights"), and have been compensated for such Personality Rights, if appropriate. If such permission has been obtained for a limited time, the Contractor shall be responsible for any costs associated with claims resulting from such use, etc., of the Personality Rights after the expiration of those time limits. The Contractor agrees to defend, indemnify and hold the Authority harmless from any claims, including but not limited to claims for invasion of privacy, infringement of the right of publicity, libel, unfair competition, false advertising, intentional or negligent infliction of emotional distress, copyright or trademark infringement, and/or claims for attorney's fees, resulting from such use, etc., of the Personality Rights.

(a) All equipment, material, and articles incorporated into the Work covered by this Contract shall be new and of the most suitable grade for the purpose intended unless otherwise specifically provided in this Contract. References in the Specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the Contracting Officer is equal to that named in the Specifications, unless otherwise specifically provided in this Contract.

(b) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the Work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment. When required by this Contract or by the Contracting Officer, the Contractor also shall obtain the Contracting Officer's approval of the material or articles, which the Contractor contemplates incorporating into the Work. When requesting approval, the Contractor shall provide full information concerning the material or articles. When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

(c) All work under this Contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require, in writing, that the Contractor remove from the Work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable.

32. USE AND POSSESSION PRIOR TO COMPLETION

(a) The Authority shall have the right to take possession of or use any completed or partially completed part of the Work. Before taking possession of or using any completed or partially completed Work, the Contracting Officer shall furnish the Contractor a list of items of Work remaining to be performed or corrected on those portions of the Work that the Authority intends to take possession of or use. However, failure of the Contracting Officer to list any item of Work shall not relieve the Contractor of responsibility for complying with the terms of the Contract. The Authority's possession or use shall not be deemed an acceptance of any Work under the Contract.

(b) While the Authority has such possession or use, the Contractor shall be relieved of the responsibility for the loss of or damage to the Work resulting from the Authority's possession or use, notwithstanding the terms of Exhibit E, Paragraph entitled "Permits". If prior possession or use by the Authority delays the

progress of the Work or causes additional expense to the Contractor, an equitable adjustment shall be made in the Contract Sum or the time of completion, and the Contract shall be modified in writing accordingly.

33. CONDITION OF THE WORK SITE

The Contractor shall at all times keep the Work Site, including storage areas, free from accumulations of waste materials. Before completing the Work, the Contractor shall remove from the Work any rubbish, tools, scaffolding, equipment, and materials that are not the property of the Authority. Upon completing the Work, the Contractor shall leave the Work Site in a clean, neat, and orderly condition satisfactory to the Contracting Officer. If Contractor fails to do so, the Authority may withhold payment of the final invoice until such Work is completed.

34. TITLE TO SUBMITTALS

All information, drawings, or other submittals required to be furnished by the Contractor to the Authority under this Contract shall become the property of the Authority.

35. ACCIDENT PREVENTION

(a) In performing this Contract, the Contractor shall provide for protecting the lives and health of employees and other persons; preventing damage to property, materials, supplies, and equipment; and avoiding work interruptions. For these purposes, the Contractor shall: (1) provide appropriate safety barricades, signs, and signal lights; (2) comply with all safety standards required by federal, state, or local law and any additional standards customarily employed in connection with the type of work being performed or the conditions at the Work Site.

(b) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the Work Site, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.

(c) The Contractor shall maintain an accurate record of exposure data on all accidents incident to Work performed under this Contract resulting in death, traumatic/acute injury, occupational disease, or damage to property, materials, supplies or equipment. Such data shall be submitted to the Authority; provided, however, in the event of accidents resulting a death or multiple severe injuries, any such accident shall be reported to the Contractor Officer within twenty-four (24) hours of such accident.

(d) The Contractor shall be responsible for its Subcontractors' compliance with this paragraph.

36. SUSPENSION OF WORK

(a) The Contracting Officer may order the Contractor in writing to suspend all or any part of the Work for such period of time as it may determine to be appropriate for the convenience of the Authority.

(b) If the performance of all or any part of the Work is, for an unreasonable period of time, suspended or delayed by an act of the Contracting Officer in the administration of this Contract, or by its failure to act within the time specified in this Contract (or, if no time is specified, within a reasonable time), an adjustment shall be made for any increase in cost of performance of this Contract (excluding profit) necessarily caused by such unreasonable suspension or delay, and the Contract modified in writing accordingly. Any adjustment shall be made in accordance with paragraph entitled "Equitable Adjustments". However, no adjustment shall be made under this paragraph for any suspension or delay to the extent (1) that

performance would have been suspended or delayed by any other cause, including the fault or negligence of the Contractor, or (2) for which an equitable adjustment is provided for or excluded under any other provision of this Contract.

(c) No claim under this paragraph shall be allowed (1) for any costs incurred more than twenty (20) days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension or delay, but not later than the date of final payment. No part of any claim based on the provisions of this paragraph shall be allowed if not supported by adequate evidence showing that the cost would not have been incurred but for a delay within the provisions of this paragraph.

37. AUTHORITY'S RIGHT TO CARRY OUT WORK

(a) If Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a seven-day period after receipt of written notice from the Authority to commence and continue correction of such default or neglect with diligence and promptness, the Authority may, without prejudice to other remedies the Authority may have, correct such deficiencies. In such case, an appropriate adjustment shall be issued deducting from payments then or thereafter due the Contractor the reasonable cost of correcting such deficiencies, including the Authority's expenses and compensation for the A/E additional services made necessary by such default. If payments due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Authority.

(b) After the Work is completed, the Authority may make emergency repairs to the Work if necessary to prevent further damage of, if the Contractor does not promptly respond to a notice of a condition requiring repairs. The Contractor shall be responsible to the Authority for this cost if the reason for the repairs is defects in the Contractor's Work. If payments then or thereafter due the Contractor are not sufficient to cover such costs, the Contractor shall pay the difference to the Authority.

38. CHANGE ORDER ACCOUNTING

In the event that an equitable adjustment under the Paragraph entitled "Changes" cannot be agreed to in a timely manner, the Contracting Officer may issue a Change Order and require Change Order accounting. The Contractor, for each change or series of related changes, shall maintain separate accounts, by job order or other suitable accounting procedure, of all incurred, segregable, direct costs (less allocable credits) of Work, both changed and not changed, allocable to the change. The Contractor shall maintain such accounts until the parties agree to an adjustment for the changes ordered by the Contracting Officer or the matter is conclusively disposed of in accordance with Paragraph entitled "Interpretation of Contract – Disputes."

39. WARRANTY

(a) Contractor warrants that the Work shall be free of patent and latent defects in design, materials, equipment, and workmanship, as measured from the requirements, criteria, standards and Specifications set forth in the Contract. A defect shall be considered latent only if it is not known or disclosed to the Authority prior to Substantial Completion, of the overall Work, and such defect would not normally be discovered upon reasonable inspection and investigation in accordance with Good Industry Practice during the course of design and Construction and prior to the completion of the Work. This limited warranty also does not apply to and the Contractor shall not be responsible for, repair or replacement Work needed as a result of: (a) normal wear and tear; (b) defect caused by damage; or (c) failure by Authority to maintain, repair, or operate the Work Site in accordance with Good Industry Practice, to the extent the defect is caused by same.

(b) Contractor shall correct all Construction and material defects and deficiencies (other than latent defects and deficiencies which are discussed below) which may develop within the applicable of (i) a period of one (1) year from the date when all of the Work is completed and accepted by the Authority, or (ii) such

longer period for any component of the Work which may be specified in the Contract Documents, or (iii) any warranty period which may be longer than the periods specified in (i) and (ii) above as provided in any specific warranty for such item. Nothing set forth above or otherwise in this Contract shall restrict in any way or operate as any limitation on the right of Authority to seek damages or other remedies against Contractor for any other period under any legal or equitable theory with respect to any defects and deficiencies which are latent in nature and not readily ascertainable in the ordinary course of observation, subject, however, to any limitations imposed under governing law.

(c) Contractor shall, within fifteen (15) days after receipt of written notice hereof, commence to correct, repair and make good any defects in the Work for which said materials, equipment and workmanship are warranted, and also make good any damage to other work caused by the repairing of such defects. Contractor warrants to the Authority that such Work will be performed in a safe and careful manner and will conform to the requirements of the Contract Documents. None of the work performed in correcting such defects shall be the basis of a claim for additional compensation or damages.

(d) The Contractor shall issue in writing to the Authority as a condition precedent to final payment a "General Warranty" reflecting terms and conditions of this paragraph for all work under the Contract. This warranty shall specifically provide that all defects in materials and workmanship appearing during the warranty period shall be remedied to the satisfaction of the Authority at no additional cost to the Authority.

(e) The provisions of this paragraph shall survive termination of the Contract.

40. INSPECTION AND TESTING OF WORK

(a) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the Work conforms to Contract requirements. The Contractor shall maintain complete inspection records and make them available to the Authority Immediately upon request. All Work is subject to inspection and testing by the Authority at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the Contract.

(b) Inspections and tests by the Authority are for the sole benefit of the Authority and do not:

- (1) relieve the Contractor of responsibility for providing adequate quality control measures;
- (1) relieve the Contractor of responsibility for damage to or loss of the material before acceptance;
- (2) constitute or imply acceptance; or
- (3) affect the continuing rights of the Authority after acceptance of the completed Work.

(c) The presence or absence of an inspector from the Authority does not relieve the Contractor from any Contract requirement, nor is the inspector authorized to change any term or condition of the Specifications without the Contracting Officer's written authorization.

(d) The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The Authority may charge to the Contractor any additional cost of inspection or test when Work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes re-inspection or retest necessary. The Authority may perform any inspections or tests in a manner that will not unnecessarily delay the Work.

(e) The Contractor shall, without charge, replace or correct Work found by the Authority not to conform to Contract requirements, unless in the public interest the Authority consents to accept the Work with an appropriate downward adjustment in Contract Sum. The Contractor shall promptly segregate and remove rejected material from the Work Site.

(f) If the Contractor does not promptly replace or correct rejected Work, the Authority may:

(1) by Contract or otherwise, replace or correct the Work and charge the cost to the Contractor, plus an administrative fee of ten percent (10%), or

(2) terminate for default the Contractor's right to proceed.

(g) If, before acceptance of the entire Work, the Authority decides to examine already completed Work by removing it or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the Work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its Subcontractors, the Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the Work is found to meet Contract requirements, the Contracting Officer shall make an equitable adjustment for the additional services involved in the examination and reconstruction in accordance with Paragraph entitled "Equitable Adjustments" contained in this Exhibit E, including, if completion of the Work was thereby delayed, an extension of time.

(h) Unless otherwise specified in the Contract, the Authority shall accept, as promptly as practicable after completion and inspection, all Work required by the Contract or that portion of the Work the Contracting Officer determines can be accepted separately. Subject to the provisions of Paragraph entitled "Warranty of Construction", acceptance by the Authority shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the Authority's rights under any warranty or guarantee.

41. PRICING OF ADJUSTMENTS

When costs are a factor in any determination of an adjustment to the Contract Sum pursuant to Paragraph entitled "Changes" or any other provision of this Contract, such costs shall be in accordance with Cost Principles of FAR.

42. CHANGES

(a) The Contracting Officer may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a Change Order, make changes in the Work within the general scope of the Contract, including changes:

- (1) in the Specifications (including drawings and designs);
- (2) in the method or manner of performance of the Work;
- (3) in the facilities, equipment, materials, services, or site to be furnished by the Authority; or
- (4) directing acceleration in the performance of the Work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change in the Contractor's obligations shall be treated as a Change Order under this paragraph; provided that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances, and source of the order and (2) that the Contractor regards the order as a Change Order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this paragraph or entitle the Contractor to an equitable adjustment.

(d) If any change under this paragraph causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the Work under this Contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the Contract in writing in accordance with the provisions in paragraph entitled, "Equitable Adjustments" contained in Exhibit E. However, except for a "proposal for adjustment" (hereafter referred to as "proposal") based on defective Specifications, no proposal for any change under paragraph (b), above, shall be allowed for any costs incurred more than twenty (20) days before the Contractor gives written notice as required. In the case of

defective Specifications for which the Authority is responsible, the equitable adjustment shall include the increased cost reasonably incurred by the Contractor in attempting to comply with the defective Specifications.

(e) The Contractor must submit any proposal under this paragraph within thirty (30) days after: (1) receipt of a written Change Order under paragraph (a), above, or (2) the furnishing of a written notice under paragraph (b), above, by submitting to the Contracting Officer a written statement describing the general nature and amount of the proposal, unless this period is extended by the Authority. The proposal may be included in the notice under paragraph (b), above.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this Contract.

43. EQUITABLE ADJUSTMENTS

Any requests for equitable adjustments under any provision shall be governed by the following provisions:

(a) Upon written request, the Contractor shall submit a proposal, in accordance with the requirements and limitations set forth in this Paragraph, for Work involving contemplated changes covered by the request. The proposal shall be submitted within the time limit indicated in the request for any extension of such time limit as may be subsequently granted. The Contractor's written statement of the monetary extent of a claim for equitable adjustment shall be submitted in the following form:

(1) Proposals totaling \$5,000 or less shall be submitted in the form of a lump sum proposal with supporting information to clearly relate elements of cost with specific items of Work involved to the satisfaction of the Contracting Officer, or his/her authorized representative.

(2) For proposals in excess of \$5,000, the claim for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the Contract. The itemized breakdown shall, at the least, include the items specified in subparagraph (b), below.

(b) Calculation of Direct Costs

(1) Material quantities by trades and unit costs. Manufacturing burden associated with material fabrication performed will be considered to be part of the material costs of the fabricated item delivered to the Work Site.

(2) Labor breakdown by trades and unit costs, identified with specific item of material to be placed or operation to be performed.

(3) Construction equipment exclusively necessary for the change.

(4) Costs of preparation and/or revision to Shop Drawings resulting from the change.

(5) Employment taxes under FICA and FUTA.

(6) Bond Costs - when size of change warrants revision.

44. CALCULATION OF OVERHEAD, PROFIT AND COMMISSION

(a) The allowable overhead shall be determined in accordance with the contract cost principles and procedures in the FAR, § 31.201 et seq., but in no case shall exceed the following. The percentages for profit and commission shall be negotiated and may vary according to the nature, extent and complexity of the Work involved.

(b) The Contractor or any Subcontractor shall not be allowed any commission on the allowable profit or commission of any lower-tiered Subcontractor. Equitable adjustments for deleted Work shall include credits for overhead, profit and commission. On proposals covering both increases and decreases in the amount of the Contract, the application of overhead and profit shall be on the net change in direct costs for the Contractor or Subcontractor performing the Work.

45. TIME EXTENSIONS

(a) The time extensions for changes in the Work will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of construction. Any Contract Modification granting the time extension may provide that the Contract completion date will be extended only for those specific elements so delayed and that the remaining Contract completion dates for all other portions of the Work will not be altered and may further provide for an equitable readjustment of liquidated damages under the new completion schedule.

(b) The Contractor may be granted an extension of time because of changes ordered in the Contract or because of any Force Majeure Event.

(c) Claims for extensions of time must be made in writing within twenty (20) calendar days after the occurrence of the delay. All-time extension claims shall be supported by sufficient written evidence to justify the claim. In the case of a continuing cause of delay, only one (1) claim is necessary. Claims for extensions of time shall be stated in numbers of whole or half calendar days.

(d) In cases of claims for extension of time because of weather, such claims will only be granted if the actual lost time exceeds the average historical climatic conditions for the preceding ten (10) years are published by the National Oceanographic and Atmospheric Administration ("NOAA") and entitled, "Local Climatological Data – Austin/Central, Texas" and only because such weather prevented the execution of major critical times of Work. Time extensions granted under this subparagraph for weather are not compensable.

(e) Although the Authority may extend Contract Time for justifiable reasons, the Contractor shall bear all responsibility for financial risks, which may accrue, from various causes of delay in Construction progress. However, for delays caused by failure of the Architect/Engineer or the Authority to make timely decisions or to take timely action, a claim for additional costs will be considered.

(f) The Contract Term for the completion of Work is an essential element of the Contract. Contractor's failure to complete the Work within such time will cause damage to the Authority.

(g) Should the Contractor fail to complete the Work within the Contract Term, including all officially approved extensions thereto, the Authority may collect from the Contractor or deduct from any funds owed Contractor an amount not to exceed the actual damages caused by such delay.

(h) **NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, THE CONTRACTOR'S SOLE REMEDY FOR DELAY IS AN EXTENSION OF TIME TO ACHIEVE SUBSTANTIAL COMPLETION.** The Contractor will not receive any compensation or damages for delay, unless such delay is caused by acts constituting intentional interference by the Authority with the Contractor's performance of the Work and to the extent that such acts of the Authority continue after the Contractor's notice to the Authority of such interference. The Authority's exercise of any of its rights under the Contract, regardless of the extent or number of such changes or the Authority's exercise of any of its remedies of suspension of the Work or requirement of correction of any defective Work, shall not under any circumstances be construed as intentional interference with Contractor's performance of the Work.

46. RESERVED

47. FORCE MAJEURE

(a) If the Contractor is rendered unable to carry out, in whole or in part, its obligations hereunder, the Contractor shall give notice to the Authority and the full details of such Force Majeure Event. The Contractor will use commercially reasonable efforts to remedy the force majeure condition with all reasonable dispatch and will resume performance of any suspended obligation promptly after termination of such Force Majeure Event.

(b) Any Force Majeure Event that affects the Contractor's time for performance under this Contract shall be governed by Exhibit E, paragraph entitled "Time Extensions".

(c) The failure of the Authority to perform its obligations under this Contract shall be excused to the extent, and for the period of time, such failure is caused by the occurrence of any Force Majeure Event.

48. EXAMINATION OF BID DOCUMENTS

The Authority shall have the right to examine and review the Contractor's original Bid and estimating documents used in preparing its Bid as a reference to aid in the Authority's evaluation of the Contractor's scheduling and Construction progress. A certified copy of such documents shall be submitted to the Authority if requested by the Contracting Officer. The Authority shall maintain in confidence all information contained in such Bid and estimating documents. It is the Authority's position that the Contractor's estimating documents in support of its original Bid are exempt from mandatory release prior to award of Contract under the Texas Public Information Act ("Act"). After award, the documents will require individual review to determine whether or not an exemption from release under the Act is available.

49. TERMINATION FOR DEFAULT

(a) The Authority may, subject to the provisions of paragraph (c) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in either one of the following circumstances:

(1) if the Contractor fails to make delivery of the supplies or to perform the Work within the time specified herein or any extension thereof; or

(2) if the Contractor fails to perform any of the other provisions of this Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such longer period as the Authority may authorize in writing) after receipt of notice from the Authority specifying such failure.

(b) In the event the Authority terminates this Contract in whole or in part as provided in paragraph (a) of this clause, the Authority may procure, upon such terms and in such manner as the Authority may deem appropriate, supplies or services similar to those so terminated, and the Contractor shall be liable to the Authority for any excess costs for such similar supplies or services; provided, that the Contractor shall continue the performance of this Contract to the extent, if any, it has not been terminated under the provisions of this paragraph.

(c) Except with respect to the defaults of Subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to Force Majeure Events provided, however, in every case the failure to must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a Subcontractor and if such default arises out of causes beyond the control of both the Contractor and Subcontractor and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

(d) If this Contract is terminated as provided in subparagraph (a), the Authority, in addition to any other rights provided in this paragraph, may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority any Manufacturing Materials as the Contractor has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated; and the Contractor shall, upon direction of the Authority, protect and preserve property in possession of the Contractor in which the Authority has an interest. Payment for completed Manufacturing Materials delivered to and accepted by the Authority shall be at the Contract price. The Authority may withhold from amounts otherwise due the Contractor for such completed Manufacturing Materials such sum as the Authority determines to be necessary to protect the Authority against loss because of outstanding liens or claims of former lien holders.

(e) If, after notice of termination of this Contract under the provisions of this paragraph, it is determined by the Authority that the Contractor was not in default or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be those provided in the paragraph entitled "Termination for Convenience" contained in this Exhibit E.

(g) The Authority shall withhold from any payment sufficient funds to remedy any back-wage liability resulting from the failure to incorporate the correct wage determination or as may be directed by the U.S. Department of Labor.

(f) The rights and remedies of the Authority provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

50. TERMINATION FOR CONVENIENCE

(a) The Authority may, whenever the interests of the Authority so require, terminate this Contract, in whole or in part, for the convenience of the Authority. The Authority shall give written notice of the termination to the Contractor specifying the part of the Contract terminated and when termination becomes effective.

(b) The Contractor shall incur no further obligations in connection with the terminated Work, and, on the date set forth in the notice of termination, the Contractor will stop Work to the extent specified. The Contractor also shall terminate outstanding orders and Subcontracts as they relate to the terminated Work. The Contractor shall settle the liabilities and claims arising out of the termination of Subcontracts and orders connected with the terminated Work. The Authority may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or Subcontracts to the Authority. The Contractor must still complete the Work not terminated by the notice of termination and may incur such obligations as are necessary to do so.

(c) The Authority may require the Contractor to transfer title and deliver to the Authority in the manner and to the extent directed by the Authority: (1) any completed supplies; and (2) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called "Manufacturing Materials") as the Contractor has specifically produced or specially acquired for the performance of the terminated part of this Contract. The Contractor shall, upon direction of the Authority, protect and preserve property in the possession of the Contractor in which the Authority has an interest. If the Authority does not exercise this right, the Contractor shall use its best efforts to sell such supplies and Manufacturing Materials.

(d) The Authority shall pay the Contractor the following amounts:

(1) Contract prices for supplies or services accepted under the Contract;

(2) costs incurred in preparing to perform and performing the terminated portion of the Work plus a fair and reasonable profit on such portion of the Work (such profit shall not include anticipatory profit or consequential damages), less amounts paid or to be paid for accepted supplies or services; provided, however, that if it appears that the Contractor would have sustained a loss if the entire Contract would

have been completed, no profit shall be allowed or included, and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(3) costs of settling and paying claims arising out of the termination of Subcontracts (these costs must not include costs paid in accordance with subparagraph (2) of this paragraph);

(4) the reasonable settlement costs of the Contractor and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract and for the termination and settlement of Subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract; and

(5) the total sum to be paid the Contractor under this paragraph shall not exceed the total Contract price plus the reasonable settlement costs of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and Manufacturing Materials under this paragraph, and the Contract price of Work not terminated.

(e) The Authority shall withhold from any payment sufficient funds to remedy any back-wage liability resulting from the failure to incorporate the correct wage determination or as may be directed by the U.S. Department of Labor.

51. NO DAMAGES FOR DELAY

Unless otherwise specifically provided for by the Contract, the Contractor shall not be entitled to damages of any type resulting from hindrances, delays, or any other cause under this Contract except when the Work is stopped or suspended by a written order signed by the Contracting Officer or by intentional interference by the Authority.

52. NOTICE OF LABOR DISPUTES

(a) If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, the Contractor immediately shall give notice, including all relevant information, to the Contracting Officer.

(b) The Contractor agrees to insert the substance of this subparagraph, including this subparagraph (b), in any Subcontract under which a labor dispute may delay the timely performance of this Contract; except that each Subcontract shall provide that in the event its timely performance is delayed or threatened by delay by any actual or potential labor dispute, the Subcontractor shall immediately notify the next higher tier Subcontractor or the Contractor, as the case may be, of all relevant information concerning the dispute.

53. INTERPRETATION OF CONTRACT – DISPUTES

All questions concerning interpretation or clarification of this Contract or the acceptable fulfillment of this Contract by the Contractor shall be immediately submitted in writing to the Authority's Contracting Officer for determination. All determinations, instructions, and clarifications of the Contracting Officer shall be final and conclusive unless the Contractor files with the CapMetro President/CEO within two (2) weeks after the Authority notifies the Contractor of any such determination, instruction or clarification, a written protest, stating in detail the basis of the protest. The President/CEO shall consider the protest and notify the Contractor within two (2) weeks of the protest filing of his final decision. The President/CEO's decisions shall be conclusive subject to judicial review. Notwithstanding any disagreement the Contractor may have with the decisions of the President/CEO, the Contractor shall proceed with the Work in accordance with the determinations, instructions, and clarifications of the President/CEO. The Contractor shall be solely responsible for requesting instructions or interpretations and liable for any cost or expenses arising from its failure to do so. The Contractor's failure to protest the Contracting Officer's determinations, instructions, or clarifications within the two-week period shall constitute a waiver by the Contractor of all of its rights to further protest.

54. INVOICING AND PAYMENTS

(a) **Schedule of Values.** In the case of a Lump Sum Contract, within ten (10) days of the Notice to Proceed, the Contractor shall submit to the Authority for Authority's approval an initial schedule of values allocated to various portions of the Work prepared in such a form and supported by such data to substantiate its accuracy as the Authority may require. This schedule, unless objected to by the Authority, shall be used as a basis for reviewing the Contractor's applications for payment. The schedule of values may be updated periodically to reflect changes in the allocation of the Contract Sum.

(b) Invoices may be submitted once per month for work completed and accepted by the Authority, and marked "Original" to:

Accounts Payable
Capital Metropolitan Transportation Authority
P.O. Box 6308
Austin, Texas 78762-6308

Subject to the withholding regarding retainage as provided herein, all undisputed invoices shall be paid within the time period allowed by law through the Texas Prompt Payment Act, Tex. Gov't Code § 2251.021(b).

(c) The Authority shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. If requested by the Contracting Officer, the Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the Work Site may also be taken into consideration if consideration is specifically authorized by this Contract and the Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this Contract.

(d) In making these progress payments, there shall be retained five percent (5%) of the estimated amount until final completion and acceptance of the Work by the Authority. However, if the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer may authorize payment to be made in full without retention of a percentage. When the Work is Substantially Complete, the Contracting Officer shall retain an amount that the Contracting Officer considers adequate protection of the Authority and may release to the Contractor

all or a portion of any excess amount, in his or her sole discretion. (i) In the event an overpayment is made to the Contractor under this Contract or the Authority discovers that the Authority has paid any invoices or charges not authorized under this Contract, the Authority may offset the amount of such overpayment or unauthorized charges against any indebtedness owed by the Authority to the Contractor, whether arising under this Contract or otherwise, including withholding payment of an invoice, in whole or in part, or the Authority may deduct such amounts from future invoices. In the event an overpayment is made to the Contractor under this Contract, the Contractor shall remit the full overpayment amount to the Authority within thirty (30) calendar days of the date of the written notice of such overpayment or such other period as the Authority may agree. The Authority reserves the right to withhold payment of an invoice, in whole or in part, or deduct the overpayment from future invoices to recoup the overpayment.

(j) **Release of Payment Claims by Contractor.** The final invoice submitted by Contractor shall be accompanied by a complete and legally effective release of the Authority from all known and unknown payment claims relating to the Contract on a form provided by the Authority. Contractor's acceptance of final payment constitutes a waiver of all known or unknown payment claims against the Authority related to the Contract, other than those specifically excepted in the General Release of Claims Form.

(d) Certain Public Works require under the Prevailing Wage Rate Schedule to list not only "Building Construction" wage rates but also "Incidental Paving and Utilities" wage rates. The Contractor's attention is called to the fact that all classes of Work within the area of the building shall be paid "Building Construction" wage rates.

A public body shall use any money collected under this section to offset the costs incurred in the administration - of this chapter.

Part II – Federal Funds Used for Part of Project

3. PAYMENT

(a) Employee Certification: Contractor, Subcontractor, and Sub-subcontractor shall identify in writing, the classification agreed to by all laborers and mechanics employed by them in the execution of the Contract, and pay not less than rates specified in the attached U.S. Department of Labor Wage Determination(s). If work performed by worker is different than the classification agreed upon, the worker shall be paid no less than the minimum wage for work performed.

(b) Classification Definitions

Under the DBA, there are not standard classification definitions. Rather, the classification description is that used by firms whose wage rates were found to be prevailing in the area and incorporated in the applicable wage determination. Although the Dictionary of Occupational Titles, previously published by the Employment and Training Administration, may be used as a reference, it should not be relied on for making employee classification determinations. It is incumbent on the Contractor to reach an agreement with laborers and mechanics as to their proper classification and to submit that agreement to the Contracting Officer for the officer's agreement; if the Contractor and laborers/mechanics are unable to reach agreement as to the proper classification, the Contractor must contact the Authority.

(c) Minimum Wages: Contractor shall ensure that workers on the Project are paid not less than the prevailing wage rates, which includes fringe benefits, for the applicable type of construction (*i.e.*, Building, Highway, or Heavy). Contractor shall ensure that the wage rates are paid to workers performing at the site of the work, as defined by 29 CFR 5.2. If the Contractor, a Subcontractor, or a Sub-subcontractor will have any class of laborers or mechanics, including helpers, which is not listed in the attached Wage Determination(s) and that will be employed under the Contract, the Contractor and the Authority shall comply with the conformance procedures set forth in 29 CFR 5.5.

(d) Contractor shall ensure that all laborers and mechanics, as defined by 29 CFR 5.2, performing Work for this Project are paid unconditionally, at least once a week, and without subsequent deduction or rebate on any account

(except such payroll deductions as are permitted by regulations issued by the U.S. Secretary of Labor under the Copeland Act, Title 29 CFR, Part 3), the full amounts accrued at time of payment, computed at rates not less than the wage rates bound herein pertaining to type of Work being performed, regardless of the type of contractual relationship that may exist (or is alleged to exist) between the Contractor (or subcontractor) and laborer or mechanic. When Work is of such a nature that wage determinations for more than one type of construction are incorporated into the Contract, the Contractor shall ensure that each laborer and mechanic performing under the Contract is paid the wage rates from the applicable wage determination that the Authority designated for the specific work performed by the mechanic or laborer. Contractor shall post wage determinations and any additional classifications and wage rates conformed through the applicable process and the Davis-Bacon poster at the site of the Work in a prominent, easily accessible place where they can easily be seen by all workers.

4. APPRENTICES

Contractor may permit Apprentices, as defined in 29 CFR 5.2, to be paid less than the predetermined rate for work they perform under the Contract only if the Apprentice employed pursuant and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by OA. Contractor shall ensure that Apprentices receive fringe benefits in accordance with the provisions of the applicable apprenticeship program or, if not specified in the program, with the wage determination for the applicable classification; if the Department of Labor has determined that a different practice prevails for the applicable apprentice classification, however, Contractor shall ensure that the Apprentice's fringe benefits are in accordance with that determination. The allowable ratio of Apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to Contractor as to Contractor's entire work force under the registered program or the ratio applicable to the locality pursuant to 29 CFR 5.5(a)(4)(i)(D). Contractor shall ensure that any employee listed on a payroll at an Apprentice wage rate, who is not registered as above, is paid the wage rate provided in the Contract for Work the employee actually performed. Additionally, Contractor shall ensure that any Apprentice performing work on the job site in excess of the ratio permitted under the regulations must be paid not less than the applicable wage rate on the wage determination for the work actually performed. Contractor, Subcontractor, or Sub-subcontractor shall furnish to the Authority written evidence of registration of the program for Apprentices as well as of the appropriate ratios and wage rates, for the area of construction prior to using any Apprentice on this Contract.

5. WITHHOLDING OF PAYMENTS

(a) The term "prime contractor" as used in this Section 3 is defined in 29 CFR 5.2.

(b) The Authority may, upon its own action, or must, upon written request of an authorized representative of the U.S. Department of Labor, withhold or cause to be withheld from Contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in 29 CFR 5.5(a) for violation of this Contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor. The necessary funds may be withheld from the Contractor under this Contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or development of the project under a development statute) all or part of the wages required by the Contract, or upon the Contractor's failure to submit the required records as discussed in 29 CFR 5.5 paragraph (a)(3)(iv), the Federal Government may on its own initiative and after written notice to the

contractor, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

6. RECORDS AND CERTIFIED PAYROLLS

(a) Contractor shall keep records required by 29 CFR 5.5(a)(3), including:

- (1) The specified employee information,
- (2) The records relating to fringe benefits,
- (3) The records relating to apprenticeship,
- (4) Certified payrolls, and
- (5) Contracts, subcontracts, and related documents.

(b) Contractor shall make the records required by 29 CFR 5.5(a)(3)(i) through (iii), including records maintained by Subcontractors and Sub-subcontractors, and any other documents that the Authority or the U.S. Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by 29 CFR 5.1, available for inspection, copying, or transcription by authorized representatives of the Authority or the U.S. Department of Labor, and must permit such representatives to interview workers during working hours on the job. Contractor shall ensure that payrolls and other records required by 29 CFR 5.5 are maintained during term of Contract and preserved for a period of three (3) years after all the work on the Contract is completed for all laborers and mechanics (including guards and watchpersons), working on the Contract.

(c) In addition to the actions that the U.S. Department of Labor may take or require if Contractor retaliates against any worker or job applicant in accordance with 29 CFR 5.5(a)(11) or 5.5 (b)(5), in instances where the retaliation has been confirmed, the Authority will apply a rebuttable presumption that the Contractor is not a responsible entity for at least six months; the presumed non-responsibility may be shortened or extended based on the applicable facts.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.20) or 13658 (\$12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within

the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

State Adopted Rate Identifiers

Classifications listed under the ""SA"" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. § 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
